

SHE WAS ASSAULTED.

Little Mamie Westervelt's Timely Rescue on Tuesday

From the Clutches of a Mongolian Fiend—Story of John Adams, Her Rescuer.

Further particulars learned yesterday show that the assault upon little Mamie Westervelt, by a Chinaman named Ah Hong, was substantially true as first reported.

Chief Rodgers and Officer Maley called at the girl's home on the day the assault took place, and both the girl and her parents denied the story, and stated that the Chinaman had merely pushed her aside and she had fallen over her head.

Yesterday John Adams, who claims to have caught the Chinaman in the act of assaulting the child, went with Chief Rodgers to see her again, and then she acknowledged that the story was true, and that what she said the day before was not.

Adams heard the cries of the little girl, and thought she had been hurt by the car, and when he ran to her assistance found her in the arms of the Chinaman under a freight car.

Adams seized the Chinese heathen and called for another employee of the Fruit Transportation Company to help him put him in a box-car.

The Chinaman, Ah Hong, is the chief cook for the Chinese at the Capital Cannery. He has evidently been hidden away by other Chinese.

Adams says there is no doubt but that the Chinaman would have accomplished his purpose had he not heard her screams and run to her assistance.

The story told by Mr. Adams to a Record-Union reporter last evening leaves no room for doubt as to the nature of the Chinaman's assault on the child, and Adams did not arrive a moment too soon to thwart his purpose.

No efforts should be spared to apprehend the scoundrel. Adams says he can be identified by a number of peculiar spots on his face, the forehead and where the hair is shaved off above the forehead.

HELD TO ANSWER.

Bent, Who Statched the Diamonds, is Held in the Jail.

Eben Bent, the bold and bad young man who snatched a tray of diamond rings valued at \$1,700 from Klune & Floberg's store and tried to escape with them on Wednesday, was examined before Judge Cravens yesterday.

Bent was charged with robbery. Before the examination he wanted to know if the offense was not grand larceny, and wanted to plead guilty to the latter crime.

The Judge informed him that he must be examined as charged, for robbery.

Bent, in addressing the court, assumed a pair of gold-rimmed glasses, a very intelligent air, and a pleasant voice.

He asked that his examination be proceeded with immediately and he was accommodated.

J. B. Klune testified that Bent called at the store and asked to see a diamond ring, and when a tray filled with them was produced Bent snatched it, threw a handful of pepper in Klune's eyes and made off.

Klune followed in hot pursuit and reached the depot just after Bent had been caught and recovered the jewelry.

Special Officer E. L. Kripp testified that he saw men running down I street toward Second, and he followed and caught Bent just before he reached the depot. Bent said, "I give up, but if I had a minute more you would not have got me."

Here Bent interrupted the witness and said to the court, "Excuse me, but I don't think I said that."

The Judge thought the evidence sufficient without the admissions made by Bent, who wanted to plead guilty to grand larceny, and he held him to answer to the Superior Court with bail fixed at \$5,000.

NOT A BRIBER.

Fong Ah Ling Denies the Soft Impediment.

Fong Ah Ling, the Chinaman who is charged by one of the Chinese prisoners in the City Prison of offering to stop the prosecution of six highbinders charged with murder, for \$100 a piece, is very much aggrieved.

He stated yesterday that he had been an honest and upright merchant in this city for twenty-two years and had never gotten into trouble, nor had he been accused of doing anything wrong.

Louey Toon, the individual to whom a bribe is said to have been offered, says Ling is a highbinder of the lowest type.

Ling says he never offered to compromise any of the murder cases. He had a conversation with Louey Toon at the City Prison, he says, and told that worthy positively that there could be no compromise; that the Chee Kong Tong intended to avenge the death of its members and would prosecute to the bitter end.

VICTIMS OF THE EXPLOSION.

Those at the County Hospital Are Getting Along Well.

Thomas Butler, Archie Wilkes and Manuel Silva, the three men injured by the explosion of a threshing-engine on the Rancho del Paso on Monday, are getting along nicely at the County Hospital, where they have the constant attention of Dr. White and his well-trained assistants.

Butler's injuries are by far the most serious. Beside having one leg amputated, the knee-joint of the other is badly injured, and it is feared he was hurt internally.

Yesterday Coroner Clark went to the hospital and took down the sworn statements of the sufferers, to be used at the inquest on the bodies of the two men who were killed. There is no evidence to discredit Wilkes' ability and carefulness as engineer, and the explosion, so far as can be ascertained, resulted from injury to the boiler, caused by the too frequent use of muddly water.

accordance with their custom. They examine the books of every Assessor in the State yearly. The State Equalizers, in order to satisfy themselves as to the correctness of the Assessor's figures, hunt up court sales, confirmations, appraisements and estates, and real estate transfers where the true values are obtainable and then compare them with the Assessor's valuations. If they find that, as a rule, he has assessed too low they raise the entire roll—not being within their jurisdiction to pick out and adjust individual assessments—or, if he has placed his figures too high, they lower the roll.

THE RIGHT MAN.

He Escaped Here, But Was Rearrested and Sent to Orland.

Gus Smith, who was arrested by Officer Talbot two weeks ago for passing counterfeit coin, but who was discharged for lack of evidence, was rearrested last Saturday on a description received from Orland.

He was taken to Orland and found to be the man wanted there for a similar offense, and the evidence against him is said to be strong.

Valuable to Lawyers.

The State Library has just issued a new and valuable volume that will be of special interest to the members of the legal fraternity. It is an "Index to the Records of the Supreme Court of California" on file in the State Library.

The records to which this volume is an index can be obtained from the State Library for use in any county in the State by procuring an order from a superior judge of the county.

It Was Warm Enough.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 82° and 59°, with fresh southerly winds and a cloudless sky.

The highest and lowest temperatures one year ago yesterday were 107° and 64°, and one year ago today were 107° and 64°, showing the weather at this date last year to have been much warmer than at the present time.

FOR THE FAIR.

Encouragement From the Miners of Nevada County.

A Quartz Mill Will be Shown in Operation—Hospitality at Grass Valley and Nevada City.

George M. Mott and J. O. Coleman, of the special committee having charge of the arrangements for the State Fair, accompanied by W. G. Scott, Superintendent of that committee, have just returned from Grass Valley and Nevada City, where they went to interest the mining men in the project.

The gentlemen are enthusiastic in their praise of Nevada County hospitality, and are delighted with the success met with at Grass Valley. They were met by A. H. Tregeagle, the general superintendent of the Association, and a delegation of mining superintendents. The principal matter discussed was the proposition to exhibit a working quartz mill, and all agreed that it would be thoroughly practical.

The mining men became quite enthused over the project and promised to do everything in their power to make the exhibit a large success. They will furnish the ore for the mill, and practical mining men to attend to the work.

The committee was driven in carriages out to the various mines and given a royally good time by the Grass Valley folks—a time such as only mining people are capable of giving. They were shown many handsome specimens of quartz and other things of interest, all of which would be valuable additions to the exhibit.

At Nevada City the sacraments were also hospitably received by Judges Searles and Walling, Jacob Neff, and a host of prominent mining men. They received encouragement on every hand, and were more than pleased with the outlook. The newspapers of both cities are taking hold of the matter in earnest and will do all they can to see that interest does not lag.

The project regarding showing a mill in operation is now well upon. A five-stamp mill will be placed in position by the Union Iron Works of San Francisco, in conjunction with a Huntington roller, a Wagner concentrator and other machinery. The spectator will thus be enabled to see the quartz in its natural state go into the mill, be crushed up, and go through the mill, and come out until all of the gold is extracted. It will be a sight worth seeing.

Repairing Damage. A scaffold was erected in the ante-room of the Governor's office yesterday by the frescoers, preparatory to renewing the fresco work damaged by water from a leaking faucet last week.

It will not be necessary to remove any of the ceiling or plaster, as the only damage done appears to be of the gliding on the cornice work and the colored fresco pigments.

Horse Sale To-Day. At the Central Stable, on J street, between Tenth and Eleventh, at 10 A. M. to-day, D. J. Simmons & Co. will sell at auction a head of fine work, draft and road horses.

"Tired All the Time."—Hood's Sarsaparilla possesses just those elements of strength which you so earnestly crave, it will build you up, give you an appetite, strengthen your stomach and nerves. Try it.

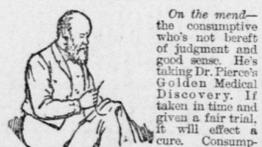

Hood's Pills invigorate the liver.

POMMER & NEALE, Plaza Music Store, 820 J street. Steinway & Sons, Gable, Pease and Webster pianos, organs, all kinds of musical instruments, band and orchestra outfits. Cheap music specialties. Write for catalogues.

PLAZA MUSIC STORE, Pommer & Neale, 820 J street. Write for catalogues.

WRITE to Cooper for everything in the musical line. 63 J street.

On the mend—the consumptive who's not benefited by judgment and good sense. He's taking Dr. Pierce's Golden Medical Discovery. If taken in time and used as a fair trial, it will effect a cure. Consumption is Lung-bleed, Hemoptoe, Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, and kindred affections. Don't be fooled into taking anything else, as it is just as good as nothing. The dealer may make a larger profit. There's nothing at all like the "Discovery." It contains no alcohol or opiate; no syrup or sugar to derange digestion. As peculiar in its curative effects as in its composition. Equally good for adults or children.

ANOTHER PLEASED EDITOR.

A Delaware Man Who Thinks Sacramento a Great Place.

He Gives an Interesting Account of the Editors' Visit to This City in May Last.

The following is but one of the several hundred articles contributed by Eastern newspapers concerning the visit of the members of the National Editorial Association to this city last May. It is from the Dover (Del.) Index:

Our trains rolled into the Capital of the State at 1 o'clock Friday afternoon, May 24th. We were greeted by the smiling members of the National Editorial Association, with tickets which entitled us to entertainment at the best hotels and restaurants of the city, therefore we began at once to avail ourselves of the facilities of the good citizens by taking one of the many carriages in waiting and going to the French Restaurant, where we had a most excellent meal. They called it a lunch, but we pronounced it a good square meal.

At 1 o'clock the majority of our party were taken by car to the Folsom, the second largest city in the country. They inspected the State Prison and the Folsom coal mine, and were shown many other points of interest. A few of us, however, instead of taking in the Folsom excursion accepted the invitation of the Folsom coach, proprietor of the "Star Hop Plantation," proprietor of the good citizens by taking one of the many carriages in waiting and going to the French Restaurant, where we had a most excellent meal. They called it a lunch, but we pronounced it a good square meal.

it. They want to know how their fruit is sold and where it goes. With the auction system they can have a man present and see everything. They won't pay two commissions, but the merchants who will still be consignees will be instructed to pay me part of the 8 per cent. commission—probably 2 or 3 per cent.—for selling the fruit.

THE DEAD BRAKEMAN.

Funeral Yesterday of the Late William Elery Quinley.

The funeral of William Elery Quinley, who lost his life on Monday by falling under a train of cars near the city, took place yesterday from the family residence on E street, and was very largely attended. Rev. G. M. Stevenson officiated at the house, and at the grave the Masonic service was conducted.

The pall-bearers were C. C. Olney, M. J. Curtis, G. W. Hayes, J. K. Grinton, I. Joseph and B. H. Chapman.

Not so, but Lawful. G. W. Hancock was tried before Judge Cravens yesterday for alleged misdemeanor. While the testimony went to show that Mr. Hancock had complied with all the requirements of the law, still he has evidently been keeping a noisy stable. He has horses there that kick and squeal and disturb the neighborhood.

Judge Cravens found Mr. Hancock not guilty of any violation of the law.

Prisoners for Folsom. Warden Aull of the Folsom Penitentiary must be recruiting his forces at a pretty lively rate. Yesterday Sheriff Hensley of Fresno came up with two men for the prison, who were sentenced to burglary, and Deputy Sheriff Barrett of Los Angeles County brought up John Ryan, sentenced to two years for a similar crime.
