

WONDERS OF ALASKA.

Explorers Glave and Walton are Heard from Again.

FIVE CARLOADS OF HORSES MYSTERIOUSLY STOLEN.

McCarthy, the Australian Middleweight, loses his contest with Greggains after an exciting fight. The former injures his arm, and Greggains fouts him repeatedly without rebuke.

Special to the RECORD-UNION.

SEATTLE (Wash.), July 21.—Last April Lieutenant E. J. Glave and Jack Walton started from here to explore the interior of Alaska.

They first went to Alaska two years ago and explored the country between the Yukon and the south coast, going north and south.

This year they were to go east and west, reaching an entirely unknown region on the first trip. They discovered rich mineral deposits, and the great object of this year's expedition was to find a trail by which pack horses might be taken into the interior and the mines developed.

A letter from Lieutenant Glave was received here yesterday, written June 9th. "In Central Alaska," the letter says, "we have been entirely successful with the venture of taking pack-horses into the heart of Alaska. From my present position, an immense valley, thickly clothed with luxuriant grasses, stretches far away for miles in all directions. We have had all kinds of experiences in reaching the present point, but we are here safe and sound, with all our horses in good condition. When the difficult barriers are crossed, a splendid country reached—deep, swift streams and lakes, all well stocked with fish, and fine pasture and fruits in abundance. The winter is severe, but not so dreadful as is generally supposed."

COAST FIRES.

Destructive Fires in Chico-Lebanon, Or., Suffer.

CHICO, July 21.—This place was visited by two fires last evening. The first was a frame dwelling-house, owned by A. H. Crow. The fire department had just succeeded in quenching the flames when a general alarm was sent in from the large business block on Second street, in the heart of the town. The fire started in the rear of the drugstore owned by J. R. Knox, and spread rapidly to the upper stories were used by roomers, professional men and others. It is impossible at this time to state the loss, but it is estimated at \$15,000, and the loss is about \$5,000; insurance, \$1,300.

LEBANON (Or.), July 21.—About 11:30 o'clock last night a fire began in the back of the grocery store of T. C. Peebles, Jr. rapidly spread in two directions, and the store of S. P. Bach, on the corner, the Postoffice, the drugstore of Dr. C. C. Frey, the office of Dr. Drueckert and the meat-market building were completely destroyed. Peebles' stock of groceries was worth \$2,000 and the loss was about \$2,000. Bach estimates his loss at \$4,000 to \$5,000, insured for \$2,000. About \$700 worth of stock was taken out of his store and most of the mail was burned. A loss of \$180 was in the safe, which cannot be opened for some time. The fixtures were destroyed. Judge Miller's Postoffice will lose about \$500 if the Government holds him responsible for the postage loss. He also lost his law library, valued at \$250. The fire was supposed to have been caused by a defective fuse in Peebles' store. The total loss is estimated at \$10,000, and the insurance is \$4,700.

M'CARTHY BEATEN.

Greggains Given the Match After an Exciting Contest.

SAN FRANCISCO, July 21.—The new Pacific Athletic Club opened to-night with a fight between Billy McCarthy of Australia and Alexander Greggains, the ex-amateur, for a purse of \$1,500. The referee awarded Greggains the fight at the close of the twenty-fifth round, as McCarthy's right arm was badly injured, and for several rounds he fought with one hand.

McCarthy had Greggains nearly knocked out twice—once in the fifth and again in the twelfth round, but was not strong enough to finish his man. In the sixth round Greggains fouled McCarthy for the third time, and when the latter turned to the referee Greggains came up behind and knocked McCarthy down. The latter was in great distress and became sick at his stomach. The referee refused to allow the fight to continue, and after an examination of McCarthy by a doctor, ordered the fight to continue. Greggains was much taller than McCarthy, but his blows seemed to have more strength and he could not knock McCarthy out, even when the latter had but one hand.

Greggains' face was badly cut and he bled freely, while McCarthy, with the exception of the injury to his arm, was apparently unharmed.

The contest was a good slogging match, as the men kept at each other all the time and there was but little sparring.

COSTLY FIRE.

Livery Stable, Containing a Number of Horses, Burned at Marysville.

MARYSVILLE, July 21.—A fire broke out in the Colusa Livery Stables just after midnight to-night.

Fifty horses were in the building and over 200 tons of hay were also stored there.

The flames spread rapidly and the building was consumed. Sixteen horses are supposed to have perished. A number of buggies, two stage coaches and two harnesses were burned.

The boiler shop, run by H. McGuire, and one dwelling house were also burned. The loss is \$20,000, and there is no insurance.

WHOLESALE HORSE-STEALING.

Five Carloads of Valuable Animals are Spiritually Aways.

SPOKANE (Wash.), July 21.—Five carloads of horses valued at \$10,000 were

stolen from the ranch of A. L. Davis, in the vicinity of Ritzville, on or about July 4th.

The horses were shipped from Pampa, a small station on the Union Pacific, to Chicago by way of the Chicago and Northwestern Railway. Davis did not learn of it until last Saturday. He reported it yesterday to W. D. Campbell, General Agent of the Northwestern in this city, and to J. Campbell of the Union Pacific.

To-day Campbell, of the Northwestern, wired to Council Bluffs to ascertain whether the horses had passed there. A reply was received that five carloads of horses consigned to Chicago passed there on the 16th.

The man in charge of the ranch was lost with the horses, and his absence made it easy for the thieves to drive horses from the ranch without detection.

Consuls En Route.

VANCOUVER (B. C.), July 21.—The steamship Empress of India arrived today from China and Japan with 119 passengers and 423 Chinese. She brought 2,200 tons cargo and 37 bags of mail. Among the passengers were Viscountess Xomoro, who is on his way to France as Japanese Consul, and Baron Campbell von Surentz, Belgian Consul to Japan, who is on his way home.

The American ship J. B. Walker arrived today, forty days from Yokohama, with 1,200 tons of tea.

Merced's County Clerk Sued.

MERCED, July 21.—Suiit has been brought in the Superior Court to oust J. C. Elliott from the office of County Clerk. The complaint charges that Elliott did unlawfully certify to a certain bill of one E. B. Jolly, for Constable's fees, which the complainant alleges were illegal and had no right to be certified to by Elliott.

It is said that Elliott intended anything but to certify to the bill, as he is the Supervisor, and as the Chairman of the board had certified to it, he thought it all right. The complainant is C. C. Nelson, one of the Supervisors.

Fire at Merced.

MERCED, July 21.—This afternoon C. H. Hoffman met a severe loss by fire. The fire caught in the blacksmith shop on the old Hartley ranch, and spread rapidly to the large barn. Forty-eight head of mules were in the barn, but through the heroic efforts of Joe Carey, who ran to the barn, all were saved but three. Sixty tons of hay, several tons of sacked wheat and several hundred acres of stubble were consumed. The property was insured.

Effects of the Boom.

MERCED, July 21.—One of the largest failures that has taken place in some time was reported today, when C. A. H. Warfield, Sheriff of Merced County, filed a petition in insolvency in the Superior Court. His schedule shows his liabilities to be \$72,382.89, secured by mortgages on real estate to \$67,417.40. His assets are \$80,126.58. The failure is said to be due to Merced's boom of four years ago, when Warfield invested heavily in town property.

Irrigation District Bonds.

SAN FRANCISCO, July 21.—At the quarterly meeting of the Chamber of Commerce to-day a committee appointed to investigate the irrigation district bonds, reported that they thought such bonds were a safe investment. The report was adopted.

The Salmon Pack.

VICTORIA (B. C.), July 21.—Reports from the Fraser River and northern canyons are that the salmon pack will fall materially behind that of the two previous years.

Steel Works Shut Down.

STEELTON (Pa.), July 21.—Everything is quiet at the furnaces. The association non-members are working. At 11 o'clock word came that the company had ordered a shut-down of the entire plant, and all the furnaces are being banked. The action it is said was taken after the company discovered that there would not be sufficient men to continue operations. Almost 4,000 men are thus made idle.

Jumped the Track.

CARLEISLE (Pa.), July 21.—A passenger train on the Philadelphia, Harrisburg and Pittsburg road left the track near here this morning while running at a high rate of speed. Express Messenger Watson was fatally injured, and David Smith, a brakeman, was severely injured and bruised.

Riot Averted.

VICKSBURG (Miss.), July 21.—A labor riot was threatened here to-day, but a strong force of police succeeded in preventing it. A number of laborers from Alabama taking the places of the strikers caused the trouble. Captain Smith of the Southern refused to obey the Governor's orders to protect the Alabama laborers.

Working on Flying Machines.

NEW YORK, July 21.—It is said that Hiram S. Maxim, the inventor of the Maxim gun, who is experimenting with airships, is negotiating with Dr. De Pauw for a coalition of their forces in the work of producing a successful airship.

SHERMAN TALKS.

HE ADDRESSES THE CINCINNATI CHAMBER OF COMMERCE.

Something About Protection and Reciprocity, and How They Affect the Business Men.

Special to the RECORD-UNION.

CINCINNATI, July 21.—This afternoon at the close of "Change hours," Senator Sherman was escorted into the Chamber of Commerce. He was greeted with loud applause, and a speech was called for.

The Senator, in part, said that all the issues of the day are business issues. "I'm not going to talk politics," he said, "but there are issues that appeal to the business man, whether he be Democrat or Republican. The mode of levying taxes will always cause a difference of opinion, and parties will always divide upon the question: 'How shall money be raised to support the Government?' and so the mode of levying taxes interests you all. Now the question is to produce our own tin, and we are experimenting to that end. There is the question of reciprocity with nations, a special arrangement by which we do not produce ourselves in free which we do not produce ourselves by reciprocity with other nations, something which they cannot produce. Reciprocity, and also the question of silver, is an issue which touches the pocket of all business men."

QUIET AT COAL CREEK.

The Miners Resolve to Resort to No Further Violence.

GOVERNOR BUCHANAN IS IN A PECULIAR PREDICAMENT.

The "Black Pearl" Defeats Ellingsworth, the Ex-Amateur Champion Middle-Weight.—The Plan to Boycott the Chicago and Alton Road Believed to be Ineffective—New York's Loper.

Special to the RECORD-UNION.

NASHVILLE (Tenn.), July 21.—A special from Coal Creek, Tenn., to the American, says: A meeting of the miners was held this afternoon. When the men first assembled there were a few hot-heads, but they were quickly suppressed. There were speeches by a number of the leaders, all of a conservative tone and advising against any violation of the law. The men said they simply wanted the convicts sent away and nothing more or less. A resolution was unanimously passed to appoint a committee of five to go to Knoxville and Nashville, if necessary to confer with Governor Buchanan, and arbitrate the present difficulties.

Commissioner Ford and Assistant Attorney were invited and asked to go with the committee. Resolutions were also unanimously passed. Each man pledged himself on his honor that not one dollar's worth of property would be destroyed and the company's property be guarded.

It was further determined no one should offer violence to any one except in self defense. There is a sense of relief and quietness in the air. A telegram was received from the Kentucky side at Joyce to-day offering a large number of men in cash help was needed. The reply was for the men to hold themselves in readiness in case they were called for. Nearly every man present at the meeting had a shotgun or a Winchester rifle beside him.

THE GOVERNOR'S PREDICAMENT.

KNOXVILLE (Tenn.), July 21.—The mine trouble is in statu quo, and the end no one can see.

Five hundred militiamen have arrived and are now in camp. Brigadier-General Carnes says he is simply waiting orders from Governor Buchanan.

The Constitution and laws of Tennessee are peculiar and anomalous. The Governor of the State is in doubt whether he can order the military legally, and it is said that he will not call the law throughout the mining region. To endeavor to proceed against the miners civilly would be folly, as the sympathy of all classes is with the miners. Conviction would be almost impossible.

MEMPHIS, July 21.—A special from Nashville says: Governor Buchanan and Attorney General, Mr. J. P. Cook of Tennessee, are peculiar and anomalous. The Governor of the State is in doubt whether he can order the military legally, and it is said that he will not call the law throughout the mining region. To endeavor to proceed against the miners civilly would be folly, as the sympathy of all classes is with the miners. Conviction would be almost impossible.

STILL QUIET.

COAL CREEK, July 21.—At 10 o'clock this evening everything was quiet. The miners are firmly convinced that they will eventually triumph, and so long as this feeling prevails no violence will be done. The belief is increasing that the law has no authority to send the militia here. The men renew their assurances made at this afternoon's meeting that no violence will be done to the mine property.

ELLINGSWORTH WHIPPED.

The "Black Pearl" Defeats the Ex-Amateur Champion.

MINNEAPOLIS, July 21.—Joe Ellingsworth of New York, ex-amateur middle-weight champion of America, and Harris Martin, better known as the "Black Pearl" of Minneapolis, fought to a finish to-night under the auspices of the Twin City Athletic Club. The fight was a pure City Athletic Club. The fight was a pure City Athletic Club. The fight was a pure City Athletic Club.

In the first round both men sparred for an opening, and Ellingsworth got in a couple of good body blows as time was called.

In the second Ellingsworth led out with his right and left, nearly sending the Pearl to the ground. After an exchange of face and body blows, a stomach blow sent him down again. After an exchange of face and body blows, a stomach blow sent him down again. After an exchange of face and body blows, a stomach blow sent him down again.

The third round was vicious. An upper cut, followed with a left hand, sent Ellingsworth on his back. A blow behind the left ear sent him down again. to include the freight as well as the passenger traffic, the purpose seeming to be to close all outlets of the Alton, east and west, and bottle it up so that it will be unable to do anything but local business. The weak point in the plan is that it would not deprive the Alton of the power to do mischief by a wholesale slashing of rates. It would prevent the other roads from deriving any benefit from the heavy increase in the tonnage expected to mark the remaining months of the year.

NAVAL MANEUVERS.

Dress Parade and Drill of Militia on the Hudson.

NEW YORK, July 21.—The marine dress parade and practice of the naval reserve militia, in connection with the visit of the White squadron to these waters, was an event in which New Yorkers and the citizens of New Jersey were to a great extent interested to-night.

Both sides of the river, in the vicinity of West Fifth street and the docks, were filled with spectators. The evolutions of the boats of the warships, manned by stalwart militiamen under the trained guidance of naval officers, made a pretty spectacle upon the sparkling waters of the Hudson.

Commander Walker directed the operations, and steam cutters guided and led many boats arranged in columns according to ships to which they belonged. The drill occupied upward of an hour.

SACRIFICED HIS LIFE.

A Young Man Goes Into a Burning Mine For His Friend.

MARQUETTE (Mich.), July 21.—Peter Pascoe, son of Superintendent Pascoe, and James Dover were suffocated in the Republic mine to-day.

Young Pascoe, with three companions, went down No. 7 shaft to ascertain the extent of the fire which began yesterday. The whole party was overcome by the smoke. Pascoe's companions reached the ship and were drawn up, and young Pascoe went down with four men to find Pascoe.

The rescuing party was soon drawn up unconscious, but as soon as Dover reached the surface he found the bodies of himself and Pascoe were taken out three hours later.

The fire is still raging fiercely and great damage is already done.

HALL AND FITZSIMMONS.

GOVERNOR MERRIAM SAYS HE HAS NO RIGHT TO INTERFERE.

The Authorities Are, However, Called Upon to Enforce the Law—Fitzsimmons is Arrested.

Special to the RECORD-UNION.

ST. PAUL, July 21.—In the pugilistic world this city is the center of attraction to-night.

There have been rumors without end to-day of warrants and arrests, and much excitement prevailed.

The first move this morning of the opponents of the Hall-Fitzsimmons fight was a continuation of last night's meeting. Over 300 men and women called on Governor Merriam early with a statement that the law was about to be violated; that they, as citizens, were unable to prevent it, and calling on the Governor to see that the laws were enforced.

Archbishop Ireland, ex-Chief Justice McMillan, and others spoke. Governor Merriam responded that a consultation with legal authority had shown him that he had no authority to interfere, but he said he would do what was in his power. The son of an Englishman who was born in Chile. The prisoners are filled with suffering, without respect to class, or sex. Two hundred persons are imprisoned in Valparaiso. The Pope declared he never avowed the plan of appointing Bishops of the nationalities of Roman Catholic communities in the United States, as advanced by Herr Cahan. The incident is thus closed.

The London "Standard" Attributes the Improved Condition to the Stoppage of Contributions from the United States.—The Pope Says He Never Favored the Cahanly Proposition—Chinese Riots.

Special to the RECORD-UNION.

LONDON, July 21.—The intimation made by Balfour in the Commons yesterday, to the effect that a local government bill for Ireland, based on the same lines as the English and Scotch Acts, will be introduced by the Government at the next session of Parliament, is founded on fact, and such a measure will certainly become part of the Government programme for the next session.
