THE MYSTERIOUS QUINTE.

Who Were the Youths that Killed Louey Wing Guey?

Five Young Men Who Should be Brought Face to Face With the Law.

An inquest was held yesterday on the body of Louey Wing Guey, the Chinaman who was murdered at Fourth and M streets on Saturday night by one of a crowd of five unknown young men, who knocked him down and then away.

The evidence was substantially the same as the account published in the RECORD-UNION on Monday, except that it was then stated there were two white men, while eye-witnesses say there were five.

Dr. C. B. Nichols, City Physician, said the Chinaman's injury consisted of one blow back of the right ear, apparently given with a club or a cobbler.

A. Van Tassel, of 1318 Fifth street, testified that he was on his way to the butcher shop between 7:30 and 8 o'clock Saturday evening, when he saw the Chinaman assaulted in the middle of the street, and his assailant ran away. He walked over, picked up the Chinaman, stood him on his feet, and helped him to the Chinese wash-house on Fourth, between L and M, half a block away.

Then went to where the four young men were, said something to them, and they all ran off down Fourth street. He could give no description of the men. They were dressed in black.

Mrs. Emily Karcher testified that she saw the Chinaman struck. The last young man to cross over struck the blow. Two of them had straw hats on.

Several other witnesses testified, but the story told by Van Tassel covers the case.

The coroner's jury brought in a verdict that the Chinaman had come to his death from a blow on the head, inflicted by a party or parties to the jury unknown.

It should not require the greatest detective skill in the State, nor even in this city, to ascertain who the five young men were, or some of them at least. The crime was a foul one, on a par with that of the killing of Special Officer Wetzel on the following night, and the perpetrators should be brought to judgment.

OUTSIDE PRAISE. One of the Results of the Pure Water Election.

Napa Register: "By a big majority Sacramento carried the pure water proposition last Saturday. Truly the Capital City is forging ahead. What seemed to be the unkindest act of all the acts of the last Legislature was probably the most gracious service a friend—posing as an enemy—could perform. Sacramento is fast making herself worthy of capitalistic honors."

Bakersfield Californian: "The city of Sacramento, as was to have been expected, has voted in favor of a supply of pure water for domestic purposes. The one great drawback of that place was the lack of water that could be used by those not accustomed to it without causing serious physical trouble. Now that this drawback is to be removed, one of the

leading objections to visiting or residing in the Capital City is removed."

Woodland Mail: "Though no thinking person doubted the result of Sacramento's election on the pure water question Saturday, it is pleasant to have one's estimate of the progressive character of the capital verified. The big majority against the muddy river as a source of drinking water shows that the progressive element of Sacramento has a firm grip on the reins and is determined to do the driving."

SELLING LIQUOR TO CHILDREN. Persons Who Have No Respect for the Law Nor Decency.

In the Police Court yesterday the case of Mike Norton, for selling liquor to a minor, was continued till September 4th. Norton runs a joint on Third street, between 1 and J, and is charged with having sold a couple of bottles of firewater to a colored boy who was sent for it by some Indian boy-pickers.

There was also before the court, on a similar charge, a woman named Calton, the wife of a man who keeps a saloon on J, between Second and Third streets, she being accused of having furnished liquor to a child in a case which will come up next Monday.

Yesterday's Weather. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 86° and 55°, with gentle fresh southerly winds and clear weather prevailing; a few stratus clouds moving from the southeast were observed during the early forenoon.

The barometrical readings at 5 A. M. and 5 P. M. were 29.91 and 29.88 inches, respectively.

The highest and lowest temperatures one year ago yesterday were 81° and 55°, and one year ago to-day 86° and 55°, with brisk southerly winds and clear weather prevailing.

Lawyer Biegle's Memoir. There will be a meeting of the Sacramento bar at the Courthouse this morning at 10 o'clock for the purpose of adopting appropriate resolutions of respect to the memory of W. D. Biegle, who died Monday evening.

Admitted to Practice. John Liggott, well known in local press circles, was admitted to the practice of the law in the Superior Court by Judge Johnson yesterday. Mr. Liggott presented a license from the Superior Court of Michigan.

Capay Valley Fruit Lands.

Capay Valley Fruit Land in the State Equal in All Respects to the Famous Vaca Valley, Which It Adjoins.

UNPRECEDENTED TERMS. INTEREST ONLY FOR FIVE YEARS AT 7 PER CENT.

Capay Valley is situated in Yolo County, about 90 miles by rail from San Francisco, and is traversed in its entire length by the Woodland, Capay and Clear Lake Railroad, the distance from Esparto to Rumsey being 21 miles.

The Capay Valley Land Company is offering the most fertile lands in this beautiful valley upon terms which enable the purchaser to pay for the land out of its own product, viz: Interest only for five years at 7 per cent. The only condition imposed is, that a reasonable proportion of the land purchased shall be planted to fruit trees or vines. Land may be bought without this condition on payment of 20 per cent. cash and remaining 80 per cent. at the end of five years, with interest annually in advance, at 7 per cent. The various tracts owned by the Capay Valley Land Company have been subdivided into 10 and 20-acre lots, which are for sale at prices varying from \$50 to \$150 per acre. Similar unimproved land in Vaca Valley has recently been sold at \$400 to \$500 per acre.

These Capay Valley lands are under the most favorable climatic conditions for the prosecution of profitable fruit growing, and the locality has proved itself to be one of the earliest in the State. The grape crop of 1890 from the company's vineyard at Cashmere was picked, dried and shipped to Chicago and Philadelphia before the Fresno County grapes were ripe.

The railroad passes through all of the tracts owned by the Capay Valley Land Company, thus insuring excellent shipping facilities; and land may now be purchased in the immediate proximity of either of the following stations: Capay, Cadenasso, Surrey, Guinda, Sauterne, Cashmere or Rumsey.

At many of these places fine orchards of the choicest and earliest varieties of peaches and apricots may already be seen, and during the coming season considerable additional acreage will be planted out. One of the recent sales made by the company was that of the Tancred Tract containing 600 acres, to a colony association. This tract has been subdivided into forty holdings, all of which will be planted to fruit trees this season.

The fine orchards on the Guinda Tract, where 400 acres have been sold, are especially worthy of mention, and it is a significant fact that several of the blocks are owned by successful Vaca Valley fruit-growers, who expect to make their earliest shipments from here.

FOR MAPS AND ALL INFORMATION REGARDING THE CAPAY VALLEY LANDS, APPLY TO OUR ADDRESS WM. M. MILLS, Fourth and Townsend Streets, SAN FRANCISCO.

A RARE OPPORTUNITY. Good Agricultural Land for \$10 to \$20 per Acre.

The Pacific Improvement Company has recently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting subdivision and settlement. This land embraces lands from first-class Sacramento Valley agricultural land, to land of fair average quality, and is offered at from \$10 to \$20 per acre, in subdivisions of 40, 80, 120, 160 and 320 acres.

The terms upon which these lands are offered are especially attractive. They will be sold in subdivisions, as above indicated, by the payment of interest only for three years, at which time the purchaser can begin the payment of principal by paying the first of five equal annual installments. Thus no part of the principal is to be paid for three years, and then the purchaser is to have five years in which to pay five equal annual installments, with interest at the rate of 7 per cent. per annum, making payments extending over a period of eight years. Intending purchasers are assured that this is an opportunity to purchase land of fair average quality at \$10 per acre, and good agricultural land at \$20 an acre, with other grades of land at prices to correspond between these figures.

The assertion is frequently made that good lands, suitable for general farming, and especially adapted for fruit-growing, cannot be had in California for less than from \$60 to \$100 an acre. An examination of the land subject of this advertisement will prove to homesteaders that this is an opportunity for the purchase of good agricultural land at \$20 an acre, and for qualities grading down to fair agricultural land at \$10 an acre, on terms of payment which should make the disposition of these lands to actual settlers a result easy of accomplishment.

The primary object of the purchase of this body of land was the breaking up of a large holding for the purpose of promoting its settlement in smaller quantities and its devotion to diligent husbandry.

For further particulars, call upon or address WM. M. MILLS, Land Agent of the C. P. R. R., Fourth and Townsend streets, San Francisco, Cal.
