

HOUSE OF COMMONS.

Question of Egan's Sentence Under the Crimes Act Taken Up.

LITTLE HOPES HELD OUT FOR HIS RELEASE SOON.

Gladstone Speaks Against the Government, Holding That It Has Departed From All Precedents In Not Resigning When the Verdict of the Country Was Against It—The Present Government Charged With Inflicting Gross Wrong on Ireland.

Special to the RECORD-UNION.

LONDON, Aug. 9.—In the House of Commons to-day the first matter taken up was the case of Egan, the Invincible, sentenced to imprisonment under the Crimes Act.

The Home Secretary said he could not hold out hopes for Egan's release soon.

Lowther, the Parliamentary Secretary of the Foreign Office, announced that the British East Africa Company had instructed its officers to leave Uganda by August 31st.

Gladstone now began his speech against the Government. He said: "The Government has departed from all precedents in not resigning when the verdict of the country was against them."

The Queen's speech tells us nothing, is the House of Commons to fight the battles of the last six years over again? Never has a great issue submitted to the country been so fully discussed as the issue decided at the Irish election.

Continuing, Gladstone said Goschen's remark that home rule must be carried out by the Irish majority, it carried out at all was not pertinent as the majority in the House was no more Irish than Scotch or Welsh.

The verdict of the people had shown the country that it meant it to be prominent, and therefore put an end to the present Government. He said the coercion bill ought not to be re-introduced any longer than required by Parliamentary usage.

Gladstone credited the present Government with approval to national debt, but complained that they inflicted on Ireland a gross wrong in making her pretend to be a self-governing nation.

In regard to the suggested holding of a session in November the Government was taking that course would show an inadequate sense of the magnitude of the duty and variety of subjects it has to deal with.

In regard to the proposed vote of no confidence, Gladstone said the Government might be in the minority, but before the Government resigned they had a right to ask whether the conditions under which the alliance between the Liberals and Irish would be maintained.

Ballou followed Gladstone. He maintained that the Commons had a right to know before trusting the Government to the Liberals what their policy was. In regard to the proposed vote of no confidence, he said the Government might be in the minority, but before the Government resigned they had a right to ask whether the conditions under which the alliance between the Liberals and Irish would be maintained.

At St. Paul. ST. PAUL, Aug. 9.—The track was slow. Five furlongs, Maid Marion won, Calhoun second, N. J. second, Time, 1:20. One mile, Bolivar won, Buckner second, Time, 1:40.

SIX FURLONGS, Little S. won, Lockport second, C. H. third, Time, 1:23. MICHIGAN HOTEL HANDICAP, five furlongs, Ed Green won, St. Croix second, Lockport third, Time, 1:07.

REDEMPTION. Redmond predicted that the Irish Parliament would be as free from interference on the part of Rome as from interference on the part of the British Government.

Interest in to-night's debate was heightened by curiosity as to how Gladstone would respond to the demands formulated by McCarthy and Redmond for an assurance on matters of the early suspension of the Coercion Act, relief to evicted tenants in Ireland, and release of imprisoned Irish dynamites.

Talk in the lobby charged McCarthy with an attempt to embarrass Gladstone, but as Gladstone proceeded with his speech it became evident that McCarthy arranged with the Liberal leader to propound a series of demands sounding rather pretentious, but requiring no unusual dexterity on the part of the greatest parliamentary tactician living to dispose of.

home, after having advised his mother that he would remain at home only one night. In a letter just received here it appears that Rehm passed through the British East Africa Company in Saxony, arriving there at midnight. He remained there until 4 o'clock in the morning conversing with his aged mother, and then left once more for the Belgium frontier, but was arrested on the train when only a few miles from the border. The offense charged against him was avoiding the German military service.

New Loan for Mexico.

MEXICO, Aug. 9.—The rumor that the Government has negotiated a loan abroad has been reduced to the fact that the National Bank, in union with European houses has opened a credit for \$500,000 at 7 per cent annual interest, to be repaid in monthly installments, commencing at the end of the present year and finishing next year. The Government gave no security, but the Interior official said to-day this amount would be more than sufficient to tide over the difficulties, which would surely end with increased exports with the winter business.

The best of the two-year-olds of the East were to go to the post for the Junior Champion Stakes, and as Garrison was not able to ride Sir Walter, there was considerable chance for a filly to win the stake for the first time since Wanda put it to the credit of P. A Wealthy Citizen of Eureka, Humboldt County, Accidentally Killed—Exciting Races at the Bay District Track—The Fresno Train Robbers Still at Large—Many Officers Give Up the Chase and Return to Their Homes.

Special to the RECORD-UNION.

PHOENIX (Ariz.), Aug. 9.—During the preliminary examination to-day of John Rhodes, accused of being one of the murderers of Thomas Graham, on August 23, Mrs. Graham, wife of the murdered man, attempted to shoot the defendant, and was prevented only by accident.

At 3:30 p. m., as the trial was in progress before Justice Huson in the Courtroom, Mrs. Graham, who was fifteen feet from the prisoner, sprang from her chair, drew a 45-caliber revolver, rushed to where Rhodes was sitting, placed the pistol against his breast and pulled the trigger, but the pistol missed fire. She had the pistol in a reticule on entering the courtroom. The hammer of the pistol caught in the reticule, and was wedged so tight that she could not again cock it.

There was a rush from the courtroom, and reporters getting under the tables. The officers rushed to the rescue, and Sheriff Montgomery took the pistol away, with the assistance of several deputies, after a desperate struggle. The jury decided that the defendant was sane. The Justice ordered her removed from the courtroom, but she returned to make a second attempt, when her father, Rev. Milton, a Baptist minister, took her to a hotel.

There is much excitement, and the officers are uneasy for the safety of the prisoner. The case was won by Belle Button, Monday, and but eight of the 56 witnesses have been examined. It will last about a week.

KNIGHTS IN LINE.

A Grand Pageant Marches Through the Streets of Denver.

THE STREETS THROGGED WITH ENTHUSIASTIC SPECTATORS.

By the Spreading of the Rattles all Save the Dining Car of a Passenger Train on the Santa Fe Road Were Thrown From the Track and Many People Injured, Some Probably Fatally.

Special to the RECORD-UNION.

DENVER, Aug. 9.—The grand Knights Templar parade began at 10 o'clock this morning. The divisions presented a magnificent appearance, and there was much regret when the parade broke for the first time. The spectators never seemed tired of watching it. The members of the Grand Encampment were escorted to the asylum with fitting honors, and the Supreme body of Knights were in session all afternoon for real business of the encampment. Very little was accomplished this afternoon, but to-morrow the work will be done in earnest, and completed by to-day.

The election of officers occurs Thursday. In the mean time there is the report of the Ritual Committee to be considered, and the fight for the next Conclave is quietly going on between Boston and Cincinnati, with Louisville and Minneapolis also in the race.

The details of the parade were so perfect that not the slightest hitch occurred. The Grand Encampment officers reached the reviewing stand a few minutes after 10 o'clock, and the grand parade, headed by the Colorado Commandery, made its appearance before the stand at 10:30, followed by the visiting commanderies in the order named: Second Division—District of Columbia, Massachusetts, Rhode Island and South Carolina.

Third Division—New York, New Hampshire and Connecticut. Fourth Division—Ohio and Kentucky. Fifth Division—Tennessee. No. 3, E. Sixth Division—Indiana and Texas. Seventh Division—Michigan, Mississippi and Illinois.

Eighth Division—Right Grand Sir William Frank Sumner, Grand Captain-General of California, commanding California No. 1, H. T. Graves, San Francisco; Sacramento No. 2, E. P. Burr, Sacramento; Oakland No. 11, G. D. Metcalf, Oakland; Colusa No. 16, C. I. Bunker, San Francisco; also the States of Georgia, Wisconsin and New Jersey. Tenth Division—Missouri, Alabama and New Mexico.

Eleventh Division—Iowa and Minnesota. Twelfth Division—Utah, No. 1, E. H. Clute, Salt Lake; Ed Monte, No. 2, J. E. Coolidge, Ogden. Thirteenth Division—Nebraska, West Virginia, Colorado and Oklahoma. Fourteenth Division—North Carolina, North Dakota, South Dakota, Arizona and the following: From Oregon, Portland, Oregon, No. 1, J. W. B. Norton, From Washington, Catacaut, No. 3, Henry Rush, Spokane; Yahoe, C. Blalock, Walla Walla. From Idaho, No. 4, W. B. Norton, From Wyoming, Wyoming, No. 1, A. J. Marshall, Cheyenne; Ivanhoe, No. 6, J. C. Davis, Hawkins.

At the parade a scene of great confusion ensued, but the street finally resumed their usual appearance. The business of the Grand Encampment was conducted until 11 o'clock, when the officers by representatives of the city and State. Frank B. Hill, Chairman of the Triennial Executive Committee, extended a cordial greeting to Governor R. R. Holt and Mayor Rogers each delivered addresses of welcome.

General Carr, Grand Commander of Colorado, extended a cordial greeting to Grand Master Gobin, in responding, spoke highly of the manner in which the Knights Templar were received.

The Grand Encampment went into secret session, and subsequently adjourned till to-morrow. It was definitely settled that the successor of Grand Master Gobin will be the present Deputy Grand Master McCurdy. This evening around the various headquarters, information regarding the order of the evening, the Colorado headquarters were given up to a reception by the wives of the Colorado Knights and the ladies accompanying the visiting Templars.

It is hardly likely that a competitive drill will take place, but an exhibition drill will be held, and the silver bricks that have been made will be presented to the smartest commanderies.

FREE COINAGE OF SILVER.

Senator Carlisle States His Position on the Subject. WASHINGTON, Aug. 9.—Senator Carlisle has addressed a letter to John A. Lyne in answer to a question whether the Senator has heretofore been in favor of the free coinage of silver, and whether his views on the subject have undergone any change. Senator Carlisle says: "An answer to your question depends largely upon what you mean by the free coinage of silver. If you mean the policy urged by many under which the United States Government would be compelled by law to receive sixty-nine cents' worth of silver bullion when presented by the owner and coin it at the expense of the people of the country, and compel the people by law to accept the coin as the equivalent for its monetary value, my answer is, I am not now and never have been in favor of it. I now stand where my lamented predecessor, Mr. Beck, and I stood together in 1878, when the so-called Bland-Allison bill was passed by Congress. In my opinion, the declarations made upon the subject by the Democratic party with its recent national party convention, are perfectly sound in principle, and enunciate the only true public policy." In conclusion, the Senator says he will support any measure that will fully remonetize silver and insure an equality of dollars coined from the two metals.

RAILROAD FOR HONDURAS.

President Huntington Furnishing Part of the Money to Build It. NEW YORK, Aug. 9.—A Wall street Journal says: The American capital recently announced going into Honduras to build a railroad across the country to connect the Atlantic and Pacific coasts partly from C. P. Huntington. We asked Huntington what he had to say about it and he replied: "Not much at present. It is too

early to talk about it now. It is true I have gone in with some others to build the road. It promises to be a profitable enterprise. The grades will be easy and the lands valuable. There is need of a shorter route across the Isthmus. It will not interfere with the transcontinental roads of this country, because a certain amount of business will go that way in spite of them. It looks as though the Nicaragua Canal never will be built, so that will not interfere with this. The Panama Canal is simply an illusion. The work on the road is being pushed."

A BAD WRECK.

Passenger Train on the Santa Fe Derailed—Many People Injured. DENVER, Aug. 9.—A passenger train on the Santa Fe, due in Denver at 11 o'clock, was wrecked when near Carpenter to-day by the rails spreading, and every car but the dining-car thrown from the track. No one was killed outright, although those who were brought in were badly injured, and some may die. Among the injured are Salem Ely of Iroquois, Ill., bruised on the shoulder and arms; Mrs. Mary Ann Edington of Owensburg, Ill., head partly scalped, back and arms injured; Mrs. J. W. Carson of Chicago, nose broken badly.

LATER—The wreck on the Santa Fe proves to have injured more persons than first reported. The number has been increased to eighteen, of whom Mrs. Roberts and Mrs. Edington may die.

No Violation of the Contract Labor Law at Homestead. HOMESTEAD, Aug. 9.—United States Emigrant Inspector Layton made an official investigation of the Carnegie works to discover if any men were working in violation of the contract labor law. It is understood that from six to eight new men quit to-day. The Emigrant Committee, however, claims that thirty-five quit.

AN ENRAGED ZULU.

He Attacks a Crowd of Boys and Bites Them Like a Savage Beast. BRUNSWICK (N. J.), Aug. 9.—John Luens, known as the African Zulu, rode well nigh mad on the circus wagon during a parade here yesterday. The boys gazed him, and finally employed eggs and fruit. This so enraged the Zulu that he sprang from the wagon with a war whoop and attacked the boys, like a savage beast, biting into their flesh wherever he could reach his teeth.

Before the negro could be driven off he had severely bitten John Heeky on the arm, James Johnson on the neck and Robert Applegate on the breast.

Bureau of Geological Survey.

WASHINGTON, Aug. 9.—There will be a shaking up among the high-salaried officials of the Bureau of Geological Survey to-morrow, when the reductions imposed by the sundry civil bill will be carried into effect. Nearly forty members of the present force will be asked to resign, and only a few will be re
