

A BUSY SESSION.

The Trustees Postpone the Levee Matter Till Wednesday.

Street-Sweeping Contract Let—The Pioneer Mill Levee Ordered to be Repaired.

For various reasons the attendance on the session of the Board of City Trustees yesterday and the business transacted made it a busy session.

A communication was received from W. L. Palmer, Resident Engineer of the Southern Pacific Railroad Company, stating that such instructions had been issued as would result in carrying out the wishes of the board in relation to the levee in front of the Pioneer Mills, but calling the attention of the board to the letter of City Surveyor Boyd last December, stating that the matter was discussed by the board and it was decided to change the levee to suit Mr. Smith. The letter shows that the company carried out their original contract and only modified it at the request of the board.

The board decided that the company should go on and finish the original contract, and Clerk Young will notify them to that effect.

The bids for sweeping the asphaltum pavement on Tenth and K streets were opened. M. M. Brady's bid was 90 cents per block per night; G. B. Carraghino, 80 cents; William King, 80 cents; and W. J. Smith, 80 cents for the two extra intersections; T. A. Burns, 81; Charles Howell, 84 cents; King & Manuels, 80 per night for the job; W. J. Smith, 80 cents per night; James Touhey, 81 per block per night.

Mr. Touhey thought that his bid, which included cleaning the streets when too muddy to sweep, was the only one that filled the requirements.

Trustee Conklin thought the bids should be for sweeping, and that the Street Commissioner should take care of the mud.

The bid of G. B. Carraghino was accepted.

LEVEE MATTERS. The question of opening the bids for work on the Y-street levee came up, and Trustee Conklin said there was no record of the water ever coming higher than Twenty-first street.

Chief Engineer Boyd said that water will speak its level, and if it is necessary to raise the levee from Eleventh to Twenty-first street, it will be necessary to raise it above Twenty-first, and he did not believe in spending the city's money simply for the sake of spending it.

Mr. C. Scroggs disputed Mr. Boyd's statements, and the latter stated that he had taken, as City Surveyor, many levels in that vicinity, and Moses Sprague, the oldest land-owner below the city, and Dr. Clark, had both informed him that the water came up into the cemetery.

It was decided to open the bids and take them under consideration until Wednesday morning.

James Touhey, W. J. Smith, Rosa & Silva, J. M. Davis and B. Lals.

The bids for furnishing twenty-inch sewer pipe for the extension of the E-street sewer were opened. The bidders being G. A. Dainton, City Street Improvement Company, William Snarr and Jas. Touhey.

Mr. Snarr was the lowest bidder and the contract was awarded to him at \$110.40.

The bid for improving Twenty-sixth street from G to I was awarded to T. H. Burns, Antonio King, William Twaddle and A. W. Baker and B. Rawles being the other bidders.

The board decided to remove the water tank on Tenth street, near the City Cemetery, and put in a stand pipe.

Mr. Olsen asked the board to order closed the streets between E, Twelfth and Twenty-second, A and B streets, and Twentieth and Twenty-third, B and C streets. The matter was laid over for one week.

A citizen asked to have four trees cut down in the alley between E and F, Seventh and Eighth streets. The Street Commissioner did not think they were doing any harm, but the bidders had been instructed to bring in a petition from property-owners.

J. H. Steinmeyer and others asked that the southwest corner of Sixth and K streets be ordered filled in and a cottonwood tree cut down. The matter was referred to the Street Commissioner.

On motion of T. H. Burns the Clerk was directed to advertise for bids, to be opened Monday, for furnishing 2,000 feet of six-inch water pipe when laid down.

A petition was received from property-owners asking for the construction of a sewer in the alley between N and O, Eighteenth and Nineteenth streets.

Protests were received against improving Fourth street, between J and K, Seventh street, between J and K, and Tenth street, from J to L. As they were signed by a majority of the property-owners, the work was ordered discontinued, by Steinmeyer said, "Well, the next board can order it done in six months; all right."

SIDEWALKS CONDEMNED. City Surveyor Boyd recommended that the following sidewalks be condemned and new ones ordered: South 50 feet, north 110 feet of E, 100 feet of Tenth and Eleventh; west half of east half, of lot 2, K and L Second and Third; west quarter of lot 7, K and L Second and Third; lots 4 and 5, H and I Twenty-second and Twenty-third; lot 5 and north half of lot 4, J and J, Twenty-second and Twenty-third, and lots 1 and 2, I and J, Twenty-third and Twenty-fourth, and they were condemned in accordance with his recommendation.

On motion of Mayor Steinman, the sidewalk in front of the Metropolitan Theater and that in front of the new Postoffice, on both Seventh and K streets, lot 1, Ninth and Tenth, M and N, and both sides of Tenth street, between Tenth and P streets, were added to the Surveyor's list and condemned.

The City Improvement Company asked for five days further time in which to finish the paving of K street, and it was granted.

CLEVELAND'S Baking Powder. Three Things That are Sure: The ocean's tide, The sun's rising and... Pure & Sure.

SALOON MATTERS.

The board granted licenses to Dierksen & Dierksen, successors to J. M. Morrison & Co., at Twelfth and E streets, and W. A. Galt, at 416 K street, successor to Adam Damm.

The petition of E. M. Ferguson and W. L. Gray to open a new saloon at 730 L street, which is opposed by neighboring residents, was referred to the Police Commissioners, as was that of Peter Schumann, to open a new saloon at 306 K. The latter, however, was reconsidered and a license granted.

SCALES AND TRACKS. The matter of the scales and tracks of the Southern Pacific Railroad Company came up, and an opinion by the City Attorney was read, reciting the privilege granted to the company by Act of Legislature to lay tracks on the street.

On motion of the Mayor, the City Attorney was asked to bring suit to compel the company to remove the rails and scales if he finds that they are encroaching on the rights of property-owners on that street.

MISCELLANEOUS. A communication from August Fabian was read stating that the cesspools of many of the business houses on J and K streets were in terrible condition and that the odor from them was so offensive that the streets proceeded largely from them, the basins being practically vent pipes for the cesspools.

He suggested that the board order the property-owners to clean them out at least every three or four years, instead of every twenty-five. The matter was referred to the Street Commissioner.

Gordon E. Denell asked the privilege of preaching on the Plaza afterwards. The Street Commissioner said the inside sidewalks were to be cleaned, and the crowd would damage them. He was told he could use any street he wished.

Mayor Steinman reported that there was no money to spend to put heating apparatus in the Art Gallery at a cost of over \$2,000, but four gas stoves at \$15 each and \$10 per week for fuel would do temporarily. He was ordered to put them in.

IRON-PIPE FACTORY. Schaw, Ingram & Batchelor Will Soon Start One Here.

Sacramento will soon have another new factory in operation by an enterprising firm of her own citizens. Yesterday William Schaw, of the firm of Schaw, Ingram & Batchelor, appeared before the City Trustees and stated that it was the wish of the firm to establish their pipe-works here, they having hitherto had their pipe manufactured elsewhere.

He would like to see the investment of many thousands of dollars and give work to a number of men. They asked for a favorable lease of the north half of the city's block between Eleventh and Sixteenth, C and D streets, so that they might build there and make suitable and permanent improvements. He believed that such a lease would be a benefit to the city. The lease would of necessity be a long one—at least twelve or fifteen years—as they could not of course afford to put up expensive works for a short time, and such as they wished to have would cost a great deal of money. They wanted the north half of the block, and the buildings would not be a detriment to the market.

Mayor Steinman said it would be a long time before the city would need the block. If it would not interfere with the hay market he favored giving the lease as asked.

Trustee Conklin asked how long a lease should be given. He was perfectly willing to give the lease, provided the board had a right to do so. He thought it would be best to postpone the matter for a week and get the City Attorney's opinion on the matter.

The Mayor said that if the board had no right to grant the lease it would be good for nothing. He thought that the firm would probably consult their own lawyer and make sure that it was all right before they built very extensive works. Let them find out for themselves and it would not cost the city a cent. The rate should be nominal, say \$1 per month.

On motion of Mr. Conklin the firm were granted a ten-years' lease of the north half of the block, with the lay-out of \$1 per month, and as Mr. Schaw said the firm were anxious to start the works as soon as possible, the public will probably soon see the chimneys belching forth their smoke.

THE GAME LAW. Supervisors May Change It, But Not Prolong the Open Season.

The Supervisors of Siskiyou County have passed an ordinance making the open season for deer from August 15th to November 1st, and Supervisors of Tehama County have changed the county game ordinance so as to make the open season for deer from the 15th day of July to the 1st day of November, thus making an open season of four and one-half months.

These ordinances are in violation of the State law as interpreted by the Attorney General, inasmuch as they lengthen the open season thirty days. The State law allows forty-five days in which to kill deer.

The Supervisors of the several counties are allowed to change the time of the opening or closing of the season, but cannot make the open season longer than forty-five days prescribed by the last Legislature.

Articles of Incorporation. The following articles of incorporation have been filed in the Secretary of State's office:

The Oroville Olive Company—Principal place of business, San Francisco. Capital stock, \$25,000, with P. A. Hill, George C. Hill and Mary A. Hill of Los Angeles, William Collier of Riverside and Margaret C. Graham of South San Francisco as directors.

C. Herrmann & Co.—Principal place of business, San Francisco. Capital stock, \$50,000, with Conrad Herrmann, William Samuels, Henry Herrmann, Gustave C. Gutter and John G. Joly of San Francisco as directors.

The California Vinegar and Pickle Company—Principal place of business, Los Angeles. Capital stock, \$25,000, with James Hill, George C. Hill and Mary A. Hill of Los Angeles, William Collier of Riverside and Margaret C. Graham of South San Francisco as directors.

The Pacific Society for the Suppression of Vice—Principal place of business, San Francisco. Capital stock, \$5,000, with William P. Sullivan, Jr., John H. Moris, Jas. P. Sweeney and W. Scheppler of San Francisco as directors.

The Azusa Valley Lumber Company—Principal place of business, Azusa, Los Angeles County. Capital stock, \$10,000, with B. F. Hilliker of Long Beach, Daniel S. Vandy, M. R. Powell, S. F. Debrin and W. J. Cox of Azusa as directors.

The San Francisco Carnival Company—Principal place of business, San Francisco. Capital stock, \$10,000, with A. Haben, R. B. Mitchell, A. Andrews, E. R. Swain and W. E. Latz of San Francisco as directors.

"The World in Miniature." Rev. A. C. Herrick will commence his winter course of lectures on Wednesday, the 25th, at 8 p. m. He will present to his patrons the "Dream in Marble," as the beautiful city by the lake has been called. Professor Johnson will use his superior instrument which discloses the electric current. There is no light more powerful than this. Mr. Herrick has as fine views as the most skillful artists in New York, Philadelphia and Chicago could make.

Notaries Public. Governor Markham has appointed and commissioned the following Notaries Public: A. Barber, San Pablo, Contra Costa County; Thomas N. Williams, New Idria, San Benito County; A. F. Holland, Oakland.

Raised a Row. Fred Beck, Charles Lyons and P. H. Friber were brought to the police station by Detective Burke and Special Goods for raising a disturbance at the depot yesterday afternoon.

DELINQUENT WATER RATES.

Upward of \$7,000 Collected in the Last Two Weeks.

Which Shows What Can Be Done Under the Influence of a Little Official Persuasion.

E. Hartman, who was employed to examine the books of the Water Clerk, reported that on October 31, 708 was uncollected.

He finds that since that time there has been collected \$9,584, of which \$7,106 75 is on account of delinquent water rates. This still leaves delinquent and due the city, \$2,477 25.

In going over the report he finds that a great many large amounts are due from property-owners to the city, and some of them extend back over a considerable period, and calls their attention to some instances.

He notes one property-owner who holds a county patent who was delinquent from January 1, 1890, and since the first of this month has paid \$10 on his account, leaving him still delinquent on November 1, 1890.

He also notes a merchant carrying on an extensive business whose water rate of \$15 per month was delinquent up to the first part of the year for sixteen months, amounting to \$240, which was paid, and since that time he has been allowed to become delinquent to the amount of \$90, while other merchants in the same kind of business are required to pay monthly.

He also notes a lodging-house on Front street, between K and L, which has not paid water rates since February, 1892, until the past few months, when the property changed hands, and since that time water rates have been collected. By examining the Great Register it is found that a great many persons registered in this house, and shortly after the election of November, 1892, the attention of the Collector was called to the fact, and he said he had not collected the water rates collected from the proprietor in accordance with the number registered from that house, but it was not done.

He would like to see the investment of many thousands of dollars and give work to a number of men. They asked for a favorable lease of the north half of the city's block between Eleventh and Sixteenth, C and D streets, so that they might build there and make suitable and permanent improvements. He believed that such a lease would be a benefit to the city. The lease would of necessity be a long one—at least twelve or fifteen years—as they could not of course afford to put up expensive works for a short time, and such as they wished to have would cost a great deal of money. They wanted the north half of the block, and the buildings would not be a detriment to the market.

Mayor Steinman said it would be a long time before the city would need the block. If it would not interfere with the hay market he favored giving the lease as asked.

Trustee Conklin asked how long a lease should be given. He was perfectly willing to give the lease, provided the board had a right to do so. He thought it would be best to postpone the matter for a week and get the City Attorney's opinion on the matter.

The Mayor said that if the board had no right to grant the lease it would be good for nothing. He thought that the firm would probably consult their own lawyer and make sure that it was all right before they built very extensive works. Let them find out for themselves and it would not cost the city a cent. The rate should be nominal, say \$1 per month.

On motion of Mr. Conklin the firm were granted a ten-years' lease of the north half of the block, with the lay-out of \$1 per month, and as Mr. Schaw said the firm were anxious to start the works as soon as possible, the public will probably soon see the chimneys belching forth their smoke.

EVERYBODY'S COLUMN. Correspondence of Interest to the General Public.

Under this heading the Record-Union will publish short letters from correspondents on topics of interest to the general public. The matter in these communications will be referred to the editor of the Record-Union, who will accept or reject them as he may see fit. All communications must be accompanied by the name of the writer, and published unless so desired, but as a guarantee of good faith.—Eps.

Ruth to Beletena. Eps. RECORD-UNION: Not long ago I read an article in the RECORD-UNION from the pen of Beletena, denouncing the treatment of the average husband to treat us (as she terms us) poor heart-broken wives, who are starving for a kind word, and longing for those little attentions so freely bestowed on us before marriage. She pictured our wrongs so vividly that I was very much surprised to see her sympathies now going over to the other side.

After reading her article in Saturday's RECORD-UNION I could not refrain from asking her the question, or wondering to myself, Does she want to be the instrument of making another unhappy wife of her husband? Or, if not, why, or wise, to find a wife for the bachelor on the \$50 or \$80 per month salary? I am afraid marriage just at the present time on those wages might prove a failure.

In her former little talk, she never gave us one word of advice (while describing us as wretched and neglected) toward the one he has promised always to love and cherish) as how to retain that love. Perhaps we are partly to blame ourselves, and partly to the unamiable creatures we were before marriage? Do we wear our prettiest gowns for our husbands, or do we think any man would care for our home—unless company is expected?

Perhaps many little things on our part helped to cause the estrangement and indifference. Do we open the piano as cheerfully as in the old courting days, or engage in the favorite games and long walks of yore? A man who is insensible or indifferent toward his wife, and everything in her power to make him happy is not worth one sigh, and the idea of a true woman transferring her affections to another under those circumstances is something very rare. I am speaking of a good woman. She would bear her sorrow and hope for happier days.

Beletena (or rather the bachelor) says she never fails in anything she undertakes, it is to be hoped in this instance of finding him a life partner. The girl who is insensible to the little woman who is determined to make those \$50 ever may come, only prosperity and happiness.

RUTH.

FOR DEPORTATION. A United States Marshal Arrests Two Sacramento Chinamen.

Deputy United States Marshal Monckton yesterday arrested two Chinamen Ah Fong and Ah Keung, and took them to San Francisco to be tried and deported. They have been the proprietors of a wash house on Front street, between K and L, about fifteen years, and are well spoken of by those who know them. The complaint was sworn out by George E. Harber and George Broadbent. The latter has for some days mourned the loss of eighteen fine chickens, and it is supposed is going to have all the Chinese deported in turn, in order to render secure that portion of his flock that is left. If he will kindly deposit toward the spirits of the Caucasian race, and let them go with their Mongolian associates, he will do the community a still better service.

NEEDED IMPROVEMENT. The Proposed Walk for Pedestrians in Capitol Park.

Some time ago it was understood to be the intention of the Board of Capitol Commissioners to construct a walk for pedestrians at the side of the carriage-way running from the Eleventh-street entrance of Capitol Park, up to the building. As this entrance is now arranged it is really dangerous for people on foot, especially ladies and children, to attempt to reach the Capitol by this route, as they often have to thread their way among a lot of rapidly moving vehicles. The proposed sidewalk would be a decided improvement and one that is made

necessary for the safety of foot passengers. It is hoped the Capitol Commissioners will speedily put their good intentions into effect, and that the work before some painful accident makes it imperative.

They met yesterday, and made a tour of inspection of the Capitol grounds accompanied by Mr. McLaren of San Francisco, who has charge of the Golden Gate Park.

THE ROAD MOVEMENT. The Executive Committee Named—Its Meeting.

William Johnston of Richland, Chairman of the County Road Convention and Chairman of the Executive Committee raised by that convention, has appointed the following citizens as such committee:

From the city—Daniel Flint, H. Weinstock, J. A. Woodson, R. C. Irvine, J. C. Coleman, Frank Miller, W. D. Lawton, E. W. Hale.

From the county outside the city—J. E. Butler, John Miller, Thomas McConnell, William Sheldon, Joseph Roulter, J. F. Gladney, A. Keithley, P. R. Buckley.

The Chairman has called this committee to hold its first meeting Tuesday October 31st, at 1 p. m., in the room of the Board of Supervisors.

A Sacramento Association. Articles of incorporation were filed in the Secretary of State's office yesterday by the Pacific Mercantile Association.

Principal place of business Sacramento. Capital stock \$25,000, with John C. Hughes of San Francisco and W. E. Kleininger, L. W. Hatfield, J. S. Spilard and W. W. Marvin of Sacramento as directors.

Its objects are to buy and sell real estate, collect money, negotiate loans, etc., and to disseminate information concerning the financial and moral standing of persons engaged in trade or other pursuits, and transact generally any business that may be deemed to be in the interest of the association.

The association was formed August 14, 1893, but has just filed its articles of incorporation.

Weather Notes. The Weather Bureau reports show the highest and lowest temperatures on yesterday to have been 65° and 48°, with light and gentle northerly winds and partly cloudy weather prevailing.

The barometrical readings at 5 A. M., and P. M. were 30.01 and 30.02 inches, respectively.

The highest and lowest temperatures one year ago yesterday were 78° and 41°, and one year ago to-day 70° and 43°, with no precipitation on either day, the weather prevailing being clear.

Real Estate Transfers. The following real estate transactions have been recorded since our last report: W. L. Sullivan to Frank Rosa—all interest in and to property deed by F. S. Rosa to W. L. Sullivan, on July 28, 1893.

J. D. Barker and J. A. Doonan and wife to E. S. Wachob—North half of north half of lot 8, N. and O, Eleventh and Twelfth streets; \$1,500.

George W. Murray to Frank W. Beck—West half of lot 1, G and H, Twenty-ninth and Thirtieth streets.

Bridget E. Haley and Mary E. Hester to A. W. Edwards—South quarter of lot 8, A. and B, Second and Third streets.

Theodore F. Price to Charles N. Dunn—Tract No. 150, Orangevale; \$500.

KNOWLEDGE. Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly addressing the world's best products to the needs of physical being will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative: effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name Syrup of Figs, and being well informed, you will not accept any substitute if offered.

PERFECT MANHOOD! How attained—how retained—how restored. Ordinary works on Physiology will not tell you; but this book does. It tells you what you want; but all the same you wish to know.

SEXUAL POWERS are the Key to Life and the secret of all success. Every man who would retain sexual vigor lost through folly or development must read this book. It tells you what you want; but all the same you wish to know.

ERIE MEDICAL CO., Buffalo, N.Y.

DE F. FELIX GOUDARD'S ORIENTAL BREAKER OF MAGICAL HEADACHE REMOVES TAN, PIMPLES, Freckles, Moth Patches, Rash and Skin Diseases, and restores to the face its natural beauty and complexion. It is the best of its kind, and its use is a pleasure. It is sold by all druggists.

MILLER BROS. & CO., 1116 J STREET, ROOFING, CORNICE, SKYLIGHT and FURNACE WORK.

MADAME FRIES-BISHOP HAS RESUMED LESSONS IN SINGING AT 805 M STREET.

CROSSMAN'S SPECIFIC MIXTURE. WITH THIS REMEDY PERSONS CAN CURE ALL THE DISEASES OF THE URINARY SYSTEM, CHANGE OF DIET OR CHANGE IN APPLICATION TO BUSINESS. THE MEDICINE CONTAINS NOTHING THAT IS IN THE LEAST HARMFUL TO THE SYSTEM. ASK YOUR DRUGGIST FOR IT. PRICE, \$1 A BOTTLE.

ATKINSON'S Practical Incubator.

THE ROSY FRESHNESS, And a velvety softness of the skin is invariably obtained by those who use Pizzoni's Complexion Powder.

FOR TODAY. We have again made special arrangements in Children's two and three-piece suit Knee Pants and Boys' and Children's Overcoats, with or without capes.

MEN'S OVERCOATS AND MEN'S SUITS. The largest assortment in the city and goods of the highest grade. THEY MUST BE SOLD.

People realize that we MEAN BUSINESS, and yesterday was equally as busy a day as Saturday, and that we are going to retire from business there certainly can no longer be any doubt in the minds of the people, as the ENORMOUS REDUCTIONS OF PRICES should be PROOF IN THEMSELVES.

And right here we will again state that it matters not what the impressions or erroneous reports may be, we are GOING OUT OF BUSINESS. Just as sure as there will be an election in Sacramento on November 7th. "Put a pin in that." And the ridiculously low prices must and will sell our entire stock, and just as quick as possible, too.

Goods Sold for Cash Only, and One Price! CAPITAL CLOTHING COMPANY, CORNER SIXTH AND K STREETS. WE CLOSE AT 6 P. M.

Official. Notice of Street Work, No. 190. PUBLIC NOTICE IS HEREBY GIVEN that the Board of Trustees of the City of Sacramento, on the 16th day of OCTOBER, 1893, adopted a resolution of its intention to order the following street work to be done, viz:

That Fourth street, from the south line of J street to the north line of K street, be where not already done, improved by removing the old pavement, grading and laying a streetway of concrete, and with a top coating of bituminous rock, graded rock gutters, stone curbing and catch basins at the alley intersections.

For further particulars reference is hereby made to said resolution on file in the City of Sacramento, October 18, 1893. E. H. GREEN, Street Commissioner of the City of Sacramento.

Official. Notice of Street Work, No. 191. PUBLIC NOTICE IS HEREBY GIVEN that the Board of Trustees of the City of Sacramento, on the 16th day of OCTOBER, 1893, adopted a resolution of its intention to order the following street work to be done, viz:

That Tenth street, from the south line of J street to the north line of L street, except the portion thereof already recorded by law to be kept in order or repaired by any person or company having railroad tracks crossing a street, be where not already done, improved by removing the old pavement, grading and laying a streetway of concrete, and with a top coating of bituminous rock, graded rock gutters, stone curbing and constructing brick catch basins and connecting the same with the alley sewers.

For further particulars reference is hereby made to said resolution on file in the City of Sacramento, October 18, 1893. E. H. GREEN, Street Commissioner of the City of Sacramento.

Official. Notice of Street Work, No. 197. PUBLIC NOTICE IS HEREBY GIVEN that the Board of Trustees of the City of Sacramento, on the 16th day of OCTOBER, 1893, adopted a resolution of its intention to order the following street work to be done, viz:

That the alley between First and Second streets, from the west line of Sixth street to the east line of Fifth street, be improved by grading, constructing a vitrified ironstone pipe sewer eight inches in diameter, 6-inch V branches and connecting the same with the Fifth street sewer.

For further particulars reference is hereby made to said resolution on file in the City of Sacramento, October 18, 1893. E. H. GREEN, Street Commissioner of the City of Sacramento.
