ISSUED BY THE SACRAMENTO PUBLISHING COMPANY

Office, Third Street, between J and K.

THE DAILY RECORD-UNION, For one year, \$6 00 For six months, 3 00 For three months, 1 50

THE WEEKLY UNION, Is the cheapest and most desirable Home News and Literary Journal published on the Pacific Coast.

These publications are sent either by Mail or Express to agents or subscribers, with charges prepaid. All Postmasters are agents.

The Record-Union and Weekly Union are the only papers on the Coast, outside of San Francisco, that receive the full Associated Press dispatches from all parts of the world.

San Francisco Agents. This paper is for sale at the following places: L. P. Fisher's, room 21, Merchants' Exchange, California street; the principal News Stands and Hotels, and at the Market-street Ferry.

WHO DISPOSED OF THE OBSTRUCTIONS? When William McLaughlin became Street Commissioner the city sidewalks were blocked, encroached upon and obstructed and had been for years.

WHO GAVE US THE LIGHTING SYSTEM? It is admitted on all hands that Sacramento is better lighted by electricity than any city of the State.

When William McLaughlin became Street Commissioner the city sidewalks were blocked, encroached upon and obstructed and had been for years.

It remained for William McLaughlin to clear out the whole lot of obstructions. He took up the ax of authority, laid it at the root of the evil and tore down the obstructions, pulled them about the ears of offenders and cleared the streets.

That is the kind of man we want in the office; one who knowing his duty does it; takes on responsibility, shoulders the consequences and trusts in the people and the law to vindicate him.

DOCTORS' REPORTS. The same difficulty has arisen in Chicago that threatened here not long ago. A number of physicians refuse to report cases of contagious disease unless they are paid a fee therefor.

A SCROFULOUS BOY. Running Sores Covered His Body and Head, Bones Affected. Cured by CUTICURA Remedies.

When six months old, the left hand of our little boy began to swell and had every appearance of a large boil. We poulticed it, but all to no purpose.

THE SOFT GLOW OF. The rose is acquired by ladies who use Forzoni's Complexion powder. Try it.

paid for reporting a fact that comes to his knowledge that it is essential to the preservation of public health for city authorities to learn, for the reason that concealment of such a fact is in the nature of assault upon the public health.

THE BRAZEN EFFRONTERY. The effort of the bosses to down John B. Rodgers has recoiled upon themselves. They first inspired a political body to seek the opinion of the State's law officer upon the question whether a child under certain conditions gains citizenship through the naturalization of its mother.

Next they inspired their hand-organ to declare that Mr. Rodgers was not a citizen, and to warn the people that his right to a place upon the official ballot would be objected to and contested. Then came the second decision of the State's law officer, that Mr. Rodgers is eligible to be a candidate, and is a citizen and eligible to election.

For the third time the desperate men came back, and through the bosses' hand-organ announce that despite the law, and the decisions under it, if the voters of the city dare to elect John B. Rodgers Chief of Police, he will not be permitted to take the office, but by legal steps will be enjoined.

All of which makes votes for Mr. Rodgers. The opponents of this free citizen can find nothing whatever to advance against him, and have therefore entered upon the dangerous work of intimidating voters, and threatening law suits and contests and legal injunctions. We mistake the temper of the people if they do not resent this impudence as it deserves.

It will repay any who doubt this to look back over the history of his administration. They will find that what we have stated is accurately correct.

What is achieved under an officer's administration is, in all fairness, to be passed to his credit. Cement sidewalk building we have as a settled system now; but seven-tenths of the progress made in city improvements of that order is due to William McLaughlin's courage and push.

REPRESENTATIVE GEARY of California has introduced a bill in Congress admitting Chinese to this country during the year of the Columbian Exposition. This is without doubt a scheme of the Chicago managers to change the determination of China not to exhibit at the coming Columbian Exposition.

HAVE YOU THE GRIP?

Many People Have It and Do Not Know It. How to Recognize the Symptoms and How to Treat Them. Hundreds of people have the Grip who do not know it. Not necessarily the final stages, but the first stages. They feel pains in the head, and a bad taste in the mouth, get tired and despondent, have chilly sensations, limbs and muscles ache, in some cases these things are overlooked. In most cases perhaps they are considered simply a slight cold. In nearly every case they indicate the coming of Grip.

Special Notices. FAST TIME TO THE EAST. The Atlantic and Pacific Railroad (Santa Fe route) is now twelve hours shorter to Kansas City and St. Louis, and twenty-four hours shorter to Chicago than formerly.

MRS. WINSLOW'S SOOTHING SYRUP, has been in use over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays pain, cures wind colic, regulates the bowels, and is a sure remedy for diarrhea, whether arising from teething or other causes.

UNLESS the breath is like a spicy gale, Unless the teeth gleam like the driven snow, There is no dazzling smile or tender tale, Grattled to woman's eye or ear, we know, The tale would lose its charm--the smile be gaudy, The brought within the spell of SOZOPONT.

HALE BROS. & CO.

Eighty-two years ago to-day the present occupant of the Papal Chair was born. It has been regarded as just possible that His Holiness may come to this country to open the great Catholic Congress at Chicago.

This congress is to some extent an outgrowth of the World's Fair and the topics it will be called upon to discuss include some social problems of the most absorbing interest.

Just as interesting is the announcement that our Dress Goods department is teeming with NEW GOODS. There is a line of All-wool Camels' Hair in plaids, stripes and checks at 37c a yard.

Better value than can be found as a rule at this price. 50c a yard will purchase a number of different lines. Take the 36-inch Cheveron Cloth, all new spring shades, or the 40-inch Camels' Hair with polka dot, a

new spring novelty; also the line of Homespins. Any of these lines will make a neat and inexpensive dress.

STILL SELLING the fancy stripe Flannelette at 5c a yard, in new spring colorings. No better value will come with later arrivals.

JUST COME. We merely wish to mention the fact that we place on sale to-day many new and attractive designs in Gents' Neckwear, late in style, best in quality, lowest in price.

Men's Fancy Half Hose, 3 pair for 50c, are causing considerable favorable talk.
