

CALLED AWAY.

Death of Governor Markham's Little Daughter, Genevieve.

On Saturday morning, at 4 o'clock, little Genevieve, the seven-year-old daughter of Governor and Mrs. H. Markham, died at their residence...

It was supposed by everyone that she was rapidly recovering, but the extremely warm weather of Friday seemed to have prostrated her...

The many floral offerings of friends were very sweetly arranged about the child, and yesterday (Sunday) morning, after a simple but impressive word of prayer by the Rev. J. B. Silcox...

The funeral will be held this afternoon at 2 o'clock from the residence of the late home, the Rev. D. T. Hill officiating.

Governor and Mrs. Markham wish to return to the people of Sacramento their sincere thanks for the very many acts of kindness during the sickness of their daughter Genevieve...

Strangers, comparatively speaking, in the city, they are deeply indebted to the kindness and tenderness of feeling shown them...

On Saturday afternoon a delegation composed of the following-named citizens called on Governor and Mrs. Markham and tendered their sincere sympathy...

GARDENEYER'S DENIAL.

The Much-suspect Man Declares He is Being Blackmailed.

Referring to the complaint recently lodged by Mrs. K. F. Wiemeyer of this city against P. D. Gardener, the Sutter county boomer, the Sutter City Enterprise says...

NEW ELECTRIC ROAD.

J. H. Henry Will Ask for a Franchise for P Street.

J. H. Henry of San Jose, principal owner of the electric street railway in this city, is in town and has been giving the proposition for a branch road on P street his attention.

Last evening he stated that if given the franchise he will build the desired branch road. He will appear before the City Trustees to-day and make application for the necessary franchise.

Pacific Coast Failures.

The Bradstreet Mercantile Agency reports twenty-seven failures in the Pacific Coast States and Territories for the week ending yesterday, as compared with fifteen for the previous week and thirteen for the corresponding week of 1890.

The failures for the past week are divided among the trades as follows: Five saloons, four grocers, two dry goods, two hatters, two clothing, three cigar and tobacco, one drug, one tea and coffee, one butcher, one manufacturer of bricks, one tailor, one general store, one builders' materials, one crockery and one wine dealer.

The Crops Are Fine.

The following crop bulletin was sent to Washington on Saturday by James A. Barwick, United States Signal Observer, acting in co-operation with the State Agricultural Society:

"Northern California—Crops of all kinds have been benefited by warmer weather. Of grain and hay there is over an average crop.

"Southern California—Excellent growing weather. Crops are looking well."

A Precocious Orange Sprout.

The Biggs Argus says: "P. G. Lucas of Biggs planted a lot of orange seed in a box during the month of March, this year. The seed sprouted during the month of April, and two weeks ago one of these sprouts, which is only about two inches high, a snow-white blossom made its appearance, and in this writing the flower still remains as a proof of this statement."

Burned by Lime.

The six-year-old son of H. A. Petralli met with a serious accident Saturday evening.

A building is being erected on Fifth street, near O, and a trough of liquid whitening was left in the street in front of the place. The Petralli boy was playing about the trough and accidentally fell into it. He was badly burned about the body by the lime that was in the mixture.

Fraternal Visit.

Industrial Lodge, Independent Order of Odd Fellows, of this city paid a fraternal visit to Rocklin Lodge Saturday evening and the degree team conferred the degree upon three candidates.

The degree went to Rocklin in a special car, and a most enjoyable time was had.

EVERYBODY'S COLUMN

Correspondence of Interest to the General Public.

Under the heading of "Record-Union" will publish short items from correspondence on topics of interest to the general public. The matter in these columns will be understood to represent only the views of the writers. All communications must be accompanied by the name and address of the writer, unless so desired, but as a guarantee of good faith.—Eds.]

A Fisherman's Complaint.

Eds. RECORD-UNION: The Bee of Saturday published an elaborate article headed, "Our Fresh Water Fish," containing an account of a trip made by a reporter with the members of the State Fish Patrol.

According to that account, a man was found fishing in the Sacramento River with a set line, in violation of the fish laws, but the zealous deputies of the Fish Commission made no arrest.

It seems strange that the deputies arrest, harass and annoy some of the fishermen who are taxpayers and have resided here for many years, while they allow irresponsible persons to fish illegally, without even entering a protest.

Also, I am like to know why the Chinese fishermen are permitted to violate our fish laws by using a half-inch mesh net, when the law requires a two-inch mesh net, and why they are allowed to catch small fishes less than six inches in length, and are not molested by the deputies?

It is strange in the article referred to that four persons have been arrested within the city limits for spreading their nets entirely across the river. This cannot be, for Deputy Thomas Tinsford testified in the Police Court, in the case of P. H. Holliday (arrested for illegal fishing), that Holliday had one-half of his net in his boat at the time he was arrested.

KAGEE "SQUEALS"

A Juvenile Tough Gives Away His Companions.

The police have in custody Harry Kagge, John Galligan and the two Farrell boys on charges of having robbed a Chinaman's cabin near the American River on Thursday last.

After they had secured the plunder they roved across the Sacramento in a boat and, in the middle of the night, were arrested by the police.

It is not within Judge Craven's jurisdiction to hear the case. He says he would certainly send the boys to the Whittier Reform School, which will be open in the fall.

The trial will be had in one of the Justice's Courts.

The boys have been identified by R. J. Merly as charges of having robbed a Chinaman's cabin near the American River on Thursday last.

After they had secured the plunder they roved across the Sacramento in a boat and, in the middle of the night, were arrested by the police.

BRANDY OUTPUT

Some Interesting Figures Compiled by Collector Byington.

Internal Revenue Collector Byington of the Sacramento District has just completed the compilation of some interesting figures on the brandy output, both of the First or San Francisco District and his own district.

The figures show the entire production of brandy—the number of gallons each year for ten years—and show that the Sacramento District has not been asleep.

Following are the statistics:

Table with 2 columns: Year, and Brandy Output (Gallons). Rows include 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, and Totals.

PRISON PUNTERS

The Folsom Convicts Will Celebrate Liberty's Natal Day.

One of the funniest things imaginable is a lot of convicts celebrating in the name of Liberty. And yet that is what the prisoners at the Folsom penitentiary are preparing to do on Saturday next.

The Telegraph says they will have a minstrel performance, and as there are some talented men among them they usually present a most interesting programme.

The convicts have painted some scenery in a most artistic manner, and have mounted it on a stage. The performers all take a great interest in the event, and devote all the time they can secure in perfecting themselves. They will present an entertainment that will be ahead of the average one that more pretentious troupes impose on the public.

City Finances.

City Auditor Young makes the following report of the receipts and disbursements of the city for the week ending Saturday, June 27th:

Table with 2 columns: Item, and Amount. Rows include M. Coffey, water rates, Geo. A. Putnam, city bonds, R. O. Craven, Police Court fines, R. H. Singleton, cemetery dues, N. A. Kicker, harbor dues, Total receipts, and Total disbursements.

Real Estate Transfers.

The following real estate transfers have been recorded since our last report: Peter Newman to A. V. Perry—South half of north half of lot 5, O and P, Third and Fourth streets, grant.

J. P. Koch to H. C. Koch—A tract near Walnut Grove in township 5 north, range 4 east; \$10.

J. P. Koch to H. C. Koch—Undivided half interest in 175.50 acre near Walnut Grove in township 5 north, range 4 east; grant.

R. and R. Barnby to S. Solon Holl—East quarter of section 19, and west half of section 20, township 8 north, range 7 east; grant.

New Incorporations. The following articles of incorporation were filed in the Secretary of State's office yesterday:

Griffith Bros. Company of Los Angeles, Capital stock, \$100,000. Directors, F. F. Griffith, Percival H. Griffith, J. T. Griffith, R. T. Griffith and Thomas E. Nichols.

Consolidated Gold Mining Company of Sierra City, Capital stock, \$16,000. Directors—George M. Pinney, J. H. Henderson, James Hagerty, Emil Schultz and George F. Taylor.

NARROW ESCAPE.

Chief Guthrie Saves a Big Winery From Burning.

There came near being a very disastrous fire just east of the city limits yesterday afternoon between 3 and 4 o'clock. In the corner of the dry grass surrounding the Kohler & Van Bergen Winery, near Thirty-first and R streets, was set on fire. There was but one man left on the place, and he could not prevent the flames from spreading.

Chief Engineer Guthrie happened to be out near Oak Park and saw the smoke. He drove to the winery as rapidly as possible, and he did not get there any too soon, either.

The fire had burned the high board fence surrounding the winery buildings, and when the chief got there the barn was on fire. He got a horse and buggy out, but the large stock of hay and harness were destroyed with the building.

The hose belonging to the place was got out, and with the aid of a tank of water Chief Guthrie succeeded in saving the fine residence, but the other buildings on the place, including, of course, the immense winery, with its stores of wine.

But for his timely arrival the loss would have been very heavy to the proprietors.

CHAUTAUQUA REUNION.

The annual reunion of the Chautauqua Literary and Social Circle Alumni of California was held at the residence of C. T. Noyes on Saturday evening. There were eighteen members of the Alumni present.

The following programme was rendered: Piano solo, Miss Cassie Wilcox; President's address, C. T. Noyes; reading, Miss Irene Richardson; guitar solo, Miss Hattie Frazer; reading (paper on "Switches"), Miss M. B. Johnson; vocal solo, L. E. Smith.

The following were elected officers for the ensuing year: President, Miss Irene Richardson; Vice-President, George T. Henson; Secretary, Miss Virginia Woods; Treasurer, Miss Nettie Hersman.

The President appointed as the Executive Committee, T. W. Madeley, Miss H. M. Frazer and Mrs. M. E. Mumford.

A banquet followed the election of officers at which toasts were responded to by each of the members present.

A LIVE PEOPLE

The Folsomes Are Bound to Keep Up With the Progression.

There are no flies on the citizens of Folsom. They employed the wide-awake, industrious man to take the school census, and he worked hard and energetically. His labors were rewarded by the discovery that there is just one child of school age over the number necessary to entitle the district to an additional school.

Again, the law prescribes that on a sunrise on each Saturday and sunset on the following day it shall be a misdemeanor for any person to "draw, or assist in setting, or drawing, any net or seine for the purpose of taking or catching salmon or shad in any of the public waters of this State."

Now, the American River comes under the head of public waters, and there are lots of shad there. The Folsomes propose to catch shad on Saturdays and Sundays, and to do it by net or seine under the ban of the law. They are having a lot of spears made up by a local blacksmith!

Saturday's Fire.

The roof of a house owned by J. B. Wright and occupied by Mrs. Plunkert, on the west side of Fourth street, between K and L, was discovered on fire on Saturday at noon, and an alarm was sent in from box 25. The department was at the scene quickly and a couple of streams of water were soon playing on the flames.

After fifteen minutes' work the fire was out, though not before about \$500 damages had been done. Mrs. Plunkert was insured for \$200, which will cover her loss, and the building was also insured.

The fire is supposed to have been started by a spark falling from the chimney upon the roof.

The Hoppers Are Flying Now.

The dove shooting season will not open until Wednesday. In the meantime those restive gentlemen who cannot wait for the open season, but want to kill something, can go up to the foothills and practice on grasshoppers. The young ones are flying now, and it is said to be great sport to sit under the shadow of an oak tree, on a grasshopper pass, and imagine you are knocking over young doves.

Besides, the grasshoppers are now nice and fat and should be good eating. If there was a law against shooting them, the fields would be filled with men, boys, dogs and guns.

They Will Meet the Issue.

The proprietors of saloons in Galt are circulating petitions in town for the purpose of securing a majority of signatures of the tax-paying voters of that election precinct who are in favor of maintaining saloons in Galt after July 1st.

With one exception it looks as if all the saloons will be successful in complying with the provisions of the new ordinance passed by the Board of Supervisors.

Fifty Acres of Grain Burned.

"A fire at Arno last Wednesday destroyed fifty acres of grain for Mrs. A. M. Valensin," says the Galt Gazette. "The neighbors for miles around rushed to the scene and heroically fought the flames until the fire was finally subdued. The crop destroyed was insured, which fact alone will compensate Mrs. Valensin for her losses. The origin of the fire is unknown."

Those Who Got Certificates.

Of the eighteen young ladies who recently underwent examination for teachers' certificates, ten only succeeded. They were Laura Alice McKay, Alice M. Brown, Lillie Magray, Nettie J. Cantrell, Allen A. Cave, Florence Wilcox, Blanche Ryan, Mrs. Mary L. Gould, Laura E. Hess, who received their respective certificates, and Lena Temple who received a primary grade.

Lecture on Physical Culture.

At the Sixth-street M. E. Church this evening Miss Helen Bierer of Chicago will lecture on the subject of "Health, Complexion and Dress." The proceeds will be devoted to a local charitable purpose.

Miss Bierer has some interesting things to say on subjects of great moment to her sex, and as many as can should hear them.

No More Five-Cent Schooners.

The saloon-keepers of Folsom have entered into an agreement that after July 1st, the price of beer will be ten cents a glass in that burg. Some of the saloons have been charged ten cents a glass, others have charged ten cents all the time, and with the new additions the price will be ten cents a glass for beer in every establishment in town.

Alleged False Pretenses.

A laborer named Clifford has been arrested at the instigation of Frank Wickwire for obtaining goods by alleged false pretenses. Wickwire says that Clifford claimed to be working on the levees; that he had money coming, and by such representations secured credit for an \$18 set of harness.

Donley Pleads Guilty.

In the Police Court on Saturday the charges of disturbing the peace against Robert Hellman, W. H. Blackburn, C. R. Zipser, S. Coney and Charles Goldsmith were dismissed.

John Donley pleaded guilty to tapping a hill in the class of General John C. Fremont and Wm. T. Sherman.

Changed Daily for the Red House.

FOURTH OF JULY WEEK. Goods for the Fourth—a grand supply, extra exertions having been used. Prices more than right.

THE SLAUGHTER

Clothing, Furnishing Goods and Hats

Still continues, with an increase of sales each day. It is conceded that our prices, as a rule, are under them all.

KILLING FACTS

FROM THE

Millinery Department

Friday last two ladies walked into our millinery rooms, picked up a hat and carefully examined the quality, then undone a paper bag, took a hat out same style as ours only not quite as fine. They were but a moment getting their hat back, folding the bag and rushing out. Wouldn't stop to explain themselves for their acts, but rush out, to return in a few moments bundless and pick up a hat, saying, "I will take this hat," handing out the change correctly, as all of our hats are marked in plain figures, remarking at the same time, "We are ahead just \$1 27 by returning the hat we had bought and coming back here and getting yours, which is not only \$1 27 cheaper, but a finer braid."

The other lady was heard to say to the saleswoman, "No wonder you do the millinery business of Sacramento and your rooms are crowded daily." We wish to say these are facts and occur as frequent as fifty times some days.

New Hats, New Trimmings, New Prices for the Fourth. Trimmed and being trimmed. The variety is great, the styles the latest and the prices the lowest. Open every evening until 8 o'clock, Friday until 10 o'clock. Saturday open from 8 A. M. to 12 M., balance of the day closed.
