

HE'D ADJOURN COURT.

Justice Starr Said He Was Willing to Take Some Abuse.

A Little Incident in a Complicated Law Suit—Barnett Had to "Pungle."

A rather complicated yet interesting suit was brought to a conclusion in Justice Starr's court yesterday.

Some time ago, it appears, the fruit growers of Shasta County formed an association for the purpose of "pulling together" and getting the best prices they could for their fruit.

Then came a hitch. Hawkins wanted \$100 for his trouble. As he had already received \$20 from Barnett, he was satisfied with \$80 more.

Hawkins brought suit before Justice Starr for \$20 and costs. The case was partly heard Tuesday and concluded yesterday.

The usual execution was then issued, but it was retraced unsatisfied—Barnett did not "pungle." On the understanding that the Barnett-Randolph Company had money on deposit, several hundred dollars in the D. O. Mills Bank, an execution was served there, but the bank officials stated that while Barnett had money on deposit there, in his own name there was none in the name of the corporation.

When the matter was reported to Judge Starr the latter determined to investigate, but he ordered all hands to appear before him again yesterday, and also summoned Cashier Frank Miller of the bank. Mr. Miller took the stand and testified that while Barnett was the depositor it was generally known that he was the managing agent and Treasurer of the Barnett-Randolph Company.

Both Barnett and his attorney were considerably worked up over the peremptory manner in which the Justice made the order, and when the case was over Mr. Johnson asked rather significantly if court would adjourn.

WHERE IS SHANNON? The Absence of a Plaintiff Brings About a Nonsuit. Attorney Add C. Hinson appeared in Judge Catlin's court and had to submit to a nonsuit in a case he was employed in, because he could not find his client.

THE SUIT THAT COMMENCED BY Attorney John Shannon against Mrs. Wilhelmina Wittgen and Henry Wittgen, Jr., to recover \$100 alleged to be due him on the Wittgen estate, Shannon, in his complaint, alleged that he is the administrator of the estate of Henry Wittgen, Sr., deceased, that the latter, before his death, turned over certain property to the defendants, which the plaintiff thinks should belong to the estate.

NEWS FROM NEW HOPE.

Personal and Other Matters—A Barn-Building Boom.

A correspondent of the RECORD-UNION, writing from New Hope, under date of the 25th, says:

We have been having foggy mornings, and indications are we shall have more rain soon. Dan Sheen's large barn is nearing completion, and Mr. Kise is erecting a nice barn. In fact the carpenters are kept very busy in building barns nowadays.

Postmaster Johnson has his son visiting him from San Francisco. Mrs. Ella Kilgore returned on Saturday from San Jose, where she went as delegate to the State Convention of the W. C. T. U. She reports 200 delegates in attendance. All had a pleasant and profitable time.

The new minister has arrived and it is hoped that some people will give him their assistance in the church work. Monday night, the 24th, the Republican party held their campaign meeting at New Hope. A bonfire and the Lodi Band were the great attractions of the evening. A large crowd was present.

UNTIL AFTER ELECTION. Judge Craven Continues a Label Case on Account of "Business." The charge of criminal libel brought against the publishers of the Bee by George P. Royster, was called up in the Police Court yesterday afternoon for hearing, but Grove L. Johnson, attorney for the prosecuting witness, complained of being ill, and wanted a continuance.

ROOM THEVES. Within the past week a number of rooms and offices have been burglarized by men against whom nobody has yet been able to get the slightest clue. They steal clothing or anything of value on which they can get their hands.

GASOLINE PARTIALLY BURNED. A gasoline stove exploded in the rear of the pop-corn, milk-shake and general refreshment stand kept by J. Rubenstein, on the north side of K street near Eighth last night, at 8:30 o'clock. The place was soon ablaze, and an alarm was turned in from box 24. The department responded quickly and soon extinguished the flames.

REAL ESTATE TRANSFERS. The following real estate transfers have been recorded since our last report: Estate of Margaret Lynch to Margaret H. and Francis L. Lynch—Decree of distribution, lot 7, P and Q, Sixth and Seventh streets.

A Valise Found. A valise, containing clothing, a pair of handkerchiefs and some photographs, evidently the property of some detective, was found in the road near Elk Grove by a man Campbell yesterday.

Articles of Incorporation. The Southern California Water and Land Company were filed in the Secretary of State's office yesterday. Capital stock, \$50,000. Directors—G. F. Parker, P. A. Barker, Hiram Leithead, W. M. Burkett and Walter E. Brown.

AMUSEMENTS.

"The Stowaway" had a large audience at the Metropolitan Theater last night. The blood and thunder drama will draw.

The box-sheet of the Metropolitan Theater will be open at the "Civic Opera-house" office at 4 o'clock this morning for sale of seats for any of the three performances of the new and sparkling comedy, "Nobe." Manager Todd, in response to complaint about having box sales for the Metropolitan at the opera-house, explains that the opera-house is the office of the management of the theaters, artificial light does not have to be employed, there is plenty of office room, and it is really more convenient for the management, besides being central.

At Snowflake Park Saturday and Sunday afternoons, from 1 to 5 o'clock, there will be given an exhibition by Cunningham's "Australian Cannibals and Boomerang-Throwers." There are eight of these black trackers in the party and they have been taught to throw the boomerang for exhibition at the World's Fair next spring. They give exhibitions of native dances and weaponry, etc., but especially of the throwing of that remarkable weapon, the boomerang. The San Francisco Chronicle, speaking of their performance in that city, where they excited great curiosity and interest for several weeks, said:

Their performance was unlike any ever given here before. It included not only throwing the boomerang, but of weird, native dances, which brought out their barbarism better than the hand-bills could. They are powerfully-built, bushy-haired, and dressed in native deer, and are peculiarly strange and unapproaching in countenance. They dress in picturesque costumes. [In a native of the bushing is shown in a native of his skin.] At a signal the six men began throwing the boomerang, that curiously-shaped piece of wood which violates in its swift flight through the air the law of gravitation, and puzzles the wise men of science. The dangerous weapons whizzed through the air in erratic course, whirling in second, curving now up and again down, and coming uncomformably near the heads of the spectators, but always touching the ground at a distance of from 100 to 150 feet from the thrower. The men were very accurate in throwing the weapons. They were only playing, and would not use the boomerang as a weapon. It was too dangerous and might hurt some one. When one of the heavier strikes a man it goes straight through him, and the business never fails to hit the object at which they aim. After displaying their dexterity with the weapon in a variety of ways, using both hands with equal ease, the black trackers, including the women, gave an exhibition of their native "corrobree" dance. It was a weird, fantastic measure, with a slow, monotonous chant that grew louder and louder as the dance progressed, and the men's eyes flashed and their bodies writhed in strange contortions. The men stamped with their feet and twined and turned as they chanted the music and kept time with the slow beating of their boomerangs.

The Oakland Times thus described one of the "King Billy" and his five accomplices are wonders in the art of curve pitching. They were a motley-looking group as they stood in line with a bundle of slats behind the center, and with the greatest apparent ease throw them around corners and send them sailing into the air, circling and swooping. One by one they would step forward and with the greatest apparent ease send a boomerang whirling over the heads of the crowd, and everyone had forgotten that it had been sent from the direction of the Piedmont Back building.

J. H. Martin, advance agent for the Still Alarm Company, was in the city yesterday writing dates for that troupe. The Pelican Club will give its annual dance this evening at Turner Hall. Admission 50 cents for gentlemen and lady.

A candidates' ball will be given at Oak Hall, Riverside road, on Saturday evening, the 29th. There will be a public meeting and ball at the American River Grand Hall this evening. A social dance will be given by Germania Rebekah Lodge, No. 31, I. O. U. E., on Friday evening, the 28th, at Turner Hall. Tickets, 25 cents.

McFarland, the Folsom journalist, spent yesterday in the city. Charles N. Munster, a Los Angeles merchant, is in Sacramento. Mr. and Mrs. Mark Levy have come on a visit to Monterey and San Jose. Mr. and Mrs. J. P. Gilman of San Francisco are visiting friends in this city. Railroad Commissioner Beckman went to Bakersfield, Kern County, yesterday. W. E. Doane, official stenographer of the Placer Superior Court, is in the city. Mr. and Mrs. Chas. Bossy have returned from their wedding tour along the coast. BRIEF NOTES. Yesterday the pay-car disbursed coin among the railroad yard men, and to-day the shop men will be paid off. An open-air assemblage on Fourth street last night was addressed by J. B. Osborn on behalf of the People's party. A man named Jacob Schmidt claims he was robbed of a silver watch and lying drunk on Tenth street, between K and L, early yesterday morning. The wild boomerang-throwers will give a preliminary exhibition at Snowflake Park this afternoon to members of the press and other invited guests. Canton Sacramento No. 1, Patriarchs Militant, I. O. O. F., will give an exhibition drill and ball at Armory Hall Thanksgiving Eve, November 23d.

Cut by a Tramp. Patrick Murphy put in an appearance at the Receiving Hospital yesterday morning for repairs. He exhibited a knife-wound in the side, dangerously close to the heart, and said it was done by a tramp on Front street and then escaped. The alleged knife-wielder has not been arrested.

Meeting at Oak Park. The Republican candidates will address the citizens of Oak Park on Saturday evening, the 28th, in front of the Electric Road Exchange. The World's Fair—The Chicago "Inter-Ocean." All about the great World's Fair will be elaborately treated in the Inter-Ocean. Can be had for this price only by subscribers to the RECORD-UNION and WEEKLY UNION.

Why He Bought No Stamps. "Mr. Scribble," said the old millionaire, "Yes, sir," answered his private Secretary. "Here are 150 begging letters received yesterday from the poor. They are all stamped 'Yes, sir.' And you will observe that every one has a two-cent stamp inclosed for a reply." "Yes, sir." "Well, answer them all, especially on postal cards and encourage them to write again."—Curtis Sittings.

UNIVERSITY ALUMNI.

Sacramento Graduates Form an Association—Their First Banquet. Steps were recently taken toward the organization of a State University Alumni Association, or club, in this city, and it was perfected last evening by the election of Howard Stillman as President; J. L. Whitbeck Vice-President, and George T. Clark Secretary. There are as yet but a dozen members, but it will not long until the number will reach thirty or forty, as Sacramento is well represented at the university, and the number of her students is yearly increasing.

The members of the club held their initial banquet last evening at the Restaurant France, and West Wiseman made things very pleasant for the young gentlemen. It is their intention to have at least three such reunions each year. Last night's banquet, being the first, was a wholly informal affair. There were no regular toasts, but impromptu sentiments were responded to by several members. The State University will never have cause to be otherwise than proud of its Sacramento alumni.

The Fire Brigade. A large and enthusiastic meeting of the Harrison and Red Fire Brigade was held at their headquarters last night. In the absence of the President, J. T. Stafford presided. The committee reported through James Douglas, that the brigade was anxious to take a trip to some adjoining town, but that nothing definite could be arrived at. The brigade appointed a committee of three to wait on the Republican League and the County Central Committee to ascertain what could be done toward arranging for the club's trip. The club, by a unanimous vote, favored Stockton, and so instructed the committee. The committee consists of Robert Good (Chairman), Frank J. Cross and John Judge, together with the officers and ex-officio members. The committee will meet to-night at 7 P. M.

Yesterday's Weather. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 81° and 49°, with light northerly winds and a clear sky. The barometrical readings at 5 A. M. were 30.00 and 29.97 inches, a fall of .15 of inch in twelve hours. The highest and lowest temperatures one year ago yesterday were 78° and 52°. The average temperature for the day 68° and 56°, with .06 of an inch of rain.

AYER'S Sarsaparilla. Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Cures Catarrh, etc. Also, because it is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is THE Superior Medicine because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It cures SCROFULA, makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels.
