I believe the said guarantors to be pecuniarily responsible for and able to pay all demands for the United States shall suffer by reason of my failing to perform my obligations as such bidder.

Sworn to and subscribed before me, for the day of this month of 1873, A. D. 1873, and in testimony thereof I hereunto subscribe my name as a duly qualified justice of the peace.

INSTRUCTIONS TO BIDDERS AND POSTMASTERS: Containing also conditions to be incorporated in the contracts to be let by the Department.

1. Seven minutes are allowed to each intermediate office, when not otherwise specified, for assembling the mails.

2. On routes where the mode of conveyance admits of it, the special agents of the Post Office Department, also post office blanks, mail bags, locks and keys, are to be conveyed without extra charge.

3. "Way bills" or receipts, prepared by postmasters or other agents of the Department, will accompany the mails, specifying the number and destination of the several bags, to be examined by the postmasters, to insure regularity in the delivery of bags and pouches.

4. No pay will be made for trips not performed, and for each such omission, if the failure be occasioned by the fault of the contractor or carrier, three times the pay of the trip will be deducted.

5. For leaving behind or throwing out of the mail, or for portion of them, for the admission or destination of the several bags, to be examined by the postmasters, to insure regularity in the delivery of bags and pouches.

6. Fines will be imposed, unless the delinquency be promptly and satisfactorily explained by certificates of postmasters or the affidavits of other credible persons, for failing to arrive in contract time; for neglecting to take the mail from, or deliver it into, a post office; for suffering it to be wet, injured, destroyed, or lost; and for failing, after demand, to convey the mail as frequently as the contractor runs, or is concerned in running, a coach, car, or steamboat on a route.

7. The Postmaster General reserves the contract for repeated failures to run according to contract; for violating the post office laws, or disobeying the instructions of the Department; for refusing to discharge a carrier when required by the Department to do so; for failing to express as aforesaid; or for transporting persons or packages conveying mailable matter out of the mail.

8. The Postmaster General may discontinue or extend a contract, change the schedule, and terminate a route, and alter, increase, decrease, or extend the service, in accordance with law, he allowing a pro rata increase of compensation for any additional service required, or for increasing the number of carriers, or for increasing the stock or carriers is rendered necessary, and in case of decrease, curtailment, or discontinuance of service, as a full indemnity to said contractor, one month extra pay on the amount of service discontinued, and a pro rata compensation for the service retained. Provided, however, that, in case of increased expedition, the contractor may, upon timely notice, relinquish the contract.

9. Payments will be made by contract, draft, or on postmaster's order, at the expiration of each quarter—say in November, February, May, and August, provided that required amount of service has been performed. The distances given are believed to be substantially correct; but no increased pay will be allowed should they be greater than advertised, if the points to be supplied are correctly stated. Bidders must refer to the conditions of contract in reference to the weight of the mail, the condition of hills, roads, streams, &c., and all tolls, bridges, turnpikes, plank roads, ferries, or obstructions of any kind, which may be incurred. No claim for additional pay, based on such ground, can be considered; nor for alleged mistakes or misapprehension as to the degree of service, nor for bridges destroyed, ferries discontinued, or other obstructions causing increased distance or expense occurring during the contract term. Offices established after this advertisement are to be visited without extra pay, if the distance be not increased.

11. Bidders are cautioned to mail their proposals in time to reach the Department by the day and hour named in the advertisement. Bids received after that time will not be considered in competition with bids, of reasonable amount received in time. Neither can bids be considered as withdrawn, unless the bidder is notified by law, and a certificate of the authority of the Postmaster General, and the oath of the bidder according to section 346, act of June 8, 1872.

(See section 347, act of June 8, 1872. They must sign the certificate under the seal of the bid is inserted, and the bid and guarantee are signed by the bidder and (two) guarantors; a disregard of this instruction by postmasters will subject them to immediate removal and to severe penalties.

21. All bidders, guarantors, and sureties are distinctly notified that on a failure to enter into or perform the contracts for the service proposed for in the accepted bids, their legal liabilities will be enforced against them.

22. Present contractors, and persons known at the Department, must, equally with others, procure guarantors and certificates of their sufficiency to act as guarantors, and to be filed with the certificate of sufficiency, to be signed by a postmaster.

23. In all cases where the routes are not fully supplied with the necessary locks and pouches, it is the duty of the postmaster at the local office to route to make requisition on the Contract Office of this Department for such locks and pouches before 1st July next, provided the route be let.
