Real Estate, Etc. Hotels and Restaurants. STATE HOUSE, HOTEL **ARARE OPPORTUNITY** Good Agricultura Land for \$10 to \$20 per Aere.

The Pacific Improvement Company has re-cently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting subdivision and settlement. This land embraces lands from first-class Sacramento Valley agricultural land, to land of fair average quality, and is offered at from \$10 to \$20 per acre, in subdivisions of 40, 80, 120, 160 and 320 acres.

The terms upon which these lands are offered are especially attractive. They will be sold in subdivisions, as above indicated, by the pay-ment of interest only for three years, at which time the purchaser can begin the payment of principal by paying the first of five equal annual installments. Thus no part of the principal is to be paid for three years, and then the purchaser is to have five years in which to pay five equal annual installments, with in-terest at the rate of 7 per cent. per annum, making payments extending over a period of eight years, Intending purchasers are as-sured that this is an opportunity to purchase land of fair average quality at \$10 per acre, and good agricultural land at \$20 an acre, with other grades of land at prices to correspond between these figures. The assertion is frequently made that good

## To Sufferers from Weak Spine.

Persons suffering from weak back will take comfort in reading the following letter from Mr. A. W. Barrett, of Oswego,

"Ten years ago I was afflicted with a lame back. The pain was so severe that I could hardly walk or get about. Hearing much said about ALLCOCK'S POROUS PLASTERS, I applied one to the lower part of my spine. In a week I was very much better. I put on fresh plasters at the end of ten days, and two weeks afterward found myself entirely well.
