ISSUED BY THE SACRAMENTO PUBLISHING COMPANY Office, Third Street, between J and K.

THE DAILY RECORD-UNION, For one year, \$6 00 For six months, 3 00 For three months, 1 50

THE WEEKLY UNION, Is the cheapest and most desirable Home, News and Literary Journal published on the Pacific Coast.

Entered at the Postoffice at Sacramento as second-class matter.

The RECORD-UNION and WEEKLY UNION are the only papers on the Coast, outside of San Francisco, that receive the full Associated Press dispatches from all parts of the world.

San Francisco Agencies, L. P. Fisher, room 21, Merchants' Exchange, California street, the principal News Stands and Hotels, and at the Market-street Ferry.

Weather Forecast, For the ensuing twenty-four hours: For Northern California--Continued warm, fair weather; warmer in the southern portion.

THE HUNTINGTON INTERVIEW.

We print this morning an article from the San Francisco Examiner of March 4th, written by C. P. Huntington, President of the Southern Pacific Company, in answer to a series of questions propounded by the journal in which the article appears.

The police department ought to be cleansed and lifted up out of the condition of subserviency to those who make politics a business and who pursue boss tactics as a following, and this is the common judgment. It can be accomplished only by taking the department out of the hands of spoilsmen.

The RECORD-UNION is so thoroughly American in its faith that it believes absolutely in the capacity of the people for self-government, and it trusts the people of Sacramento, therefore, implicitly to choose administrators wisely when once they are awakened to the necessity of every voter doing the duty that the right to vote imposes upon him.

We are shipping wool raised in this State across the continent, to be returned across the continent in the form of cloth. We are shipping raw materials to New York and to Boston, to be converted into leather and shoes and to be again shipped back to us.

CANDIDATES COMPARED. It is conceded that the election of Trustee to-morrow will develop a large vote, and that while Mr. McLaughlin will be chosen, there are many voters who will cast their ballots for Mr. Croly for precisely the same reason that the RECORD-UNION advises the election of Mr. McLaughlin--special fitness.

Mr. Huntington's declarations are those of a practical, successful business man. He views the conditions of our State from a summit of fifty years' active and successful business activity. From his standpoint, the whole topography of economic consideration lies plainly under view.

naturally sterile have achieved primacy among the empires of the earth through the genius of skill and the invincibility of labor. We commend Mr. Huntington's paper to the candid and impartial consideration of our readers.

CLOSE OF THE CAMPAIGN.

The local campaign closes this evening. Through it all the RECORD-UNION has given such prominence to the candidacy of men as the importance of good government demands, and wholly irrespective of political affiliation, which should not enter into municipal considerations.

This growing city must assure itself of prosperity mainly by good and economic administration of its affairs. It is the belief of this journal that this will be attained by the selection to-morrow of William McLaughlin for Street Commissioner, E. C. Hart for City Attorney, John B. Rodgers for Chief of Police, and Tom Scott for Fire Commissioner.

The RECORD-UNION has, in giving its advice to the three candidates who represent the three elements contending, only the best interests of the whole city and all the people at heart. It has no private ends or ambitions to conserve. We believe that while it is the right of a citizen to vote, it is also a duty, and that he who neglects it does grievous wrong to the community of which he is a unit.

The RECORD-UNION, as a factor in local activities, has, under this conviction, labored diligently and independently for what it is convinced is for the common good. While sharp criticism has been indulged in, it has nothing to regret, since it is only by incisive debate of local concerns that the people are roused to active participation in a municipal election.

To supplant the incumbent of the office of Street Commissioner by an untried and unskilled man at this time, when the city has gained gratifying momentum in street improvement, and is about to enter upon better systems of drainage and sewage disposal, we hold would be a mistake and tend to check the progressive spirit now so manifest.

The police department ought to be cleansed and lifted up out of the condition of subserviency to those who make politics a business and who pursue boss tactics as a following, and this is the common judgment. It can be accomplished only by taking the department out of the hands of spoilsmen.

STATE OF CALIFORNIA, COUNTY OF SACRAMENTO, In the Superior Court, in and for the County of Sacramento, in the matter of the estate of MURPHY, deceased.

There is time enough for every citizen to vote to-morrow. No business can be so pressing that any one can afford to waive his right in preference for business. There is no need to close places of business to forward full voting. The law gives to every employe two hours of absence from his labor, without forfeiture of wages, in which to go to the polls. It ought to be the law also that all who neglect to cast a ballot should be denied the protection of citizenship. But, without whip or spur, the interests of the community ought to move every voter to exercise the right of the ballot to-morrow. Let there be no indifference on that day. Let there be a remarkably large vote cast, to thus prove to all that the people, rich and poor, from shop, counter, forge, office and desk, have the welfare of the city at heart and appreciate and honor the highest office of citizenship.
