

COMMERCIAL.

Good Demand for Wheat in the San Francisco Market.

Barley Very Firm and Offerings Light - Rye Strong - Oats and Corn Weak.

[Special Correspondence RECORD-UNION.]

Wheat recovered to-day from its dullness and decline of yesterday, and was largely dealt in on the Produce Exchange. The demand was good and everybody dealing, giving rise to the belief that an improved market is imminent. Sales were made to the extent of 4,800 tons, of which 4,500 tons were buyer December, 200 tons of seller 92 at 87c and 1,000 tons of May at 1 1/4c. The Eastern market was reported stronger and higher, but foreign advice show that the United States Government had a disappointing order for wheat, and we cannot report new charters. Owners ask 26 3/4 for large iron ships. Offerings in the spot market are limited, and now that most of the wheat is under cover in warehouses advance will be essential to bring it out. It is said that millers have had to pay as high as 1 3/8c for wheat, but at this time that quotation is a fictitious price.

Barley is very firm and offerings are not heavy by any means. On Call 700 tons changed hands - 200 buyer December, at 92c; 300 December, at 91c, and 100 seller 92, at 87c.

Rye is strong at quotations. Oats, Corn, Bran and Middlings weaker. Choice wheat Hay is firm, and sells as high as \$13.50 per ton. On account of high prices, the consumption of Butter has been light and, consequently, the market inactive. Cheese is steady, with little doing. Eggs are scarce. Potatoes are easier in feeling. Trading in potatoes is light.

Fresh fruits continue inactive. Melons are very weak. Grapes arrive less freely to-day, but the demand for grapes and grape juice is almost a drop in the market. Dried fruits were very quiet to-day.

Poultry is slightly better. The quality of Game arriving is good and meets with ready sale.
