

THE CITY'S GUARDIANS.

Eleven of the Sixteen Policemen Have Been Elected,

And the Others Will be Chosen To-day—Isaac J. Simmons Selected as the Captain.

There was a large audience present yesterday at the meeting of the Police Commissioners called for the purpose of electing a new police force. Many of those on hand were applicants for places, and the others were mostly politicians, men with "pulls" and friends of the aspirants for police honors and the salaries contingent thereon.

Mayor Steinman presided, with Police Judge Buckley on his left and Chief of Police Rodgers on his right. Each Commissioner drew either a memorandum or slip of paper from his pocket and did a little "figuring" before the balloting was begun.

J. F. McCracken, Clerk of the Police Commission, was duly installed as Clerk of the commission.

The first business done was the reading and acceptance of the resignation of J. M. Wallace as special policeman.

The Clerk then read the applications of candidates for positions, which consumed a little over an hour. The list was as follows:

PLENTY OF ASPIRANTS. H. E. Greer, L. W. Farrell, E. R. Dole, M. G. Dolan, Anthony Green, Thomas F. Burke, Edward Kripp, John Campbell, R. W. Ash, Herman Stokes, W. G. Bradley, Timothy Lee (Captain), J. A. Wilson, George K. Nagel, W. L. Talbot, William M. Aherm, J. A. Gibson, A. Agner, M. J. Sullivan, J. J. Plunkett, H. Bradley (Captain), Leon Perrucini, J. M. Woods, W. B. Ferral, R. Cunningham, E. W. Dickens, George Maley, I. J. Simmons (Captain), Matt Karcher, S. M. Warner, Frank Rider, J. G. Cox, William M. Lowell, B. F. White, John P. McManus, August Schweikending, H. J. Carroll, C. G. Alexander, Henry J. Gallagher, T. J. Crump, William J. Thompson, Hugh McCormick, Henry Alter, M. M. Brady, F. M. Ray, Lee Todd, E. Franks, E. J. Clark, Louis Wagner, James Schofield, William P. Brissel, John Churchman, Edward Dolan.

The Commissioners first proceeded to the election of Captain of Police, the candidates being T. Lee, W. H. Bradley and I. J. Simmons.

BRADLEY PROTESTS. A protest was entered by W. H. Bradley on the consideration of the application of I. J. Simmons, on the ground that one of the signers (A. Morrison) is not a qualified voter, as required by law.

On motion of Commissioner Rodgers, the matter of the election of Captain was temporarily deferred, but it was afterwards found that there were enough signers without the lack of this ballot.

Commissioner Buckley thought the election should be by secret ballot, but the Mayor said he preferred it otherwise. He was not ashamed of the name of the men for whom he intended to vote. It was then decided to deposit the ballots in a hat, each Commissioner writing his name on the back of his ballot. The roll was called, as follows: For Lee—Steinman. For Simmons—Buckley and Rodgers. For Bradley—none.

The Mayor announced that I. J. Simmons, having received a majority of the ballot, had been duly elected Captain of Police for the ensuing term.

BALLOTING RESUMED. It was then decided that in balloting for officers each Commissioner should vote for fifteen, those receiving three votes each to be declared elected. The result was as follows:

Mayor Steinman's list—Maley, Green, Talbot, Aherm, Kripp, Alter, Higgins, McManus, White, Carroll, Cunningham, Ream, Franks, Plunkett, White. Judge Buckley's list—Maley, Wilson, McManus, Talbot, Aherm, Kripp, Green, Carroll, Higgins, Aherm, Dole, Gallagher, Franks, Lowell, Sullivan. Chief Rodgers' list—McManus, Nagel, Wilson, Burke, Carroll, Dole, Maley, Sullivan, Alter, Green, Kripp, Higgins, Aherm, Ferral, Talbot.

Those declared elected on the first ballot were: George Maley, J. A. Wilson, J. P. McManus, W. L. Talbot, Henry J. Carroll, Dan Kripp, Anthony Green, H. J. Carroll, Ed Higgins, William Aherm.

A motion by Chief Rodgers, that all receiving two votes on the first ballot be declared elected, failed of receiving a second, and the Commissioners proceeded to ballot again, with the following result: Buckley voted for Dole, Gallagher, Franks, Sullivan and Wagner. Rodgers voted for Nagel, Burke, Dole, Sullivan and Ream. Steinman voted for Plunkett, Cunningham, Ream, Franks and White.

Dole, Franks, Sullivan and Ream each received two votes, and Gallagher, Nagel, White, Plunkett and Wagner one each. The commission then adjourned until 9 o'clock this morning.

THE NEW CAPTAIN. The new Captain, I. J. Simmons, lost no time, but went at once to the Clerk's office, where he qualified as Captain of Police.

Those of the old force thus far elected are Maley, Wilson, McManus, Talbot, Higgins and Aherm. Alter has been selected as a Deputy Sheriff, under Lee's reign, where he is doing a good record. Green was an officer during Chief Rodgers' reign, and Carroll was one of Chief Drey's best officers. Kripp has been selected as a special officer, and has also been substituted duty on the regular force. Captain Simmons was also an officer under Chief Drey.

Thus it will be seen that the officers thus far chosen have all had experience in police duty.

BECKER'S PAL.

Gus. Haberdank on Trial for Swindling Kaeding. The second trial of Gus. Haberdank, for grand larceny, in swindling a Swede named Louis G. Kaeding out of \$8,000, by pretending to be a leading agent, was commenced before Judge Catlin yesterday. The following jury was secured in the morning: B. Ruh, Robert Denham, G. D. Wentworth, J. H. Flickinger, C. J. Noack, Peter Hoey, E. E. Barry, W. R. Ellis, E. P. Figg, James Garzoli, W. L. Benning and James Graham.

A WATERY PITFALL.

One which the City Maintains for People to Walk Into. Two young men walked out of the police station last evening about 8 o'clock and started toward the Water Works building. One of them could not see well by the electric light and walked into the pit that has been washed out by a burst pipe there. The hole is about twelve feet deep and the man went almost to the bottom before he realized where he was at. His companion was naturally frightened and surprised, and he immediately jumped in to rescue his friend, or to find out what he was there for. A lively struggle in the hole took place in their efforts to get out, and the rickety old ladder which "fenced" the pitfall was smashed. Both men finally got out, and were, fortunately, not injured, but they were about as wet as they would have been had they swam the river. A number of curious, but indifferent,

ROUGH ON ATTORNEYS.

Cannot Appear in Actions Before Relatives on the Bench.

Among the laws passed by the Legislature one has been discovered that is quite novel and sweeping in its provisions, and is certain to interfere greatly with the privileges of both judges and lawyers. It was introduced by Senator McGowan, and is as follows:

Section 1. Section one hundred and seventy of the Code of Civil Procedure is hereby amended to read as follows: No Justice, Judge or Justice of the Peace shall sit or act as such in any action or proceedings— 1. To which he is a party or in which he is interested. 2. When he is related to either party, or to an attorney, counsel, or agent of either party, by consanguinity or affinity within the third degree, computed according to the rules in law. 3. When he has been attorney or counsel for either party in the action or proceeding. But the provisions of this section shall not apply to the arrangement of the calendar, or the regulation of the order of business, nor the power of transferring the action or proceeding to some other court.

THE ENOS FIRE.

Insurance Men Claim It Was the Result of Incompetence.

Insurance men who visited the scene of last Saturday's fire on Manuel Enos' farm, on the Yolo side of the river, a few miles south of Washington, declare their belief that the burning of the dwelling and hop-house was the result of incompetence. The buildings were surrounded by water that poured through the break in the levee at that place, and were for that reason unoccupied at the time of the fire. Some persons from the Oak Hall, on this side of the river, after the fire was started from the inside. The insurance on the building was \$2,000.

AT OAK PARK.

Basket Social on Friday for the Benefit of the New School.

The new schoolhouse at Oak Park will be dedicated on Friday evening next, the 14th, commencing at 8 o'clock. There will be a short literary programme, which will be followed by a "basket social" and a dance. An admission fee of twenty-five cents will be charged, to help defray the general school expense, but all ladies who bring baskets of lunch will be free. The baskets will be auctioned off, and the lady whose name the gentleman finds in his prize will be his partner for supper. Good music will be furnished and a pleasant time is assured to all.

STILL IN THE SAFE.

Applications For Licen Lands Not Made Public.

A representative of the RECORD-UNION yesterday made another request of the Surveyor-General to be permitted to publish a list of the applications for lieu lands now looked up in the safe of that office. Mr. Reichert declined to permit such publication or any examination of the papers. He said that he had not even examined the applications himself, and did not propose to take any further action in regard to them until he received the decision of his legal advisors on the proper course for him to pursue.

TROUBLE IN CAMP.

One of the Threatening Phases of Existence in a Certain Circle.

A young man who is said to be a brackener and to be living with a woman on lower L street, after the popular plan in that quarter, was decidedly on the war-path last evening. As near as could be learned, some rival has been trespassing upon his domain, and he thought his only course lay in making his own law. He called an officer into his councils, however, and it is probable that he will decide upon some less radical course.

DEATH OF FRED GEORGE.

The Erratic Youth Ends His Life in an Asylum. Fred George, a former well-known resident of Sacramento, died in the asylum at Stockton yesterday, of which he had been an inmate for about a year.

At one time it was thought he was sane, and a jury declared him so, in spite of the testimony of the physicians, but about a week afterward, after squandering a large part of his estate, he had to be returned to the asylum, where he continued until his death.

The Railway Evangelists.

At the Sixth-street M. E. Church this evening Miss Jennie Smith and Miss Adeline Sherman, the national "lake evangelists," from Mountain Lake Park, Md., will address the public in regard to the work in which they are engaged. The lectures will be free, and are all invited to attend. They will speak at 7 o'clock, and at 8:30 at the Sixth-street M. E. Church.

Imitators and Impostors.

The unequalled success of ALCOCK'S POROUS PLASTERS as an external remedy has induced unscrupulous parties to offer imitations, which they endeavor to sell on the reputation of ALCOCK'S. It is an absurdity to speak of imitations in the same category as the genuine porous plaster. Their pretensions are unfounded, their vaunted merit unsupported by facts, their alleged superiority over equality with ALCOCK'S a false pretense. The ablest medical practitioners and chemists and thousands of grateful patients unite in declaring ALCOCK'S POROUS PLASTERS the best external remedy ever produced. Beware of imitations, and do not be deceived by misrepresentation. Ask for ALCOCK'S, and let no solicitation or explanation induce you to accept a substitute.

Eastern Excursionists Fall in Love With Sacramento.

Praises for the Capitol and Its Beautiful Park—The Art Gallery Would be a Credit Anywhere.

About one hundred of the Eastern excursionists visited the State Capitol and the Art Gallery yesterday forenoon. Among them were many traveled people, who had visited most of the great centers of the civilized world. They were all very complimentary of Sacramento and especially of the large and well-kept city and their large and well-kept grounds. Sutter's Fort was a point of very lively interest to them. They were loud in their expressions of admiration for the Capitol and the beautiful Capitol Park. One Boston man said to a group around him: "We hear that there is talk of removing the Capitol from this city. Why we cannot understand, though several have tried to explain to us in other parts of the State. But we have not heard a sufficient reason that addresses our judgment. Certainly this city does credit to the State. In our half-day and night here we have seen that there is business thrif here and more advancement than we expected to find. You people must not expect that California is an infant yet, and your cities only beginning. I guess you want too much and expect too much in a short time."

The visitors were especially pleased, and were profuse in their expressions of surprise. A gentleman from New York fully expressed his admiration for the wonderful work of art and landscape in a group about the city. "Why, this building and collection is worth the time and cost of every excursion of Eastern folks to stop and see alone. It will keep Sacramento warm in the memory of our party when we have forgotten many other towns we have visited. But then all of California is wonderful, and we take pride in it as part of our common country. Then we meet so many from our homes, and they are big-hearted fellows; really, you people have a way about you that is new to us."

OPINION OF A CONNOISSEUR.

Henry G. Robinson of Niagara Falls was of the party. He is a well-known connoisseur of art and has spent time in all the galleries of Europe, and has attended all the notable art sales. He volunteered an opinion on the collection of the 700 pictures on the walls of the Sacramento gallery he would, if he were buying for works of high merit, select fully 500. He regretted that there was so much work of the German school, to the exclusion of greater variety in the collection. He added: "But this museum is—out here in California, in a small city, to find so much which must have a tendency to refine, soften and better the people, and cultivate their tastes. It will keep Sacramento warm in the memory of our party when we have forgotten many other towns we have visited. But then all of California is wonderful, and we take pride in it as part of our common country. Then we meet so many from our homes, and they are big-hearted fellows; really, you people have a way about you that is new to us."
