

MUNICIPAL BUSINESS.

Proceedings of the Board of City Trustees Yesterday.

Reports of Various City Officials--Street Improvements, Petitions and Remonstrances--The Liquor Men.

At yesterday's session of the Board of Trustees a remonstrance against grading Twenty-first street, from O to Y, was received from property-owners living in that neighborhood. The matter was referred to the Street Commissioner.

C. N. Post presented an ordinance vacating the following streets: Twenty-fourth, Twenty-fifth, Twenty-sixth and Twenty-eighth, from B to F; C, D and E, from Twenty-third to Twenty-seventh; C, D and E, from Twenty-seventh to Twenty-ninth.

Action was deferred for one week. Jud. C. Bruse made his usual demand for money in payment of the Ione Coal Company's bill.

The Mayor wanted to put it off again until Mr. Frates, the agent of the company, could be summoned to appear before the board.

Trustee McLaughlin moved that the bill be taken up for action. The amount was \$1,208 23.

Upon roll call, Trustees McLaughlin and Conklin voted to pay the full amount. The Mayor voted to pay \$300, claiming that the agent of the company had agreed to make a rebate of \$900.

WATER WORKS REPORT. The Chief Engineer of the Water Works reported that during the week ending July 3d the following quantities were pumped. The Holly engine was in operation 50 hours and the Stevens 1604 hours.

The following report was submitted by the Superintendent of the City Cemetery: Number of deaths during June, 42; still-born, 3; brought here for interment, 15; total number interred, 60. Interments were made as follows: City Cemetery, 30; New Helvetia, 12; St. Joseph, 9; New Mission, 2; J. P. L. Menken, 1; Amador, 1; Child, 1; and one body each to Amador, Child, Padena and Placerville. Collected for sale of lots, \$95 25; permits, \$51; vault dues, \$10; total, \$119 20.

THE POLICE. Chief of Police Drew reported having made 170 arrests during June. Thirty lodgers were accommodated and 1,291 meals furnished. The cash balance on hand is \$12 55.

Harbormaster N. A. Kidder submitted his report, showing that \$160 50 was collected during June for levee dues.

Foundsmaster Philip O'Neill reported as follows: Number of horses impounded during June, 10; cows, 18; dogs, 110; total, 138; dogs killed, 98; cattle re-deemed, 28; dog licenses, \$6; dog tags, \$20 25; licenses on hand July 1, 1891, \$80 33.

A recess was taken till 1:30 p. m. AFTERNOON SESSION. At the afternoon session a large number of bills were ordered paid.

Trustee Conklin moved that an order be passed authorizing the City Collector to issue a saloon license, provided the keeper of the saloon presents a bond with proper sureties, and signed by two members of the Board of Trustees.

The motion of Mr. Conklin was carried unanimously. The bonds of the following persons to conduct saloons were approved: Joseph Scherer, G. C. Haines, M. Hassler, Charles Anderson, Ernie Cook, William Cook, John Freund, Thomas Carolan, Kemp A. Byers, M. J. Gasman, Leon Cahen, Julius Zeigler, P. L. Menken, M. J. Siddons, William J. M. Ellsworth, H. Lages, M. E. Fagg, John Grubler, A. Oppert, G. W. Anderson, Louis Marcellus, Ed Rego and Bennett Crocker.

Bids for grading and graveling Thirtieth street from C to I were opened. B. L. Lohs was the successful bidder, bidding the Sacramento Improvement Company, P. A. Miller and James Touhey.

Bids were also received and opened for constructing a sewer on Twenty-sixth street from N to L.

MORE REMONSTRANCES. Remonstrances were received against improving Eleventh and Thirteenth streets from O to R.

A petition, asking that the water mains be extended so that people living in the vicinity of Twenty-sixth and O streets could obtain the city water, was referred to Trustee Conklin.

Building Inspector A. H. Starr recommended that the awning on the southeast corner of Front and J streets and that in front of 1223 Front street be condemned. It was so ordered.

An ordinance prepared by the Board of Health, concerning plumbing and drainage in Sacramento, was laid over for one week that some corrections might be made in the work.

The ordinance asked by the liquor dealers was not considered on account of the absence of W. A. Anderson, their attorney.

An ordinance adding a section to an ordinance introduced by the Board of Health several weeks ago, and passed, was referred back to the board with instructions to prepare another ordinance to cover all the points they desired.

A. L. Ross was granted thirty days additional time in which to complete the work of grading and graveling Third street from P to R. James Touhey was also given a month additional time in which to finish work on Tenth street from I to G.

A resolution was adopted ordering Fifth street from N to P graded and gravelled.

The board passed an order that a new cement sidewalk be constructed in front of lots 7 and 8 on the north side of O street, between Tenth and Eleventh streets. Unless the work is begun within fifteen days the city will proceed to have the sidewalk laid, and charge the expense to the property owners.

SEWER CONTRACT. William Snarr was awarded the contract for building a sewer on Twenty-sixth street from the center line of N to the center line of O streets.

Upon motion of Trustee McLaughlin it was ordered that the clerk inform the Central Electric Company to officially notify the board of their abandonment of the franchise on Nineteenth street from G to J.

R. S. Caray was instructed to take up that portion of track which he has laid on Nineteenth street between O and P.

A resolution of intention was passed to construct a sidewalk on the west side of Sixth street, between P and Q. Just before the board discovered a number of loud explosions were heard in the shoemaker shop, and it is believed that some one found the door of the shop open and threw a number of large crackers or bombs into the building, causing the fire. Grojean's place was not insured. The houses were the property of A. Conklin.

Officer Maley did some heroic work at the scene of the fire, after turning in the alarm. At one time it looked as though

the flames were going to devour the lodging-house of Mrs. Hansell, next door to the shoe shop. They rushed up the stairway and roused the lodgers. Several of them were stupefied with fright, and the officer had to drag them from the rooms. The fire was extinguished in a few minutes, however, as the fire department kept the fire from getting into the lodging-house.

FOURTH OF JULY COMMITTEE.

Winding Up Matters--Organization for the Columbian Year. The Fourth of July Executive Committee met last evening, Mayor Comstock presiding. Final reports were made, and the very small shortage in finances ascertained.

A vote of thanks was given Secretary of State W. B. Ewing for the use of the Assembly Chamber. Thanks were voted Governor Leland Stanford Camp, Sons of Veterans, for a detail and a stand of colors at the literary exercises.

It was explained relative to the non-appearance of the Grand Army posts in the parade that no blame whatever attached to Grand Marshal Sherburn, who did all he could to satisfy the posts. The difficulty was wholly due to inability of the Executive Committee to employ the drum corps of the posts.

It was voted that at the next meeting there should be considered a plan for an organization for the proper celebration of the Fourth of the Columbian anniversary year, and that a permanent organization be formed, and that the financial question may be submitted possibly at the December election. But it was distinctly disclaimed that the present committee intends to perpetuate itself or to be of the new organization, but that it should be now formed representative of the community, business and other community representative bodies. A plan will be reported and discussed next Monday evening, to which time the committee is adjourned to meet at the store of W. B. Miller, J street, near Seventh.

HOW ABOUT THIS?

A Proposition to "Knock Out" the New County Liquor License. Three of the Board of Supervisors Arguing for Delay--A Sensation Expected.

Since the Board of Supervisors took its stand on the liquor license question and passed an ordinance which is calculated to close out the deadfalls and dives, it has been a well-known fact that a very heavy pressure was brought to bear upon three members of the board by the retail-ers, with the hope that the effect of the ordinance could be eventually killed.

When the board convened yesterday the clerk announced that he had received several petitions for licenses from persons who intended to obey the ordinance--who had obtained the required number of signatures, and who had filed a bond to insure the board against their conducting a disorderly place.

Chairman Greer said that inasmuch as these petitioners were anxious to get their licenses, he thought it would be proper to have a committee appointed immediately whose duty it would be to investigate those cases and report to the board.

Mr. Black, however, arose and moved that the consideration of all of the petitions be laid over until Friday. Mr. Jenkins seconded the motion.

Chairman Greer said he hoped the motion would not prevail. He did not understand, he said, why there should be so much delay. The petitions would only accumulate and the board would have too much work piled upon it.

Mr. Bates agreed with the chairman, and moved as an amendment to Mr. Black's motion that a committee be appointed immediately to consider the petitions. There was no second to the amendment, however.

MR. BLACK EXPLAINS. The chairman asked Mr. Black what object he had in asking for a postponement.

Mr. Black said that he had been given to understand that a delegation of saloon-keepers desired to appear before the board to "knock out" the ordinance, and he wanted to give them a chance to be heard.

Mr. Jenkins declared that he was ignorant of any "knock out" party to be occurring in favor of the postponement.

Chairman Greer said that the board would gain time by bulketing the petitions and considering them on one day.

Mr. Black, however, wanted the delay, and after some further talk the difficulty was settled by the adoption of a motion to take the matter under advisement.

The board then adjourned, but reconvened immediately as a Board of Equalizing Assessments.

STATE LIBRARY. The Trustees Transact Some Important Business Yesterday. The State Library Trustees held a meeting yesterday at the Capitol. There were present Messrs. Stephens, Green and McCune.

Resolutions were introduced and adopted authorizing the Librarian to appoint the present incumbents, Miss Genevieve Green and Newton Perkins as clerks in the library at a salary of \$150 per month, payable out of the library fund.

The members of the board and the Librarian stated that the judgment of the revenue of the library was sufficient to purchase all necessary books and pay all necessary help to conduct the business of the library without taxing the people for salaries.

From and after June 30th the library will be supported and conducted entirely from the funds of the State.

Bills to the amount of \$750 were audited and allowed.

The Librarian was authorized to remove the wooden bookcases from the windows and place in their stead double shades, similar to those which are in the Senate chamber. This will enable the employees of the library to keep out of the sun and at the same time obtain plenty of light.

Controller Colgan's books showed that there is \$11,167 75 in the treasury to the credit of the State Library fund.

The board adjourned to meet again on August 8th, at 1 p. m.

Swimming Bath Prices. The regular monthly meeting of the Board of Directors of the Sacramento Swimming Bath Association was held last night. A large amount of business was transacted. The building is rapidly approaching completion and will probably be ready for use by the 22d of this month. The board decided upon the following schedule of prices: Single admission for adults (including bathing suit), 25 cents; or five tickets for \$1. Children under fifteen years of age, 15 cents. Commutation tickets (not transferable), will be sold for \$3 per month for adults, and \$1 50 per month for children under fifteen. Bath tubs, 25 cents.

County Alliance. The County Alliance of the F. A. and I. U. met at Florin yesterday, the delegates representing sixteen sub-alliances, with a membership of about six hundred. The following officers were elected for the ensuing year: President, J. E. Camp; Vice-President, Finley McMillan; Secretary, J. M. Landsborough; Treasurer, S. K. Rogers; Lecturer, A. W. Green; Assistant Lecturer, A. B. Burns; Business Agent, P. H. Murphy; Chaplain, Rev. W. C. Scott. The ladies of Florin vied with each other in the production of the most toothsome edibles on the long, well-filled tables, and the well-filled delegates returned a unanimous verdict of "hard to beat."

State Board of Health. The State Board of Health met in regular session at the office of the Secretary, Dr. J. R. Lane, last evening. Several matters relating to the conservation of the public health were earnestly discussed. The resignation of Dr. Julius Rosenstein of San Francisco was received, giving the urgency of private professional care as

BOARD OF SUPERVISORS.

The Proposed County Hospital Improvements Postponed.

The Howards Want More Assistance--Clerk Rhoads Gets Another Deputy--Equalizing Taxes.

The Board of Supervisors met yesterday for the July session. Mr. Greer was in the chair, and all the other members were present. The board will indulge in an unusually long session this month--probably sitting the entire month--as this is the time of year that it is required to act as a Board of Equalization.

THAT OAK PARK ROAD. A report was received from the viewers who were appointed to look into the matter of the road petitioned for by M. J. Dillman and others in the vicinity of Oak Park. The viewers recommended that the road be opened, but informed the board that E. K. Alap and others of the Oak Park Association would object to opening the road. The report was placed on file, and the clerk was instructed to notify the parties interested to appear before the board on the first Tuesday in August, when the matter will be heard.

Attorney Bruner asked this board to hear the matter as soon as possible, as the people there were isolated and had no way of getting to town with their products.

The matter was set for hearing for the same day as the Oak Park road matter.

George B. Dean, the expert who was appointed by Chairman Greer to inspect the wire bridge at Folsom, reported that the owners of the bridge were in a bad condition and needed repairing, but otherwise the bridge was all right.

The report of the County License Collector for the month of June was read. It showed that 22 licenses had been collected. It was ordered placed on file.

A report of the election held to vote a tax for school purposes in Hicksville School District was read. The record was sent of the vote. Mr. Bates thought it was not according to law, but the point was strained and the bill was ordered filed.

NOT JUST YET. Mr. Jenkins, on behalf of the Hospital Committee, reported that nothing had been done in relation to improving the sanitary condition of the County Hospital, because he had ascertained that a new plumbing system would cost \$3,000, and he did not believe the same could be spared from the funds at this time. The matter was laid over indefinitely.

County Clerk Rhoads presented an affidavit in which he stated that he would be impossible for him to attend the sessions of the board during the equalization of taxes, and he could not spare any of his deputies. He therefore asked that he be allowed an extra deputy for one month.

Supervisor Miller presented a resolution allowing the extra deputy, but Mr. Bates kicked. He said he understood Mr. Rhoads had refused to attend the sessions. If this were the case the board should select a new deputy.

Mr. Rhoads said he had not refused to act. He simply stated that it would work great hardship upon him to have to do the work alone.

Mr. Bates then intimated that the board should have appointing of the new deputy instead of Mr. Rhoads. The latter, however, arose and said he would appoint his own deputies and would insist upon that right.

After some further talk Mr. Miller's resolution was adopted. Mr. Bates and Mr. Greer voted in the negative.

Mr. Rhoads then announced that his new deputy would be W. W. Coons.

Dr. Nichols reported that there were twenty-seven were males and eight were females. There were sixteen cases of scarlet fever during the month and seven of diphtheria.

The report of City Physician Nichols was placed on file.

Dr. Nichols stated that, in the discharge of his duties, he had met with considerable opposition. When he or the Plumbing Inspector examined a building and found it defective, he was always in dispute, and he desired to get the assurance of the board that it would sanction the action of the Health Officer and the Plumbing Inspector.

Upon motion of Dr. Baldwin, it was ordered that the Health Officer enforce the laws, and see that all buildings which were in an unsanitary condition were placed in proper condition.

The building on the northeast corner of Second and I streets was reported to be in an unsanitary condition.

Dr. Nichols stated that after considerable trouble, he had succeeded in getting E. A. Barr to properly repair a vault at 323 K street.

DEFECTIVE PLUMBING. The doctor also stated that the agent of the Metropolitan building, on the north-west corner of Fifth and K streets, still refused to remedy the plumbing of the building as directed by the board.

The board decided to again visit the building in company with the Health Officer, and ascertain whether or not the instructions have been complied with. If they have not, the agent or owner will be arrested and punished in accordance with the sanitary laws.

It was ordered that the Health Officer be empowered to purchase a number of permits of approval to issue to plumbers who propose plans to have examined by the board.

The Health Officer was instructed to get 1,000 copies of Ordinance No. 208 printed.

A resolution was adopted, asking the Board of Trustees to pass the ordinance relating to plumbing, which was drawn up and presented by the Secretary at yesterday's meeting. The Board of Health did not desire to change the phraseology or alter the subject matter.

The board decided to visit the Metropolitan building at 9:30 o'clock this morning.

ALL persons afflicted with dyspepsia find immediate relief by using Angostura Bitters of Dr. J. G. B. Siegert & Sons.

DIED. KREBS--In this city, July 6th, Julius Krebs, a native of Germany, aged 49 years, 8 months and 10 days.

Remains will be sent to San Francisco this afternoon for interment.

SMIDDY--In this city, July 6th, John Smiddy, a native of Ireland, aged 58 years.

Funeral notice hereafter.

ROBERT--Near St. Ignace, St. Ignace, July 6th, Robert, son of J. E. and Elizabeth, a native of California, aged 5 years, 6 months and 6 days.

Funeral private.

the cause. Dr. P. C. Rimondino of San Diego was elected to represent the State Board at the meeting of the American Public Health Association to be held at Kansas City in October next. The board adjourned to meet at the call of the President, Dr. W. G. Cochran of Los Angeles.

Auctions.

D. J. Simmons & Co. will sell at auction to-day a large quantity of furniture, carpets, horses, buggies, etc. The sale takes place at Eleventh and J streets.

To-morrow at 10 A. M. Bell & Co. will hold a grand clearance sale at the salesrooms, 519 and 521 J street. A fine lot of furniture and household goods will be offered. On Friday the same firm will sell in the premises, the east half of lot 7, on the blocks bounded by Eleventh and Nineteenth, L and M streets, including a house of five rooms and summer kitchen.

Held His Clothes. Sing Kee, a Chinese laundryman, was arrested last evening by Police Officer Campbell on a warrant charging him with embezzlement. The warrant was sworn to by James Kalar, who alleges that Kee has in his possession a quantity of clothing belonging to the complainant. Kee was released upon giving \$100 bonds.

Secretary Speare's Reception. The reception to be tendered by the Young Men's Christian Association to its new General Secretary, John L. Speare, will take place next Friday evening, instead of the narrow evening, as previously announced. Mr. Speare has arrived, but the preparations for the reception are not complete.

Barker's Entertainment. William H. Barker, a talented young colored Shakespearean scholar, gave a splendid entertainment at the African M. E. Church last evening to a good-sized audience. Mr. Barker is an unusually bright young man, and gives promise of a brilliant future.

BOARD OF HEALTH.

Business Transacted at the Meeting Last Evening. The Metropolitan Building Will Again be Visited--An Arrest or Two May be Made.

A meeting of the City Board of Health was held last evening at Dr. Nichols' office. There were present Drs. Tyrrell, Nichols and Baldwin.

The Sanitary Inspector, A. H. Starr, submitted a lengthy report of work done during the month of June. The report was placed on file.

L. W. Mahoney, the Plumbing Inspector, also submitted a report of the plumbing work done in June. It was also placed on file.

Dr. Baldwin moved that the Plumbing Inspector submit the plans for all plumbing jobs to the Board of Health for approval before the work is begun. It was thought that this order might be a hardship on some contractors. They might be ready to commence work, but would have to delay it until the meeting of the board.

Dr. Baldwin suggested, however, that the plumbers could show their plans long before they were ready to commence work.

Dr. Nichols reported that there were twenty-seven were males and eight were females. There were sixteen cases of scarlet fever during the month and seven of diphtheria.

The report of City Physician Nichols was placed on file.

Dr. Nichols stated that, in the discharge of his duties, he had met with considerable opposition. When he or the Plumbing Inspector examined a building and found it defective, he was always in dispute, and he desired to get the assurance of the board that it would sanction the action of the Health Officer and the Plumbing Inspector.

Upon motion of Dr. Baldwin, it was ordered that the Health Officer enforce the laws, and see that all buildings which were in an unsanitary condition were placed in proper condition.

The building on the northeast corner of Second and I streets was reported to be in an unsanitary condition.

Dr. Nichols stated that after considerable trouble, he had succeeded in getting E. A. Barr to properly repair a vault at 323 K street.

DEFECTIVE PLUMBING. The doctor also stated that the agent of the Metropolitan building, on the north-west corner of Fifth and K streets, still refused to remedy the plumbing of the building as directed by the board.

The board decided to again visit the building in company with the Health Officer, and ascertain whether or not the instructions have been complied with. If they have not, the agent or owner will be arrested and punished in accordance with the sanitary laws.

It was ordered that the Health Officer be empowered to purchase a number of permits of approval to issue to plumbers who propose plans to have examined by the board.

The Health Officer was instructed to get 1,000 copies of Ordinance No. 208 printed.

A resolution was adopted, asking the Board of Trustees to pass the ordinance relating to plumbing, which was drawn up and presented by the Secretary at yesterday's meeting. The Board of Health did not desire to change the phraseology or alter the subject matter.

The board decided to visit the Metropolitan building at 9:30 o'clock this morning.

ALL persons afflicted with dyspepsia find immediate relief by using Angostura Bitters of Dr. J. G. B. Siegert & Sons.

DIED. KREBS--In this city, July 6th, Julius Krebs, a native of Germany, aged 49 years, 8 months and 10 days.

Remains will be sent to San Francisco this afternoon for interment.

SMIDDY--In this city, July 6th, John Smiddy, a native of Ireland, aged 58 years.

Funeral notice hereafter.

ROBERT--Near St. Ignace, St. Ignace, July 6th, Robert, son of J. E. and Elizabeth, a native of California, aged 5 years, 6 months and 6 days.

Funeral private.

Changed Daily for Weinstein, Lubin & Co.

To-day, at 9:30 A. M.
