

STREET GRADING MATERIAL.

A Contracting Firm Offers to Introduce Basalt Macadam.

The Trustees Decide to Give it a Trial.—Mr. Chandler Asks More Time.—Street Contracts Let.

D. Lambert, agent for a street contracting company which uses the basalt macadam pavement, appeared before the Board of City Trustees, at yesterday's session, and stated that he had secured the consent of the property owners on M street, between Twentieth and Twenty-first, to lay his pavement on that block provided the city would pay one-fourth of the cost. He said that from figures obtained in the City Engineer's office he learned that the average cost of grading and graveling a street was \$1.69 per front foot, or \$33.20 for a block. He proposed to lay a pavement far superior to a gravelled street, at a cost of 10 cents per square foot, or \$2.10 per front foot of property. He could do the work on the entire block for \$1,765, and he hoped the board would consent to pay one-fourth of the cost. It would amount to but little more than the city paid as its share on gravelled streets, and he could assure the trustees and citizens that his pavement was far more durable than gravel.

Mayor Comstock and Trustee Conklin agreed that it would do the city no harm to try the experiment, and that it could not establish a bad precedent. Trustee McLaughlin made a vigorous opposition. He questioned the right of the board to do so, at any rate he did not want to pay any more than was allowed to the gravel contractors.

A vote was taken, and Mr. Lambert was assured that the city would pay one-fourth of the cost, the Mayor and Trustee Conklin voting in favor of it. Trustee McLaughlin voted no.

POWERS OF THE BOARD. City Attorney Hart submitted a lengthy opinion, answering several questions which were submitted to him involving the extent of the power of the Board of Trustees under the charter in providing the streets, alleys and sidewalks in the city. It was to the effect that the Street Commissioner has full power to order work, and to designate the character of material to be used.

MR. CHANDLER'S SIDEWALK. L. C. Chandler asked the board to allow an additional time within which to construct a sidewalk in front of his property on O street, between Eleventh and Twelfth. He said that earth was very costly at present, and he believed it would be cheaper in a few months.

Trustee McLaughlin said that Mr. Chandler had been trying to dodge all day, and was awarded the contract. Trustee McLaughlin said that Mr. Chandler had been trying to dodge all day, and was awarded the contract.

A vote was taken, and Trustee McLaughlin and Conklin voted to leave the matter in the hands of the Street Commissioner. Mayor Comstock voted no. He believed in giving Mr. Chandler a reasonable time within which to do the work.

Chandler declared that he would make the supreme court render a decision on the question if the Street Commissioner attempted to force him to put down the walk at this time.

A WEEK'S WATER SUPPLY. The Chief Engineer of the Water Works reported that 25,572,000 gallons of water were pumped during the past week. The Holy engine was run 894 hours, and the Stevens 574.

BIDS FOR STREET WORK. Bids for the grading and graveling of Third street, from P to R, were opened and read. A. L. Silva was the lowest bidder, and was awarded the contract. Bids for grading and graveling Tenth street, from G to I, were opened. The Sacramento Improvement Company was the lowest bidder, and secured the contract.

RAILWAY FRANCHISE ACCEPTED. R. S. Carey filed a written acceptance of the franchise granted him last Monday for a street railway line on Twenty-first street, from O to Y.

PROPOSED STREET IMPROVEMENT. A resolution of intention was passed to grade and round-up Twenty-ninth street, from F to R.

Also, that Fourth street, from N to R, be raised and gravelled, with curbs, etc. Also, that Fifth street, from N to O, be improved in the same manner.

An extension of sixty days' time was granted the Street Improvement Company to complete its contract on I street.

BILLS READING AND EXAMINING. At the afternoon session of the board considerable time was given to the consideration of demands against the city. It was found that the Water Works fund had only \$1,132 in it, while the bill against it amounted to \$3,225. It was therefore decided to lay over the coal bill for March, \$1,238, the salaries of employees, \$1,335, and miscellaneous demands to the amount of \$752.

Among other bills allowed was the one for painting a sign for Justice of the Peace Starr's office. It was found that the bill, however, that hereafter no bills of that kind would be allowed if contracted without the knowledge or consent of the board.

The bills of the Electric Light Company for February and March were laid over for want of funds.

BOARD OF HEALTH. The Mayor called attention to the fact that there was a City Board of Health to be appointed, and each Trustee submitted five names of candidates. One ballot was taken. Mayor Comstock voted for Drs. Snider, W. Briggs, H. L. Nichols, Brune and Fowler.

Trustee Conklin voted for Drs. Clow, Fowler, Baldwin, C. B. Nichols and E. Brune.

Trustee McLaughlin voted for Drs. W. E. Briggs, Tyrrell, Gardner, C. B. Nichols, Clow and Fowler, and E. Brune.

This resulted in the election of Drs. Fowler, Clow, C. B. Nichols and A. E. Brune.

On the next ballot for the remaining member of the Board each Trustee stuck to his favorite candidate—the Mayor wanted H. L. Nichols, Mr. McLaughlin wanted Dr. Tyrrell, and Mr. Conklin wanted Dr. Baldwin. Neither would give way, and it was agreed to postpone the election of the fifth member until Wednesday.

OTHER OFFICIALS. The matter of choosing a Health Officer, City Scavenger and Harbormaster were laid over until the special meeting to be held on 2 o'clock, Tuesday, May 1, until which time the board adjourned.

WATER WORKS FUEL. It will be a Coal Day When the Lone Company Gets Left.

At yesterday's meeting of the Board of City Trustees, J. C. Bruste appeared on behalf of the Lone Coal Company and asked that the corporation be allowed the full amount of its bills, notwithstanding the fact that one of the agents of the company had promised the Mayor that he would make a rebate of \$800 on the amount of the contract at the end of the year.

Mr. Bruste said that the company only desired what their contract called for, \$1,233.33 per month. They had nothing to do with the arrangement made between the manager and Mayor Comstock.

Mr. Bruste asked that the minutes of the meeting of a year ago, when the contract was let, be read, and the record showed that the Mayor had stated that he

would not sign any warrants for the payment of the company's bills unless the \$800 was deducted.

"You did sign warrants for the full amount, however?" asked Trustee Conklin, addressing the Mayor.

The Mayor said he did, but not until Mr. Frates, the manager, had promised in the presence of witnesses, to make the \$800 reduction at the end of the year. Trustee McLaughlin said he didn't like the action of the Mayor in making private arrangements, and he did not see how the city could refuse to pay the full amount of the bills.

Trustee Conklin retorted that all he had to go by were the minutes of the meeting last April, and it appeared to him that the matter of a \$800 rebate was a private arrangement between Mayor Comstock and Mr. Frates.

Mr. Bruste wanted the board to decide then and there what it was going to do, but the Mayor suggested that he had better wait until the next meeting, when the matter would be called and the matter submitted to a vote. The majority would rule. It was so ordered.

Mr. Bruste for furnishing coal to the Water Works for the ensuing year were to have been opened, but as the Lone Coal Company had not submitted a bid, and as the tests of other varieties of coal had not been made, it was decided to defer the opening of the bids until next Monday.

"TOO MUCH TALKER." A Falling Out Between the Local Baseball Captain and the Board.

If Captain McCloskey says all that the San Francisco newspapers credit him with saying, he is making too much use of his jaw. It is said of him that when asked if he expected to be more favorably received on his return to Sacramento on account of winning four games straight from Oakland, he answered: "Oh, no, they'll say up there that the teams this year are weaker than they were last season, and that any ordinary player ought to be best then they are."

Mr. McCloskey seems to forget, when away from Sacramento, that he is playing ball for this place, and that the managers of the Sacramento franchise are dependent upon the patronage and good will of this community for their success financially, if not otherwise. It will not help him out to tell the captain of his team, going about and talking such stuff as that quoted. Sacramento saw good baseball played before they ever heard of Mr. McCloskey, and they never yet yielded to give local teams full credit for earnest efforts to win the pennant.

Several days ago they had a quarrel, and subsequently a rough-and-tumble fight. Kraser had the audacity to lay hands on a certain horse, whose special care was in Lohmiller's hands, and lead him to a watering trough. Lohmiller objected, and cautioned Kraser to mind his own business. Kraser forgot his good raising in replying, and then Lohmiller considered himself insulted. Compliments were exchanged, and the two rose to a high pitch. Finally they clinched, and a merry set-to ensued.

Lohmiller was worsted, and coming to Sacramento to resume his own business. Kraser arrested. Both told their stories to Justice of the Peace Henry yesterday, and the judge decided that one was as much to blame as the other, and discharged Kraser.

BOTH WERE TO BLAME. Judge Henry's Decision in the Brighton Battery Case.

Frio Kraser and D. Lohmiller are employed on a ranch near Brighton, and are not the best of friends.

Several days ago they had a quarrel, and subsequently a rough-and-tumble fight. Kraser had the audacity to lay hands on a certain horse, whose special care was in Lohmiller's hands, and lead him to a watering trough. Lohmiller objected, and cautioned Kraser to mind his own business. Kraser forgot his good raising in replying, and then Lohmiller considered himself insulted. Compliments were exchanged, and the two rose to a high pitch. Finally they clinched, and a merry set-to ensued.

Lohmiller was worsted, and coming to Sacramento to resume his own business. Kraser arrested. Both told their stories to Justice of the Peace Henry yesterday, and the judge decided that one was as much to blame as the other, and discharged Kraser.

STATE AGRICULTURAL BOARD. James Condon, the morphine fiend, who was arrested on Sunday by officer Maley for stealing brass from the railroad shops, was yesterday sent by Judge Cravens to the County Jail for sixty days.

Sam Jackson was to have been sentenced for vagrancy, but he asked that judgment be postponed until April 29th, and his request was granted.

Andrew J. Beal, the colored man who committed battery on his wife, asked that he be given a few days to care what he had done, and he was granted a stay of judgment on May 6th.

The cases of Di Chuey and Chung Ah Wah, accused of concealing money from fraud creditors, were continued until April 30th.

James Mullen, charged with being a common drunkard, was ordered to appear on May 7th for trial.

NEW STABLES FOR AGRICULTURAL PARK. Superintendent of Ramie Culture.

The State Board of Agriculture met yesterday afternoon, Directors Boggs, Glass, Larkin, Green, Hancock, Shippee, and President Cook being present.

The board discussed the proposition of making improvements at the park, in the matter of building of new stables. It was referred to a committee, and will be acted upon at the next meeting.

W. H. Murray was elected superintendent of ramie culture, and directed to fill at once all applications for ramie culture, and to estimate the amount allowed to be expended in this manner in any one year.

The board favored the idea of establishing the ramie culture in the Agricultural Station in Capitol Park, provided the work shall be done by the State Gardener's workmen.

At the closing of other matters relative to the coming fair, the board adjourned.

Trap and Trizzer. The Spoonbill Club had a trap-shooting bout at the Gerber Ranch on Sunday. The first contest was at twenty black rocks each, and the second was at twenty white rocks each.

At three pairs of blue rocks the following scores were made: L. Morrison 5, Holms 2, Van Alstein 3, Naeghe 3, King 6, Maddux 4, Captain Bohn 1, Schwarz 3, Bryant 3, Fitzgerald 4, Tallman 3, Soule 3, Hunt 5.

Struggling Up Life's Ragged Hill. With youth, vigor, ambition and an indomitable will to help us, is no such glorious matter, but tottering down again, afflicted by the ailments which beset old age—our backs bent with lunger, our elastic muscles and joints stiff and painful—is a woful piece of business. For the infirmities which the decline of life too often brings, Hostetter's Stomach Bitters is a mercurial source of relief, a mitigating solace always to be depended upon. No regulating tonic evolved by the medical profession is so well calculated, so thoroughly able, but without undue stimulative effect, to help the aged, the delicate and the convalescent—to regulate the vitality of a frame which time and physical decline have impaired as this. Kidney and bladder weakness and disorder, costiveness, malarial complaints, rheumatism and rheumatoid among the bodily afflictions which this sterling recuperant and regulator overcomes.

BECHAM'S pills cure bilious, nervous, etc.

SUMMER-NIGHTS' MUSIC.

A New Element Comes Into the Open-Air Concert Subject.

One of the Local Bands Engaged to Play at Oak Park on Sunday Nights.

The warm weather of the last two days has had the effect of setting people to talking about open-air concerts. It was about the middle of May last year when committees were formed to set the ball in motion, and the first concert of the season was given about the 1st of June. But it takes several weeks to get the thing under way and to collect the necessary funds, many of those who take an interest in the open-air musical events think it is about time to talk the matter up.

A few citizens were yesterday interviewed by a RECORD-UNION reporter as to the prospect of these summer concerts to the coming season. General J. G. Martine, who was quite active the last two seasons in promoting the concerts, said he was ready to lend his aid again as soon as it was deemed desirable for action to be taken.

"But," he said, "I think the best thing to be done is to have one concert a week in one of the parks, but it should be a fine one. You see the Central Electric Railway Company has already secured the service of the local bands, and the local bands are giving during the summer at Oak Park, where open-air concerts will be given, and most people will prefer the ride and the country air to that of the city."

"It is settled upon, is it?" "It is, and the company intends to see to it that the most perfect order is preserved, so that ladies and children shall not be annoyed by hoodlums. There has been a great deal of prejudice engendered against Sunday concerts in the city, many good people believing that they tend to increase the patronage of saloons, and especially those with side-entrances for women."

"Now," continued Mr. Martine, "while I do not, and have not, shared in this belief, I have no doubt that Sunday evening concerts, if properly conducted, would create less opposition if given at a place like Oak Park, where the music would not offend any person, but could be enjoyed by those who might see fit to go and hear it. It would, too, solve the much mooted problem as to whether or not Sunday evening concerts do actually promote the trade in saloons."

"Moreover," he said, "the concerts at Oak Park will be on the grounds of the company, and it will be to its interest to see that the trade in saloons is not promoted by the coming of any kind. If it were to permit anything of the kind the better class of people would not go there. Now, as these Oak Park concerts are a fact, it seems to me that one week-day concert each week would be enough in the city. That is my idea, but doubtless there are many who think otherwise."

He then turned to the subject of the evening concerts, and said that he believed that the public sentiment is on the subject.

WANTS THEM SUNDAY NIGHTS. The reporter next called on Chas. T. Barton, who took a prominent part last year in inaugurating the season of concerts, and found him just as desirous of having the trade in saloons kept out of the city as he was last year.

"Why, they are the most popular things a city could have," said Mr. Barton, "and I tell you they give visitors who happen in here a most extraordinary impression of our city. I don't believe we need pay any attention to the concerts which the Electric Railway Company is going to give on Sunday."

We can go right ahead and have our two concerts a week, and there will be no question but that the people will be out in great numbers. I don't believe there will be any difficulty in getting our citizens to subscribe enough money to defray the expense of a season of successful concerts."

EVERYONE DIVIDED. A couple of other citizens were questioned on the subject, and others were sought but could not be found. One of the most interesting was a man whose name mentioned indorsed the position taken by Mr. Barton. He took no stock, he said, in the arguments that some people have in regard to saloons, but he believed that the tendency was toward evil. He regarded them as really elevating agents, as they were a means of bringing a large element of the community, still, if some people must have them, he thought it would be better to have them out in the suburbs than in the heart of the city.

A CASE OF WANT. It is Called to the Attention of the Charity Disposed.

A kind-hearted lady presented herself before the City Fathers yesterday afternoon and asked them if they could do something for the relief of the family of a poor man named McCarty, living at Twenty-eighth and I streets. She said the husband and father was an industrious man, but was out of work, and could not support his family. She said that she was approaching confinement and requires his constant presence.

There are six children in the family, of whom the youngest is a very nice and pretty little girl of five years, accompanied by the lady—and they are all in need of clothing and other necessities of life.

The trustees could do nothing for her, and she was referred to the Record-Union presents the case to the public, knowing that the kind-hearted and generous people of our city have always been quick and eager to respond in such cases of distress. Mothers of families can appreciate the situation, if others cannot, and do not doubt means will be found to relieve the family's present distress and to see that the helpless woman shall have the proper care in her approaching illness.

If the statements made to the Trustees be reliable—as they appeared to be—some of our citizens should be interested in the case of Mr. McCarty, the husband and father, and endeavor to procure employment for him, that he may be able to provide for his wife and little ones henceforth.

J-STREET COBBLES. Property Owners Vigorously Protest Against Their Being Relaid.

J. J. Bauer, D. H. Quinn, Mr. Burke and other property owners on J street, from Third to Fourth, appeared before the Board of Trustees yesterday to protest against the re-laying of that block and the proposed change of the grade.

Mr. Bauer claimed that the property owners should not be required to stand in expense of the proposed work, as the pavement would be laid on a new grade, and the work of the street railroad company. Mr. Bauer held that if the street grading had never been accepted by the board, which appeared to be the case, it was not the fault of the property owners, who had in the good faith paid their assessments on the property, and with the law, it is the city's duty to accept and carry out a street that it had improved, and that it had not been done it was not the fault of the property owners.

Trustee McLaughlin said a street could not be accepted until the gas mains were laid. (They are now beneath the sidewalks.)

Mr. Bauer said the street was in fairly good condition now, and that Messrs. Quinn, Van Vorhies and others were opposed to laying any more cobbles laid on that block.

Mr. Quinn said it had cost property

owners at J and Fourth streets \$15 per front foot for the various changes of grade that have been ordered since the flood of 1862. Besides, if a new pavement should be laid, the preferred basalt blocks instead of cobbles, as also does Mr. Coleman and others.

Trustee McLaughlin thought it might be a good plan to appoint a committee of property owners on the block to consider the matter and to agree upon some kind of repairs to be made to the street. If the property owners were satisfied with the present pavement would answer for the time, with some repairs, he would be willing to postpone the matter of repaving.

In reply to a question, City Engineer Mullaney stated that the expense of repaving would be \$2.10 per front foot of the property on either side of the street.

On motion of Mr. McLaughlin, a committee of five property owners on the block referred to was appointed to inquire into the matter and to report to the wishes of the majority of property owners. The Mayor appointed Messrs. M. A. Burke, W. P. Coleman, C. Isler, A. A. Van Vorhies and J. G. Martine.

The committee were requested to report at the next meeting of the board.

EVERYBODY'S COLUMN. Under the heading, "The Record-Union will publish short letters from correspondents on topics of interest to the general public. The letters must be sent to the office, and understood to represent only the views of the writers. All communications must be accompanied by the name of the writer, not for publication, unless so desired, but as a guarantee of good faith.—Eus."

"A New Enterprise." SACRAMENTO, April 24, 1891. Eds. RECORD-UNION: I don't see why you don't publish any articles that I started in this city. There is a new brick yard started on — street by — and I have not heard anything of it in the papers. Why is it? A Citizen.

(The reason probably is that Messrs. — and — do not think enough of their business to advertise it.—Eus.)

DIDN'T BIFF HIM. Comedy in One Act, and No Admission.

Time—4:05 yesterday afternoon. Place—corner of Seventh and J streets. Cast—an attorney (somewhat befogged) and a young blacksmith. Attorney—"Who'er you bumping into—hie—yoo good for nothing lout?" Blacksmith—"Who bumped?" "Did not."

"Don't dispute me—hie—or I'll biff you on the nose."

"Nay, I won't."

"How do you know I won't?" "Just like you, you know that all."

"Well—er—hie—then if you know all about it, that settles it. Drink?" "Yes."

"All right. Come along."

Good Templars' Visit to Newwento. On Friday a number of Good Templars of this city paid a visit to Newwento, arriving there in the afternoon. They were taken in charge by members of the lodge at that place, and finely entertained.

In the evening they attended a reception given to Past Night Worthy Grand Templar Samuel D. Hastings of Wisconsin, who had been on his way to the coast for several months. Invitations had been sent to all the lodges in the vicinity, and in response delegates were present from ten lodges.

A musical and literary programme was rendered by the members of the home lodge, and interesting remarks were made by the visiting delegates. Refreshments were served, after which all went in a body and escorted Mr. Hastings to the depot, and saw him safely off on his way back to his home.

Real Estate Transfers. The following real estate transfers have been recorded since our last report: John Stevens to Philip Wolf, Jr., Lot 5 and 6, Q. Sixteenth and Seventeenth streets; grant.

Estate of Joseph Banquier, deceased, to confirmation of sale—Court confirmed sale of lot 8, O and P streets, and Twelfth streets, to W. P. Brazier for \$4,200.

Jacob Schmidt to John Anderson—Lot 3 in block P of Highland Park tract; grant.

Lizzie and Thomas Isaac to Charles J. Eitel—East one-half of lot 1, O and P. Twenty-third and Twenty-fourth streets; \$10.

An Afflicted Family. Mr. and Mrs. M. Perry, of Folsom, have been sorely afflicted of late. Within the short space of six weeks they have lost over the dying forms of three of their children—all victims to that unrelenting malady, diphtheria. The last of the three died yesterday. It is, fortunately, seldom that one family is called upon to suffer such affliction in so brief a period.

Mining and Milling. Articles of incorporation of the Pyramid Mining and Mill Company of San Francisco were filed yesterday. Capital stock \$1,000,000. Directors—J. W. Hodgkin, Charles Milly, Mark Levy, Henry Garthwaite, D. C. W. Hodgkin, Jerome Milly and G. W. Harvey.

HOARSENESS. Those complaining of sore throat or hoarseness should use Brown's Bronchial Trochocoe, a most extraordinary remedy, particularly when used by singers and speakers for clearing the voice. Sold only in boxes.

SYRUP OF FIGS. Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.
