Much Uneasiness Among the Hostile Indians.

MORE ARMS TURNED OVER TO THE AUTHORITIES.

Ex-Governor Thayer Applies for an Injunction Restraining Boyd From Occupying the Executive Chair in Nebraska--Governor Hill Nominated for Senator from New York--Confederate Veterans.

Special to the RECORD-UNION.

PINE RIDGE, Jan. 19.--More nervousness is noticeable among the Indians this morning than has been noted for a number of days. This is occasioned by a variety of circumstances.

Many of the Rosebud Indians fear to leave this agency lest on their way to the former place they be killed by the soldiers. Some of them, however, have already returned, and more will follow to-day.

The collection of arms has been anything but satisfactory, only 104 guns having been surrendered up to date.

News of the murder of Few Tails and four of his band also tends to inflame the Indians here. The shooting is universally condemned as a cold-blooded murder.

This morning the Indians rounded up their ponies and herded them near their village, while the Indians themselves hang around the tepees and silently watch the agency.

General Miles, who is annoyed at this, has put off indefinitely the date of his departure.

Colonel Shafter last night broke up three gambling dens and destroyed the furniture.

The commanders of several camps had a conference with General Miles at 1 o'clock to-day, and were specially summoned for the purpose.

This afternoon one of the Indian police discovered the bodies of four dead Indians in the creek at Wounded Knee. One was a boy, two were girls, and the fourth an old squaw. They were evidently victims of the Wounded Knee battle.

A meeting of commanders of the various detachments of troops was held this afternoon to discuss upon certain tactical movements, and at the same time the general situation was canvassed. The uneasiness among the Indians in the morning rather than this afternoon, and two strikes came in with thirty of his men and delivered up twenty guns, mostly of obsolete pattern. The uneasiness among the Indians is being caused by the news of the killing of Few Tails and his party, told in yesterday's dispatches, they being firmly convinced that he was murdered without reason.

On account of the had effect on the young bucks, General Miles has ordered forage for twenty days longer, and will himself remain here until everything is quieted down.

A herd of Cheyennes will start to-morrow for the Cheyenne River, permission having been received from Washington. General Miles hopes that he will ultimately be permitted to separate the hostiles and send them to the agencies where they belong.

INSTRUCTIONS RECEIVED.

OMAHA, Jan. 19.--Orders were received at the Quartermaster's office of the Department to-day regarding the instructions to be discontinued sending rations to Pine Ridge, and ordering ten days' rations forwarded for troops in the field. The new order indicates that the troops will not be withdrawn as rapidly as intended.

EASTERN POLITICS.

The gubernatorial contest in Nebraska before the courts.

LINCOLN (Nebr.), Jan. 19.--Notice was served to-day on the writ that ex-Governor Thayer would apply to the Supreme Court for an injunction restraining him from acting as Governor. The injunction will come up in the court on January 26th.

Thayer's petition alleges that he was forced to give up his apartments for fear that he would be removed by force and with violence.

Ex-Governor Thayer was seen to-night by an Associated Press representative, and expressed his indignation at the reports sent out concerning his mental condition. He is a little weak, but will be in his usual health after a few days' rest. His mind is not affected in the slightest degree.

NORTH DAKOTA SENATORSHIP.

BISMARCK (N. D.), Jan. 19.--To-morrow balloting begins for United States Senator. The Democrats have canvassed and agreed to support ex-Secretary M. L. McCormick. The fight of Field on the Republican side against the re-election of Gilbert A. Pierce has been so determined that all efforts to hold a Republican caucus this far have failed. It is probable a majority of the electors will vote for McCormick, while a minority will vote for a low-tariff Republican. Pierce's friends are sanguine.

HOVEY NOMINATED FOR SENATOR.

INDIANAPOLIS, Jan. 19.--The Republican Senatorial caucus to-night was quiet, but exciting. On the first ballot Governor Hovey received the nomination by a majority of the electors. The Democrats, who received seventeen votes.

DENVER, Jan. 19.--The Republican caucus to-night renominated Senator Teller. The new list in the Legislature, however, has not yet been compromised, and the matter has been referred to the Supreme Court.

PENNSYLVANIA DEMOCRATS.

HARRISBURG, Jan. 19.--The Democratic members of the Legislature, in joint caucus, nominated Clarence T. Black as a candidate for United States Senator. A resolution was adopted calling on Congress to drop partisan measures and pass laws needed to foster the impoverished business interests of the country.

HILL AND EVARTS NOMINATED.

ALBANY, Jan. 19.--The Democrats in joint caucus unanimously nominated Governor Hill for United States Senator, and the Republicans nominated Senator Everts also unanimously. The Democrats have exactly enough members to elect.

KANSAS FARMERS' ALLIANCE.

TOPEKA, Jan. 19.--The Alliance members of the Legislature in caucus, unanimously chose Edwin H. Snow for State Printer. The success in agreeing upon this office, which is a very important one in Kansas, leads them to think that they can easily agree on the second candidate.

Opening Day of the Pacific Coast Field Trials at Bakersfield--An Unfortunate Woman Commits Suicide at San Francisco--The Washington Senatorial Fight--Chinese Cigar Factory Seized.

Special to the RECORD-UNION.

MARYSVILLE, Jan. 19.--To-day was the eighth and closing day of the Citrus Fair of Northern California. Yesterday there was a good crowd at the pavilion, and a large number of visitors availed themselves of the beautiful day and roads and drove about the city and country, viewing the citrus fruits on the trees and inspecting the resources of the place.

To-day there was a fairly good attendance. The doors will close at 12 o'clock to-night.

Nearly 10,000 people visited the fair on Saturday, and the gate receipts amounted to over \$1,300, which was more than the whole week of last year.

The management has been at great expense preparing for the fair, but they have accumulated a surplus of between \$2,000 and \$3,000, which will be reserved for future fairs.

Most of the oranges in the pavilion have been sold to wholesale dealers, and the ones left are being sold at retail prices. Much will be placed on exhibition at other places. Plans will ship her products to Seattle, and Colusa and other places to San Francisco.

Inquiry among the exhibitors ascertains the fact that the awards of premiums give general satisfaction.

HER TROUBLES OVER.

An Unfortunate Woman Commits Suicide.

SAN FRANCISCO, Jan. 19.--Annie Gallagher, the divorced wife of a fireman, went to the home of her parents on Pixley Street, a small avenue near Steiner Street, between Filbert and Greenwich.

She was feeling unwell and was dispirited with the world. The disgraceful life she was leading was weighing on her conscience, and she determined to die rather than longer suffer. In order to pass quietly away she had provided herself with a quantity of strychnine, which she had secreted in her dress pocket.

She was a young woman of about 25 years, and the mother of two children, who were living with her. She had been in the usual salutations, she became very despondent, and told her parents she was going to commit suicide. They tried to reason with her, but she would not be comforted, and found relief in tears.

While sobbing bitterly her little daughter kissed her and said, "Don't cry, mamma." The mother turned, and with the remark, "That's the last time you'll call me mamma," fled into an adjoining room.

AMERICAN NATIONAL BANK OF KANSAS CITY SUSPENDED.

Lack of Confidence of Depositors the Principal Cause of the Trouble.

SPECIAL TO THE RECORD-UNION.

KANSAS CITY, Jan. 19.--The National Bank Examiner for Missouri took charge of the American National Bank of this city this morning. The capital stock of the bank is \$1,250,000.

No statement of the liabilities or assets can be obtained. During the early part of last week it became known to members of the Kansas City Clearing-house Association that the bank was in need of assistance. A meeting of the association was called and a resolution adopted assuring the American that upon a proper showing assistance would be rendered to the amount of \$100,000.

A committee was appointed to examine the collateral, and on Saturday they reported to the clearing-house members of the association that the bank was in need of assistance. A meeting of the association was called and a resolution adopted assuring the American that upon a proper showing assistance would be rendered to the amount of \$100,000.

This decision made the failure of the bank inevitable, and the Bank Examiner assumed charge of the concern.

As a result of the failure a great deal of business has been created among depositors in the Kansas City Clearing-house Association, which is paying all depositors promptly, and the officials claim they can meet all obligations.

President Stimson, in a public statement says: "The cause of the failure of the American National Bank seems to have been a general loss of confidence which has pervaded the business world the past few months. A rumor gained currency three months ago that the bank was not in the best condition. A withdrawal of deposits followed immediately, and with the growth of the unfavorable reports increased to an alarming extent. In the 1st of October the bank's statement showed deposits of \$1,200,000. December 19th they had fallen to \$2,500,000, and on Saturday night, when the clearing-house committee made an investigation, they aggregated only \$1,400,000. The cash available at the clearing-house was \$1,000,000. The bank was unable to meet its obligations, and the clearing-house committee called without our knowledge, and other banks voluntarily offered us assistance, if needed. Unfortunately, the assistance became publicly known, causing increased rumors which resulted in a run on Friday and Saturday, and we then applied to the clearing-house for aid, but they failed to agree on a plan of assistance, and we were obliged to close, although, in my opinion, this ought never to have occurred, as the bank had always been solvent. Deposits will be paid in full, and if the assets are properly handled the stockholders should get back a large part of their original investment."

The liabilities are estimated at \$2,500,000, and the assets nominally at \$5,500,000. Other bankers do not anticipate any bad effects on other houses.

WASHINGTON'S SENATOR.

Bitter Contest Between Friends of Sapiro and Calkins.

OLYMPIA (Wash.), Jan. 19.--Balloting for United States Senator begins at noon to-morrow. The contest between the friends of Senator Sapiro and those of W. H. Calkins of Tacoma has been very bitter, and to-night the friends of the two aspirants were on the point of coming to blows.

During the day Sapiro's friends circulated a call for a Republican caucus, and to-night had obtained fifty signatures. Two-thirds of the Republicans and one less than a majority of all the members of the Legislature are expected to attend.

When Calkins' friends heard of the success of the call, they complained that they had not been invited to attend, and became very angry.

It was then decided to read the call from the staircase of the hotel, and invite all Republican members to participate. The call was read, and then a loud call was made to have the names read. Representative Meany started to read them, but was interrupted by jeers on the part of Calkins' supporters.

Supporters started up the staircase, the object being to capture the speaker. Meany was surrounded by his friends and a fierce struggle ensued, in which the paper was torn in pieces. The fight was continued for some minutes, but no one was hurt.

The Republicans have signed a call for a caucus and agreed to abide by its choice. This gives Sapiro a majority of one on joint ballot.

KING KALAKAUA.

He Is Reported Lying at the Point of Death.

SAN FRANCISCO, Jan. 19.--King Kalakaua of the Hawaiian Islands is lying at the point of death at the Palace Hotel, suffering from Bright's disease and uraemia. Colonel McFarlane, the King's Chamberlain, stated to an Associated Press reporter to-night that the King is very low, and his illness is most alarming.

The disease took a sudden turn for the worse this morning, and the King has been in a semi-unconscious state ever since. For forty-eight hours he has been unable to take solid food, and is nourished with milk and brandy. He is attended by a fleet surgeon, Wood, of the Charleston, and Dr. Sawyer, the physician. Several consultations to-day with prominent physicians of this city.

Rear Admiral Brown to-night sent a telegram to the Navy Department at Washington telling of the King's condition, and the Hawaiian Minister was notified by Consul-General McKinley.

At 2 o'clock to-night Consul-General McKinley stated that the King was likely to die at any moment. Rev. Dr. Church of the Episcopal Church, of which the King is a member, to-night administered a sacrament to the royal invalid. The King has been lying about ten months, and came here for his health.

SPECIAL TO THE RECORD-UNION.

He made an appeal from a decision in a case because the question itself on which the decision was made (a motion to lay on the table) was an undecidable one. Morton held that the decision was absolutely right. The discussion kept up some time, when Gorman withdrew the motion.
