

NOT ENOUGH MONEY.

No More Granite Steps in Capitol Park Till 1893.

The Estimate of the Money Required for the Purpose was Too Low—The Sidewalk Goes.

The granite steps for the Capitol grounds will have to go uncompleted until the meeting of another Legislature.

The Legislature of 1889 made an appropriation of \$17,920 to construct ten tiers of granite steps on the grounds. The whole amount estimated by competent stone-cutting firms to be sufficient to complete this work was expended on four flights, and about enough rock was cut for one more.

The last Legislature appropriated \$8,000 to complete the work in the same style as that already done.

The present Board of Capitol Commissioners claimed to be able to make \$6,000 go as far as the \$17,920 of their predecessors. They advertised for bids, none of which came within the sum appropriated for the purpose. The lowest bid was a trifle short of \$9,000, showing that the appropriation of 1889 was ample to complete the whole work if it had been left by contract, instead of by day's labor.

It is desirable that the steps be completed, as the dressed stone is piled up in an unsightly manner on the grounds, but it is understood that the Capitol Commissioners do not intend to exceed the letter of the law, as they interpret it, in regard to the completion of the steps. The law appropriates \$6,000 to complete the work, which cannot be done for that sum, and the Board of Examiners cannot by virtue of another law create a debt to finish the work except it be a case of unavoidable necessity.

It is said that the Capitol Commissioners think there is no absolute necessity for completing the steps any more than there has been in the past, and decline to assume responsibility in the premises beyond what is provided for in the statute. The work will, therefore, have to be postponed until the next Legislature meets.

The Commissioners have on hand an appropriation of \$18,400 with which to build a fence and put down granite curbing and a concrete sidewalk around Capitol Park. It seems that the character of the work was decided on long ago, and all that remains to be done is to advertise for bids. It has been very difficult to do, however, to get a full meeting of the board, and progress has been thus delayed.

The fence will consist of granite posts fourteen inches in diameter at the base, and tapering slightly toward the top, set in a bed of concrete. The posts will be fifteen feet apart, and each will have an ornamental cast-iron cap, from which will be hung a single chain. The posts will be three and a half feet high.

The granite curbing will first be put down, and as the work on these progresses the concrete walls will be laid.

bon party at Turner Hall last evening. The hall was beautifully decorated, and no expense was spared to make the party a great success. The attendance was quite large.

Real Estate Transfers.

The following real estate transfers have been recorded since our last report: Lucius H. Foote to D. A. Lindley—Lot 5, H and J, Twenty-seventh and Twenty-eighth streets; \$1.

Halsey G. Smith to Peter Sullivan—East half of lot 2, E and F, Ninth and Tenth streets; \$800.

H. G. Smith to John Anderson—South quarter of lot 1, E and F, Ninth and Tenth streets; \$600.

John and Ella Rainey to John S. and Mary Williams—East half of lot 2, W and X, Twenty-ninth and Thirtieth streets; \$10.

J. S. and M. Williams to J. Rainey—Part of ten-acre tracts 11 and 12 in Sutter Grant.

Albert Elkus to Eugene S. Elkus—Lot 5, K and L, Twenty-fourth and Twenty-fifth streets; \$10.

The Franchise for Sale.

Manager McCloskey is reported as stating in San Francisco that there is no truth in the report that Bill Goodenough will manage the Senatorial team next year. McCloskey states that the franchise is up for sale, and that Mr. Vice will readily part with the team if she is paid \$1,500. McCloskey intimates that he does not care to remain here next season. He is arranging a benefit for the players, and contemplates having a game by electric light as the principal event on the programme.

"Woman, Know Thyself."

Dr. Mary M. Cronemiller will give a health talk to ladies only at the Young Women's Christian Association rooms on Friday evening, November 27th, at 8 o'clock. Her subject will be "Woman, Know Thyself." Ladies holding membership tickets will be admitted free.

Saloon Cases Continued.

The cases of Emil Heinrich, William Ellsworth and Dan Tamo, charged with violating the liquor-license ordinance, in keeping their saloons open after midnight, were called in the Police Court yesterday and again continued until the 23rd inst.

POOR PARROTT.

The Pennant Champions Bat Him Out of the Box.

A Small Crowd Attends the Game of Ball at San Jose—No Enthusiasm Over the Closing Games.

SAN JOSE, Nov. 20.—The game between San Jose and Sacramento to-day was won by the former, with a score of 8 to 5. Parrott, Sacramento's new pitcher, was in the box, and was batted all over the field. The San Jose won by bunching their hits. The attendance was small.

SAN JOSE, Nov. 20.—The game between San Jose and Sacramento to-day was won by the former, with a score of 8 to 5. Parrott, Sacramento's new pitcher, was in the box, and was batted all over the field. The San Jose won by bunching their hits. The attendance was small.

HOPE DEFERRED.

The World's Fair Commissioners Beginning to Lose Heart.

The gentlemen composing the World's Fair Commission are very uneasy over the continued uncertainty regarding the validity of the Act of the last Legislature appropriating \$300,000 for the purpose of making a creditable State display at the Columbian Exposition. There is a great deal to be done, but the Commissioners are tied hand and foot by the refusal of the State Controller to draw warrants against the appropriation, and by the Supreme Court's inability to decide the case.

One of the Supreme Justices stated to a *Record-Union* reporter the other day that it was impossible to say just when the court would be able to pass upon the question submitted to it. The work of the court is greatly behind, although its members have labored hard to keep as nearly up with it as possible, and he did not feel like hazarding even a guess as to when the case will be decided.

A. T. Hatch, who is a member of the World's Fair Commission, is in the city yesterday. He expressed great disappointment at the unavoidable delay in the matter, and said he would have resigned from the commission but for the desire of his colleagues to have him stay with them and see the thing out.

A WHAT-IS-IT?

Strange Animals Trapped in the Hills Near Capay Valley.

Abu May and his brothers are putting in their spare time trapping foxes and other "critters," says the *Esparto Independent*. They recently caught, along with a number of foxes, two animals which some say are ring-tailed mannikins. Others, who saw one of the animals, call it a "mountain cat." It was quite tame, and if touched would lick the hand or object. We compared it with a picture of a ring-tailed mannikin found in Webster's Dictionary, and so close to the resemblance that, the only difference we could perceive was in the feet.

Those of Mr. May's animal were like a half-grown kitten, while the picture mannikin look more like a monkey's. E. E. Warren quizzically asked if it might not be a cross between a mannikin and a cat. The mannikin is a native of Madagascar and neighboring islands. It might be possible that several of these animals at some time in the distant past were brought to this coast and obtained their liberty.

SIMILAR TO OURS.

San Francisco's Auditor Refuses to Pay Firemen's Salaries.

Henry C. Dibble, in the name of the State of California and as attorney for Auditor Smiley of San Francisco, has filed a complaint there against John Willis, which is a case for the power of the Supervisors to appoint additional officers in the fire department. Under the law the Fire Commissioners appointed two assistant engineers of the fire department, at salaries of \$150 a month, and in March, 1888, the Supervisors authorized the Commissioners to appoint two additional engineers.

In March, 1890, the Supervisors authorized the Commissioners to appoint another engineer, making five such engineers, and Willis was the appointee. He presented his claim for services to the Auditor, who refused to issue a warrant therefor, on the ground that his appointment was illegal, for the reason that the law only authorized the Supervisors to appoint four assistants.

Tug-of-War Meeting To-Night.

There will be a meeting at Federated Trades Hall this evening of the committee having charge of the matter of arranging for a tug-of-war between teams representing the several unions.

The contest will take place under the auspices of the Federated Trades at the old Pavilion, on Monday, December 1st, and continue three nights. The prize money will amount to \$500, and the proceeds will go toward furnishing Federated Trades' Hall.

Emmanuel Baptist Church.

Revival services are being held in the Emmanuel Baptist Church, at Twenty-fifth and N streets. The meetings have been well attended, and will continue up to next Wednesday night.

Rev. E. T. Whittemore of Berkeley will preach. Subject to-morrow evening: "Choose Ye This Day Whom Ye Will Serve."

Court Capital Party.

Court Capital, Ancient Order of Foresters, gave an anniversary social and banquet at Turner Hall last evening.

TEACHERS' INSTITUTE.

It Will be Held in This City the Coming Week.

George Kennan, the Russian Traveler, to be One of the Lecturers—Committees, Programme, Etc.

On Monday, Tuesday and Wednesday of next week the Teachers' County Institute will be in session in this city. Superintendent Howard has been very energetic in his efforts to make it one of the most interesting sessions of the institute held in this county. He has secured such eminent lecturers as Professor David S. Jordan, of the Leland Stanford Jr. University, and George Kennan, the celebrated Russian traveler.

The officers and committees of the institute (subject to confirmation) will be as follows: Instructor, P. M. Fisher, Oakland; Vice-Presidents, Joseph W. Johnson, Miss M. J. Watson, James H. Pond; Secretary, E. P. Howe, Jr.; Assistant Secretaries, Miss L. J. Conrad, Miss Grace Bowen.

Committee on Introduction—Miss Mollie B. Johnson, Miss Maria Carrington, Miss L. E. M. E. Mumford, Sacramento; Miss Alice Magann, Elk Grove; Miss Clyde Ray, Galt; Miss Alice Burke, Yolsom; Miss Della Manning, Antelope.

Committee on Music—Miss Lizzie Griffin, Miss Irene Richardson, Miss Emma Hughes, Miss Lillian Howell.

Committee on Resolutions—James H. Pond, Miss Josie J. Regan, J. E. Blanchard, Mrs. E. P. Purnell, Miss M. J. Watson, Mrs. M. D. Morrill, Mrs. Hetty A. Dunn, Julian W. Johnson.

ROUTINE OF BUSINESS.

Monday morning, 10 o'clock—Organization; invocation, Rev. R. M. Stevenson; music; recitation, Miss Alice E. Dippel; address, Rev. B. H. Silcox, "Original and Relationships of the English Language," F. L. Wharf.

Monday afternoon—Roll call and music; "Agassiz's" "The Origin of Man," Professor David S. Jordan; "Patriotism," Mrs. E. P. Osborn; discussion; recess; general remarks, Superintendent J. W. Anderson; "Value of Higher Education," Professor David S. Jordan.

Monday evening, 8 o'clock—Sixth Street Methodist Church, 10 o'clock, "Now Tramp O'er Moss and Fell," Miss Cassidy, Mrs. Howard, Mr. Cohn, Mr. Kinross; recitation, Miss Alice E. Dippel; guitar duet, Miss Lavinia Kinn and Miss Belle Morton; vocal solo, "On Venice Waters," Mr. Cohn; recitation, Guy Durrell; vocal quartet, the "Madrigal" from the "Mikado," Miss Lavinia Kinn, Mr. Cohn, Mr. Kinross, Miss Lizzie M. Griffin, accompanist; lecture, "The Ascent of the Matterhorn," Professor David S. Jordan.

Tuesday morning—Roll call; chorus; first-grade pupils Sacramento Grammar School, Miss Lizzie M. Griffin, accompanist; geography, "How Much and How," P. M. Fisher; "Natural Curiosities," Miss Grace Bowen; recitation; Miss Alda Spring; mental arithmetic, "How to Show in Connection With Written Work," W. O'Connor; discussion; "Phonics and Diacritical Marks," Miss Flora Greenlaw; discussion.

Tuesday afternoon—Roll call; the Mikado fan drill, pupils of the Sacramento Grammar School—Miss Emma Hughes; "Early Studies in the History of Language," Leonard Levy; recess; reading; opening remarks, Superintendent Hart; primary reading, W. S. Cranmer; reading in the grammar grade, Miss Minnie Sweeney; discussion.

Wednesday morning—Roll call and music; history, P. M. Fisher; discussion; "The Newspaper in the Public Schools," Why It Should be Read by the Pupil," Miss M. Sue Hickman; discussion; recess; physical culture—pupils of the Capital Grammar School—Miss M. M. Malmstrom.

Wednesday afternoon—Roll call; recitation, Miss Alice E. Dippel; language, "When to Begin and How," P. M. Fisher; discussion; recess; miscellaneous work; report of committees; adjournment.

Wednesday evening, 8 o'clock (Congregational Church, Sixth street, between I and J)—Lecture, "An East Siberian Country," by Rev. J. W. Johnson. Teachers whose names are on the Institute roll will receive tickets for this lecture free of charge on application to the Secretary, after the final adjournment of the Institute. There will be a small admission fee for others.

CAUSED A SENSATION.

A Lady Falls in Hysterics in the Superior Court.

The suit of Mary Enos to recover money alleged to be due for wages from Antonio Perry was on hearing before Superior Judge Catlin yesterday. The case was going on smoothly when suddenly Mrs. Silva, daughter of Perry, fell upon the floor in an hysterical attack. Her struggles were so violent that it required several strong men to hold her. Many of the spectators in the courtroom thought that the lady was dying, and became greatly excited.

Mrs. Silva was carried into District Attorney Ryan's office, where she was attended by a physician. She finally recovered sufficiently to be taken home.

KNOCKED SILLY.

A Fig Thief Who Wasn't in It With the Muscular Clerk.

A sneak-thief came to grief yesterday while attempting to get away with a box of dried figs which he had stolen from Curtis Bros.' Sacramento Market. He had got partly across the street when one of the attaches of the market overtook and dealt him a blow on the jaw that would have made an ordinary pug very groggy. The thief dropped his plunder and vanished from sight through the door of a neighboring saloon.

The Barometer Still Well Up.

The Weather Bureau's reports show the highest and lowest temperatures yesterday to have been 57° and 37°, with frost in the morning.

The barometer is extremely high in California, and quite low, with heavy rainfalls, in Washington and Oregon, there being nearly two inches in twenty-four hours.

The highest and lowest temperatures one year ago yesterday were 72° and 37°, and one year ago to-day 66° and 41°.

The Cooke Monument.

The outlook is that the money necessary to pay for the proposed monument to the late Matthew Cooke will soon be raised by the horticulturists, for whom the deceased Sacramento had so much through his labors for the destruction of fruit pests.

The estimated cost of the monument is \$500, of which sum about \$300 has already been paid in and considerable more subscribed.

Fatal in Both Cases.

About a week ago a young Englishman named Robert Bennett was taken to the County Hospital with a fractured skull, resulting from an injury received while at work on a steamer down the river. He lingered until yesterday, when he died.

The injuries sustained recently by John F. McGee, who was so badly burned by the explosion of a lamp at Oak Hall, have also resulted fatally.

Charles McGee of Rocklin.

Chief of Police Drew received word last evening that Charles McGee, who is wanted in Rocklin on a charge of burglary, has been arrested at San Francisco.

Constable Butler was notified and he will probably go down for his prisoner to-day.

McGee is charged with having entered a house at Rocklin and stolen considerable clothing, money and other valuables. The arrest was made through Officer Simmons of this city, who met McGee on Market street and pointed him out to one of the local officers.

Her Reason Detroned.

John Patterson of French Gulch, Shasta County, arrived in the city yesterday and made inquiries of Sheriff Stanley regarding the condition of Mrs. Marie Grannis, Patterson's sister-in-law, who was brought to the County Jail several days ago in a demented condition. The poor woman does not seem to recognize friends, and believes that she has enemies who desire to harm her. She will be examined by the Insanity Commission to-day.

Turf Club To-Night.

There should be a full attendance of members at the meeting of the Capital Turf and Driving Club at the Golden Eagle Hotel this evening. The purpose is to consider matters relating to the next spring meeting and also to make arrangements for some local races on Thanksgiving Day.

New Fruit Company.

Articles of incorporation of the Evansdale Fruit Company of Visalia were filed in the Secretary of State's office yesterday. Capital stock, \$20,000. Directors—M. J. Rouse, S. Mitchell, W. H. Hammond, C. L. Johnson and Charles English.

Racing on Rollers.

There will be a handicap mile race at the skating rink to-night, which promises to be quite interesting. The race will be between William Lousier, William Wallace and C. Touhey. Lousier and Wallace agree to give Touhey half a lap advantage in the start.

Suit Compromised.

The suit of the musicians, Jones, Fisch & Watson against M. Hirsh to recover payment for music furnished, has been compromised, and was dismissed by Superior Judge Van Fleet yesterday on motion of counsel for the defense.

A GREAT WELL.

It Seems to Have Tapped a Subterranean River.

The experimental well at Oak Park is proving a wonder. It continues to supply the pump with fifty thousand gallons an hour, which is at the rate of more than a million gallons a day.

There is an immense pressure of water from below, as the reader will understand from the statement that the water comes through the six-inch pipe (the diameter of the lower ninety feet of the well) at the rate of fifteen feet per second.

This shows that there must be a perfect torrent of water pouring through the great gravel strata east of the city. It is the intention of the committee of citizens having charge of the experiment to construct a box to hold a considerable quantity of the water that is being pumped, where the sand can settle, and to provide a number of drinking cups, so that the public may test the water freely and pass judgment upon its quality. A quantity will also be forwarded to the State University to be analyzed.

The pump will be kept running at the well to-day, also during the afternoon tomorrow for the benefit of all who may wish to visit and inspect its workings.

Illegal Fishing at Truckee.

The Truckee Republican says that whitefish are being caught out of the holes along the river with grab-hooks. A reporter saw three caught in this way in five minutes, one day last week, by a party of "line" fishermen. He endeavored to conceal the fact that they were fishing with the unlawful grab-hooks. The water in the river is low, and the fish cannot escape their persecutors.

Clergyman and Burglar.

Rev. J. Levy was returning home late one night this week, when he discovered a burglar in the act of ransacking his house. The thief had several articles in his possession, but a few Dempsey blows from the reverend but athletic gentleman made him drop them and clear the long flight of stairs leading to the sidewalk in two jumps.

He Got Off Cheaply.

The charge of being a common drunkard which had been preferred against James G. Ryan was reduced to simple drunk yesterday in the Police Court, and he was fined \$10, with the usual alternative of five days.

"My Daughter's Life"

Was saved by Hood's Sarsaparilla," says Mrs. B. B. Jones of Alma, Maine. "She had been running sore in different places on her body, but since giving her Hood's Sarsaparilla she has become well, strong and healthy."

DIED.

SOZA—In Yolo County, opposite Freerport, November 20th, Manuel Soza, beloved husband of Mary S. Soza, a native of Azores Islands, aged 75 years. Friends and acquaintances are respectfully invited to attend the funeral from his late residence, Yolo County, opposite Freerport, Sunday, November 22d, at 9 o'clock, from the Cathedral, Eleventh and K streets, where funeral services will be held.

A Neglected Feature.

Quality has been a neglected feature with many retail grocers, and this no doubt, has had an influence in encouraging adulteration. It makes no difference under what conditions adulterated articles are sold or what excuse competition may furnish for their existence, the grocer owes it to his calling and to the consumers who trust him, to encourage the sale and use of Dr. Price's Delicious Flavoring Extracts because of their high standard and purity. Never substitute a low grade for a good quality. Cheapness means poorness and a loss of business in the long run.

Changed Daily for Weinstock, Lubin & Co.

PARLOR LAMPS.

Nickel Plated Lamps, circular wick, 200 candle power, complete \$1 60.

Artistic Brass Lamps, low, broad shapes, silk fringe shades, \$2 85.
