

ADJOURNED FOR THE ELECTION.

The Supervisors Hold Only a Two-Hours Session.

A New Assessment to be Levied in Swamp Land District No. 407—Ferry Franchise Granted.

The Supervisors met yesterday for their regular monthly session, all the members being present except Mr. Jenkins, who was busy getting the polling-places in his district ready.

J. W. Armstrong appeared before the board and stated that he had been appointed by the board to act as assessor in Reclamation District No. 407 for levee purposes.

The report was read to the board, showing that the cost of the work amounts to \$3,800, for which a new and valid assessment should be levied.

In accordance with the request of the Trustees the board appointed the following Commissioners: John Miller, William Holman and Leslie D. Green.

The board then allowed a number of claims against Reclamation District No. 633, just south of the city, for levee work, amounting to several thousand dollars.

At the expiration of the morning session the board took recess until Wednesday morning at 10 o'clock.

THE CITY LIBRARY.

New Books That Are Being Placed Upon the Shelves.

The following new books have been purchased for the Public Library, and will be ready for circulation Wednesday morning:

Got in Rather Late. Henry Garrett was granted a divorce from Mrs. Alice Garrett yesterday by Superior Judge Catlin on the ground of her desertion.

It's a plan that proves something. Woods, the trakers of Dr. Pierce's Golden Medical Discovery, have a plan to give you what you expect, or take no pay.

Two Sheep-stealers Killed. On Sunday Joe Martin and Fred Cutting, while up the river hunting in the vicinity of the Elkhorn ranch, discovered a couple of black sheep-stealers in the timber and shot them both.

PRECINCT MAP—ELECTION OF NOVEMBER 8, 1892.

Letters and figures on the margin of the map indicate streets. The interior double lines separate Supervisor Districts. Single lines are boundaries of election precincts.

IN A HEALTHFUL CONDITION.

The Lowest Death Rate for Any Month Within Five Years.

Few Cities of the Size of Sacramento Can Compare With it in This Respect.

The regular monthly meeting of the Board of Health was held at the office of the Secretary last evening. There were present Doctors Nichols, Baldwin and Atkinson. Dr. Gardner was reported out of town, and Dr. Fowler ill with a fever.

The mortuary report for October was presented by the Secretary and Health Officer, Dr. H. L. Nichols, which showed twenty-three deaths from the following causes: Alcoholism, 1; diphtheria, 1; phthisis pulmonalis, 3; cancer of colon, 1; Bright's disease, 2; dropsy, 1; cerebral softening, 1; apoplexy, 2; meningitis, 1; diabetes, 1; hepatic abscess, 1; infantile convulsions, 1; constriction of oesophagus, 1; marasmus, 1; old age, 1; morphine poisoning, 1; pistol shot wound, 1; railroad accident (scald), 1; unknown, 3.

In addition to his report, Dr. Nichols stated that the death rate of 9.80 and the fraction is the lowest in five years, and that the sanitary condition of the city is good.

Sanitary Inspector George W. Nichols reported as follows: Yards and cellars filled, 9; buildings repaired, 2; inspected, 1; cesspools and vaults cleaned, 41; new vaults built, 10; sinks re-trapped, 3; pipes repaired, 10; nuisances abated, 35; new ventilators built, 6; patent closets put in, 1; orders to remove rubbish, 20; drains repaired, 16; new drains put in, 3; vaults condemned, 5; contagious diseases notified, 4; notices given, 50; special inspection of block, seventeenth and Eighteenth, M and N streets; arrests, 2; conviction, 1.

L. W. Mahoney, Plumbing Inspector, reported as follows: Plans and specifications received, 17; approved, 17; first inspection, 17; final inspection, 11; plumbing jobs on hand, 20. Nuisances abated, 19; water-closets foul, 2; without sufficient water, 1; sinks not trapped, 3; open joints, 6; surface drainage of sinks, 2; open joints in sewer, 5; total, nuisances abated, 19.

Matters Discussed. Sanitary Inspector Nichols, Assistant Inspector Brisson, and Plumbing Inspector Mahoney, were present at the meeting and reported verbally in regard to the condition of various matters appertaining to the sanitary condition of the city.

While the condition of sanitary affairs was reported good and greatly improved generally, the officers have experienced difficulty in a few instances with individuals who refuse to comply with the law.

DEMOCRATIC WIND-UP.

Candidates Make the Last Speeches of the Campaign. The Democrats closed their campaign last night with a lively open-air meeting at Twenty-first and M streets.

The Federal Land Officers in this district have received the accompanying instructions from Washington relative to filings upon the lands known to contain trees of the "Sequoia Gigantea" variety, or "Big Trees."

WASHINGTON, D. C., Oct. 28, 1892.—Register and Review, Sacramento, California.—GENTLEMEN: By letter of the 17th inst., the honorable Secretary of the Interior directed the suspension from entry of lands in California on which the "Sequoia Gigantea" trees are found.

Real Estate Transfers. The following real estate transfers have been recorded since our last report: G. W. Scribner to William E. Johnson—South 371 feet of north half of south half of lot 4, P and Q, Second and Third streets; \$2,100.

J. P. Koch and wife to C. W. Gammon—One hundred and twenty-five acres, more or less, in section 14, township 5 north, range 1 east; \$23,000.

Sanitary Inspector George W. Nichols reported as follows: Yards and cellars filled, 9; buildings repaired, 2; inspected, 1; cesspools and vaults cleaned, 41; new vaults built, 10; sinks re-trapped, 3; pipes repaired, 10; nuisances abated, 35; new ventilators built, 6; patent closets put in, 1; orders to remove rubbish, 20; drains repaired, 16; new drains put in, 3; vaults condemned, 5; contagious diseases notified, 4; notices given, 50; special inspection of block, seventeenth and Eighteenth, M and N streets; arrests, 2; conviction, 1.

Plumbing Inspector. L. W. Mahoney, Plumbing Inspector, reported as follows: Plans and specifications received, 17; approved, 17; first inspection, 17; final inspection, 11; plumbing jobs on hand, 20. Nuisances abated, 19; water-closets foul, 2; without sufficient water, 1; sinks not trapped, 3; open joints, 6; surface drainage of sinks, 2; open joints in sewer, 5; total, nuisances abated, 19.

Matters Discussed. Sanitary Inspector Nichols, Assistant Inspector Brisson, and Plumbing Inspector Mahoney, were present at the meeting and reported verbally in regard to the condition of various matters appertaining to the sanitary condition of the city.

While the condition of sanitary affairs was reported good and greatly improved generally, the officers have experienced difficulty in a few instances with individuals who refuse to comply with the law.

Two Sheep-stealers Killed. On Sunday Joe Martin and Fred Cutting, while up the river hunting in the vicinity of the Elkhorn ranch, discovered a couple of black sheep-stealers in the timber and shot them both.

THE FACT

That AYER'S Sarsaparilla CURES OTHERS of Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment will cure you.

AYER'S Sarsaparilla

during the past 50 years, truthfully applies to-day. It is, in every sense, The Superior Medicine. Its curative properties, strength, effect, and flavor are always the same; and for whatever blood diseases AYER'S Sarsaparilla is taken, they yield to this treatment. When you ask for

AYER'S Sarsaparilla

don't be induced to purchase any of the worthless substitutes, which are mostly mixtures of the cheapest ingredients, contain no sarsaparilla, have no uniform standard of appearance, flavor, or effect, are blood-purifiers in name only, and are offered to you because there is more profit in selling them. Take

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists, Price 11; six bottles, \$5.

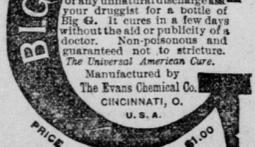

Cures others, will cure you

Baker & Hamilton,

IMPORTERS AND JOBBERS OF HARDWARE, IRON, STEEL, COAL, POWDER, Agricultural Implements and Machines. BARBED WIRE, CORDAGE, BELTING.

DRUNKENNESS

It can be given in a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist.

SUBMITTED PROPOSITIONS.

How to Vote on the Constitutional Amendments.

Also on the Other Propositions Submitted to the People by the Legislature.

Upon the propositions submitted to be voted for or against, on the 8th of November, every elector ought to make himself intelligent. We submit the following suggestions how to vote, and the reasons why briefly stated:

Senate Constitutional Amendment No. 10—Extends legislative sessions to 100 days, from sixty. It is useless expense. If it is an honorarium, it can do its work in sixty days; if venal, sixty days is long enough to endure it.

Assembly Constitutional Amendment No. 7—Now the cities, townships, etc., may now by two-thirds vote contract a debt, but must provide for its payment annually, so that it will be extinguished in twenty years, or less. The amendment simply substitutes "40" for "twenty" years. Thus, if bonds in the sum of \$100,000 are issued for twenty years, \$5,000 must be set aside each year to redeem them. Under the proposed amendment but \$2,500 a year would be necessary for the sinking fund.

Senate Constitutional Amendment No. 8—Now the Lieutenant-Governor receives a per diem while the Senate is in legislative session of sixty days. The amendment proposes to pay him \$4,000 a year and make him travel and inspect State institutions and their supporters in part of the State. He is to report to the Governor, and all his expenses are to be paid by the State. It is a useless expense, and puts examination of asylums into the political arena. What we do need is a Board of Charities and Correction that is costless, and is such as most other states have. This amendment also repeals, by omitting, words in the Constitution that prohibit the Legislature fixing salaries of clerks to the State officers higher than \$1,000 a year. This would open the door to clerks to lobby to secure higher salaries.

Assembly Constitutional Amendment No. 5—Gives the Governor power to veto deficiency bills by items, i. e., approve some and reject others. Forbids officers to make expenses in excess of money allowed them to "run" their departments, except by consent of the Governor, Secretary of State and Attorney-General given in writing. A wise provision and a necessary one, one, stops the practice of incurring liabilities and trusting to the Legislature to pass deficiency bills to meet them.

Senate Constitutional Amendment No. 14—Does away with classes of cities for the purposes of charter making, and permits any city having 3,000 inhabitants to adopt a charter, to be passed upon by the Legislature. Under the present law a different method for each class of adopting a charter is provided for cities according to population.

Refund the State debt. No, because we owe only \$21,000 and can pay it. All the rest is university and free school money invested in bonds that at 6 per cent. if we refer 14 per cent. then the other 2 per cent. must be raised by taxation, as the schools get no more than now. So there will be no gain but added cost in issuing new bonds. Besides, it will throw the schools each year upon the Legislature, to provide support, and thus it will open the door for embezzling the schools by a corrupt legislature, and to divide the funds. It is no debt now, as we simply owe it to ourselves, and can therefore remain forever, and ought to.

For the San Francisco Depot Act. Against the San Francisco Depot Act. We vote for it, because it does not touch taxation or cost taxpayers a cent. The State owns the San Francisco water front. It is controlled by a State landing depot that is building a seawall. It collects rents, tolls, dockage and wharfage, and pays the money to the State Treasury, and the landing depot draws on the fund for its expenses. Its income is largely in excess of its out-go. But it cannot receive any more money without the vote of this vote gives it leave. The plan is to let it borrow \$500,000 for not exceeding nineteen years and pay it in annual payments. In order to build a proper depot and ferry building now instead of the shabby old sheds at the foot of Market street. This landing depot, with conveniences for men, women and children, is to be used, as is the old, by ferries, railroads, passengers and commerce, for the rental, tolls and dues. It is not a depot for San Francisco alone, or for a railroad company, but for the people and commerce, and is to be the best one, a source of revenue to the Harbor Commission from rents paid by companies and commerce that uses the landings.

For an educational qualification for voters. Against an educational qualification for voters. We vote for it; that a voter must be able to write his name and read a section of the Constitution. Why not? Our sons are ineligible for twenty-one years, in order that they may be able to learn enough to vote intelligently. Why, then, allow the State to make laws by voting who cannot read the laws? Intelligence and education must underlie the voting privilege, if it is to be maintained and the best interests of the republic conserved. The man who in this day cannot and will not learn to write and read is not likely to make an independent thinking and useful citizen. But this vote "Yes" does not make it law; it is only a test vote to ascertain the desire of the people and whether they wish such a law passed.

For election of United States Senators by direct vote of the people. Against election of United States Senators by direct vote of the people. We vote for it, because it will bring the Government nearer to the people, and will free the Legislature and legislative elections from any annoying and corrupting influence of Senatorial choosing. The day has passed when the Senate needed to be a quasi aristocratic body. Let the people choose their Senators direct, by popular vote, and we will have more direct reflection of the people's desire in the Senate. But this is only a test vote, a means to ascertain the wish of the people in this matter.

THE RED HOUSE

—Having purchased—

The Miss Mary McGrath Stock of Millinery

Will place the same on sale for two days, commencing

To-Morrow Morning at 9 O'clock

At the store, 420 J street (her former place of business), between Fourth and Fifth. Here is a grand opportunity for ladies to purchase Fine Millinery Goods at
