Reverend Mr. Wright will preach in the Court-room every Sunday at 11 A. M. unless further notice. Sunday school immediately after service.

ROAD TO BRADSHAW

VIA SENATOR AND CROOK MINES, HASSAY AMPA, ETC.

MEETING OF THE COMMITTEE.

Last winter a number of enterprising citizens, residents of this section, perceiving the necessity of opening communication with the mines on heads of the streams east and south of Prescott, started a subscription to see what amount could be raised towards getting a road over the principal obstacle at the start, which was the high mountain over which the old Bradshaw trail crosses about ten miles from Prescott.

The subscribers appointed Messrs. Davis, White, Fredericks and Bigelow a committee to look out the line of the road, and they reported a feasible route and a probable expense of \$2500.

On reception of that report, Messrs. Marks, Luke, Buffum, Bigelow and Moeller were elected a committee to take charge of the business management of the construction of the road.

Mr. George Opydyke was appointed superintendent and work was begun with half-a-dozen men, and continued until the heavy snows of the winter forced a stoppage of the work.

About \$1,900 was subscribed last fall, of which amount \$500 remains uncollected.

At a recent meeting of the committee, Messrs. Buffum and Bigelow reported that they had examined the road and found it, so far as completed, in good order, and that the grade of about a mile and a half to the top of the mountain would be considered a good piece of work in any mountain country, and further stated the evident present need for the extension of the grade down the other side of the mountain to the Hassayampa Creek according to the original plan.

The additional cost to that point will be about \$600. Of the subscriptions uncollected, more than half will be promptly paid when work is again begun on the road.

Mr. S. O. Fredericks has on hand the tools belonging to the road, as well as provisions worth some \$100, and \$75 will cover the outstanding liabilities.

On hearing these statements the Committee instructed the Secretary to employ J. L. Fisher to collect the unpaid subscriptions, and to take measures to have the state of affairs shown in the MINER, in order that those who have paid towards the road may know the work has been well done, and be encouraged to contribute to its extension.

Fredericks is now building a road from his mill to Maple Gulch and the Senator mine, whence it will be easy to reach the Crook and other mines with wagons; also, when the Prescott Road reaches the Hassayampa, it can and will soon be opened up the stream past Davis' ranch, to Lynx Creek, and over the ridge to the Crook, and so over to Turkey Creek and Bradshaw.

It has long been the opinion of those who have traversed the country most that this is the best route to the points mentioned, and as the mines are opened and roads needed, this will be the main trunk.

Thus we have briefly given items of what has been and what ought to be done with the road, and hope the miners and the merchants, who are all interested in having easier and cheaper transportation to and from the mines, will give the Prescott and Hassayampa Road the attention it deserves.

"CAUSE AND EFFECT."—A SCENE DURING COURT WEEK.—They told him not to drink, but he would. They told him he had enough, and he would be better to smoke, but he only drank the more, and what was the result? "Was this: They met him about half past twelve o'clock, A. M., sitting in a chair that had been placed directly in the centre of the bar-room, and there preparing to retire, while a circle of admiring friends were standing around watching the performance.

His hat was lying on the floor behind his chair, while at his right, lay his coat and vest, and at the time the particular "They" walked in, he had just kicked off one boot and had commenced on the other. He placed the heel of the boot up against his stocking foot; then bracing himself, made a desperate pull, when whack, came the heavy heel down on his toes. "Jesus Wept," he muttered and after laying back for a few moments made a fresh start. Not forgetting to profit by his experience in toe mashing, he doubled himself up a la jack-knife and thereby managed to place the tip of his dexter finger against the toe of his boot. In this action however, he forgot to steady himself, and the last that "They" saw of him, he was lying flat on his face with one boot under his chin and the chair lying across his back, while all hands were trying to see who could stop laughing first.

CORN-CRACKER.—Looking down Cortez street yesterday morning we saw a horse walking 'round and 'round in a circle, near a small house at the end of and in a line with the street, and on enquiry learned that Billy Dearing and Henry Herbert had started a horse-power mill down there for the purpose of grinding horse-feed. Thus improvements are springing up on every hand and machinery being erected so rapidly that it takes a sharp reporter to keep pace with them. We had not heard any whistling blow down there and were not aware that a mill had been built.

FOOT RACE.—Monday afternoon last, a match race was made for \$100, a side between a couple of the nimblest young fellows in Yavapai county. The race made to be run at 6 P. M. on a track prepared on Montezuma street, a distance of seventy yards. At the hour named the two contestants appeared on the ground in full racing regalia and after a fine start the Missouri Pet took the lead which he held arriving at the winning post some ten feet ahead of his opponent amidst the cheers of his backers. Betting was lively, some \$400, or \$500, changing hands on the result.

THE MANY FRIENDS OF Mrs. C. A. Luke will regret to learn that her present delicate state of health demands a change of climate, in consequence of which she will proceed about the 1st proximo to San Francisco, and sincerely do we join them in wishing her a speedy recovery and quick return amongst us. On this account our worthy Mayor who will accompany her, has placed his personal property in the hands of Fisher for disposal as will be seen by reference to advertising columns.

AUCTIONEER FISHER advertises to sell by auction at Headquarters on Monday next the elegant household furniture of General M. P. Small and Geo. Davidson, to which we draw special attention this week. Carriages will run on the morning of the sale to convey ladies and others from Prescott.

OUR ENTERPRISING Pioneer and Mill-man Mr. S. O. Fredericks met with a severe loss on the night of Monday last. His new and complete Blacksmith shop situated on the Senator mine was completely demolished by fire involving a loss of some \$600, or \$700. The cause of the conflagration is a mystery as yet.

WAR DANCE.

One need hardly be gifted with a very vivid imagination to fancy himself surrounded by hostile Apaches bent on securing a trophy in the shape of a lock of his hair while attending one of their unearthly orgies, such as the denizens of Prescott were treated to on Friday evening a week ago. Al. Seiber with his forty Scouts in war paint, armed with needle guns etc., gave quite an exhibition on the Plaza, Al. personating a victim in one of the dances and they pursuing him with savage yells, almost made the hair stand on end with those who had met the red devils on former occasions enacting similar tragedies under less pleasing circumstances. It was the first Apache frolic we ever attended, but having witnessed similar performances among several tribes in California and elsewhere, and been made target for the sportive Putes in one of their entertainments in Nevada, it recalled memories that were not so fond as one would naturally desire in a retrospective glance.

"Remembered the arrows he shot from his bow, Remembered the friends by his hatchet laid low, Remembered the wood where in ambush he lay, And the scalps which he tore from our people away." A flood of recollections rush into the mind at such a time and mar any pleasure we might otherwise find in witnessing a representation of the manner in which our companions have been shot down and butchered before our eyes by numbers so great as to render our efforts at rescue all futile. These are in the service of the United States, under perfect discipline and invaluable allies of the Government in fighting the Haulpays and other refractory tribes, but it seems so unnatural for them to have any sympathy with the whites, as against their own kind, who like themselves are "Satyrs that in glades and in gloomy dingles dwell," that we should really, while we feared them, have more respect for them if they remained enemies, than it is possible to feel in their character of semi-traitors to their own race. It is nice to have them pitted against each other, and the system of management that arranges one tribe in hostility to another is the best that has ever been devised in the annals of Indian warfare, yet these reflections will arise involuntarily, when we see them so eager to go after and kill their natural allies either through fear of the whites, or for the sake of the rations that are issued to them and the privilege of carrying a government gun. The conviction forces itself upon us while witnessing their mimic scalp-dance around an imaginary victim, that it would add zest to their enjoyment if it was real hair from the head of some miner, ranchman, teamster or soldier, rather than the old coat or hat that is pressed into service to represent a genuine scalp. Seiber has them under apparent perfect control, they evidently fear him, and no doubt respect him as much as it is in their nature to reverence anything, but it really looks as if he was taking desperate chances. Their estimate of the value of the life of a white man is measured by the fear of punishment for destroying it, and were we in Seiber's place we should always try to make it a point to show them that it would be to their advantage to let us live.

PROCEEDINGS OF DISTRICT COURT—JUDGE TWEED.—May 13th—Hathaway vs. Collier—motion to strike out portion of new answer; argued by John A. Rush in support of, and John W. Leonard against—continued.

May 14th—Territory vs. Jesus Eredia—charge, murder—cause continued until to-morrow.

May 15th—Territory vs. Francisco Trucello—arraigned.

May 15th—Territory vs. Daniel Cannon—arraigned.

May 17th—Territory vs. Jesus Eredia—verdict of "not guilty." Prisoner discharged.

May 17th—Territory vs. Daniel Cannon—motion to set aside indictment; motion argued by John A. Rush in support of, and John W. Leonard against—taken under advisement.

May 18th—Territory vs. Daniel Cannon—motion to set aside indictment denied.

May 18th—Territory vs. Joseph W. Evans—trial set for to-morrow.

May 18th—Territory vs. William Malone—charge, felony.

May 19th—Territory vs. Vulture Mining Co.—tax suit; ordered placed on the calendar.

May 19th—Territory vs. William Malone—defendant brought into court, and jury in the box, trial of the cause resumed—continued until to-morrow.

May 20th—Territory vs. Malone—jury out 7 hours, failed to agree, discharged, and prisoner remanded to jail.

May 20th—Territory vs. J. W. Evans—jury empaneled and witnesses examined.

May 21st—Territory vs. J. W. Evans—District Attorney stated to the Court that the evidence already in and that to come was, in his judgment, insufficient to make a case for the prosecution, whereupon the Court directed the jury to find for defendant, which was accordingly done, and, on motion of J. A. Rush, the prisoner was discharged.

GOODS ARRIVED DURING THE WEEK.—G. Reeb and H. Elders arrived from Ehrenburg on Tuesday with 7,000 lbs. of Groceries for J. G. Campbell, and 11,600 lbs. general Merchandise for C. P. Head & Co.

Miller Bros. teams had on 2,500 lbs. of dry goods and clothing for Asher & Co. and 26,887 lbs. of clothing, dry goods, fancy groceries and hardware for L. Bashford & Co.

Joaquin Arviza arrived this morning with 1,500 pounds tobacco, cigars, confectionery and fireworks for Kelly & Stephens; the balance of his load was for Asher & Co., consisting mostly of dry goods.

We desire to publish all arrivals of goods, and if parties receiving them will hand us a memorandum each week of amount received, and by whom, we will take it as a favor.

"WITH MANY A weird and mystic spell, To catch and trip the unwary tongue." We have received from A. Roman & Co., Publishers, San Francisco, "The Champion Speller containing two thousand test words." This little book is intended to be used at spelling matches. It is a very small book but a very cheap one, price only ten cents. A two bit greenback sent to A. Roman & Co., would probably bring two by return mail; try it.

TAYLOR'S RANCH.—Mr. Ferris, the Bradshaw mail carrier, tells us that Chas. Taylor, on Minnehaha creek, has one of the finest mountain ranches in Arizona, and that it is in a better state of cultivation than a majority of farms in the low lands. We are looking forward with a good deal of pleasure in anticipation of the time when we can be spared from the treadmill to take a run over the mountains and see the country for ourselves.

NEW GOODS.—One of the largest and most attractive stocks of clothing ever offered in this city is now on inspection at the store of L. Bashford & Co.; also, domestic dry goods such as prints, brown and domestic sheetings, flannels, in white and colors. Boots and shoes, groceries and provisions and a full line of fancy goods, received on Monday last by Miller's teams from Ehrenburg, and more coming.

FRED WELDON is building a carpenter-shop just across the creek below the Gurley street crossing.

REPORT OF GRAND JURY.

To the Hon. the District Court of the Third Judicial District, in and for Yavapai County, Arizona Territory—May term, 1875:

We, the Grand Jury, in and for the County of Yavapai, Territory of Arizona, respectfully submit the following Report:

We have examined twenty cases, found eleven true bills, and ignored nine charges. The matter of fraudulent voting at the last election in the County of Yavapai, Territory of Arizona, was taken up, and it was ordered that the District Attorney be required to furnish all the evidence to be had, to the next Grand Jury, in regard to all forms of fraud perpetrated at the November election of 1874 or pertaining thereto.

We find the County Jail kept in good order, clean and with every convenience for the persons therein confined. That the Sheriff's Office is commodious and in keeping with the attaches of this office.

That the entire jail is insecure for the safe keeping of prisoners, and should one or all escape, no blame could be attached to the officers in charge, for the following reasons: The timbers of the jail are so much decayed that any one could make their escape without disturbing or arousing the keeper.

The jail building is liable to fall at any time. The fence in the rear of the building is a good ladder or convenient accommodation to assist prisoners to escape, and recommend that the whole matter be examined by competent men or practical mechanics.

The new County building is in good order, but the lot in the rear of the building is covered with filth and rubbish, making it a disgrace to the County. And we recommend that the Board of Supervisors for Yavapai County be required, and compelled if necessary, to see that the same be removed.

We find the books of the several Officers of the County kept in a neat and tidy manner, and very creditable to the Officers and to the County. LEVI BASHFORD, Foreman.

Those two photographs, recently hung on the wall near our table, are attracting the notice and admiration of all visitors. The one of General Crook was sent us from San Francisco by the General himself, to the care of General Kantz. The other, together with the frame that encloses the shadow of the General, is a present from a lady friend, who assures us in an accompanying note, that it is a picture of "the best man in Arizona,"—a proposition that we are not inclined to dispute, although she does not bar the editor of the MINER. It is probably needless to say that the picture in question is a splendid likeness of her husband, for which we return sincere thanks as well as to Generals Crook and Kantz.

BRICKERY.—The new brick-yard of Alex. Harris, in the upper edge of town, is progressing finely. He has about 110,000 in the new kiln, and perhaps 10,000 on the yard, and is grinding and moulding away as fast as possible. Mr. Harris informs us that it is his purpose to get up about 300,000 before firing the kiln if the weather will permit. He has about 140,000 already burnt now standing in the old kiln, all of which he expects to sell before snow flies.

CISTERN.—Hill & Allen have completed the cistern at Fort Whipple Water works and are now engaged in building one for W. M. Buffum at his residence. These cemented brick cisterns are a great convenience about a house and everybody who has a house ought to have a cistern.

WHISTLE.—The still air of morning was disturbed about seven A. M. yesterday, for the first time by the shrill whistle of a new saw-mill, at the upper end of town. Hereafter it will arouse the drowsy sleepers at an earlier hour and also sound a signal at noon and supper-time. The mill is under full headway now, and will soon have a pile of lumber on hand to supply all who apply.

AN ALARM of fire at Donohue's blacksmith-shop on Granite street, yesterday afternoon, created quite a stir for a few minutes. Some rubbish behind the forge had taken fire and burned up on the outside, and had it not been discovered by persons on the other side of the creek it would have set the building in a flame before the inmates were aware of its existence. It was extinguished without damage.

AMONG the several auction sales in this week's paper we beg to direct the special attention of merchants and others to the large quantity of the staff of life to be offered on the 29th instant, and to be sold without reserve. The flour is of excellent quality and in 50-pound sacks.

Robt. Wood, Esq., brother of E. D. Wood of Tucson, who has been East for several years, is in Prescott with an eye to making it his future home. If he finds it to his liking, his family, now in Los Angeles, will come here to live. He was formerly a resident of Yreka, Cal., in the palmy days of that country.

CONTRACT AWARDED.—The contract for building L. Bashford & Co's new brick tower was let to Hill & Allen yesterday, and work will commence as soon as the old building now occupying the ground can be moved away.

NO MAIL FROM CALIFORNIA.—The mail having changed on to the Hardyville route had not got into good working order, consequently the stage that arrived yesterday morning made no connection between Hardyville and brought none but the Mohave mail.

THERE is a lot of patterns at the Postoffice addressed to Mrs. — (balance of name torn off). They will be delivered to any one who can tell from whom and where they are from, by payment of this notice.

A Mr. Ragan, with his family, arrived here from San Joaquin Co., Cal., on Sunday last. Mr. R. lived here several years ago and carried the mail from here to Wickenburg, when it went on horseback.

Sportsmen should give attention to the notice of a "Shooting Match," unsold copies for sale at Kelly & Stephens.

Hutchison & Thorn want to buy specimens, at the "Cabinet." Those who have valuable specimens can get the cash for them.

SETTLED.—The Treasurer of Mohave county has paid into the Territorial Treasury \$1,814, being settlement in full up to April 1st.

Hon. Hugo Richards and Louis St. James have gone to Camp Apache. Louis is appointed Post-trader there, and Mr. Richards goes along to start him in.

SCHOOL.—One week from next Monday, the public school will begin again. The pupils have had a good rest during vacation and will be prepared to renew their studies with increased energy.

Mr. J. E. WHARTON, late of Kansas, and formerly of the Rocky Mountain News, and also the Colorado Miner, Colorado, an experienced newspaper editor, called upon us this week. He is one of the party noted elsewhere as having arrived from Kansas. We found him an intelligent and observing gentleman, and will try to have him furnish notes of his trip, for a future number of the MINER.

District Court is still in session with considerable business yet to do. The case of the People vs. Cannon for the murder of Clancy is on hand. A synopsis of the week's proceedings will be found elsewhere, as also the report of the Grand Jury, which disbanded on Monday.

BUSINESS NOTICES.

MISS RAY invites the ladies of Prescott and vicinity to call and examine the stock of Millinery and Fancy Articles to be opened the first of next week, at her new store, Gurley street, north side plaza, next to Dr. McCandless.

THE "BONANZA" FOR ALL—Invalids by nervous debility, desiring of again feeling the vigor of health and vim of spirit, should take a few bottles of Dr. Hendley's Compound. J. E. L. Bitters. Before one bottle is taken they will see the dawn of restoration, of returning health. No case of dyspepsia, indigestion, loss of appetite, rheumatism, kidney or liver disease, has ever related its restorative power. Every part of the human system requires and should receive sustenance and support from the stomach, regulated by the liver. If the stomach cannot supply the aliment required, the whole system languishes. Fortify your organs of life, with these Bitters and in a few days you will feel your whole system invigorated; for every disease arising from indigestion, liver, stomach or bowels, it is invaluable; it will revive your shattered system. Dyspeptics and persons of bilious habit should keep it within reach, if they value health and ease. ap20ml
