

ASIATIC FATAL EPIDEMIC.

Spreading With Alarming Rapidity Throughout Europe.

THE DISEASE OF THE MOST VIRULENT FORM.

Few of Those Attacked With the Dreaded Scourge Recover—The Department at Washington Notified That Emigrants Bound for This Country Have Fallen Victims—The Strictest Measures to be Taken to Allow No One to Land Until It is Certain That There is No Sickness Among Arrivals.

Special to the Record-Union.

LONDON, Aug. 29.—A Berlin correspondent of the News says: Professor Koch has issued a warning against overmuch watering of the streets, humidity, he claims, favoring the spread of bacilli, and the rapid consumption of water preventing effective filtration at the water works. The most conflicting reports as to the extent of the epidemic in Hamburg have been published. The Hamburgers are treated like lepers elsewhere in Germany. The hotel doors are shut in their faces, and it is impossible for them to obtain lodgings. Many of them have been known to alight from trains a few stations before reaching Berlin, and to come into the city by local trains to avoid inspection. Suspected cholera cases are reported at Halle and Leipzig, but the presence of the disease in these places has not been officially confirmed.

The Times' correspondent at St. Petersburg says the average daily cholera record there is a hundred new cases and twenty deaths. It is the greatest mistake to say that the epidemic is a mild one. The best authority affirms to the contrary. The bodies of the victims frequently exhibit strong muscular movements and a peculiar odor, thus proving the severity of the attack. True the proportion of deaths is not very high, but the disease is of extreme virulence.

GREAT BRITAIN TO SUFFER.

LONDON, Aug. 29.—There is no doubt that Great Britain is having a visitation of the dreadful scourge. From Gravesend, Swansea, Glasgow and Dundee, news is being received in all directions, reports come of deaths from the disease, showing that the efforts of health officials to keep it out of the country have proved useless. An official report from Glasgow reports that a person has died from Asiatic cholera at Bolton, a large manufacturing town twelve miles northwest of Manchester. The official report from the principal seats of English cotton manufactures, and thousands of mill operatives live there.

The permission given by health officials at Middlesbrough for the landing of the crew of the steamer Gerona from Hamburg promises to have most serious results. As announced in our dispatch, the vessel was placed in quarantine after one of the crew had been attacked by cholera, but meantime a number of the ship's company had departed from their homes. Six of them went to Dundee, where they reside, while another of the crew went to Aberdeen. Among those who went to Dundee were Walker, engineer of the Gerona. Shortly after his arrival there he was taken sick and died in a few hours. The physician who attended him says that cholera was due to cholera. When it became known that Walker was dead the greatest excitement prevailed in Dundee and also in Aberdeen, where a number of the crew of the Gerona had gone. Steps were at once taken by the health officials to isolate the remaining members of the crew in Dundee and one in Aberdeen, and to prevent their spreading the contagion.

The residents of both places, however, believe that cholera has been allowed to go about the towns, and enough to spread the disease if they carried infection, and there is widespread anxiety prevailing in every quarter of the towns. Extraordinary steps will be kept in both places for the first appearance of choleraic disorders.

Under date of August 29, a dispatch from Cork. He was found to be suffering with cholera and was immediately removed to the cholera hospital. The appearance of cholera in Cork has awakened the port authorities to the responsibilities of their position and a meeting was called to decide upon measures for the prevention of any further invasion.

A London firm has received an order from a Hamburg firm for 35,000 gallons of disinfecting fluid and 35,000 tons of disinfecting powder.

THE DISEASE ABATING AT HAMBURG. HAMBURG, Aug. 29.—Official cholera statistics place the number of new cases of the disease reported on Sunday at 145, and the number of deaths at 145. On Sunday and up to noon to-day 145 new cases and seventy-two deaths were reported.

The disease appears to be abating in several quarters of the city. There was a much less demand for ambulances during the night. The city yesterday was strikingly quiet. So small has become traffic on the tramways that the companies are restricting the service.

In Altona seventy-seven new cases of cholera and thirty-three deaths from the disease were reported from noon Saturday to noon to-day, being the outbreak of the disease in the prison. Minor offenders to the number of 150 were released.

The decrease of the disease in Hamburg and Altona has been most noticeable since midnight last night. Several cases are reported from Schiffbeck, Pergedorf, Elmshorn and Uetersen, suburbs of Hamburg. At Wandsbeck, three miles north-east of Hamburg, a favorite summer resort of merchants of the city, there had been nine cases of the disease and five deaths up to Saturday evening.

OUTBREAK AMONG RUSSIAN IMMIGRANTS. WASHINGTON, Aug. 29.—The following dispatch was received at the State Department from the United States Consul at Glasgow: "Cholera is spreading here among Russian immigrants for America."

The Consul at Liverpool called as follows: "Cholera imminent. Strongly urge medical officers of immigrants under Consular directions with official disinfectants. Dispatch follows."

Acting Secretary Spaulding of the Treasury Department to-day said he believed every precautionary measure that could be taken to prevent the admission of cholera into the United States had been taken. No suggestions on the subject that might present themselves would have careful consideration by the Department.

Under date of August 24th, the Foreign Minister sent to the Secretary of State a report announcing the results of the investigation commenced by the Board of Health concerning the recent epidemic of cholera in the Department of the Seine.

The note says: It is manifest that the epidemic was not imported cholera; that the cases examined were solely due to the use of Seine water of bad quality; and at present the sanitary situation has improved to such a degree that all danger may be considered to be averted. The report says that the Minister makes it clear that none of the French ports have

shown nor show a single case of cholera, nor cause to suspicion one.

SPREADING FROM HAMBURG.

BERLIN, Aug. 29.—Cases of cholera are reported at Fevery, near Magdeburg, and Striegert, in the neighborhood of both places the disease was reported from Hamburg. A dispatch from Halle, in Prussia's Saxony, states two cases of cholera have occurred in that city. One patient went to Halle from Hamburg.

SPREADING IN ALL DIRECTIONS.

St. Petersburg, Aug. 29.—The cholera epidemic prevails among the inhabitants, particularly the Armenian merchants, who wanted to close their shops immediately they became aware of the presence of the disease. The Governor objected to this course and threatened to expel the merchants from the country if they did not continue to trade. The Armenians were allowed to close their shops if it would cause great distress. A dispatch from Vladivka, Capital of the Government of the Far East, states that cholera is a village in the Government is affected with cholera.

The official reports of all the infected districts during the last week of cholera Friday and 2,824 deaths.

ASIATIC CHOLERA.

BREMEN, Aug. 29.—Thirteen cholera patients were admitted to the hospital here, and one was certified as Asiatic cholera. One has died.

INCREASE AT HAVRE.

HAVRE, Aug. 29.—There were reported in this city yesterday eighty new cases of cholera and twenty-four deaths from the disease.

HOSPITAL CASES AT ANTWERP.

ANTWERP, Aug. 29.—Seven cholera cases are in the hospital here, some of them in serious condition.

CHOLERA IN BRUSSELS.

BRUSSELS, Aug. 29.—Fifteen cases of cholera reported to-night, but none of these of the Asiatic type. In districts of the city inhabited by working people energetic measures are being taken to keep cholera out of the city.

CHOLERA IN HAVANA.

HAVANA, Aug. 29.—A report that cholera has appeared here is untrue.

A SUSPECTED CASE.

BOSTON, Aug. 29.—The Cunard steamer Cephalonia, which docked at East Boston, from Liverpool, had one case of sickness on board. A sailor, passenger, a lady from Boston, was suddenly taken ill Saturday, and as a precautionary measure against the cholera she was detained on board ship to await further developments.

ONLY CHOLERA MORBUS.

NEW YORK, Aug. 29.—Anton Potzel, a German immigrant, who was taken to the hospital suffering from cholera, was found to have only cholera morbus.

NEW YORK, Aug. 29.—A meeting between Health Officer Jenkins and representatives of all foreign steamship lines held this morning. Health Officer Jenkins read a report from the Board of Health providing that all vessels arriving from ports infested with cholera, and those carrying passengers from infected districts, shall be put in quarantine from two to five days before being allowed to proceed to their docks.

Several steamships arrived here this morning and were detained at quarantine for close inspection and fumigation of the cargo. All the passengers submitted to a searching investigation, and the vessels, baggage and mails were disinfected. The Board of Health is confident that cholera was found among the passengers.

The report that cholera has broken out in Havana has decided the quarantine officials here. The Board of Health is confident that cholera was found among the passengers.

Commissioner Gilroy of the Department of Public Works issued an elaborate order to the effect that all the apartments under him to-day concerning the precautions to be taken to prevent the spread of cholera in case it passes quarantine.

SAN DIEGO FEELS SAFE. SAN DIEGO, Aug. 29.—Quarantine Officer McKay, in an interview in the Sun, says the danger of cholera reaching this port is very remote.

The Postmaster requests the Health Department to send men to make the necessary disinfection.

Commissioner Gilroy of the Department of Public Works issued an elaborate order to the effect that all the apartments under him to-day concerning the precautions to be taken to prevent the spread of cholera in case it passes quarantine.

THE ROBELS DEFEATED. TAMPER, Aug. 29.—The Sultan's cavalry and infantry started into the country of the rebellious Anglures this morning. After burning four villages they met the main body of the insurgents. A brisk exchange of musketry followed, but in a short time the majority of the rebels fled. The troops returned to Tangier with the heads of the rebels they killed, for which they will receive \$8 per head from the Sultan's treasury. Fifty were killed and several officers were wounded.

PETITION FOR MRS. MAYBRIEK'S PARDON. LONDON, Aug. 29.—An American petition in favor of the release from prison of Mrs. Maybriek, which contained the names of Messrs. Harrison and Bland, was presented to the Queen to-day.

FAILURE IN LONDON. LONDON, Aug. 29.—The failure is announced to-day of the firm of Redfern, Alexander & Co., Australian and New Zealand merchants and bankers, of 3 Great Winchester street. Their liabilities amount to £250,000.

BRITISH BARK WRECKED. MELBOURNE, Aug. 29.—The British bark Newfield, Captain Scott, from Sharpness May 28th for Brisbane, has been wrecked near Port Campbell, Victoria. Eleven of the crew were drowned.

FATAL RAILROAD COLLISION. BRUSSELS, Aug. 29.—A collision occurred this morning between the Grand and Antwerp trains. Two were killed and eighteen seriously hurt.

TERRIBLE TRAGEDY.

Boy Thrown Into a Thrashing Machine and Ground to Pieces.

THE BROTHER WREAKS VENGEANCE UPON THE MURDERER.

Canadian Pacific Railroad Employees in League With Smugglers Along the Border, Aiding Chinese to Enter the United States in Violation of the Exclusion Act—Three Men Killed at a Dance in Louisiana.

Special to the Record-Union.

SAVANNAH (N. Y.), Aug. 29.—News of a terrible tragedy near Cata, Cayuga County, has been received here, but full particulars cannot be learned to-night. It appears that a boy, while cutting bundles for thrashing machines, accidentally cut the feeder's hand, which so infuriated him that he immediately caught up the lad and threw him into the rapidly revolving cylinder, where he was ground to atoms before any one present could raise a hand to prevent it.

The brother of the unfortunate lad witnessed the bloody deed and lost no time in wreaking vengeance upon the murderer. He fell him to the floor with a blow from a pitchfork, and while he lay writhing from the effects thereof, the brother repeatedly plunged the tines of the fork through his body, not ceasing until he was dead. All the thrashing hands stood by and witnessed the two tragic deaths, which occurred so quickly that they were powerless to interfere.

CHINESE SMUGGLERS. Canadian Railroad Employees Aiding the Smugglers. WASHINGTON, Aug. 29.—Acting Secretary Spaulding to-day addressed to E. A. Twhol, Deputy Collector of Customs at Montreal, a letter stating that the officers of the Treasury Department investigating the alleged violations of the Chinese exclusion law, informs the department that since the 1st of May about 200 Chinese have taken trains at Toronto for points in the United States.

Special to the Record-Union. NEW YORK, Aug. 29.—John L. Sullivan received a great reception in his arrival at the Flatbush Avenue depot to-day from his training quarters. The train was half an hour late, but that cut no figure with the enthusiastic crowd waiting. To avoid the crowd Sullivan hurried through a private exit, followed by an admiring crowd who cheered him to the echo.
