The Calistoga Seizure Was Made by Sacramento Officers.

Where the First Information Came

From-The Bay Officers Declined to Assist at First.

The San Francisco journals contained quite a "blow" yesterday about how Revenue Collector Quinn of the First Distained diss Florence Hicks of San Francisco is spending her vacation with her brother, M. H. Hicks of this city. District seized the plant of the Calistoga District seized the plant of the Calistoga Wine and Distillery Company, of which George Lang is the leading spirit. Much daughter, Mrs. John A. McIntyre. was said about the clever work done by the Government officers in ferreting out the frauds Lang is said to have perpe-rooms in Auburn for a few weeks. was said about the clever work done by the frauds Lang is said to have perpetrated.

But it appears now that it was the officers of the Sacramento District who did the "clever ferreting." it was they who the "clever ferreting," it was they who made the seizure, and it was they who gave the San Francisco officers, as well as the Revenue Department itself, the first information of the alleged frauds.

"The first knowledge of the infraction of revenue laws by George Lang was brought to the notice of the revenue offi-cers on May 5th last," said Mr. Byington cers on May 5th last," said Mr. Byington to a RECORD-UNION reporter last night. "Officer Watts Sink, United States Gauger of this district, telephoned to me from St Halana that four near noethin." from St. Helena that four packages of spirits had been refused shipment to San Francisco by the railroad agent at St. Helena. I immediately telegraphed him to detain the same, and wired my deputy, Charles Newman, at Davisville, to at once proceed to make an investigation. He did so, and reported to this office that the four packages had been transported back to Lang's distillery at Calistoga, and that two packages had been shipped to San Francisco; but that he and Gauger Sink had discovered two more packages that appeared to be tampered with. I imme-diately ordered the four packages seized,

which was made on June 9th. "I then telegraphed to San Francisco to know if Revenue Agent Eldridge was in the city. Learning that he was not, I wrote to Collector Quinn the facts of the shipment of the two packages bearing wholesale stamps to his district, and sug-

shiphilent of the five packages opening wholesale stamps to his district, and sugges opening gested that the fraud had extended into his district. He investigated, and his deputy reported that the packages and on the suggest of the four packages made on the 9th of June to the department, and in a lengthy report.
"I then reported the seizure of the four packages made on the 9th of June to the department, and in a lengthy report to the stated that I was satisfied that if the facts could be got at it could be shown that Lang had been systematically defrauding the Government, and that his distillery, and perhaps his wholesale house in San Francisco.

That is just what the city has been doing for thirty years. It will satisfy the people below the city if the city will show a disposition to go to work at once. The people on the Seven-teenth-street sewer will refrain, as will the people below the city, if this meeting shows a disposition to do something ef-fective and not to procrastinate. A hun-dred thousand dollars is a mere bagatelle for such a city. Begin right, buy no more useless pumps. Begin at Eighth and Y streets with a correct system. The way to begin a sewage system is to begin. "There is no need for six mouths com-mittee reporting, and discussing, and re-solving, and adjourning," said the doctor. COMMERCIAL. SACRAMENTO MARKET.

At the residence of Mr. and Mrs. J. Bories, 509½ J street, their daughter, Millie, was married at noon yesterday to A. Jacobs, a young merchant of San Francisco. The ceremony was performed by Rev. Falk Vidaver of the latter city. Only the relatives and a very few friends were present. A large number of wed-ding gifts were received, and congratulatory telegrams poured in from far and near. A wedding dinner was given to the guests in the afternoon, after which the newly wedded couple departed for Monterey. They will make their home in San Francisco.

THE SEIZURE.

"On June 8th, with the evidence I had obtained, I seized Lang's distillery without instruction from anyone. On June 12th I received from the department in-structions to seize Lang's distillery and all his spirits. I telegraphed in answer that Lang's distillery was seized on the Sth inst., and all spirits on the 6th inst. Now this is a full statement of the facts in the case, and the credit of all this is due to this office, and is stolen from it by the revenue officers in the First District, who at first declined to assist me in ferreting out this fraud." The facts are said to be that the San

Francisco officers only seized Lang's warehouse at San Francisco, while the distillery and spirits were seized by the Sacramento officers.

BATTALION DRILL.

Companies A and B Put Through Their Paces Last Evening.

A battalion drill was held last evening comprises horses, cattle, farm imple-at Armory Hall, Companies A and B of ments and household goods. D. J. Sin-A battalion drill was held last evening this city taking part. Colonel Guthrie conducted the drill, and the movements executed were all simple.

The frequent breaks in the line, when the commands "fours left" or "fours right" were given, were caused by the irregular size of the different sections. Company A was counted off by fours, while Company B (battery) was divided into platoons of twelve (six men front). Hence in swinging into line the battery was compelled to take a longer time than other company, and as a result the left of the line was continually lagging. The two companies, divided as they are, cannot well drill together and make a creditable showing. There was quite a large number of peo-

ple in attendance, and both companies turned out strong.

REPUBLICAN CLUB.

The Membership Fee Reduced From Five Dollars to Fifty Cents.

There was a meeting at the Courthouse last evening of the organizers of the new Republican club, which was largely attended. William Petrie presided. The constitution and by-laws sub-

mitted by the committee last week were taken up and variously amended. Among other changes made therein
