

MUNICIPAL MATTERS.

The School Board Asks for a 35-Cent Tax Levy.

A Couple of Hundred Dollars Saved by Discounting a Lawyer's Claim -Minor Matters.

At the meeting of the Board of City Clinics yesterday Manager Dailey of the street a banner across the street. Mayor Comstock was opposed to granting the privilege, as it would establish a precedent. Those which had already been stretched across streets were without permission, Mr. Dailey being the first person who had applied to the board.

Trustee Conklin thought that none ought to be put up without permission, but others were already up and perhaps the request might be granted in this case. On motion of the Mayor the request was denied.

Philip Driver appeared and complained that the water was flooding the street at Twenty-fifth and Twenty-sixth, L and M streets, and endangering and damaging property there. The trouble is caused by the old sewer running down the slough which ran from Sutter's Fort and was filled.

The matter was referred to the Street Commissioner with power to act. A Mr. Johnson asked to have the gas pipe in the alley back of his house at Seventh and L streets, and he was told that the Gas Company would attend to it.

WANT A STREET GRAVELLED. George Murray asked that a sewer be put in the alley between Seventeenth and Eighteenth, M and N streets, the majority of the property owners desiring it done.

The matter was referred to the Street Commissioner for investigation. Mr. Murray also asked the board to call up the matter of the improvement of Eighteenth street, which has been owned by owners wished it, and now was a good time to make a start. He did not think they could get a better class of material for that street than gravel.

The Mayor thought it was a little early to commence, but Mr. Murray said that if the board did not take action now it would probably be put off for a month to month. Just now, when the water was high and the mud deep, the people were more likely to be eager for improvements than at other times were good.

The board thought the proper way would be to bring it up through petition of property owners, and no action was taken in the matter.

THE M-STREET GRADING. The following communication was received from the Central Street Railway Company:

"For a more perfect understanding between the City of Sacramento and the Central Electric Street Railway Company, relating to the abandonment of that portion of M street improved by the said Central Electric Street Railway Company in accordance with the requirements set forth in resolution of intention number 142, and in conformity with the payment of one-fourth of the cost of said improvement by the City of Sacramento, the Central Electric Street Railway Company hereby agrees, in case of abandonment of said portion of said M street, to pay, at its own expense, repair such part of said street so abandoned, and place the same in as good order as it was before its tracks were removed."

SCHOOL DEPARTMENT. The City Board of Education presented its report for 1892, showing its receipts from taxation, tuition fees and other sources to have been \$1,022,229, expenditures, \$1,019,925.63. Estimated expenditures for current year, \$1,055,300. Estimated receipts for current year, \$1,055,000, of which \$110,000 have already been received from county taxes.

The report states that the present High School building has ceased to be adequate for its purpose, and that a new building is imperatively needed. They therefore ask for a tax levy for school purposes of thirty-five cents on each \$100.

The report was received and will be taken up at some future time. VISITING SALT LAKE OFFICIALS. The Mayor stated that he had received a communication from the officials of Salt Lake City, stating that they were visiting the different cities of the coast on a tour of inspection, and would be in this city on February 4th.

On motion of Trustee Conklin, the Mayor was instructed to meet them, tender to them the courtesies of the city, and make up such programme as seemed to him suitable.

OPPOSED TO GRADING. A remonstrance by property-owners to the grading of the alley in the block bounded by Ninth and Tenth, K and L streets, was received and filed and the work abandoned.

MISCELLANEOUS. Harbor-master Wiseman reported \$139 levee dues collected during the month of January.

Commissioner McNulty filed a new bond in \$2,000, with Charles Heisen and Patrick Hartnett as sureties.

ASSESSMENT CANCELLED. Jonathan De Rosa presented proofs that lots 7 and 8 in the block bounded by T and U, Third and Fourth streets, had been assessed twice in 1891, the first time to A. C. Freeman. That tax was paid, and the last time the assessment was in the name of unknown owners, which had not been paid. The District Attorney was instructed to cancel the latter assessment.

USE OF CITY WATER. E. R. Dole, Water Inspector, reported that in the district bounded by T, Twelfth and Y streets he found 218 head of cattle and horses using water, and 38 leaky hydrants, which were repaired by the owners on his notification.

He has begun the canvass of the remainder of the city for the purpose of ascertaining the number of horses and cattle using water. Chief Engineer Kenwick reported the number of gallons of water pumped during the last week as 25,226,000.

DISCOUNTED THE BILL. A number of bills were passed, among them a claim for \$30 for legal services in the bond suit, but who, in consideration of the strained finances of the city, offered to accept \$200 if the bill were paid now. His offer was accepted.

ELECTRIC LIGHT ORDER. Street Commissioner Green reported that he had investigated the request for an electric light at the junction of the electric road at Twenty-eighth and P streets, and thought that it was very much needed there, as people had to be transferred there and wait in the dark.

On motion of Trustee Conklin the Street Commissioner was instructed to place an electric light there. A discussion took place on the placing of lights at various other points, where they were needed, but no action was taken.

MARTIN AND MASON. Their Version of the Affair Concerning Colonel Barlow. The examination of Emil Martin and Henry Mason, charged with the theft of thirty-three sacks of barley from a freight car, was held in Justice Henry's court yesterday. Several witnesses being examined. The case will be argued to-day.

While there are circumstances connected with the case which at first seemed to be against the accused, they tell a very plausible story in their own behalf. They testified yesterday that on the morning following the night of the robbery, they started at 6 o'clock to go to Brighton, where they intended selling their team. On Twenty-fifth street they met a teamster with a broken-down wagon. The wagon contained barley, and the teamster offered to sell the load

for \$9. They bought the barley and sold it for \$11. They denied that they had ever sold barley before, their business being junk merchandising.

Mrs. Lolan, the woman whose Martin and Mason room, testified that on the night the robbery occurred they slept in her house.

Articles of Incorporation. Articles of incorporation have been filed in the office of the Secretary of State for the following:

The Merchants Ice and Cold Storage Company of San Francisco. Capital stock, \$1,000,000. Amount subscribed, \$150,000.

The A. F. Tenny Company of San Francisco, for canning, curing, preserving and packing fruits, vegetables, fish, meats, etc.

The Crown Distilleries Company of San Francisco. Capital stock, \$750,000. Actually subscribed, \$50,000.

The California Tobacco and Cigar Manufacturing Company of San Jose. Capital stock \$500,000. Actually subscribed, \$8,500.

The Phoenix Athletic Club of San Francisco. Capital stock, \$500,000. Actually subscribed, \$50.

The Leland Stanford Jr. Mutual Chapter of the Sigma Nu Fraternity of Palo Alto. Capital stock, \$25,000. Actually subscribed, \$250.

The Point Arena Creamery Company of Point Arena. Capital stock, \$20,000. Actually subscribed, \$1,740.

Police Court Notes. In the Police Court yesterday morning I. Bacca and Felix Bacca, charged with being drunk, were discharged.

C. T. Siebe, charged with maintaining a nuisance, had his case put off until to-day.

The case of W. H. Jackson, charged with assault to murder M. Ryan, by slashing him with a razor on Sunday morning, was also continued till to-day.

Hanson, who committed battery on Martin Cooke, was fined \$5.

Robert Bailey was held to answer to a charge of burglary, with bail fixed at \$2,000. He is the man whom John Riley captured after his store had been burglarized the other night.

Compliment to a Sacramento. Among the attractions at the World's Fair will be a series of athletic games and contests, from July 21st to the 30th, to be known as the "International Festival" and World's Fair Caledonian Games.

Among those selected to act on the committee to manage the affair is J. G. Stewart, Secretary of the Sacramento Caledonian Association.

This selection goes credit to the promoters of the affair, as Mr. Stewart is one of the most competent men in the country in arranging the details of events of that kind. The Sacramento Caledonians appreciate the compliment, too.

Antone Wagner's Estate. Jacob Wagner, administrator of the estate of Antone Wagner, deceased, has applied for an order of final distribution of the estate, which is described as the north 70 feet of the west 75 feet of lots 8 in the block bounded by D and E, Tenth and Eleventh streets, the south 31 feet of the north 75 feet of the east 2 feet of lot 8 in the block bounded by D and E, Tenth and Eleventh streets, and the west quarter of lot 7 in the same block. The estate is appraised at \$4,950.

The hearing of the case has been set for February 10th.

Suits on Unpaid Notes. T. M. Lindley has entered suit against O. H. O. Hoffman in the Superior Court to collect \$152.02 due on a promissory note given by defendant to Reibaus & Adams and assigned by them to the plaintiff.

He has also commenced suit against Pietro Moretini for the collection of \$27.67 due on a promissory note assigned to him by Reibaus & Adams.

An Insolvent Debtor. T. W. O'Neil has been appointed receiver of the property of Julius Nossen, who has been on his own petition adjudged an insolvent debtor by Judge Catlin. Nossen has been engaged in the cigar business here for the past six months. He places the amount of his debts at \$1,186.60, none of which is secured, and his assets are represented by ciphers.

Bold Highway Robbery. Henry Duvork was made the victim of a most diabolical case of highway robbery on Sunday at Third and S streets. He charges Ian Bailey and William Huggles with having stopped him there and plundered him of a can of beer.

These "daylight thieves and midnight robbers," as Denis Kearney used to say, should be taken out and lynched.

The Palmer Case. In the Palmer trial yesterday Dr. W. A. Skiles was examined at some length as to Palmer's symptoms when he treated him at San Bernardino. He said that Palmer's conduct was that of an insane person.

J. W. Davis, W. H. Hoard, James H. Doollittle, E. C. Seymour and Parsons Richardson were also examined as witnesses.

New County Clerk's Deputies. J. D. Moybhan yesterday resigned his position as Deputy in the County Clerk's office, and County Clerk Hamilton has appointed L. M. Landsborough to fill the vacancy. He has also appointed Frank L. and Mary C. Crouch to Wm. W. Milne - West half of lot 7, M and N, Twenty-sixth and Twenty-seventh streets; \$500.

August M. Smith and wife to Peoples' Savings Bank - West 69 feet of lot 4, O and P, Twenty-sixth and Twenty-seventh streets; \$1,162.02.

Geo. O. Bates to Kittie M. Troi - North quarter of west 75 feet of lot 4 and J, Sixth and Seventh streets, as her separate property; \$700.

Eliza Clark to John H. Higgins - West 30 feet of lot 7, D and E, Seventh and Eighth streets.

Luluyard Frink to Mary Ellen C. Parker - fractional portion of lot 4, M and N, Eighth and Seventh streets.

It Has Come To This. That every successful, meritorious article has its imitations. This is a grave injustice, for the genuine pure article will often be judged by the imitation. No preparations require for their manufacture more care and skill, more costly and purer materials, than Flavoring Extracts. In this instance cheap materials mean inferior flavors. Dr. Price's Delicious Flavoring Extracts have won their way to public confidence by the pure and costly materials used, the new processes employed for extracting from the fruits their natural flavoring principles. In using Dr. Price's Orange, Lemon, Vanilla or other flavors the housewife will never fail to obtain the grateful flavor desired.

FIRST ARTILLERY REGIMENT.

Governor Markham Will Soon Inspect the Local Companies.

Members of the Legislature and Other Distinguished Visitors to Be Present on That Occasion.

Governor Markham, Adjutant-General Allen, and the resident staff of the Commander-in-Chief, together with the military committees of the Senate and Assembly, Ways and Means and Finance Committees, the Lieutenant-Governor, Speaker Gould and others, will inspect the city companies of the First Artillery Regiment on Wednesday evening, February 24th, at 8 o'clock.

The general Legislative Committee on Military Affairs for the National Guard will also be present, and invitations have been extended to Major-General Dimond, Brigadier-Generals Dickinson, Montgomery and others.

A review will be tendered the Governor, who will be escorted to the armory by a staff officer. After the review dress parade will be conducted, and Battery B will show how expert it is in dismounting one of the heavy cannon on the smooth-bore floor.

After the ceremonies the distinguished visitors will be shown through the company armories, and will inspect the officers' headquarters, means and finance. The Fourth Brigade staff will assist the Commander-in-Chief during the review.

The various committees from the Legislature will be met at the Golden Eagle Hotel and will be escorted to the armory by officers of the staff. The public will be admitted to the galleries.

General Allen has published the list of medal winners at target practice in 1892. The list is quite long, and the First Artillery has captured a fair share of the prizes.

Frank M. Woodson has been appointed Sergeant-Major on the staff of the commanding officer of the Fourth Brigade.

Major W. W. Douglas has been changed from Commissary to Inspector of Rifle Practice on the Brigade Staff, left vacant by the death of Major Gilchrist, and Adolph Scheld has been recommended as Commissary. This gentleman has had considerable experience in the military business, and will be quite an acquisition to the staff.

We understand, also, that Dr. G. C. Simmons is about to be placed on Colonel Guthrie's staff as Assistant Surgeon - an excellent appointment.

It is quite certain that the First Artillery will shortly have another company added to it, with headquarters at Vallejo. Captain O'Grady will probably have command, and Assemblyman McCauley will be one of the Lieutenants.

THE BRADYS. Quite a Squad of Them Will Be in the Palcos Court To-day. Ed and Milton Brady, charged with battery, yesterday had their cases continued in the Police Court until to-day.

Milton Brady, who is a half-brother to the four or five other Bradys, states that the trouble is in regard to the settlement of his mother's estate, and that Ed and Warren, his half-brothers started in to "do him up."

He claims that he is a hard-working man with a family to support, and has nothing to do with the others, but an account of various legal delays they are continually trying to force a fight with him.

On Saturday night, he says, Ed, George and Jim followed him into a saloon and jumped him, and he got the best of it. On his complaint Officer Mailey arrested Ed, and while making him to the station the prisoner bit Mailey's finger badly.

FOR THE KINDERGARTENS. The Entertainment to Be Given by the Ladies Next Month. At the Metropolitan Theater on February 7th will be presented the play of "The Hunchback" for the benefit of the Sacramento and Froebel Free Kindergartens.

The ladies managers of the kindergartens particularly wish to state that the theater will be well warmed, and during the intervals between the acts a first-class orchestra will render choice selections. Everything has been done to insure a good entertainment. The general admission will be 50 cents; reserved seats, 25 cents extra.

Tickets can be had of W. F. Purnell, 607 J street, and also of the members of the kindergarten societies.

Real Estate Transfers. The following real estate transfers have been recorded since our last report: Edwin K. Aisip and Robert T. Devlin to Mrs. Julia E. Gillespie - Lot 1, block 32, of Oak Park, in South Sacramento.

Warren Buell to Frank J. Willard - South 32 feet of north 64 feet of lot 8, C and D, Fifteenth and Sixteenth streets.

Bessie L. and Mary C. Crouch to Wm. W. Milne - West half of lot 7, M and N, Twenty-sixth and Twenty-seventh streets; \$500.

August M. Smith and wife to Peoples' Savings Bank - West 69 feet of lot 4, O and P, Twenty-sixth and Twenty-seventh streets; \$1,162.02.

Geo. O. Bates to Kittie M. Troi - North quarter of west 75 feet of lot 4 and J, Sixth and Seventh streets, as her separate property; \$700.

GARBAGE CREMATION.

An Eastern Man Interested in Sacramento Writes of It. CAMBRIDGEPORT, Mass., Jan. 29, 1893. Eds. RECORD-UNION: I enclose clipping from last DAILY RECORD-UNION concerning sewerage. I have often seen in the RECORD-UNION reference to the Worcester system of disposing of garbage. I have known of late that Lowell had a new plant of crematory, which was supposed to be a new departure and a success. If I had been well I was expecting to look the matter up a little more. I enclose a clipping from to-day's Boston Journal. The Lowell process is worth looking after by the authorities of Sacramento.

I notice the revival of the subject of pure water for Sacramento. I hope she may get it soon. Respectfully yours, F. E. JUDSON, 9 Essex street.
