Road Overseer Heath of Michigan Bar said that somebody had caused a new coat of paint to be put upon the Live Oak bridge to replace that eaten off by the voracious grasshoppers, and he wanted to know if the pay therefor was to come out of the fund of his district.

It appears to have been a matter of official etiquette with the board to use the general road fund when paying for work ordered by it, and Mr. Heath was told not to worry about his little fund.

At the afternoon session bids for hospital supplies for the ensuing three months were opened. The bidders were: Christianson, Dierssen & Co., S. Dwyer and George E. Dierssen & Co., for groceries; J. Gerber & Brother for meat, Kent & Son for bread, and the Standard Oil Company for gasoline.

It was found that the bid for gasoline was for one year, and Chairman Greer laid it aside with the remark:

"I'll say right here that I'll not vote to award any contract for a year. Bids for gasoline should conform to the advertised request for proposals, which is for three months.

Kent & Son offered to furnish bread at four cents per pound.

The bid of J. Gerber & Co. was to furnish beef at 5½ cents per pound, and mutton at 7 cents per pound by the carcass.

Contracts were let accordingly, those for groceries being divided among the several bidders.

The remainder of the day's session was devoted to the herculean task of examining and auditing claims, and at a late hour the board took a recess till 10 A. M. to-day

A MUSICAL TREAT.

To-Night's Open-Air Concert Will be Something Grand.

If this evening's open-air concert at the Plaza by the First Artillery Band does not fill the hearts of the listeners with rapture, then Leader C. A. Neale says he will admit he does not know what the people like to hear in the musical line. The programme to be rendered consists of classical, national and popular selections, and a glance at the several numbers shows what a treat is in store for the music-loving public.

Charles B. Eilerman, the talented young cornetist, will render his favorite solo, "Brown's Autograph." It is expected to be one of the features of the evening.

The band will be assisted at the concert by W. H. Renwick, the Scottish piper, Miss Edith Renwick and Master Alexander McCaw—all in full Highland costume.

The public are requested to watch their horses during the rendering of the last number, "The Recollections of the War." There will be bombs discharged, and quite a fusillade of fireworks. Following is the programme:

March—"Columbia"..... Harris
Selection—"A Spanish Wedding Serenade"..... Isenman
Romance—"Day Dreams"..... Rollinson
French medley..... "Offenbachiana"
(Arranged by Mayrelles, introducing all of the most popular of French operatic and folk songs.)
Waltz on Irish airs—"Sounds from Erin"..... C. W. Bennett
(Containing a fine arrangement of Ireland's most beatiful melodies.)
Caprice Heroique—"The Awakening of the Lion"..... Di Kontski

PART II.

Italian national hymn—"Marcia Reale Italiana"..... G. Gambetti
Cornet solo—"Brown's Autograph"..... J. O. Casey
(Performed by C. B. Eilerman.)
Grand German medley—"A Night in Berlin"..... Conradi
(Describing music as heard during a night's ramble in the German metropolis.)
Grand Scotch selection—"Auld Scotia"..... Bonnisean
(Containing The Garb of Old Gaul, Annie Laurie, Scots Wha Hae Wi' Wallace Bled, There is Nae Luck, Rob Roy McGregor, Blue Bells of Scotland, White Cockade, Grand Highland Fling, with piper and dancers in Highland costume, to the Campbells are Coming.)
Descriptive selection—"The Recollections of the War"..... Rollinson
(Describing Drummer's Call, Reveille in the distance, Grand March, For God and Liberty, Marching Along, The Assembly by enemy's bugles, The Flag of Columbia, Attention, Prayer, The Enemies Commence Firing, The Battle and Hail Columbia.)

THE STEVENS PUMP.

Visiting Experts Say It Requires Only a New Cylinder.

J. P. Marsh of Chicago, who is connected with a leading steam-gauge and brass-fitting establishment in that city, and H. C. Perkins of the W. W. Montague Company of San Francisco were in this city yesterday. Happening to meet Mayor Comstock at the Art Gallery, the latter invited them to pay a visit to the Water Works to see what they thought of the machinery. The gentlemen went there and carefully observed the working of the Stevens pump.

Mr. Perkins stated to a RECORD-UNION reporter that he liked the style of the pump very much, and thought it capable of doing a great amount of work were it properly repaired. He thought it was in need of a new water cylinder, to replace the cracked one. In his judgment the cost of the work would not be more than $5,000.

The cracks, he said, were undoubtedly caused by the settling of the foundation on which rest the two immense balance wheels, weighing at least twenty tons each. He understood that the concrete rested on a sand base, and that no piling had been done. He thought it would not be a difficult matter to put in a new cylinder, as long as the pattern of the old one was available.

When told that one of the main objections to the pump was the fact that it used so much fuel to generate the necessary steam, Mr. Perkins said he knew nothing about the amount of fuel required to run the engine.

Mr. Marsh also thought the pump a very good one, and a powerful piece of machinery. He considered that a new water cylinder would place it in good condition.

HAS THE DOCUMENTS.

Manager Ginsberg Says McGuirk and Peeples Belong Here.

Manager Ginsberg of the Sacramento Baseball team received the following yesterday from N. E. Young of the National League, in reply to his letter of inquiry as to whether or not the California League was a party to the National Agreement and entitled to the protection of the National League:

"Yours of the 23d inst. received. Your association is a full member under Class B of the National Agreement, and entitled to all its rights and privileges, *i. e.*, protection and reservation. To retain such membership you must respect the conditions of such agreement, or, of necessity, forfeit all rights thereunder. McGuirk and Peeples are reserved players of the Spokane Club, and until released by that organization are ineligible to play with any other club. You must secure their release from Spokane at once and have them notify me, or you must discontinue playing them, otherwise I have no alternative but to promulgate the decision of the National Board forfeiting the membership of your league by reason of your playing ineligible players. I very much hope that your prompt action will be such as to relieve me of the necessity of discharging that unpleasant duty."

Mr. Ginsberg says he has papers showing conclusively that Peeples and McGuirk were released by the Spokane manager, and he proposes to forward these to Mr. Young.

SONS AND DAUGHTERS.

Those of Pioneers File Their Articles of Incorporation.

There were filed yesterday articles of incorporation of the Sons and Daughters of the Sacramento Society of California Pioneers. There is no capital stock, and the directors are: Mrs. Gussie Carroll, Miss Minnie Richardson, Miss Leila J. Lindley, Miss Florence McKune, C. E. Mack, Jr., W. M. Sims, W. A. Gett, Jr., W. E. Osborn and H. M. La Rue, Jr.

The articles state that the chief purposes for which the society has been organized are: "To cultivate the social virtues of its members, to collect and preserve information connected with the early settlement and conquest of the country, to perpetuate the memory of those whose sagacity, enterprise and love of independence induced them to settle in a wilderness and become the germ of a new State, to own, hold, buy and sell real estate and personal property, and to loan and invest its money, to take and hold property in trust, and to take care of the cemetery plot of the Sacramento Society of California Pioneers." Principal place of business, Sacramento.

THE "BLUE-BOOK."

A Valuable Publication Issued by the Secretary of State.

Secretary of State Waite has just had issued from the State Printing Office the "California Blue-Book, or State Roster," a volume compiled by him. It is an official directory of the Judicial, Executive and Legislative Departments of the State Government and of the various counties.

It is a valuable book of reference, containing as it does the Federal and State Constitutions; a copy of the form of ballot to be used under the modified Australian system, with the full text of the law in relation thereto; census returns of all the counties and cities; the vote by counties at the last Presidential election, also for State officers; a complete roster of the National Guard; colored maps of the Congressional and Legislature districts—in short, a vast fund of useful information, closely compiled for ready reference.

The book contains 280 pages, and every one of them contains facts and figures of inestimable value to journalists, public officials and citizens generally.

A STRANDED CRAFT.

It is "Eating Its Head off" Over in a Yolo Pasture.

Ex-City Trustee Gutenberger is in a quandary. Some months ago he became possessed of a small steam launch, which the court gave him in lieu of cash owed him by the builders of the boat. The water was high then, and the boat was "in it."

Now the water has dried up over in Yolo, where the launch was tied up, and the latter is high and dry. The owner of the place demands $20 a month pasturage, in the way of ground rental, and Gutenberger has for some weeks been wondering what he shall do about it.

The boat is "eating its head off," so to say, and the foundryman wants to get rid of it.

Cool and Delightful.

The Weather Bureau's report shows the temperatures at 5 A. M. and 5 P. M. on yesterday to have been 58°, and 81°, while the highest and lowest temperatures were 85° and 58°, with fresh southerly winds and a cloudless sky.

The barometrical readings at 5 A. M. and 5 P. M. were 29.91 and 29.87 inches.

The highest and lowest temperatures one year ago yesterday were 94° and 58°, and one year ago to-day 96° and 64°.

Business Incorporation.

The surviving partners of the late A. S. Hopkins and his heirs have incorporated the business in which he was engaged under the title of "The A. S. Hopkins Company." The articles of incorporation give the names of the directors as Harriet H. Hopkins, Edwin C. Hopkins, Stephen S. Hopkins, Grace E. Hopkins and James R. Foster. Capital stock, $52,600.

Want to Know About Sacramento.

Among a large batch of letters recently received by the State Board of Trade making inquiry about various localities, is one from H. M. Atkinson of Waco, Texas, who wants to learn all about Sacramento. Also, one from Ira Wilkins of South Denver, on the same subject.

Accepted the Call.

Rev. J. H. Reider, late President of the University at Los Angeles, Cal., has accepted the unanimous call to the pulpit of Calvary Baptist Church of this city, and will remove here with his family at once.

Honored With a Re-Election.

The District Lodge of the United Order of Odd Fellows (colored) yesterday re-elected Beverly A. Johnson of this city as District Master, the highest office in its jurisdiction.

Robert Allen's Estate.

In Judge Catlin's court yesterday Mrs. Robert Allen was granted special letters of administration on the estate of her deceased husband. The bond required was $3,000.

B. A. Johnson of This City Re-Elected District Master—The Ball in the State Capitol.

The second day's session of District Lodge No. 32, United Order of Odd Fellows, was opened in due form in the Assembly Chamber at the Capitol.

The first order of business was the hearing of the Auditing Committee's report, which was adopted.

It was shown by the reports that the different lodges in the district are in a healthy condition. The total membership is about 500.

Officers were elected for the ensuing year as follows:

B. A. Johnson of Sacramento, District Master.
H. H. Stewart of Oakland, Deputy District Master.
A. D. Jones of San Francisco, District Secretary.
R. L. Beck of San Francisco, District Treasurer.
S. W. Phillips of Los Angeles, District Director.

Oakland was selected as the next place of meeting, on the first Monday in August, 1892.

A general report of the order was presented, showing the total number of lodges for this country to be 2,500; membership, 80,000; value of property, $226,000; amount invested, $144,716; whole amount invested, property and funds, $522,850.

The following resolutions were reported by A. D. Jones, J. B. Wilson and J. A. A. Collins, the committee appointed for the purpose and were unanimously adopted:

"WHEREAS, Sacramento Lodge, No. 2,189, has entertained the District Officers and delegates to this the sixth annual convention in a most cordial and brotherly manner; therefore be it

"*Resolved*, That we extend to Sacramento Lodge, No. 2,189, G. U. O. of O. F. our earnest and sincere thanks; be it also "*Resolved*, That we shall always keep ever green in our memory the recollections of this visit and of the hospitality of the citizens of Sacramento."

LAST NIGHT'S BALL.

The elegant Assembly Chamber in the State Capitol presented an unusual spectacle last night, and one that will long be remembered by those present. It was the scene of a gathering of intelligent colored people assembled for the purpose of enjoying the hospitality of Sacramento Lodge, No. 2,189, Independent Order of United Odd Fellows. In honor of the convention of the District Lodge in this city, the local lodge gave a grand ball to the visiting delegates. There were perhaps 300 ladies and gentlemen assembled in the spacious chamber, representing the better class of the colored population in California.

The three great chandeliers shed a flood of light over the scene, and though the decorations were not elaborate they were neat and tastily arranged. A platform was erected in front of the Speaker's desk, and there, in the midst of a bower of palms and tropical plants, a full orchestra held forth.

The galleries were crowded with invited guests, among the number being many of the State officials with their families, and also city and county officials.

At 9 o'clock the installation of the newly-elected district officers took place, and the ceremony was witnessed with much interest by the guests. The members of the District Lodge, numbering about thirty-five, marched into the room wearing the emblems of their respective offices. After the singing of the lodge song, the Master of Ceremonies, R. J. Francis, installed the several officers. Mr. Francis made an appropriate address in introducing each officer, and the new officials responded briefly.

The ceremony consumed about twenty minutes, and at its conclusion the floor was cleared for the grand march.

Precisely at 10 o'clock the orchestra struck up a brilliant march, and the dancers entered the hall. E. A. Small and Miss Louisa Johnson led the march, followed by F. J. Butler and wife, A. A. Walton and wife, W. W. Tally and wife, John Day and wife, and then the delegates to the District Lodge, with their ladies. Following them came the general public and invited guests.

Various pretty figures were formed during the progress of the march. Each gentleman was attired in full dress, and the ladies' costumes were as rich and elegant as are seen in any ballroom.

There were sixteen numbers on the programme, consisting of waltzes, schottisches, polkas, the La Margolaine, mazourka, la mode, lancers, York, and others.

At midnight, after one-half the list of dances had been disposed of, the couples formed and marched to the supper table, which was spread in the north corridor on the lower floor, where a dainty repast was served.

After supper, the orchestra played several concert selections, and it was nearly daylight when the festivities were concluded.

The success of the affair was largely due to the untiring efforts of the gentlemen on the following committees:

Reception—Wm. H. Guinn, F. J. Butler, C. H. Johnson, J. Waddell, T. D. Walker, A. Grubbs, and J. O. Mount.

Honorary—H. Bishop, B. H. Harris, George Warner, N. E. Speights, J. C. Rivers, J. H. Burrows, A. Logan, A. D. Jones, J. F. Brodie, J. M. Johnson, and W. H. Robinson.

Floor Director—F. J. Butler.

Floor Managers—A. A. Walton, E. A. Small, W. W. Tally, and J. Day.

THE SWIMMING BATHS.

Change in the Exclusive Hours for Ladies.

The regular monthly meeting of the Sacramento Swimming Bath Association was held last evening, and a large amount of business was transacted.

The board decided to change the time when the baths would be reserved for the exclusive use of ladies, as it was learned that the majority preferred morning hours. The baths will hereafter be reserved for ladies only on Mondays and Fridays from 9 to 11 A. M. and on Wednesdays from 3 to 5 P. M.

The baths will be closed each day from 12 to 1 and from 6 to 7 P. M.

A rule was adopted limiting the time persons may remain in the tank to one hour on ordinary occasions and to one-half hour when crowded, and the Superintendent was instructed to enforce the rule rigidly.

The baths were well patronized yesterday from 6:30 A. M. to 10 P. M., every room being occupied all the time and all the suits taken. During the evening there was a large crowd present.

The board also decided last night to issue commutation tickets so that they would admit a man and his wife, instead of being absolutely non-transferable.

RABBI BROWNE.

Lecture To-Morrow Evening by the Noted Hebrew Divine.

On Thursday evening, at 7:45 o'clock, Rabbi E. B. M. Browne of New York City, the most eloquent and celebrated Hebrew divine on the continent, will lecture in the Sixth-street M. E. Church. His theme will be "The Talmud—Its Ethics and Literary Beauties."

Rabbi Browne is one of the distinguished men of the country. He was one of the pall-bearers at the funeral of General Grant. The ceremony occurring on Saturday (the Jewish Sabbath), the rabbi declined to ride, and walked all the way from the city to Riverside Cemetery, a distance of twelve miles. He was presented by the orthodox Jews of New York with a gold medal for thus sanctifying their Sabbath-day.

He is said to be the only prominent Hebrew divine who has prepared special lectures for Christian audiences, and attracts great crowds.

There will be no admission fee, but a collection will be taken up for the benefit of the aged and incapacitated preachers of the California Conference.

A PLUCKY GIRL.

An Oakland Miss Makes the Perilous Ascent of Mount Shasta.

Miss Belle Miller of Oakland passed through the city yesterday en route to her home after a few weeks' stay at the foot of Mount Shasta. A few days ago the young miss, who weighs only 104 pounds, was one of a party of ten tourists who started to make the ascent of Mount Shasta, which rises eleven thousand feet above Sisson.

All of the party gave out except Miss Miller and the guide, and the latter would probably not have pulled through were it not for the assistance given him by the plucky Oakland girl.

The descent, as far as the timber belt, was made by the gunnysack route. That is, the climbers seated themselves on gunnybags, raised their feet and shot down the steep snowbanks at the rate of about a mile a minute.

The trip is a difficult and perilous one, at best. No matter how quiet and calm the day in the little valley at the base of the mountain, there is always a fierce gale blowing about its summit, and the temperature is very low. John Muir, the noted scientist and traveler, nearly lost his life in making the trip, and would have perished but for the presence of the hot sulphur spring near the summit, by which he remained through the night.

Strange as it may seem, ladies generally display more endurance than the men in climbing the mountain.

Prisoners for Folsom.

Folsom Prison received quite a batch of recruits to its convict ranks yesterday. Deputy Sheriff Eley of Fresno brought up Sylvester Tirado, sentenced to six years for murder, and George Ford, who goes for three years for burglary.

Deputy Sheriff Costello brought up from San Francisco R. A. Clark, sentenced to four years for burglary, and Deputy Sheriff Bowman of Alameda arrived with James Elwood, who will serve two years for felony.

Petition to Administer an Estate.

Philip S. Driver has filed in the Superior Court a petition for letters of administration on the estate of James E. Sheridan, deceased, who died in 1872, and left property valued at $2,800. The wife of deceased was appointed executrix, but died in 1874, without having settled the accounts of the estate.

The hearing has been set for the 14th instant.

A Talk About Fools.

Dr. Heuson of Chicago will on Friday night next deliver his famous lecture on "Fools" at the First Baptist Church. Tickets, fifty cents. This is said to be a very striking lecture—it goes straight home to a majority of the audience.

HE MASTERED FATE.

WE HAVE THROWN AWAY PITY upon the Hindoo fanatics who sacrifice their lives by casting themselves beneath the chariot of the God Juggernaut, and allow themselves to be ground and mangled by the terrible wheels. Are we not in this Christian country doing the same thing with our health? Because we think it is fate.

WILLIAM BENJAMIN TRIGGS, 616 K street, is a gentleman who possesses good judgment. He realized that he was a sick man. He would arise in the morning feeling tired; his nerves were unstrung, and there was a perceptible absence of ambition. He could not eat or sleep well and he began to go into a decline. He preferred good health to sympathy and instead of waiting until he was past human aid he visited the Doctor Williams' Dispensary. His case was one of general debility. He took four weeks' treatment and was discharged a perfectly cured man. HE MASTERED FATE. Mr. Triggs will gladly corroborate this statement. If the staff of physicians at the Doctor Williams' Dispensary cannot cure you, no power on earth can. Every character of disease treated. Sufferers from rheumatism, consumption, asthma, catarrh, dyspepsia, indigestion, scrofula, female weakness, deafness, any sexual diseases, lost manhood, malaria, urinary troubles, piles, bowel troubles, or any other disease, should call at once. Low charges, within the reach of all, combined with the best medical and surgical skill.

Our business is conducted with the greatest secrecy, and we publish testimonials only at the request of patients. Hours, 9 A. M. to 4 P. M. and 6 to 8 P. M. Sundays, 10 A. M. to 12 M. only.
