Governor Markham Commutes a Convict's Sentence.

Rewards Offered for Two Murderers--Delegates to the Iowa Corn Festival--Coyote Scalp Claims.

The sentence of Henry Gerstel, a convict, was commuted yesterday by Governor Markham to such an extent that he will be liberated from prison to-day. Gerstel was sentenced to ten years' imprisonment for forgery, committed in San Francisco in May, 1888. The sentence is commuted on condition that he leave the State immediately. The Governor gives the following reasons for the commutation of sentence: "There is on file in this office a recommendation for the pardon of said Henry Gerstel, signed by Honorable J. R. Sharpstein, T. B. McFarland, Van R. Paterson, W. H. Beatty and Ralph C. Harrison, Justices of the Supreme Court of the State of California; Hon. D. J. Murphy, Superior Judge of the City and County of San Francisco, who tried the case which resulted in said Gerstel's conviction; E. B. Stonehill, District Attorney, who prosecuted the case; Jacoby Brothers, the complaining witnesses, who testified that the property obtained by said Gerstel was returned; Hon. Charles N. Felton, United States Senator; Hon. Isaiah Hellman, President of the Nevada Bank of San Francisco, and others; an undertaking by I. H. Sellers that he will pay the expenses of said Gerstel from San Francisco to New York, and pledging himself that said Gerstel will leave San Francisco on September 23, 1891, on one of the Pacific Mail steamships, and that upon his arrival in New York his sister and brother will send him home to Germany, a certificate of good conduct made by the warden of the Penitentiary, showing that said Gerstel had never been punished for any offense during his term of imprisonment, and a petition of the said Gerstel in which he explained every half-hour by an intelligent lecturer.

REWARDS FOR MURDERERS.

The Governor yesterday offered a reward of \$500 for the capture and conviction of the highwayman who murdered S. Galavotti, Superintendent of the Derby drift mine in Nevada County, as he was riding along on the stage road toward Nevada City, on the 17th of August. Galavotti and another man were in a buggy taking a \$5,000 gold brick to town, when suddenly a rifle shot was heard, and Galavotti fell dead. The other man entered the left side of his face and killed him instantly. His friend whipped up the horses, and a second bullet struck one of them in the neck, but did not disable the animal. The treasure was taken to town safely, and a posse immediately organized to hunt down the murderer. So far all efforts to capture him have failed. The Governor has also offered a reward of \$200 for the murderer of Galab Abdallah, who was killed in Nevada County on the 10th of last June. His body was found in a secluded place in the wilderness. The reward is offered at the request of the Turkish Consul in San Francisco.

CORN-FESTIVAL DELEGATES.

Governor Markham has appointed C. C. Hutchinson of Lassen County, L. A. Buck of Solano, John P. Irish of Alameda and Henry Lindley of Los Angeles delegates to the Sioux City Corn Festival, which takes place in that city on the 17th of October. All four gentlemen are natives of Iowa, and have notified the Governor that they intend to be at the festival.

DEDICATED TO GOOD DEEDS.

The new W. C. T. U. Building--What the Ladies Here Accomplish.

Sunday was a happy day for the Women's Christian Temperance Union of Sacramento, for the members welcomed their friends to assist in dedicating their new building on Third street, between K and L.

THE BUILDING WILL FORM THE REAR ROOM OF THE LARGE MAIN BUILDING, WHICH WILL BE BUILT IN THE NEAR FUTURE, AND BY LARGE SLIDING DOORS IT WILL FORM WITH THE MAIN BUILDING AN AUDIENCE ROOM EIGHTY FEET LONG. IT WILL BE USED FOR KINDERGARTEN AND Loyal Legion work among the children, one of the most important features laid down in the schedule of W. C. T. U. work by the National President, Miss Francis E. Willard.

THE LOT ON WHICH THE BUILDING STANDS WAS THE GIFT OF MRS. E. B. CROCKER AND MRS. PECKHAM OF THIS CITY, AND WAS DONATED WITH THE DISTINGUISHED INTENT THAT MISSION WORK WAS TO BE CARRIED ON. THE LOT IS 40x30 FEET, AND THE PRESENT BUILDING IS 20x40 FEET.

The building is entirely of iron and patent stone. The union having recently received a gift from E. Hawes of a five per cent. interest in the metallic lathing on which the concrete is cast, the union has introduced it on their own building, that the people may notice its durability, although it is in use on the Pythian Castle and several other buildings in this city.

THROUGH THE GENEROSITY OF MESSRS. LOCKE & LAVENSON, THE FLOOR OF THE NEW BUILDING IS COVERED WITH MATTING.

R. G. Hart, in memory of his wife who was once President of the Union, presented one hundred chairs, and Mayor Comstock also sent four fine high-backed chairs for the use of the officers.

NOTHING COULD HAVE BEEN MORE DAINTY THAN THE NEW ROOM WAS ON SUNDAY, WITH ITS WHITE WALLS, DELICATE PAINT, GREEN WREATHS, AND A WEALTH OF FLOWERS IN BOUTONNETS AND BASKETS. IT WAS FILLED TO OVERFLOWING WITH VISITORS, AND THE LARGE PORCH WAS ALSO WELL FREQUENTED WITH THOSE WHO FAILED TO GET INSIDE.

Mrs. Jenks, President of the union, presided. Prayer was offered by Rev. Mr. Boyer, and Scriptures were read by

Rev. Mr. George of the Sixth-street M. E. Church, The duct, "We Wear the Ribbon White," was charmingly rendered by the Misses Andrews and Gore. Remarks were made by Revs. Bane, Crittenton, Silcox, Stephenson and Neelham.

The President then stated that one year ago this month there was not a cent in the treasury for this new building, and the union was paying a rental of \$40 per month for a small building in which to hold its meetings and giving dinners to pay it. Through faith and prayer and hard work \$700 of the indebtedness had been raised. Three hundred was still due and she called upon Rev. Mr. Reider to present the cause of the union.

Mr. Reider said he did not see why he was called upon so often to beg, unless it was owing to the color of his hair, which was so suggestive of twenty-dollar pieces. The ladies might congratulate themselves that they had on the right man, and that to other laudels already bestowed upon him in Sacramento the gentleman added that of an irresistible beggar.

In a short time the sum of \$225 was raised, this putting the union out of debt and leaving a fine nucleus for the large building.

THE CHILDREN THEN SUNG, AND THE DEDICATORY PRAYER WAS OFFERED BY REV. W. WARD WILLIS.

The matter was of the W. C. T. U. have reason to be very thankful to the generous-hearted people of this city who have secured to them this beautiful room, and they hope publicly to return their heartfelt thanks therefor.

AMUSEMENTS.

The forty-foot-square miniature reproduction of the city of Babylon, now on exhibition at Turner Hall afternoon and evening, is well worth a visit. It was built by a resident of Napa, took years of time, a large sum of money, and involved extensive research and study of history. A degree of accuracy has probably been attained that is not equalled. Of course, not all proportions are presented--had they been the expense of thousands of buildings must have been introduced, and no hall would be high enough to hold the exhibit. For it was sixty miles long, and the model is a mile long, and which chariots could be driven. The model is a splendid example of patient skill and fine execution, and gives a good idea of the extent of the empire, its corrupt, corrupt of a great empire, noted for two of the greatest wonders of the ancient world. The model is all its length, and is a fine example of every half-hour by an intelligent lecturer.

HEMMESEY'S KNIFE.

Story of the Sailor's Rampage Told in the Police Court.

How He Tried to Kill Officer Eldred and Frank Lee--Hemmesey Denies It.

Charles Hemmesey, the sailor who ran amuck on L street a week ago, stabbed a colored man named Lee, and tried to carve Special Policeman Eldred, was examined in the Police Court yesterday on a charge of an assault with a deadly weapon.

LEO TOOK THE WITNESS STAND AND TESTIFIED THAT HE WAS SAUNTERING ALONG L STREET, BETWEEN THIRD AND FOURTH, AND NOTICED HEMMESEY IN AN ALTERCATION WITH A COLORED WOMAN. THE WITNESS STOPPED TO SEE WHAT WAS GOING ON, AND WAS JOSTLED BY HEMMESEY. "WHAT'S THE MATTER WITH YOU?" WAS EJACULATED BY BOTH, AND THEN, SO LEO TESTIFIED, HEMMESEY DREW A KNIFE AND JABBED IT INTO HIS (LEO'S) BREAST.

Hemmesey then ran away and Leo chased him. Hemmesey ran into Officer Eldred's arms, and in an attempt to escape slashed at the officer. The latter only saved his life by quickly springing backward.

OFFICER ELDRID TOOK THE WITNESS STAND AND TOLD ABOUT HIS EXPERIENCE WITH HEMMESEY. HE SAID THAT HE THREW HEMMESEY DOWN, AND THE LATTER TRIED TO THROW AWAY THE KNIFE.

Hemmesey, upon being sworn, declared emphatically that he had no knife, and did not cut anybody, nor even try to. He said that on the night of the trouble he and a friend were sitting on the steps leading into a colored woman's bignio, when the occupant came out and threw a pitcher of water over them. While they were exposed to her wrath, Leo suddenly pushed through the crowd which had gathered and struck him (Hemmesey) in the face. The witness said he feared he was going to be murdered by the negroes, and ran across the street and into a saloon. This turned out to be a case of "out of the frying-pan into the fire," for his name and money were taken from him in the saloon. The barkeeper then ordered him out, and threatened to hit him with a beer-glass if he did not go. He then ran into the arms of a colored friend who had gathered outside and was waiting for him. He did not know why he was arrested, and he did not know how an officer, and resisted until he saw the officer's star.

Officer Eldred took the witness stand again and said that he saw the knife in Hemmesey's hand. The officer also exhibited a scar on his own hand which he said he received by trying to wrench the knife out of Hemmesey's grasp.

JUDGE CRAVENS HELD THE DEFENDENT TO ANSWER THE CHARGE BEFORE THE SUPERIOR COURT.

NEW GRAND JURY.

Superior Judge Catlin will to-day draw a new Grand Jury. This body may look forward to some important work, as it is known that a number of irregularities are to be brought before it which are likely to result sensationally. Judge Catlin will also draw a trial jury for the October term to-day.

SENT TO AGNEWS.

Peter Schmittgen was examined yesterday afternoon by Superior Judge Catlin, and Drs. Gardner and Simmons, in regard to his mental condition. The old gentleman, who is said to be in an almost hopeless condition and was committed to the asylum at Agnews.

MAIL BOXES ROBBED.

On Sunday evening, the 13th inst., the United States mail boxes at Sixteenth and K, Fifteenth and O, and Eighth and L, were robbed of their contents. It was feared that the publication of the fact at the time might defeat the ends of justice, and it was therefore withheld.

UNHAPPY MARRIAGES.

Two more divorce suits were commenced in the Superior Court yesterday. James H. Corbett sues for a permanent separation from Delia, and an attorney, Margaret McQuigg wants a divorce from Robert McQuigg.

THE CITY FATHERS.

They Hold a Brief But Animated Session.

Mayor Comstock Objects to Sensational Newspaper Reports--McLaughlin Warns Up a Bit.

At the meeting of the Board of City Trustees yesterday, Mayor Comstock called attention to the fact that P street, which has just been graded, was not being properly sprinkled by the sprinkling contractor.

Trustee McLaughlin said it was not the contractor's fault. He wet down the street once a day, and it was the duty of the contractor to keep it in order until the street was accepted.

The matter was referred to the Street Commissioner for further inquiry.

WANT FOLSOM GRAVEL.

Petitions were received from property-owners on E street, from Sixth to Twentieth, asking that Folsom gravel be used in improving the street.

PROTEST FROM PROPERTY-OWNERS.

Mr. Meagher complained to the board that according to the new survey of E street four feet of the curb on the north side would have to be cut off to make the street the proper width, and he strenuously objected to it. He said many other residents of the city were objecting to the new survey on that street had set out shade trees on the sidewalk immediately after the old survey, and the trees are now very valuable for the shade they afford. If four feet were taken off that side of the street the trees would have to be cut down and the sidewalks and fences moved in.

The matter was referred to the board to let E street be four feet narrower than the other streets. Nobody would notice the difference.

THE SWIMMING BATHS.

Now that the fair is over the people are again enjoying the swimming baths. The attendance yesterday and last night was good, but the tank was not so crowded as to make it unpleasant, which was sometimes the case during the heated term.

TWO KINDS OF GRAVEL.

Property-Owners on Sixteenth Street Divided on the Subject.

Some Want the Folsom and Some the Sacramento Article--Which Does the Contract Call For?

Mayor Comstock took up for reading, at yesterday's session of the City Trustees, a petition presented by C. P. Massey and signed by many property-owners on Sixteenth street, asking that pit gravel, instead of Folsom gravel, be used in the grading and improving of the street, when Trustee McLaughlin interrupted him and stated that he thought the board had decided at a previous meeting that Folsom gravel should be used on the street.

The Mayor thought so, too, and the petition was not read.

R. J. Kady addressed the board in behalf of the property-owners on Sixteenth street, and stated that he had circulated a petition among the property-owners calling for Folsom gravel. Every one of them had signed it, and the Board of Trustees, after seeing the petition, had passed an order instructing the Street Improvement Company to use the Folsom gravel. The property-owners now wanted the board to see that its order was carried out.

C. A. Lairs reminded Mr. Kady that the contract with the Street Improvement Company did not specify any particular kind of gravel.

J. O. Coleman said the board was placing itself in a very peculiar position. The specification did not call for Folsom gravel. After the contract was awarded to his company the board ordered Folsom gravel used. Now it was a question as to whether or not the board could compel his company to use it. He held that it could not.

Trustee McLaughlin said he proposed to carry out the order of the board, and have Folsom gravel used on the street. After the resolution had been passed by the board ordering the Folsom gravel used, Mr. Coleman had stated that his company would be satisfied to do so, and he wanted them now to stand by their promise.

C. P. Massey reminded the board that the latest petition presented contained the signatures of a majority of property-owners on the street, and they asked the Sacramento gravel be used. Out of a frontage of 10,000 feet on the street there were represented on the petition 7,000 feet.

H. C. Ewing wanted to know why the Improvement Company did not want to use Folsom gravel. The board could get it as cheap a price as anybody else. Other contractors were willing to take the contract at the same price.

A. Lairs said the Street Improvement Company proposed to do just what the specifications called for, and they did not specify what kind of gravel should be used.

The board resolved to stand by the report of the Street Commissioner, and he announced that he had instructed the company to use Folsom gravel.

The soft-footed Burglar Pursues His Business Energetically. It is evident that all the burglars and thieves who came here from Stockton and other towns to plunder people during the fair did not get away on Sunday with the crowd that headed for the Slough City, for that night the residence of George F. Bronner, at Fifteenth and L streets, was raided.

The burglar gained entrance by the front door, and succeeded in stealing several watches and some money. There were several roomers in the house, and their garments were taken into the yard and believed of their contents.

Mr. Bronner claims to have lost a considerable sum of money.

ABOUT HATS.

This is a good opportunity for saying that one of the best chances for saving money by buying goods from us is in the Men's Hat Department. The prices are low, but they are not low because quality and work are poor. Contrary to the usual custom of dealers, we have all our Hats made to order, and they are just as we wish to have them. Among our makes are the leading manufacturers in the country. A great trade in Hats already centers here, but it will be twice as large as soon as more people find out just what we are doing.
