

EXCITING RUNAWAY.

Caused by the Reckless Driving of an Expressman.

B. U. Steinman and His Wife's Sister Thrown From a Buggy, but Unhurt—Vehicle Smashed.

Shortly after 3 o'clock yesterday afternoon what appeared to be a come-along shooting up Eleventh street to the Capitol, carried on the granite steps, skipped over the terraces and granite steps and struck a newspaper reporter—something like an item.

It was first observed about a quarter of a mile down Eleventh street, and in less than one minute it arrived, but only a portion of it stopped.

It proved to be only a horse attached to a red buggy, or rather a part of a buggy, which was, once red. The combination tried to enter the Capitol building via the Controller's office, and came out through the Secretary of State's apartments, but failed.

As the next best thing, it swerved in a graceful curve around the south side of the building, striking a piece of post at every rod. It clipped a nice post at Wells-Fargo Express wagon, jumped over a chair in which John O'Meara was riding and luckily missed killing a number of people who were taking an airing in the park.

What there was left of the buggy was thrown about forty cents, and was piled up on one of the terraces in the shape of a total wreck.

The rapid equine disappeared out Tenth street in the same direction Mr. O'Meara, you, like a telegram. He had ascended and descended granite steps and terraces to his heir's content, without a stumble. He took in two flights of stone steps in two skips.

It was ascertained that the horse and buggy belonged to B. U. Steinman, the banker. A report of the accident to Steinman's residence and found that he was uninjured, and at the time was taking a bath. It was learned that Mr. Steinman, in company with his wife and the wife's sister, were in the buggy at Eleventh and H streets, where they were run over by an express wagon piloted by W. H. Rhodes. Both occupants of the buggy were thrown out and the buggy overturned, but luckily neither of them were injured.

The wild expressman's horses stopped the train at the crossing by balking on the track.

BIICYCLE BOOM.

Arrangements for the State Meeting of Wheelmen Here July 4th.

The Capital City Wheelmen held a meeting last evening for the purpose of arranging for the league meet on the 4th of July. The meet is to be under the joint auspices of the Bay City Wheelmen of San Francisco and the Capital City Wheelmen of this city, the committee in charge consisting of Messrs. Doane, Plummer, Sperry, Elliot and Story of the former club, and Messrs. Lavenson, Upson, Morrill, Dexter and Gilbert of this city.

There was a large attendance and much entertainment shown. The programme outlined consists of a parade during the day, to be followed by the regular meet in the afternoon. At night there will be a lantern parade, concluding with a big ball on the new pavilion.

On Sunday preceding the 4th the visitors will be entertained by tours throughout the surrounding country. The local club is making considerable progress at present, and new members were elected and three applications handed in last evening. The members are desirous of having the co-operation of all wheelmen, and citizens generally, to make the meet a success.

The Capital City are going to Stockton on Sunday, to lay out stations for the relay race.

S. J. Black, a celebrated trike rider, is in the city.

NARROW ESCAPE.

A Gas Company Employee Has a Lively Experience.

Thomas Sullivan, an employe of the gas company, came very near having the life crushed out of him yesterday. He was working at the bottom of an excavation at Fourth and J streets when a horse driven by Ted Horstmeier became unmanageable in that vicinity, reared and fell into the ditch.

The animal fell right over the spot where Sullivan was working, and all who who witnessed the occurrence supposed that the latter was crushed to death. Sullivan, however, managed to crawl out from beneath the kicking and squirming animal, and escaped injury beyond a few slight bruises.

SOCIAL AND PERSONAL.

George W. Phelps of Berkeley is in the city.

W. H. Diggs of Woodland is at the Golden Eagle.

Railroad Commissioner Beckman has gone to Fresno.

Mrs. H. M. LaRue is home from her Los Angeles visit.

PREPARING FOR THE SHOW.

A Sacramento County World's Fair Association Organized.

Work Will Commence at Once—Arrangements for a Mass Meeting Next Week.

In accordance with a call issued by Mayor Comstock a large number of prominent citizens of this city and of the county met in the Supervisors' chamber, in the Hall of Records, last evening, for the purpose of taking steps toward organizing a County World's Fair Association.

Among those present were noticed Mayor Comstock, Geo. C. McMillen, Supervisors Greer, Bates, Clark, Miller and Jenkins, W. W. Woods, L. L. Lewis, C. H. Cummings, W. W. Greer, Robert Greer, David Lubin, H. M. LaRue, David Reese, P. C. Drescher and others.

An informal talk was indulged in before the meeting was called to order. The Mayor finally called for order, and on motion of Mr. Lubin it was decided to organize permanently as the Sacramento County World's Fair Association.

Supervisor Greer was nominated for permanent Chairman, but declined, as he thought he could do better work for the cause on the floor rather than in the chair. Mr. Bates was then nominated and elected.

Mr. Bates made a graceful speech in taking the chair, thanking the meeting for the honor conferred upon him, twenty W. W. Greer was unanimously chosen permanent Secretary, and C. H. Cummings was elected Treasurer.

Mr. Lubin said that a movement on foot to consolidate the counties of Northern California in one grand display fair, which has had been done in the South, California, and the West, District meeting, held last Saturday at the Golden Eagle Hotel, it was decided to hold a county fair in the north.

Mr. Bates made a graceful speech in taking the chair, thanking the meeting for the honor conferred upon him, twenty W. W. Greer was unanimously chosen permanent Secretary, and C. H. Cummings was elected Treasurer.

A committee consisting of Messrs. Greer, Jenkins and LaRue, was appointed for the purpose of selecting the Executive Committee. The nominating committee was given a week in which to present the names.

Mr. Greer moved that the membership roll of the association be opened and signed, and that each signer be assessed \$1.00. The motion was carried, and all present signed. It was agreed that the list should remain in the Secretary's hands, and that it be for signatures from all parts of the county.

A committee consisting of D. Lubin and W. W. Greer was appointed for the purpose of preparing a constitution and by-laws of the association.

An adjournment was then taken until April 20, at 11 p. m., the understanding being that the next meeting would be held at that time, and that the public will be invited to attend, and the public will be invited to attend, and the public will be invited to attend.

Articles of Incorporation. The following articles of incorporation were filed in the Secretary of State's office yesterday:

The Bankers' Mutual of California, of San Francisco, Directors—Charles O. Alexander, Gustave H. Umbens, Seelye F. Long, Richard Hynes and Zenas U. Dodge.

The F. E. Brown Company of Redlands, San Bernardino County, Capital stock, \$1,200,000. Directors—F. E. Brown, R. F. Archer, R. O. Johnson, C. E. Fish and Fred S. Ward.

The San Francisco Nursery for Homeless Children of San Francisco, Directors—John W. Smith, Charles M. Gorham, James W. Ward, Cyrus S. Wright and James H. Robinson.

Fred Viskers, charged with having stolen a pocket-knife valued at twenty-five cents, was arraigned in the Police Court yesterday. Freddie Viskers has no whippers, and is only about three feet tall and 8 or 9 years of age. He stood up as straight as he could, and scorned the allegation that the knife was worth "two bits."

The case was so important as to require a continuance until 20-day. The court also needed a telescope to find out how the matter was crushed to death. The delay made it to allow the boy to grow to visible proportions.

Good Words From Portland. In a letter received by Rev. R. M. Stevenson from Rev. B. Fay Mills, dated at Portland, the 21st, the latter says: "The Lord is greatly blessing the work here. Yesterday there were three great meetings, and in that one day there were at least 80 inquirers who manifested a desire to become Christians, and who signed their names to the usual formula of faith."

Robbery at the Cemetery. Burglars broke into the office of the Superintendent of the City Cemetery on Wednesday night and tried to pry open the lockers, but failed.

The thieves made away with a set of straps used in lowering coffins. They also carried off a quantity of glass door. Information of the robbery was left at the Police Station yesterday, but no arrests have been yet made.

Lucy's Sentence Postponed. Judge Craven yesterday, at the request of counsel for Lucy—who is under conviction for selling liquor without a license—postponed until next Tuesday the passing of sentence in the latter's case.

In the meantime the defendant's counsel, E. U. Anderson, will prepare an argument on his motion for a new trial.

Funeral of Mrs. Dunn. Yesterday the funeral of Mrs. E. V. Dunn, wife of Police Court Clerk Dunn, took place and was largely attended. Rev. R. M. Singleton officiated. There was singing by a special choir, and a procession of floral offerings. Many of those in attendance were members of the Order of Chosen Friends.

A Magnificent Display. Many attractions are presented the ladies during the spring season, and while some are magnified by the splendor of design, others have the real worth of merit, both as to quality and consideration. Spring millinery has been the agitation for the past two weeks or more, and yet many have not made the necessary selections. It is now in order to mention that a most beautiful display of spring millinery is on exhibition in the pleasure bent. It is their intention to leave by the next steamer for Japan, and investigate that land of poetry and luxurious ease.

JUST A LITTLE HELP.

That is All Which is Required as This Time of the Year—Do You Know What to Do?

We hear a great deal, just now, about spring medicines. It is known that people feel spring medicine about the labor and sleep of winter, and it is assumed they need a spring medicine. This is not true. Spring medicines are not needed; nature will throw off the rheums in the blood which have accumulated during the winter, if she has only a little help. Nature is able to clean her own house, and take care of her own household, with a little assistance, and a little, gentle stimulant is all the spring medicine anyone requires.

What do you mean by stimulant, and what do I require? We answer, something absolutely pure, powerful and which has been proved to abundantly answer the purpose. Unquestionably, whisky, if of the right kind, is the proper thing to use, but unfortunately, there are few good whiskeys in the market, and only one which is absolutely pure, and possesses medicinal qualities. That whisky is Duffy's. It is made from the purest grain, and is distilled in the most perfect manner. It is the only whisky in the market for medicinal purposes. It is the only whisky that is pure, powerful and which has been proved to abundantly answer the purpose.
