

POLICE SALARIES.

Citizens Who Believe it the City's Duty to Pay Them.

Some Expressions of Opinion on the Subject—A Committee to See What It Can Do.

The following invitation was sent out by Mayor Comstock several days ago, to about one hundred of the business men of Sacramento:

"Dear Sirs:—You are requested to meet the Board of City Trustees, April 21, 1891, at 7:30 p. m., at the City Trustees' office, for the purpose of consulting on matters of interest to the city."

"W. D. Comstock, President of the Board of Trustees."

The real purpose of the call was to obtain the opinions of the citizens on the question as to whether or not the city should pay the salaries of the extra policemen who served a year ago.

A few citizens responded to the call, and the Mayor opened the meeting by stating the object. He said he expected to hear from several parties who were opposed to the special tax levy.

ANOTHER PETE OLSEN.

Is He One of the Murderers of Mrs. Greenwood?

Found in Our County Hospital—Some Suspicious Circumstances that Point to Him.

It is possible that Sacramento officers will receive the credit of having unearthed one of the most cold-blooded and heartless murderers of the present day.

A man, who is suspected of being one of the men who committed the awful murder of Mrs. Greenwood, in Napa County, on the evening of February 9th, occupies a dark cell in the City Prison. He was arrested yesterday by Chief of Police Drew and Officer Arlington.

The details of the terrible crime are still fresh in the minds of the readers of the daily press. The story, as told by Mr. Greenwood, was to the effect that two men came to his ranch, and ordered him to throw up his hands, seized, gagged and drugged him, and then finding Mrs. Greenwood, administered the same treatment to her, and afterwards shot and killed her. Their object was robbery.

The Legislature, then in session, authorized the Governor to offer a reward of \$2,000 for the capture of the murderers, and \$1,000 more was offered by other authorities. Postal cards giving a description of the men were sent to all the Sheriffs and Chiefs of Police in the State, and unusual efforts have been made to track the guilty parties.

WHERE THE PRISONER WAS FOUND. Chief Drew and Officer Arlington recently received information which led them to believe that one of the men wanted was in this vicinity, and yesterday they went out to the County Hospital and arrested a man here who answered almost perfectly to the description given of one of the murderers, supposed to be a Swede. He was brought to the Police Station and placed in the cell, Chief, Captain Lee and Officer Arlington.

A SIGNIFICANT CIRCUMSTANCE. Aside from his answering the description of one of the men, is the fact that a copy of a San Francisco paper containing an item stating that the detectives were on the track of the supposed murderers and hoped to be able to capture them in a short time, was found rolled up in his blankets. On the paper was stamped the name of the proprietor of one of the hotels in Winters, which fact showed that the man had been at the latter place and taken the paper from the hotel.

THE PRISONER INTERVIEWED. "What are you carrying this paper with you for?" asked Captain Lee. "Oh, I don't know," was the reply, "I just picked it up."

"Is there anything in it of special interest to you?" was the next query. The prisoner replied that he did not know of anything.

"Isn't it this item that bothers you?" asked the Captain. The prisoner looked at it, glanced around for a moment, and then read it. "Well, maybe it is," was his reply.

"Where were you when this time this murder was committed?" was asked. "Either in Port Costa or San Francisco," was the reply.

ANOTHER "PETE OLSEN." Further questioning developed the fact that the man (who gave his name as Pete Olsen) was in Winters a week after the crime was committed, and that he left there on February 10th, for the Sacramento County Hospital on February 22d, and has been there ever since, suffering from an attack of rheumatism, which he says he contracted in Winters.

LONG DISTANCE TICKETS. Introduction of a New Ticket System on the Southern Pacific Lines. Commencing on last Monday, the Southern Pacific Company began to sell what are known as 3,000-mile tickets, which will prove to be a great convenience to travelers, as well as a great saving.

FILES OF MONEY. Attorney-General Hart and Secretary of State Waite are engaged in counting the money in the State Treasury, and it will probably be several days yet before their task is completed, as the Controller's books show that there ought to be about \$1,000,000 in the vault.

AMUSEMENTS. There was a much larger audience at the Metropolitan Theater last night, and "Pinafore" was given by the McNeill Club and their friends assisting, with more spirit and vivacity and in stronger tones, both in the speaking and singing parts.

OLD FOLKS' PAINS. Full of comfort for all Pains, Inflammations and Weakness, the Great Skin Cure and CUTICURA SOAP, an external remedy, cures itching, burning, scaly, pimply and blotchy diseases, humors, scum and blood, from infancy to age, from the most obstinate and worst cases, and all other remedies fail.

DEAD. HAGERTY—In this city, April 19th, John Dennis Hagerty, a native of Williamsport, Pennsylvania, aged 29 years, 3 months and 4 days.

CHORUS, contributes by sprightliness and expression of countenance very materially, though her song lines are very brief indeed. Miss Shields profited so much by the suggestion to throw aside reserve, that last night she won a deserved encore in the second act. To-night the opera will be sung for the last time, and since there was so much improvement on the second night, the third will probably show very much the best work of the ladies and gentlemen of the company.
