

NO MORE TRUST AGREEMENTS.

THE SUPREME COURT OF OHIO RENDERS A DECISION.

The Standard Oil Company Prohibited From Filing any of Its Trust Contracts.

Special to the Record-Union.

COLUMBUS (Ohio), March 1.—The Supreme Court of Ohio, in the case of Attorney-General Watson vs. the Standard Oil Company, handed down a decision today of importance concerning trusts.

This case was instituted by petition in a quo warranto to oust the company from its corporate rights and to forfeit its franchise. The judgment of the court is to oust the company from the right to make the trust agreements set forth in the petition and of the power to perform the same.

This is all the Attorney-General desired. He had no animosity toward the company and did not desire to deprive it of corporate rights as enjoyed by others, but of its trust agreements, which are contrary to law. Under the decision the company will be allowed to continue corporate powers.

The decision of the Supreme Court sustains the Attorney-General's demurrer to the answer of the Standard, which set up the defense that a trust agreement was entered into by individuals and not by a company as a corporation holding a franchise.

While the decision does not oust the company from its franchise, it prohibits it from any trust continuing to carry out or fulfill any provisions or agreements under trust contracts. The Attorney-General of New York has papers ready to file against the Standard in the State, prepared in contemplation of this decision.

CHICAGO MEAT TRUST.

JERSEY CITY, March 1.—A special meeting preparatory to the annual meeting of the Chicago Junction Railway and Union Stock-Yards Company was held this afternoon in this city.

A proposal to change the nature of the company's business by establishing, maintaining and operating near the stock-yards of the company in Chicago warehouses, doorways, and improvements, and to acquire and establish for said purposes land and warehouses or other improvements in or in proximity to Chicago or elsewhere, was adopted by a large majority.

ONLY A SHAM.

The Southern Alliance's Opposition to the Third Party So Characterized. JACKSON (Miss.), March 1.—Representative McAllister, Chairman of the National Committee of the Anti-Sub-Treasury Alliance, this morning was asked by an Associated Press representative what he thought of the recent labor conference at St. Louis and its bearing upon politics in the South.

He said: "The pretended opposition of Southern delegates to the third-party movement is the most sham of shams. There is no full sympathy with it, possibly with the exception of Livingston of Georgia, who is in doubt as to whether his State is ripe for the movement. There is no question but that the Sub-Treasury element in the Southern Alliance will join the movement. The third-partyites adopted the Social platform and this element believes their political salvation depends upon the success of the Sub-Treasury land-loan scheme. The movement is fraught with danger to the Democrats in several Southern States, notably in North Carolina, Alabama and Louisiana. A fusion of this element with the Republicans would seriously imperil Democratic success. The Republican managers recognize the waning fortunes of their party in the Northwest growing out of this movement and will eagerly embrace any fusion in the South as an offset. Our committee will issue a call this month for a national convention to reorganize the Sub-Treasury and other party schemes."

SAVARD DECISION.

How It is Viewed by the Leading London Journals. LONDON, March 1.—The Standard this morning, referring to the decision of the United States Supreme Court in the Savard Behring Sea case, says: "This decision leaves the diplomatic situation precisely where it was before. There is no reason to assume the Judges considered international equities. The failure to procure judicial pronouncements on the validity of the pretension set up by the Washington authorities will rather facilitate than prejudice a full and amicable settlement between the United States and Great Britain. It is idle to pretend that imperial rights are prejudiced by the decision. This is merely a municipal matter, and the superior and interior tribunals of the United States are the Globe says: 'Probably the Judges are going to get rid of the whole matter by the help of the arbitral procedure. It still remains for the United States to show that Behring Sea is exempt from the operations of international law.'

NATIONAL BANKS.

A Bill for the Better Control of them and for their Safety. WASHINGTON, March 1.—The Senate Finance Committee today directed that a favorable report be made on the House bill for the better control of and to promote the safety of national banks.

An amendment was added authorizing the banks to enlarge their circulation to the full par value of United States bonds deposited.

RATES TO FOREIGN POINTS.

The Power to Fix Them Does Not Lie With the United States. SPRINGFIELD (Ill.), Feb. 22.—Judge Allen in the United States District Court today sustained the demurrer to the indictments against Milton Wright, General Freight Agent of the Wabash Railway, and J. M. B. Kehlor of St. Louis, doing business under the name of Kehlor Brothers, for a violation of the Interstate Commerce Act by cutting rates on shipments of flour from East St. Louis to Montreal, Canada.

The court held that Congress had no power to make any law regulating railroad rates between points in the United States and points in foreign countries.

This decision ends the matter so far as Wright and Kehlor are concerned, the indictment being quashed by this demurrer.

Congress.

WASHINGTON, March 1.—After the Senate disposed of considerable business of no great importance, it resumed consideration of the Idaho contested election case, and Sanders took the floor in defense of Claggett's right to the seat.

Morgan made a legal and constitutional argument against the right of Dubois to occupy a seat in the Senate.

HOUSE.

WASHINGTON, March 1.—In the House today George of California was recognized to ask consent for the passage of a bill for the disposal of the lands known as the Klamath River Indian

Reservation in California. There was no objection, and the bill passed.

The District of Columbia appropriation bill was reported and referred to the Committee of the Whole.

The House then went into Committee of the Whole on the Indian appropriation bill.

When the Committee of the Whole reported the bill to the House, the previous question having been ordered, Pickler of South Dakota demanded a separate vote on the Bowers amendment providing that vacancies hereafter occurring in the Indian agencies be filled by army officers.

The amendment was adopted by a vote of 142 to 54. The bill then passed.

The Millin of Tennessee, from the Committee on Ways and Means, reported the free wool bill, which was referred to the Committee of the Whole, together with the views of the minority presented by Burrows of Michigan. Millin stated that owing to the illness of Springer he would not call the bill up until Tuesday next.

Bryan of Nebraska and Turner of Georgia, respectively, from the same committee, reported bills for the free entry of binding twine and cotton bagging and ties, which was referred to the Committee of the Whole. Leave was granted Payne of New York and Dalzell of Pennsylvania to present the views of the minority.

National Bank Failure.

LIMA (O.), March 1.—The Lima National Bank of this city was closed this morning by the Examiner on the order of the Comptroller of the Currency. The trouble, it was brought about by speculations of the President, C. B. Faurel, who for the past four years has been engaged in extensive railroad and land projects in Mexico, but which have resulted disastrously. He borrowed from the bank extensively, and although securing it by ample mortgages, it created distrust, which brought on a run. The capital stock was \$100,000, and the holders belong mostly in this city. It is believed that depositors will receive their money in full.

To Inspect Sugar.

WASHINGTON, Feb. 29.—Commissioner of Internal Revenue Mason has agreed to appoint J. H. Dawson of San Francisco special agent of the Treasury Department to inspect sugar under the Bounty Act. Agent Cusick, who was first appointed, resigned because his duties required him to be absent a great deal of time from San Francisco. There are twelve of those agents and their pay is \$5 per day. The appointment will be made upon the recommendation of Representative Loomis.

Pension Medical Examiner.

WASHINGTON, Feb. 29.—Commissioner of Pensions Raum has agreed to appoint Dr. Shields of San Francisco Pension Medical Examiner on the recommendation of Representative Cutting.

Land Decision.

WASHINGTON, March 1.—In the case of the Central Pacific Railroad Company vs. James C. Rowe, involving land in the Sacramento district, the Commissioner's decision was affirmed.

CAPTAIN PRATT PUNISHED.

HE SAID THE CATHOLIC CHURCH HAS A LOBBY IN CONGRESS. Upon Reiterating the Charges His Salary is Cut Off the Appropriation Bill.

WASHINGTON, March 1.—The Catholic Church and the charge that it maintains a lobby at Washington to manipulate appropriations in behalf of Indian sectarian schools was the subject of much acrimonious discussion for three hours in the House today.

The Indian appropriation bill was the measure under consideration, and the immediate cause of the religious discussion was the section making the appropriation for the Carlisle Indian school.

It was stated in the House that Captain Pratt of the United States Army, Superintendent of that school, in speaking of the appropriation for the Indian school, had said: "They work through the Catholic Church, in paying Congressmen to attack the National schools because they are detrimental to their parochial schools, which give them money in amount by the Government that other denominations receive."

Congressman Mansur of Missouri, Stockholder of Mississippi and Pendleton of Virginia, who were understood by implication to be the Congressmen referred to, made a lively attack on Captain Pratt, and demanded as the penalty for his utterances that the \$1,000 appropriation he annually receives as Superintendent of the Carlisle Indian school, be stricken from the bill.

The Captain had many valiant defenders in the House, however, and it was more his reiterated declaration by telegraphing to his friends in the newspaper statement that finally led the House to adopt an amendment cutting off his salary as Superintendent.

Several of the Congressional friends who doubted whether the Superintendent had made the statement attributed to him, telegraphed to-day and received the reply that they were wrong. That the Catholics got more than double as much of the Indian school appropriations as all the other denominations combined, and that they were maintaining a lobby in Washington and manipulating politics to accomplish their purpose. These were general statements, having no bearing whatever on the individual members of Congress, much less to Mansur, in whose general views I concur."

This was quite satisfactory to Mansur, but not very consoling to anybody and its reading had the effect of causing the House promptly to adopt the proposed amendment.

A Very Useful Man.

Secretary Foster's appointment clerk, General "Dan" Macaulay, receives this testimonial to his official qualifications from the Washington Post: "He can talk to an applicant for a place, tell him why the place can't be had, give him reasons that cannot be refuted, and follow this up with a funny story, over which the disappointed office-hunter must laugh, and finally, accompanying him to the door, send him down the corridor in a thoroughly good way for a feeble, nervous condition, and having been loudly complimented on his strength and health. Try this excellent remedy."

An alloy of aluminum and titanium, which is said to be as hard as the hardest steel, has been invented by Professor Langley. The specific gravity of the alloy is but little above that of aluminum.

The Official Report of Gen. Hurst, Ohio Food Commissioner, shows ROYAL the purest Baking Powder.

Every other Baking Powder tested contained impurities — from 10.18 per cent. to 86.23 per cent. of their entire weight.

SLASHED BY A RAZOR.

Desperate Affray Between Colored Dive Habitues.

Henry Smith Slashes Ed Taylor, and Nearly Severs His Wrist—Row Over a Game.

The "Old Hoss" and "Rosebud" dives are keeping up their well-earned reputation. About 12 o'clock last night a row occurred in the former place between Henry Smith and Ed Taylor, both colored, over a game of cards.

The parties were separated, and each soon found himself in the congenial L street quarter. Taylor and a companion were at the sidewalk in front of the notorious Rosebud dive, when Smith emerged with an open knife or razor in his hand, and as soon as he struck the sidewalk war was resumed.

Taylor was armed with a cane, but his adversary was better heeled, and made a vicious sweep with his weapon, which caught Taylor on the left wrist and lacerated it clear to the bone, severing arteries and all. He was also hit on the head with some weapon which left a couple of scalp wounds.

Taylor was assisted to the Receiving Hospital by a couple of friends and City Physician Nichols summoned. The frightful wound was bleeding copiously, but the doctor sewed it up and stopped the flow of blood.

Officers Gibson and McLaughlin at once began a search for the razor-wielder, but up to 1 o'clock he had not been found.

FREE LIBRARY.

Business Transacted at Last Evening's Meeting of the Trustees. The Board of Trustees of the Public Library met at their office in the library building last evening. Present—W. C. Fitch, President; L. E. Smith, Vice-President; S. H. Gerrish, Secretary; E. B. Willis and Add. C. Hinkson.

The report of the Librarian for the month of February was read as follows: Number of books issued during the month, 3,741, classified thus: Fiction, 2,872, history, 252; literature, 177; fine art, 88; useful art, 32; natural history, 3; zoology, 18; religion, 20; philosophy, 61; general works, 137. Percentage of fiction, 76. Average number issued per day, 124. Number of patrons registered, 9,918. Amount of the fines collected, \$7.90. Number of books mended in library, 165.

The following bills were ordered paid: Capital Gas Co., \$23.70; Macmillan & Co., New York, \$22.81; S. W. Collins, \$2.50; D. Johnston & Co., \$7.50; Day & Joy, \$7.75; Wasserman, Davis & Co., \$4.60; Mrs. Mary B. Smith, \$6.31; J. W. Loomis, \$5.

The board tendered a vote of thanks to Charles E. Sprague for "Dictionary of Colloquialisms," by M. W. Wood, and "Hand-Book of Volapuk," by C. E. Sprague.

"Perley's Reminiscences," by Ben Perley Poore, two volumes, was ordered purchased. The board then adjourned.

Rain In North.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 60° and 47°, with threatening and cloudy weather prevailing.

The barometrical readings at 5 A. M. and 5 P. M. were 30.1 and 30.2 inches, showing quite a fall in the barometer.

While rain did not fall in this city there was an appreciable amount measured in San Francisco, and Red Bluff, which shows a storm must be approaching this vicinity.

The highest and lowest temperatures one year ago yesterday were 61° and 51°, with .96 of an inch of rain, and one year ago to-day, 62° and 50°, with .06 of an inch of precipitation.

Rain began to fall lightly about 9 o'clock last night, and the outlook at midnight was for a good storm.

Courthouse Notes.

Sheriff Stanley reports that he collected \$74.30 in fees during the month of February.

The County Clerk issued forty-two marriage licenses during the month of February, and collected \$81.65 in fees.

During the month of February 100 prisoners were confined in the County Jail. Thirty-eight were discharged during the month, leaving sixty-two in that institution on March 1.

The fees collected by County Recorder Johnson during February amounted to \$571.25.

Frederick W. Neldem, a native of Germany was admitted to citizenship in Judge Catlin's court yesterday on the testimony of A. Conklin and H. Neubaas.

Discharged From Custody.

Daniel Connelly and Charles Swickard, the young men who were arrested about a week ago by Constable Brisset, on suspicion of being "crooked" from San Francisco, were discharged by Justice of the Peace Henry yesterday, as no evidence had been obtained against them.

A Tough Lot.

Special Officer May came upon a gang of young toughs about 1 o'clock this morning, at Third and J streets, who were trying to lead a drunken man off toward I street to rob him. The young thieves scattered as soon as the officer came in sight.

Fight in the Suburbs.

A young man named Cook, and another whose name could not be ascertained, had a bare-knuckle prize fight in the suburbs on Sunday. The affair grew out of rivalry for the affections of a certain suburban maiden. Cook knocked his rival out.

BRIEF NOTES.

The Bookbinders' Protective Association has applied for admission to the Council of Federated Trades.

An election quarrel not appearing at the annual meeting of the California Museum Association last night, on motion of Judge Van Fleet it adjourned until May 2d.

Funeral of R. S. Frazee.

The funeral of the late Robert S. Frazee will take place this afternoon at 2:30 o'clock from his late residence, corner of Eighteenth and F streets. It will be attended by the police force in a body, members of the Grand Army, Union Lodge, F. and A. M., and Hussars.

MADE BY THE Cocoa DUTCH PROCESS are "Treated with Carbonate of Soda, Magnesia, Potash or Bicarbonate of Soda."

To partially supply the loss of natural flavor and color caused by this treatment, fragrant gums and dyes are used.

Dr. SIDNEY RINGG, Professor of Medicine at University College, London, and Physician to the College Hospital, perhaps the greatest English authority on the action of drugs, states in his "Hand-Book of Therapeutics" that "the sustained administration of alkalies and their carbonates renders the blood it is said, poorer in solids and red corpuscles, and impairs the nutrition of the body. Of ammonia, carbonate of ammonia, and spirits of ammonia, he says: 'These possess a strong alkaline reaction, are freely soluble in water, have a high diffusion-power, and irritate the mucous membrane. If the interest too long, they excite catarrh of the stomach and intestines.'

For more than 100 Years the house of Walter Baker & Co. have made their Cocoa Preparations ABSOLUTELY PURE, using NO Patent Process, Alkalies or Dyes.

W. BAKER & CO., Dorchester, Mass. SHILOH'S CONSUMPTION CURE.

This GREAT COUGH CURE, this successful CONSUMPTION CURE, is sold by all druggists on a positive guarantee. If you have a Cough, Sore Throat, Bronchitis, Hoarseness, it will cure you.
