

THEY SPLIT EVEN.

The Two Ball Games at the Bay Yesterday.

Sacramento Won the First With a Shut-Out, But Was Beaten in the Second.

SAN FRANCISCO, Oct. 11.—The Sacramento team shut out the San Francisco at Emeryville this morning by a score of 5 to 0. The San Francisco played an errorless game.

San Francisco won the afternoon game, the score being 7 to 6. Hoffman pitched. In the second inning the home team made enough runs to almost give them the game. Poor base running by Sacramento assisted in their defeat.

BORCHERS WAS UNSTEADY.

Hence the San Jose Won the Game—It Was a Great One.

SAN JOSE, Oct. 11.—Oakland and San Jose played a great game here today. Borchers, the new pitcher for Oakland, was batted heavily and frequently, and pitched very wildly at times. Harper pitched for San Jose, and did very effective work, striking out five men.

got on a spree, and all the bad blood in him came to the surface.

Then he went down to Miller's saloon and started in to "clean out" the place. Being a bigger man than John L. Sullivan, he was probably able to accomplish the job, but was interrupted in the process by Officer Gibson, who is not much of an infant himself.

Before the officer got to the saloon, however, Herman had, without provocation, assaulted a bystander named Wm. McKoon, a very small man, whom he struck a powerful blow on the mouth, knocking out some of his teeth, and cutting him severely. He objected to going to the Police Station, but the officer got him along as far as Fifth and Sprague.

Here the big fellow drew himself up and squared off at the officer, threatening to hit him up in short order. As he threw up his hands he left an opening to his face, and Gibson took advantage of it and landed his right under Herman's chin, knocking all the fight out of him, and he walked meekly to the jail, where a charge of battery was lodged against him by McKoon.

When Gibson went into the saloon after Herman the latter had a couple of friends with him, one of whom is named Tom Poole, and they made themselves liable to arrest by encouraging Herman to resist being taken and in obstructing the officer.

There is too much of this kind of thing done in this city, and some day it may be carried a little too far.

The team from Company H, First Infantry, U. S. A., was the first prize, making 199 out of a possible 225, five shots to a man, 20 yards, off hand.

Company B, Third Infantry, N. G. C., made 142, and won the second prize. Company E of the First Artillery made 97. There was one team ahead of E, and sixteen teams fell below its score.

The teams from Sacramento were at a disadvantage of shooting over a range with which they were unfamiliar, and in a vast majority of cases they were in the team which they practice. Yet one of the teams came out second among those of the National Guard. They were opposed by a crack N. G. C. team from the city, which fell below the Sacramento scores.

At exactly twenty-eight minutes past 10 last night there was a shock of earthquake from north by west to south by east. It was followed by a second shock twenty seconds later.

The first shock lasted about five seconds, was an easy, wavy motion, unaccompanied by any rumble, and concluded with a slight shiver. It was severe enough to make all walls vibrate and set chandeliers and hanging lamps in the city and Union office swaying sufficiently far to continue the pendulum-like motion for several minutes.

The second shock was very much lighter, along the same line of direction, and was of briefer duration. The two shocks were sufficiently perceptible to make old-timers, who have experienced many such, at once pull out watches and note the time, and then observe such indicators as the pendulum of gas pendulants, suspended lamps and swinging pictures.

At the Metropolitan Theater this evening Mrs. ex-Governor Ronald, Patricia's new play, which she styles "a legitimate farce," entitled "Inoer," will be presented. The company is headed by Charles Dickson, a light comedian of fine quality, who has proven his metal in the dramas of "The Field," "The Enemy" and "A Possible Case." Alice Shepard, of the troupe, was leading lady in "Prophet's" "The Wife" Company.

Royal Baking Powder.

HOUSEKEEPERS ARE WARNED against the impositions of a company of females, who, under the lead of a male agent, are now infesting the kitchens of this city, performing a trick which they pretend is a test of baking powders.

It having been intimated that these persons are the paid agents of the Royal Baking Powder Company, this is to advise all concerned that this Company has no relation whatever to them, that their so-called test is a sham, and that the females are instructed and employed to perform these tricks and make false statements in all kitchens to which they can gain access, by concerns who are trying to palm off upon housekeepers an inferior brand of baking powder through the operation of fallacious and deceptive methods.

The Royal Baking Powder Company, in no case employs such agents, and whenever the name of this Company is used to gain entrance to houses, the applicant, no matter how respectable in appearance, should be regarded and treated as an impostor.

MILITARY SHARPSHOOTING.

One Sacramento Team Wins a Prize at Camp McDonald.

Colonel Guthrie and Captain Hall returned from Camp McDonald, Schenzen Park, San Rafael, last evening. They had been in attendance upon the military target tournament of the Third Infantry Regiment, N. G. C., in its two days' encampment at Schenzen Park. The team shooting took place Saturday and Sunday, and was contested by teams from the First and Third Infantry, the First and Second Artillery, N. G. C.

Two teams entered from this city, one from Company G and one from Company E—five men to each team. The team from Company H, First Infantry, U. S. A., was the first prize, making 199 out of a possible 225, five shots to a man, 20 yards, off hand.

Company B, Third Infantry, N. G. C., made 142, and won the second prize. Company E of the First Artillery made 97. There was one team ahead of E, and sixteen teams fell below its score.
