

SAN JOSE NEEDED THEM.

The Team Made Seven Runs to Sacramento's Six.

A Good Game Played to a Mere Handful of Spectators—Another Game To-Day.

There were about fifty people at the ball park yesterday afternoon to see the San Jose and Sacramento clubs pitted against each other.

The San Jose team to win that game. One could tell that the moment the contest commenced. They did their level best throughout, and there was no quitting in their work even when they were several runs in the lead.

Although the spectators did not think at first that it was very necessary for San Jose to play such an earnest game in order to defeat the Sacramento club, they found themselves greatly mistaken when the game began to draw toward the close.

Then it was that the visiting players and Manager Finn began to thank their stars that they had worked so hard during the first seven innings.

They needed every run they made, and they would have felt much more comfortable if their score had been augmented by a few more tallies.

Up to the eighth inning the Dukes had everything their own way. They did not maintain much of a lead, but still they were far enough ahead of the home team to feel comfortable, at least for the time being.

The Sacramento commenced their eighth inning in the usual style, and it was not thought for a moment that any runs would be made.

Then Spies took his turn and sent Hassamer home by knocking out a pretty single into left field, with this effort the Sacramento ceased hostilities, but the San Jose appeared to be extremely nervous, and in fact they could not increase their score.

The ninth inning was a blank for the home team, and the result consequently a victory at last for the Dukes. But it was the closest shave and most exciting inning that has been played here for many a day.

A hit was needed now more than at any time and the people thought that if any one was equal to the emergency it was Ward. But, to the disgust of many, he tried his hitting tactics and was thrown out at first base by Wright.

There was a good deal of unfavorable comment on Ward's peculiar action at such a stage. The almost unanimous opinion was that he ought to have struck at the ball with the intention of knocking it out of the infield.

Both clubs played well and there were no glaring errors made in the game. With Harper and Hoffman the honors were about even. Harper was quite wild in his delivery, and Hoffman allowed too much bunting of his, especially in the third inning.

McDonald's umpiring was criticised severely at times, but he was undoubtedly endeavoring to be fair to both sides. McHale was roundly cheered every time he came to bat, probably because of the rumor that has been going the rounds to the effect that an effort was being made to force him out of the club.

McClokey denies this, however, and states that there is no such intention. The people present undoubtedly wanted to show the other members of the team that McHale was at least a favorite with the audience. Following is the score:

DIED IN THE EAST

Herbert Otis Tozer Falls a Victim to the Deadly Fever.

One of the best known citizens and business men of Sacramento, Llewellyn Tozer, received last night the prostrating news that carries with it a grief only a parent can fully and wholly sympathize with.

The young man, so full of promise, so bright and strong, so hopeful and eager as he was springing into a fine manhood, was born and raised in Sacramento.

Herbert Otis Tozer, aged 20 years and 2 months. The following committee of seven, on the nomination of Mr. F. Johnson, appointed to select a candidate for City Superintendent:

First Ward—Robert Fisher. Second Ward—Jerry N. Payne. Third Ward—John Hantzman. Fourth Ward—J. M. Henderson.

They Are Not Yet Sold, But Negotiations are Pending. R. S. Carey stated to a RECORD-UNION reporter last evening that he had not sold his street-car lines, as reported.

It will be so sad a journey for that stricken mother when she brings her boy's body back across the continent to Sacramento that only those who have walked in the shadow of death can realize all it means.

After conferring the degrees the grangers were invited to partake of a bountiful feast. The tables were laden with all the good things the country affords—chicken, turkey, roast pig, chicken-pie and custard and cake in abundance.

Brother Walton, of Yuba City Grange, delivered a very able and instructive address on the subject of "The Good of the Order," which was instructed to our members.

Brother Flint followed, and made the crowning speech of the day. Sister Corbett, of American River Grange made a ringing grange speech.

Brother Dunlap of American River Grange made a fine and telling speech, moving up to the very end, and unmistakable in terms the benefits of the grange, and what it has accomplished.

Brothers Hark, Devenport, Cornell and Johnson also spoke, and their addresses were tendered to American River Grange, which was carried amid applause and by a rising vote.

The day's festivities passed off pleasantly, and all present were delighted. The movement looking to the keeping open of the swimming bath during the winter has at last taken shape.

There are a great many ladies and gentlemen who are anxious to have the bath kept open during the winter, and the probability is that enough tickets can be sold to warrant the association in doing so.

Parties who contemplate or are desirous of going into business will find it to their interest to consult The Carnall-Hopkins Co., who have added a Commercial Agency Department to their extensive business, and handle nothing but approved commodities.

The cool and fresh breeze from the north yesterday, coming so close upon Wednesday's shower of rain, was very refreshing and invigorating.

DEMOCRATS IN COUNCIL.

They Nominate Candidates for School Officers and Freeholders.

The Nomination of City Superintendent Left to a Committee of Seven—A Harmonious Gathering.

There was a fair attendance of Democrats at the convention held last evening at the Courthouse for the purpose of nominating candidates for School Directors, City Superintendent of Schools and Charter Freeholders.

It was not like one of the old-time Democratic conventions, which were so prolific of billings-gate and knock-downs, but was a quiet, orderly and gentlemanly assemblage of citizens, who seemed to have had their minds made up before they got there as to just what they wanted to do.

There were a few of the old war-horses present, but they did not snuff any battles afar off, nor stamp their feet, nor snort. In short, the convention had all the symptoms of Republicanism—but it was strictly and truly Democratic.

W. W. Hughes was chosen Chairman, and J. M. Sullivan Secretary. After a few remarks by the chair, Matt F. Johnson moved that a committee of five be appointed on Permanent Organization and Order of Business, Carried.

The chair appointed H. B. Nielsen, Gerald Keegan, Joseph Hahn, R. D. Stephens and L. Nixon, Jr. The committee, in its report, recommended that the temporary officers be declared and the permanent officers of the convention, at the report was adopted.

The following nominations were made for School Directors: First Ward—Robert Fisher. Second Ward—Jerry N. Payne. Third Ward—John Hantzman. Fourth Ward—J. M. Henderson.

in aid of the Sisters of Mercy, will meet at the Convent this evening at 7 o'clock.

There is said to be a case of scarlet fever in the vicinity of Eleventh and I streets, but there was no danger signal displayed thereabouts up to last evening.

Miss Simms, the Evangelist. Last night, Lucy Simms, the colored evangelist, preached at the Florence Mission on Third street. The hall was filled, and many were unable to gain admittance.

At the close of the sermon more than a dozen asked for prayer, and before the meeting closed several professed to have been converted.

Miss Simms will speak at the Florence Mission again to-night, both on the street and in the hall.

Bell's Saturday Sale. At 10 A. M. on Saturday Bell & Co. will sell at auction at their salesroom, Tenth and J streets, horses, buggies, wagons, harness, carriages, etc.

The Executive Committee of this body was to have held a meeting last night with closed doors to consider the matter of making nominations (or endorsing others) for School Directors.

There was not a quorum of the committee present up to 8 o'clock, and the chairman stated that if any action should be taken it would be made public, but nothing further was heard from the committee.

Promising Sacramento Colt. Wilbur Smith's Zaldivar made a show of the colts that started against him for the Autumn Stakes in San Francisco on Wednesday.

Justice Starr yesterday imposed a fine of \$75 on William Milligan, the Antelope saloon-keeper who had been convicted of selling liquor without a license.

USE OF THE BATH. Beneficial Results When Utilized With Judgment. No practice, however long established, has ever been allowed a permanent right to respect.

"I don't like the idea," he said, "of parting with my street-car property. I took hold of it when it amounted to nothing, and have built it up into a good business. I have worked hard to make it a desirable and lucrative property, and it goes against the grain to think of letting it go."

"I would like to consult my own feelings in the matter," he said, "but my family and friends have been at me so long and so persistently to consent to its sale that I have lately yielded to them."

"You see, I'm getting along in years, and my nature to give my personal attention and supervision to any business I may be engaged in, I realize that I have worked to hard of late years, and I suppose I would keep on doing so if I were to continue in the business."

"In case you should sell out, Mr. Carey, would you retain an interest in the business?" he asked the reporter.

"Well," he replied, "the parties with whom I'm negotiating, and who seem to expect to sell, have asked me if I would retain a considerable interest in the roads, and I told them I would. They are stronger here, and would like to have the benefit of my knowledge of things in Sacramento."

"That interest, then, would give you sufficient to do, would it not, to keep you busy?"

"Oh, yes; but I have other large interests, and they are widely scattered. I take up my time with the young men of the ranches and keep them running properly, there are so many men to watch and so much to do. It is this fact, together with a regard for the health of the children, that induced me to consent to part with my street railroads."

"If you sell, then, it will probably be to these Eastern parties?"

"Most likely; and if they come to me, I tell you they will equip these roads in the shape of a fine street railway. I never had the least objection to the proposition, and I told them I would. They are stronger here, and would like to have the benefit of my knowledge of things in Sacramento."

"That interest, then, would give you sufficient to do, would it not, to keep you busy?"
