E. DEAN'S celebrated chemical Plaster.

AN IMPORTANT DISCOVERY FOR Rheumatism, Fevers, Whiteswells, Inflammation in the eyes, Burns, Scalds, Throat in Scarlet Fever, Quinsy, &c.

TO THE PUBLIC, This Plaster is a discovery which may be said to have been made in the year 1839, and it is now being prepared by me, as a witness to my hand.

The Chemical Plaster is an important remedy to all those who are afflicted with inflammatory complaints by its soothing pain, counteracting inflammation, and giving speedy relief, by its active, stimulating and absorbent properties.

TESTIMONIALS, Messrs. Harris & Co.—Sirs: I have used E. Dean's Chemical Plaster for four years past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronic and acute rheumatism, sprains of the wrist, ankle, shoulder, &c. in felons, whitlow and serofulous swellings of all descriptions, it is generally an effectual remedy.

Doct. J. H. Reynolds, M. D., For sale by L. P. & W. A. SANGER & Co., Ottawa, Illinois.

300 BUSHELS OF DRIED APPLES, for sale low for cash, by ARMOUR & LAMB.

BLANK SUBPENAS, kept constantly on hand and for sale at this office.

GROUP, COUGH, ASTHMA.

SPITTING OF Blood, Hooping, Cough, and all Pulmonary Diseases, cured by JAYNE'S EXPECTORANT, and Summer Complaints, Cholera Morbus, Diarrhoea, Dysentery, and all the various affections of the Stomach and Bowels removed by his CARMINATIVE BALSAM.

TO THE PUBLIC, Dear Sir—I feel it due to you as the inventor of the medicine and to the public, who may be greatly benefited by it, to state a cure that was performed in my family, by the use of your "Carminative Balsam."

My little son, when about two months old, was seized with a hooping cough, and continued for two weeks without intermission, and notwithstanding the remedies prescribed by a respectable physician, he gave up the child a victim, as we supposed, to a fatal disease, but I providentially heard of "Jayne's Carminative," as an effectual cure for hooping cough, and immediately despatched a messenger to a town seventeen miles off for a bottle.

By the use of this medicine, in less than thirty six hours the disease was checked; and by its continued use for a few days the child was restored to perfect health.

THE SAME CHILD, owing to exposure, when recently coming up the Ohio, was attacked by the horrible malady, GROUP P. My husband in the night at Beaver Point and when our fears were alarmed, learned that the horse sulphuric acid was the forerunner of death, we gave him a teaspoon full of the "Expectorant" (a bottle of which you presented me with when in Philadelphia) and applied some liniment to the throat and breast, and before many minutes the hoarseness was gone, the child breathed freely and slept sweetly.

By the use of this medicine, in less than thirty six hours the disease was checked; and by its continued use for a few days the child was restored to perfect health.

Dole's Celebrated

THIS article needs no PUFFING. The use of it will be a sufficient recommendation. It will cure all complaints to which the eye is subject. By applying to the maker of it, he will prepare it in such a manner as to remove Films, Catarrhs, and other obstructions of the eye.

The late James Dole, Esq. of Troy, was the person who introduced this celebrated remedy into extensive use in this vicinity. During the revolutionary war, Mr. Dole was an officer in a troop of cavalry—was attacked with the smallpox in a very severe manner.

While he was convalescent, but as yet perfectly blind, he was led out of the Hospital, when he was met by a German woman, who promised to cure him on condition that he should never reveal the composition of the Eye Water, unless upon his death-bed.

These facts Mr. Dole has communicated to me; and, after urgent solicitations, has uniformly refused to communicate the secret to me. Mr. Dole died in Troy, in 1824, and a few days previous to his decease, revealed the composition to the wife of his son.

I. M. WELLS, Druggist, Troy, N. Y. This may certify that I have, for the last 19 years, known Dole's Eye Water to be effectually applied to the cure of chronic affections of the eye, and in one instance, have known a person who had been totally blind for 8 months, to be entirely cured by its application alone.

CHICAGO, March 6th, 1841. This may certify that I have sold Dole's Eye Water for the last eight or ten years, and can recommend it to the public.

I heretofore certify that I have been acquainted with Mr. Dole for a number of years at the East. I have heretofore been afflicted with sore eyes; and by using Dole's Eye Water, have effected an immediate cure. I have furnished a great number of my friends and acquaintances, both at the East and in this city, with this Eye Water, and have never known it to fail of curing immediately.

CHICAGO, March 6th, 1841. I heretofore certify, that within a few weeks past I have been afflicted with very sore eyes, and by the use of Dole's Eye Water, was immediately cured. I have procured it for a number of friends and acquaintances, and, in all cases, it has cured.

CHICAGO, March 6th, 1841. This EYE WATER can be obtained at the Drug Store of G. L. Thompson, Ottawa; at the principal Druggists in Chicago and State, and with the maker, who resides at the house of Isaac L. Milken, directly east of Dr. Dyer's, Chicago, Ottawa, May 28, 1841.

TO THE PUBLIC, The "Marseilles Manufacturing Company" HAVING purchased the MILLS and other machinery lately erected by L. KIMBALL, at the town of Marseilles, are prepared to do Sawing for, and furnish to the surrounding community, all descriptions of Sawed Lumber, Lathes, and Shingles, which the country will admit, on the most reasonable terms and shortest notice; and as the business of the company in all its branches, will be performed by experienced and competent men, and every effort made to give satisfaction, they hope to merit a liberal share of public patronage.

THEIR LARGE FLOURING MILL, containing EIGHT Runs of French Burr Stones, designed for both country and merchant work, and to be equal to any in the Union in all its parts, will soon be in operation; when they will be prepared, and happy to "grind every man's grist" who will give them a call, in the best possible manner; and customers may rest assured that the "toll dish" shall not be too large, nor be "stricken with a crooked hand."

They will also want, so soon as the four merchant run are completed, all the Good Winter Wheat they can get, for which a liberal price will at all times be paid at the mills of the company; and they would say to farmers in this vicinity, that they cannot grow too much of that commodity.

The Company have now and will continue to keep on hand, a large and general Assortment of Merchandize, which will be exchanged (as also will their lumber,) for wheat and most other kinds of country produce.

Marseilles, Jan. 28, 1841.

THE GRIST MILL of the undersigned has been thoroughly repaired and finished, and is now in perfect order for grinding all kinds of grain. Prompt attention will be given to all who see proper to give us their custom, and we are confident, from long experience in the business, that we can do work equal, if not superior, to any in the land.

THE public are respectfully informed that this large establishment has undergone a thorough repair from bottom to top, and is now open under the direction of the subscriber, recently from Peoria. He intends that every attention shall be given to the comfort and accommodation of guests, and the patronage of the travelling community is respectfully solicited.

He feels thankful to the public for their patronage heretofore, and assure them he is now able to give more general satisfaction, having recently attached a large addition to the building, which enables him to furnish rooms for families, and single rooms for gentlemen and ladies. The house is large, comfortable, and commodious, and well furnished; he expects none in the western country. He has also first-rate stabling attached to the establishment.

AND GENERAL STAGE OFFICE, OTTAWA, ILL. THE public are respectfully informed that this large establishment has undergone a thorough repair from bottom to top, and is now open under the direction of the subscriber, recently from Peoria. He intends that every attention shall be given to the comfort and accommodation of guests, and the patronage of the travelling community is respectfully solicited.

JUDGMENT BONDS, just printed and for sale at the office of the "FREE TRADER."

COUNTABLES SALES, just printed and for sale at this office.

Merchant's improved compound fluid extract of

SARSAPARILLA For removing diseases arising from all abuse of Mercury, chronic and constitutional diseases, such as scrofula or kings evil, secondary syphilis, ulcerations and corrosions of the throat, nose, cheeks, lips, ears and other parts of the body, eruptions of the skin, rheumatic affections, white swellings, pains in the bones and joints, fever sores, obstinate old sores, scald head, salt rheum, ringworm and other diseases arising from an impure state of the blood.

Also, habitual costiveness, piles, chronic affections of the liver, lungs and chest, pains in the stomach and sides, night sweats, &c. It is also much recommended as a cleansing Spring medicine.

THIS compound fluid extract is Alterative, Diuretic, Diaphoretic, Laxative, Anodyne, and slightly stimulant; and may be most successfully used in scrofulous and syphilitic diseases, and that shattered state of the constitution which so often follows the imprudent use of Mercury; exostoses or morbid enlargement of the bones, scrofulous pustules or ringworms; ulcerations generally curable of the bones, cartilages of the nose, mouth, etc., etc., with the other diseases above mentioned, and all diseases arising from a morbid state of the blood.

There is hardly a physician who has not had occasion to observe with pain, the phagedenic variety of herpes; and in spite of all the remedies he could bring against this cruel disease, was compelled to acknowledge their inefficacy, and allow the monster to corrode and destroy the nose, cheeks, lips, eyelids, ears and temples—parts for which this malady generally affects a preference. But in this extract will be found a perfect remedy in all such cases, and where the disease has not produced a very great derangement of structure, it will even yield to this remedy in a very short time.

G. W. Merchant taking advantage of these facts, has adopted an improved process for extracting the medical virtues from the actual ingredients of this compound fluid extract, which are nine in number, without heat; that is to say, neither decoction, infusion or maceration are made use of; nor is the temperature of the menstruum used, allowed to exceed 80 deg. Fah. until every particle of active principle is extracted, leaving a tasteless inert mass behind; thereby attaining the whole of the soluble active principle in a highly concentrated state, leaving out the fecula, woody fiber, etc., which encumbers the extract obtained by decoction.

The proprietor, therefore, has not only the satisfaction of assuring the medical faculty and the public, that this remedy is prepared according to strict chemical and pharmaceutical rules, but that he has also united some of the officinal valuable and active vegetables, all of the choicest selection, which materially enhance its value in the treatment of the diseases above mentioned. He is therefore induced to offer this fluid extract to physicians and others under the fullest assurance of its superiority over that in common use.

Physicians will find great advantage in the use of this extract, and a great relief from the perplexities attendant upon the treatment of those obstinate cases which bid defiance to every remedy their confidence prompts them to prescribe; more especially as having the patient under their immediate care, they will prescribe such a diet and regimen as in their judgment the case would seem to indicate—thereby giving the extract its full influence.

Prepared at the Chemical Laboratory of G. W. Merchant, Chemist, Lockport, N. Y.

N. B. A liberal discount made to Dealers and Physicians.

For sale by L. P. & W. A. SANGER & Co. Ottawa, Illinois. Also, at the stores of the principal Druggists of Chicago and Juliet; J. H. Elmore, Peru, and James Darley, Hennepin, Ill. All orders sent to H. Harris & Co., Ashland, Ohio, for the above medicine, will be promptly attended to.

Ottawa, August 11, 1840.
