E. DEAN'S celebrated chemical Plaster.

AN IMPORTANT DISCOVERY FOR Rheumatism, Fevers, Wounds, Inflammation in the eyes, Burns, Swelled Throat in Scarlet Fever, Quinsy, &c. TO THE PUBLIC.

To whom it may concern.—This may certify, that I, E. DEAN'S, Dealer, the proprietor of E. Dean's Chemical Plaster, have for more than two years been in a delicate state of health, so that I have been unable to prepare and circulate said plaster to that extent which the interest of the suffering community demands; and feeling that so valuable an article ought to be made known to the afflicted, I have made arrangements with H. Harris & Co., of Ashabula, Ohio, to manufacture and vend it in my name as my sole successor. This, therefore, may be relied on as the genuine article heretofore prepared by me. As witness my hand, ERASTUS DEAN, Westfield, Chautauque co., N. Y., Jan. 1, 1839.

The Chemical Plaster is an important remedy to all those who are afflicted with inflammatory complaints by its easing pain, countering inflammation, and giving speedy relief, by its active, strengthening and astringent properties. An effectual remedy for inflammatory rheumatism, neuralgia, the breast, cramp, hives, bruises, scalds, old sores, ulcers of almost every description, cancered and scalded throat arising from scarlet fever, filons, white swellings, chilblains, &c.—Persons suffering from liver complaints, pulmonary diseases, inflammation of the lungs, with pains in the side and breast, pain and weakness in the back, will find relief. In all cases it may be used with safety.

The Plaster is now put up in boxes at 50 cents and 1 dollar each. Made and sold wholesale and retail, by H. HARRIS & Co., Ashabula, Ohio, sole proprietors.—None genuine unless signed by H. Harris on the wrapper.

TESTIMONIALS. PENN LANE, Pa., April 7. Messrs. Harris & Co.—Sirs: Since I was at your store in July last, I have used E. Dean's Chemical Plaster, which I have received from you at different times, and feel myself indebted to you as proprietors, and to the public generally, to recommend the same as a safe and efficacious remedy for those complaints for which it is recommended. I have used it in several cases of inflamed eyes, in some of which its effects as a curative have been decided, and in no case has it failed of giving relief where it has been applied according to directions, and all who have used it are perfectly satisfied with it so far as I know. I have also applied it in some severe cases of ague in the best, with the happiest effects.

I would also relate the case of Mr. Thomas Logan, who has been afflicted with the rheumatism in one hip for thirteen years, so that he had been compelled to abandon labor, in a great measure. I let him have a box of the Plaster, he applied it, and for three days found, as he supposed, no benefit, but after that he perceived that the pain was not so severe, and in less than two weeks he could labor hard all day and rest free from pain at night. He says he would not part with the box he has for three hundred dollars, providing he could not obtain another. He also says to me, keep it on hand and recommend it wherever you go.

I have used the Plaster in cases of pains in the side, back, shoulders, &c., with like good effect. Yours, &c. DANIEL KNEELAND M. D. MOXROE, June 18, 1839.

Messrs. Harris & Co.—Sirs: I have used E. Dean's Chemical Plaster for four years past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronic and acute rheumatism, sprains of the wrist, ankle, shoulder, &c. In filons, whitlow and scrofulous swellings of all descriptions, it is generally an effectual remedy. In short, wherever there is pain, it is almost sure to give relief in a few hours. I have used it in a great number of rheumatic affections. One of my patients aged 40, full habit, had a rheumatic swelling on one leg. He had been unable to get out of the house for three months; his leg was swelled to an enormous size, twice its usual thickness; every thing had been done without success, until we commenced using Dean's Chemical Plaster. We enveloped the knee and a portion of the limb in the Plaster, and in three days the swelling entirely disappeared, and in ten days he went about his ordinary business. Such has been our success with the article, and we now willingly recommend it to the public for a trial.

Yours, &c. J. H. REYNOLDS, M. D. For sale by L. P. & W. A. SANGER & Co., Ottawa, Illinois. Also, the principal Druggists at Chicago, as J. H. Elmore, Peru, and James Darley, Hennipen, Ill. All orders sent to H. Harris & Co., Ashabula, Ohio, for the above medicine, will be promptly attended to. Be particular to enquire for Dean's Chemical Plaster. Ottawa, August 14, 1840. 13-3y.

HUMAN HAIR.

Cleanliness of the Head and Hair. STRANGE is that persons who attend strictly to personal cleanliness, baths, &c., should neglect the hair—the hair—the hair—the most essential—the most exposed—and the most beautiful when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No, if you have once tried and experienced its purifying effects—its sweet perfume with interest.

A hundred articles have been put forth on the credit of this—the only first—the only really valuable article. A mass of testimony from all classes to these facts.

LOOK OUT!—Counterfeits are abroad—look always for the name of COMSTOCK & CO. on the splendid wrappers, and not buy it without that name.

From the Boston Chronicle, Jan. 10. We see by an advertisement in another column that Messrs. Comstock & Co., the agents for Oldfield's Balm of Columbia, have deputed to sell that article in Boston and elsewhere. We know a lady of this city whose hair was so nearly gone as to expose entirely her phrenological developments, which, considering that she betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and after a year's fruitless resort to misadvised restoratives, purchased, some months ago, a bottle or two of Oldfield's Balm, and she has now long locks in rich profusion, glossy, and of raven blackness. We are not pulling; none of the commodity has been sent to us, and indeed, we do not want any, for though we were obliged to wear a wig a year ago, we have now, through its virtue, hair enough, and of a passable quality, of our own.

DARING FRAUD. The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the signature of COMSTOCK & CO. on a splendid wrapper. This is the only external test that will secure the public from deception.

COMSTOCK & CO. Wholesale Druggists, New York, 71 Maiden Lane For sale at the Drug Store of G. L. Thompson, Ottawa. 2-7 ly.

\$100 REWARD! ONE Hundred Dollars Reward has been offered for months, to any one who will use a bottle of Hays' Catarrh Remedy for the Pleuro-Pneumonia of the Lungs. One hundred dollars has failed a cure. Proof overwhelming to be seen where it is sold. It is also a certain cure in nearly every case. Externally, in the following complaints:

For the Piles, For all Dropsy, Tender Feet, Sore throat by catarrhs or ulcers, Croup, Whooping cough, Scald Head, Tightness of the chest especially in children, Foul Ulcers of the legs, or other fungous sores, however obstinate or long standing, Fresh Yaws, Chilblains, &c., &c.

LOOK OUT! Some Swindlers have counterfeited this article and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of Comstock & Co.; that name must always be on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy it; for it is impossible for any other to be true or genuine. Sold by Comstock & Co., New York, 71 Maiden Lane. For sale at the Drug Store of G. L. Thompson, Ottawa. 2-7 ly.

HEADACHE. Judge Patterson. READ the following from Judge Patterson, for a thirty years the first Judge of the county in which he lives: Milledale, N. J., March 12, 1841. Messrs. Comstock & Co. Gentlemen—You are at liberty to make such use of the following certificate as you deem will best subserve the purposes for which it is intended. (Certificate of Judge Patterson.)

I hereby certify that my daughter has been afflicted with sick headache for the space of about 20 years; the attacks occurring once in about two weeks, frequently lasting 24 hours, during which time the paroxysms have been so severe, as appearing soon to deprive her of life. And after having tried almost all other remedies in vain, have been induced as a last resort to try Spang's Headache Remedy as sold by you; and to the great disappointment and joy of herself and all her friends, she found very material relief from the first dose of the medicine. She has followed up the directions with the article, and in every case when an attack was threatened has found immediate relief, until she is permanently cured. The attacks are now very seldom, and disappear almost immediately after taking the quantity directed. A hope that she may be benefited by the use of this truly invaluable medicine, has induced me to send you the above, and remain your obedient servant. JERIC PATTERSON, Judge of the Court C. P. Sold only by Comstock & Co. 71 Maiden Lane. For sale at the Drug Store of G. L. Thompson, Ottawa. 2-7 ly.

FROM THE NEW YORK Herald. MYSTERIOUS. A GENTLEMAN belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year '38 & up to recently, been nearly double, and for several years confined in his bed, has been restored to good health—has regained his natural erect position—and has quitted his carriage, and now walks with ease! We believe this is the gentleman's own description as near as possible, and there is no exaggeration in it. We will give inquiries as to his address, and doubt not but human feelings will excuse the liberty; so that one doubting, may know these facts; though he requests his name may not appear in print. Among other similar instances, Mr. Jas. G. Reynolds, 114 Christie st., has been restored, and will give personal assurances of the facts of his case. Both were rheumatism, and contracted cords and sinews. How has this been done? Answer. By the Indian Vegetable Elixer internally, and Hays' Nerve and Bone Liniment externally.—N. Y. Herald, Jan. 26, 1841. Sold only by Comstock & Co., 71 Maiden Lane. Ottawa.

Have you a cough? Be persuaded to purchase a bottle of this Expecto-rant Syrup to-day! To-morrow may be too late. Have you a cough? Bartholomew's Expecto-rant Syrup is the only remedy you should take to cure you. For this plain reason: That in no one of the thousand cases where it has been used, has it failed to relieve. Sold by Comstock & Co. 71 Maiden Lane. For sale at the Drug Store of G. L. Thompson, Ottawa. 2-7 ly.

Dole's Celebrated.

GRUB MAN EYE WATER.

THIS article needs no PUFFING. The use of it will be a sufficient commendation. It will cure all complaints to which the eye is subject. By applying to the maker of it, he will prepare it in such a manner as to remove Films, Catarrhs, and other obstructions of the eye.—The following account of its introduction into this country will be read with interest:

The late James Dole, Esq. of Troy, was the person who introduced this celebrated remedy into extensive use in this vicinity. During the revolutionary war, Mr. Dole was an officer in a troop of cavalry—was attacked with the small pox in a very severe manner. While he was convalescent, but as yet perfectly blind, he was led out of the Hospital, when he was met by a German woman, who promised to cure him on condition that he should never reveal the composition of the Eye Water, unless upon his death-bed.

These facts Mr. Dole has communicated to me; and after urgent solicitations, has uniformly refused to communicate the secret to me. Mr. Dole died in Troy, in 1824, and a few days previous to his decease, revealed the composition to the wife of his son.

L. M. WELLS, Druggist, Troy, N. Y. This may certify that I have, for the last 19 years, known Dole's Eye Water to be effectually applied to the cure of chronic affections of the eye, and in one instance, have known a person who had been totally blind for 8 months, to be entirely cured by its application alone.

E. S. KIMBERLY, M. D. Chicago, March 5th, 1841. This may certify that I have sold Dole's Eye Water for the last eight or ten years, and can recommend it to the public.

PHILO CARPENTER, Druggist. I hereby certify that I have been acquainted with Mr. Dole for a number of years at the East. I have heretofore been afflicted with sore eyes; and by using Dole's Eye Water, have effected an immediate cure. I have furnished a great number of my friends and acquaintances, both at the East and in this city, with this Eye Water, and have never known it to fail of curing immediately.

DAVID VAN COTT, Chicago, March 6th, 1841. I hereby certify that, within a few weeks past I have been afflicted with very sore eyes, and by the use of Dole's Eye Water, was immediately cured. I have procured it for a number of friends and acquaintances, and, in all cases, it has cured.

BARRY DALY, Chicago, March 6th, 1841. THIS EYE WATER can be obtained at the Drug Store of G. L. Thompson, Ottawa; at the principal Druggists in Chicago and State, and with the maker, who resides at the house of Isaac L. Milken, directly east of Dr. Dyer's, Chicago. Ottawa, May 28, 1841. 2-1-3m.

TO THE PUBLIC. The "Marselles Manufacturing Company" HAVING purchased the MILLS and other machinery lately erected by L. ROYBART, at the town of Marselles, are prepared to do Sawing for, and furnish to the surrounding community, all descriptions of Sawed Lumber, Lathes, and Shingles, which the country will admit, on the most reasonable terms and shortest notice; and as the business of the company in all its branches, will be performed by experienced and competent men, and every effort made to give satisfaction, they hope to merit a liberal share of public patronage.

THEIR LARGE FLOURING MILL, containing EIGHT Runs of French Burr Stones, designed for both country and merchant work, and to be equal to any in the Union in all its parts, will soon be in operation; when they will be prepared, and happy to "grind every man's grist" who will give them a call, in the best possible manner; and customers may rest assured that the "toll dish" shall not be too large, nor be "stricken with a crooked hand."

They will also want, so soon as the four merchant run are completed, all the Good Winter Wheat they can get, for which a liberal price will at all times be paid at the mills of the company; and they would say to farmers in this vicinity, that they cannot grow too much of that commodity.

The Company have now and will continue to keep on hand, a large and general Assortment of Merchandize, which will be exchanged (as also will their lumber,) for wheat and most other kinds of country produce. Marselles, Jan. 28, 1841. 37-4f.

Now, remember, we are not joking but in sober earnest. J. Y. SANGER & Co. Ottawa, June 18, 1841. 4-4f.

Merchants' improved compound fluid extract of

SARSAPARILLA

For removing diseases arising from an abuse of Mercury, chronic and constitutional diseases, such as scrofula or kings evil, secondary syphilis, ulcerations and corrosions of the throat, nose, cheeks, lips, ears and other parts of the body, eruptions of the skin, rheumatic affections, white swellings, pains in the bones and joints, fever sores, obstinate old sores, scald head, salt rheum, ringworm and other diseases arising from an impure state of the blood. Also, habitual costiveness, piles, chronic affections of the liver, lungs and chest, pains in the stomach and sides, night sweats, &c. It is also much recommended as a cleansing Spring medicine.

THIS compound fluid extract is Alerdier, Diuretic, Diaphoretic, Laxative, Anodyne, and slightly stimulant; and may be most successfully used in scrofulous and syphilitic diseases, and that shattered state of the constitution which so often follows the imprudent use of Mercury; costiveness or morbid enlargement of the bones, scrofulous pustules, ringworms, ulcerations generally carries of the bones, cartilages of the nose, mouth, etc., with the other diseases above mentioned, and all diseases arising from a morbid state of the blood.

There is hardly a physician who has not had occasion to observe with pain, the phagedenic variety of herpes; and in spite of all the remedies he could bring against this cruel disease, was compelled to acknowledge their inefficacy, and allow the monster to corrode and destroy the nose, cheeks, lips, eyelids, ears and temples—parts for which this malady generally affects a preference. But in this extract will be found a perfect remedy in all such cases, and where the disease has not produced a very great derangement of structure, it will even yield to this remedy in a very short time.

G. W. Nerebant taking advantage of these facts, has adopted an improved process for extracting the medicinal virtues from the actual ingredients of this compound fluid extract, which are nine in number, without heat; that is to say, neither distillation, infusion or maceration are made use of; nor is the temperature of the menstruum used, allowed to exceed 80 deg. Fah. until every particle of active principle is extracted, leaving a tasteless inert mass behind; thereby attaining the whole of the soluble active principle in a highly concentrated state, leaving out the fecula, woody fibre, etc., which encumbers the extract often by decoction.

The proprietor, therefore, has not only the satisfaction of assuring the medical faculty and the public, that this remedy is prepared according to strict chemical and pharmaceutical rules, but that he has also united some of the officinal valuable and active vegetables, all of the choicest selection, which materially enhance its value in the treatment of the diseases above mentioned. He is therefore induced to offer this fluid extract to physicians and others under the fullest assurance of its superiority over that in common use.

Physicians will find great advantage in the use of this extract, and a great relief from the perplexities attendant upon the treatment of those obstinate cases which bid defiance to every remedy, their confidence prompts them to prescribe more especially as having the patient under their immediate care, they will prescribe such a diet and regimen as in their judgment the case would seem to indicate—thereby giving the extract its full influence.

Prepared at the Chemical Laboratory of G. W. Nerebant, Chemist, Lockport, N. Y. N. B. A liberal discount made to Dealers and Physicians.
