

THE SUPERVISORS.

Most of the Day Devoted to Auditing Money Demands.

A Road Overseer Directed to Remove an Obstruction to Natural Drainage.

Yesterday was finance day with the Board of Supervisors, and the members wrestled for many hours with bills, some of them being of substantial proportions.

A communication was received from N. B. Bryant, Overseer of Road District No. 12, asking the board to take action on a bill for \$2, presented by him at the last session. It was placed on file for future consideration.

In pursuance of a written request from citizens of Georgiana Township, H. F. Smith was, on motion of Mr. Black, appointed Justice of the Peace, vice Towne, resigned.

On motion of Mr. Bates, the Overseer of Road District No. 12 is to be directed by the clerk to remove certain obstructions in a road in the Pierson District.

There was some discussion over the demand of the Bee publishers for \$1,567 for publishing the delinquent tax list, which was done upon the order of Sheriff Stanley, but the bill was allowed.

DRAINAGE OBSTRUCTION TO BE REMOVED.

When the board met in the afternoon Mrs. Alice M. Valensin appeared in company with her counsel, N. G. Curtis, in regard to injury done to a portion of her land at Arno by the same having been flooded by water in consequence of an embankment thrown up by the Road Overseer, which prevents the natural flow down toward the railroad.

Mrs. Valensin stated that the crops on about ten acres of her land had been destroyed by the water remaining upon it. The road overseer had endeavored to carry off the water along the road-side to another part but had not succeeded. All that she asked the board to do was to order an opening or culvert in the embankment on the line of the natural flow of the drainage and permit the water to seek its natural outlet.

County Surveyor Winn presented a diagram of the roadway, the embankment, etc., showing the condition of matters which substantiated Mrs. Valensin's statement.

Supervisor Jenkins said he was familiar with the locality and was satisfied that the natural drainage of the land had been interfered with.

Mrs. Jenkins moved that the overseer of that road (No. 21) be directed to have a sixteen-foot bridge constructed at the point referred to—where one had formerly existed—as to facilitate the natural flow of drainage water.

It was so ordered by the unanimous vote of the board.

The remainder of the session was devoted to the examination of demands against the county, and the board adjourned till 10 o'clock this morning.

THE CIRCUS.

The Performing Elephants and Bareback Riders in Town.

McMahon's circus opened at Fifteenth and M streets yesterday afternoon to a large crowd, and another performance was given last evening to a still larger audience.

When this circus was in Sacramento last year it was deservedly pronounced one of the most meritorious ones that ever pitched its tents here, and this time it came reinforced in every department. The lofty stunts of the acrobats, the stunts and stunts, wherein the spectator becomes bewildered, and while performers are going all around him, he sees nothing, but it is one of the most fashionable, one-ring circuses, without an army of poor performers. Enough performers are carried to satisfy the audience, and they are all good.

The acrobatic and gymnastic corps is headed by John Quigley, one of the best leapers and ground tumbler in America. The lofty stunts of this circus are performed by a man from the spring-board is marvelous, and was received with cheers at both of yesterday's performances.

The riders are all good, and so are the trapeze and tight wire performers. The performing elephants are still with the circus, and delighted the little folks, as did also the clowns. There is an especially good "brother act," by the Doran brothers, three nimble acrobats, and a clever turn is also given on the horizontal bar. The circus is very extensive, and a large number of the circus, but it was not missed by the audience.

Performances will be given this afternoon and evening again to-morrow.

POLICE COURT.

Ekair Allwine and His Scheme—Joe Welch Gets Off Easily.

There were several cases on the Police Court calendar yesterday, but the one that caused the most interest was that of "Dr." P. F. Allwine, the man who so successfully operated on several persons at Fourth and K streets, in selling his medicinal compound by offering tempting premiums in coin.

Judge Croves found him guilty of peddling without a license, and will try him to-day on a charge of obtaining money by false pretenses.

A young man named D. E. Daley was found guilty of hitting a Chinaman with a stone at Third and J streets, and will receive sentence to-day.

Lum King, the Chinaman who struck Albert Seavey, a boy who happened to be among a crowd of gamblers, this morning, was fined \$10 for disturbing the peace, and his trial set for to-day.

The charge of battery against Joe Welch was dismissed on payment of costs by the defendant.

John Milligan forfeited \$5 for being drunk.

The case of J. M. S. Painter, charged with battery upon the person of Fred. Doran, went over until Saturday.

SUIT TO FORECLOSE.

Action Against Printer Barry by a Building and Loan Association.

The Occidental Building and Loan Association, through its attorney, R. T. Devlin, has commenced an action against John T. Barry and Catherine E. Barry to recover the sum of \$1,051.34, alleged to be due and payable on a note covered by a mortgage on the south half of the east half of lot 8, J and K, Fifteenth and sixteenth streets, with improvements thereon.

The said note and mortgage were first given to plaintiff by A. C. Sweetser and E. K. Alsip in 1887, who afterward sold the property to Barry and Catherine E. Barry, who were then married, and assigned their interest over to the plaintiff.

Six shares of stock in the Building and Loan Association were held by Sweetser & Alsip, who were turned over to Barry, who pledged the same to plaintiff, who has neglected or refused to pay the monthly interest, fines and installments thereon since May, 1887, now amounting to \$550.80.

Plaintiff seeks to recover the sums due and \$129 attorneys' fees, and Messrs. Sweetser and Alsip are made co-defendants.

BADLY ESCALDED.

A Brewery Employee Submerged in Boiling Beer.

John Schanberger, an employe at the Buffalo Brewery, came very near being scalded to death on Tuesday evening. Owing to an accident to some of the machinery, a quantity of boiling-hot beer was poured upon him, scalding his legs and other portions of his body in a frightful manner.

His cries brought several of his fellow-workmen to his relief. His attendants

are terrible, but the attending physician thinks he will come out all right.

The accident was caused by the manhole of a "jack" blowing out.

SAW THE ELEPHANT.

But Not the One in the Circus—And It Cost Him Just \$5,000.

An elderly man, who was well-dressed and bore the appearance of respectability, was brought to the police station early yesterday morning in a very drunken condition. When searched he was found to have \$200 in his pockets.

Yesterday when he recovered from the effects of his spree and was given his money, he declared that he had been robbed of \$2,400, which sum he had worked several years in Scotland to accumulate. He said that before he went on his spree he asked a hotel-keeper to take charge of the money, but the latter refused, stating that it was too large an amount, and he was advised to deposit it in the bank. He failed to do so, and the money was lost.

The army of thieves that infests the lower portion of the city will live high for a while on the \$2,000. Despite the spree since the whole gang could be run out of town in twenty-four hours and the dives all closed if the authorities did but so will it.

A few nights ago a RECORD-UNION reporter, while looking for an officer to arrest a whole gang of robbers, John Burns of his watch, encountered a gang of these fellows at Second and K streets who had a befuddled citizen in tow and were trying to get him down to some street den to rob him. The reporter rescued him for a time and warned him of his danger, but he wanted to "go with the money," and the gang was released, relieved of everything of value he had about him.

These things are of nightly occurrence, and the police department has allowed licenses to run their thieving places—stand in and divide with the thieves. Why such things are allowed is a mystery, since the whole gang could be run out of town in twenty-four hours and the dives all closed if the authorities did but so will it.

Yesterday's Weather.

The Signal Service temperature at 5 A. M. and 5 P. M. yesterday was 44° and 58°, while the highest and lowest was 60° and 42°, with fresh southerly winds and a partly cloudy sky.

The barometrical readings at 5 A. M. and 5 P. M. were 30.19 and 30.14 inches.

The highest and lowest temperature one year ago yesterday was 71° and 47°, and one year ago to-day, 78° and 56°, with no rain on either day.

There was rain early yesterday morning at San Francisco and also Red Bluff and other localities, and light frosts were reported from Washington and Oregon.

Supposed Case of Suicide.

There disappeared about a week ago a young man named Charles Swanson, and his friends are impressed with the idea that he has committed suicide, as he had been quite despondent of late, and had left letters intimating that it would be the last he had of him. He was last seen on the 23rd inst. at the residence of Mrs. Swanson, who is said to be well connected. He is about 32 years of age, and of late has led an idle life.

White Wings on the River.

These arrived yesterday from San Francisco the schooner Francis Bernard, Captain Bernard, with a cargo of decomposed shells. This is as per Harbor-master N. A. Kilder's record, the first sail vessel to arrive at this port since the month of April, 1888, when the schooner Fourth of July arrived with hay to C. A. Adams.

Mrs. Robinson's Revivals.

Mrs. L. O. Robinson is giving some excellent Bible readings at the Sixth-street M. E. Church every afternoon at 2:30 o'clock, and also preaches most effectively every evening at the same place. Quite an interest is manifest. Seekers are forward every evening.

A Safe Burglarized.

The police were notified yesterday that the safe of Carlaw Bros., in their office at Tenth and R streets, was blown open on Tuesday night by burglars. A number of checks and notes and three dollars in money were taken, comprising the entire contents of the safe.

Nearly Frantic.

Has it ever been your misfortune to be brought into frequent contact with a person excessively nervous? If so, you must be aware that trivial causes, unnoticed by the vigorous, drive a nervous invalid to the verge of distraction. It is as unnecessary to particularize these as it is impossible to guard against them. The root of the evil is usually imperfect digestion and assimilation. To assist these functions, and through their renewed, complete discharge to reinforce the nervous system, in conjunction with other portions of the physical organism, is within the power of Hostetter's Stomach Bitters, systematically and continuously used. There is no disappointment here, no matter what or how grievous the failures of other so-called tonics. No sedative or opiate, by botching and clogging with this invigorating nerve tranquilizer, Constipation, biliousness, malaria, rheumatism, kidney troubles are cured by it.
