

PRISONER BLACK IDENTIFIED.

August Gerlach Says He is One of the Wachhorst Robbers.

Yesterday's Interview With the Prisoner by the District Attorney—A Dramatic Scene.

Horace Black, who was brought up from San Francisco on Sunday last yesterday, and was published by the evening paper, and whose arrival was published in the RECORD-UNION on the following morning, was yesterday taken by Under-Sheriff Rooney from the County Jail to District Attorney Ryan's office to see if August Gerlach, H. Wachhorst's salesman, could identify him.

Black was very nervous when taken into the office, but made an effort to appear otherwise. Ex-Captain of Police Simmons was present, and before taking his seat Black said, "How do, like?" as pleasantly as he could.

Gerlach and a RECORD-UNION reporter were present. The former was seated where he could get a good view of the prisoner's face, which he scanned closely for half a minute, and then, at a nod from the District Attorney, both he and the reporter arose to remark as they started out the door Black spoke up excitedly: "Is that Mr. Gerlach? Say, I want to see you."

Gerlach returned, and the prisoner said: "Now, I want you to say, right straight out, whether or not I am the man. I don't want any guesswork about it. If you can identify me, say so, but be sure you're right. It may not mean much to you, but it means a great deal to me and my people?"

Gerlach told Black to stand up, put on his hat and point his arm straight at him as was done at the trial of the Wachhorst robbery. The prisoner did so, and the picture would have been well worthy a snap-shot from a kodak. He is a tall young fellow of athletic build, with coal-black hair and mustache, and eyes of the nervous tension that the man was undergoing at the time. They were eyes that, once seen when their possessor was laboring under excitement, could not soon be forgotten.

"Yes, sir," said Gerlach, promptly but coolly, "you're the man who covered me with the pistol."

"All right," ejaculated Black, as he jerked himself into a chair.

Gerlach and the reporter then withdrew. On reaching the corridor the latter remarked:

"Then you have no hesitation, Mr. Gerlach, in saying that Black is the man who covered you with a pistol that night?"

"None whatever," he replied. "I could never mistake that man. Did you notice how they constantly rolled? You seldom see eyes like that man's. Why, if he were to stand among a thousand actors, accustomed to simulating facial expression and emotion, all with their faces masked below the eyes, I could pick him out of the lot!"

"On the night of the robbery he wore a chin beard, it may or may not have been a false one, but it was shaped to resemble mine. I suppose his purpose was to imitate my personal appearance so closely as to be mistaken for me in the crowd if one should gather. He was dressed in a suit, and was chasing the other robbers in the run up the street, and persons on the sidewalk mistook him for myself."

"Yes," concluded Mr. Gerlach, "that's the fellow, and no mistake." "Whatever transpired during the interview in the District Attorney's office is not known to any except those present, as District Attorney Ryan said it would not be divulged."

A WORTHY EFFORT.

The Saturday and Kingsley Art Clubs' Benefit to the School of Design.

The Saturday Club is an organization of some of the best known women of Sacramento to promote musical culture and stimulate a taste for the exercise of musical ability.

The Kingsley Art Club is an organization of Sacramento women, all of them prominent in good works, for study in art directions and for special critical study of the most modern methods of art publication, etc.

These two clubs have resolved to exert their influence in behalf of the promotion of the Sacramento School of Design, which is a public institution having no beneficiary except its pupils.

The Ladies' Museum Association has for five years done a great deal for the school and placed in it many pupils, and still labor for it, and now these other clubs generously second such effort.

The school is in its eighth year and has sent out, well equipped, some two hundred and fifty pupils. At this time it needs special aid and assurance for its immediate future. It is felt, also, that it is right and public-spirited to quicken pride in it and attention to the Art gallery, and the work there prosecuted in public, and in keeping open the auxiliary institution as an avenue for all who have native ability in the direction of designing, since only the few can go to the great art institutes of the country.

Therefore the Saturday and the Kingsley Clubs announce a musical entertainment at the Art gallery on Friday evening, March 24, in aid of the School of Design fund. The affair will be, in fact, a full benefit, and at the same time value received will be given for every fifty-cent ticket sold. The Art gallery will be lighted on that occasion, and after the musicale there will be dancing. It is only at rare intervals that the gallery is lighted as it involves special expense.

The ladies have men with generous aid from musical artists and amateurs, publishers and others, in making the proposed entertainment as profitable as possible. They hope also to have from the public the most liberal assistance, that the full purpose of the scheme may be accomplished. It is a worthy move and ought to succeed.

WILL RETURN THE LADDER.

John Doe Spent His Money and Was Ashamed to Go Back.

John Doe stood up in the Police Court yesterday to answer to a charge of misdemeanor in taking a step-ladder from Mrs. Alleman. He spoke French, and an interpreter had to be called.

He claimed that Mrs. Alleman loaned him the ladder to clean some windows, and not being able to return it the next day, he left it at the restaurant where he cleaned the windows and when to the country.

Mrs. Alleman testified that he borrowed the ladder to wash some windows. He had been rooming at her house for several days, but had not paid his room rent. He left his suit of Sunday clothes in his room, and she had not seen him since he took the ladder.

The defendant testified that he had met

The best known writers on domestic science, as Marion Harland, Mrs. McBride, Mrs. Parker and Emily Hayes, and teachers of cookery, as Mrs. Rorer, Mrs. Lincoln and Mrs. Dearborn, use and recommend Cleveland's Baking Powder.

some friends and spent his money, and was ashamed to take the ladder back and not pay Mrs. Alleman, so he went into the country to work.

He promised to go and take the ladder home, and was allowed to go.

EVERYBODY'S COLUMN.

Correspondence of Interest to the General Public. Under this heading the RECORD-UNION will publish short letters from correspondents on topics of interest to the general public. The matter in these communications will be understood to represent only the views of the writers. All communications must be accompanied by the name of the writer, no publication unless so desired, but a guarantee of good faith.—Eds.

Sacramento County at the Fair. Eds. RECORD-UNION: I feel it to be my duty to thank the good people of Sacramento City and county for the interest they are taking in sending in their votes to be placed to the credit of Sacramento County in the contest that is now going on between the several counties of this State at the Midwinter Fair for the gold cup.

The votes have come in thick and fast to-day, and, if they continue to pour in, we will soon lower the great odds there are now against us. What is wanted, Mr. Editor, is for every man, woman and child to constitute themselves into a committee and see to it that every vote is sent in and that they are voted for Sacramento County. I have been informed that the good work is pretty well organized and that a great deal of interest is being manifested, and I make me feel proud to know it. I am doing all I can at this end to secure the big prize, but without the assistance of the good people of Sacramento I cannot win the cup. It is bound to be won by the greatest number of votes.

I know there are many hard workers and zealous workers there. If there is any one that is lagging back, or indifferent about this matter, go kindly to them and shake them up. If they won't send in their votes have them get somebody to vote for them. Any way to get the vote. This is a golden opportunity to show friends to show their loyalty to grand old Sacramento County, and we believe they will. Keep it before the citizens: don't let it be as bread-crumbs on the water, and will come back soon.

On yesterday we had a very enjoyable time at the Northern and Central California building. The Superintendents and their assistants organized a club, to be known as the Orange Belt Club of Central and Northern California. Its objects and aims are to cultivate good fellowship, after transacting the business of the day, such as electing officers, adopting by-laws, etc., a resolution was passed by an unanimous vote of the club complimenting in the highest terms our retiring Superintendent of the Northern Citrus Fair Association, J. K. O'Brien, for the able and efficient manner he conducted said fair, after which, at the invitation of the general Superintendent, our building, Frank Beck, we marched to the 49 mining camp where a splendid banquet was given by J. K. O'Brien. About fifty of Mr. O'Brien's friends were present. Frank Beck presided as toast-master, and his making and humorous hits were indulged in, and an hour was very pleasantly spent, after which there was a general shaking of hands.

SUTTER TERRACE ON TOP. Residents There Jubilant Over Their Electric Car Line.

Sacramento's "Nob Hill" dwellers were jubilant yesterday over the putting in operation of the new electric car line on Twenty-first street as far as Y. The ladies were "hurrahing" and waving sheets, towels and handkerchiefs when the first car passed over the track, and they kept the telephones busy notifying their friends down town of the important event.

This line will be appreciated by dwellers in that growing section of the city, and will cause greatly increased travel to the Catholic Cemetery and Highland Park. Until the Fifteenth-street line is built, transfers will be made at Twenty-first and P streets, and as close connections can be made with every P-street car there need be no waiting.

Twenty-first street, from P to Y, is in splendid condition, being lately gravelled. Property-owners are creating their sidewalks and planting palm and other evergreen trees thereon.

This improvement completes every convenience that people down town enjoy—street cars, electric lights, gas, city water, etc., and will be a Godsend to the young men who visit the many handsome girls living on Sutter Terrace.

YOUNG MEN CHRISTIANS. To-Night Will be Ladies' Night at the Gymnasium Rooms.

Since the arrival of the new physical director of the Young Men's Christian Association matters are rapidly assuming a much improved condition in the gymnasium. Wednesday night has been set apart as "ladies' night," and to-night will be the first night of the new regime. The brass band will be present and will play during the class exercises in the gymnasium, and seats will be arranged for visitors.

The gymnasium work will be followed by the first lecture of the scientific course on "General Form and Structure of the Earth." Professor Wharf invites all visitors to remain to-night and attend the lecture and social session that will follow. It is the intention to continue the membership of the class to the association, but friends may attend the lectures upon invitation. Any one desiring to take the lectures of Professor Wharf, or of Wharf, or the General Secretary, at the rooms on Sixth street.

The work of the extended department is being greatly extended under the supervision of Professor Wharf, and it is expected to make the courses of great interest and profit to those who join the classes.

SHOOTING TOURNAMENT. Dixon Gun Club Proposes to Hold One on Thursday.

The Dixon Gun Club are preparing to have a big pigeon match at that place on Thursday. A number of Sacramento tents intend going over to try their hands at the traps, and many visitors from other places are expected to take part.

Dixon is waking up on the subject of various sports. They have formed an athletic club with a membership of about seventy-five comprising many of the business men of the town, and have rented the Opera-house for their gymnasium.

The wheelmen have also announced a meet to be held there on May 1st.

FOOTBALL GAME POSTPONED. Oakland and Sacramento Will Not Play on Thursday.

The football game between the High School Club and the Oakland High School Club which was to have taken place Thursday has been indefinitely postponed, the uncertainty of the weather and the condition of the ground rendering it a probability that it would not be a pleasant day or that many would care to face the weather and mud. It will be played, however, later in the season.

Minor Police Cases. In the Police Court yesterday John Smith pleaded not guilty to stealing a rubber coat from Fred Megowan, evidence showed differently, however, and he will remain on the certainty of justice in the County Jail for the next twenty-five days.

The case of Wah Gah, for disturbing the peace, and the robbery cases of the Japanese who in the same affair were continued till to-day.

Notaries Public. Governor Markham has appointed and commissioned the following Notaries Public: James E. Mills, at Sacramento; Frank H. Denman, at Petaluma, and W. J. Eardley, at Santa Rosa.

CHRIS. EVANS HERE.

Sheriff Scott Lands Him in the County Jail Last Night.

Sentenced by Judge Harris to Imprisonment at Folsom and on His Way.

Yesterday evening the following special dispatch to the RECORD-UNION was received from Fresno:

"At 10 o'clock yesterday morning Chris. Evans was brought into court, and after consultation with his attorney, was sentenced by Judge Harris to imprisonment at Folsom.

"Evans was then taken on the noon train on his journey to the prison by Sheriff Scott and Kay and deputies. He seemed cheerful and greeted all who spoke to him pleasantly. A motion for a new trial was made by his attorneys. Evans wanted to be sentenced to San Quentin, but the Judge denied his request."

Sheriff O'Neil was notified that the prisoner would be in on the Stockton train and prepared to receive his visitor. The matter was intended to be kept quiet, but somehow it leaked out and at least 2,000 people assembled at the depot to see Evans. There was a washout near Galt, however, the train was delayed and did not arrive until about 8:35.

Sheriff Scott and Deputy T. L. Timmons, who accompanied the prisoner, noticed him into the patrol wagon, in which were Chief McManus, Captain Talbot and Specials Bals and Greer, and took him up to the County Jail. He wore an Oregon boot which would weigh as twenty pounds.

As he passed the cell where the chain gang is kept, he called out cheerfully to the inmates, "Good evening, boys." Entering the jail door, he was relieved of the boot and placed in cell No. 18 for the night. Sheriff O'Neil asked him if he wanted supper, and he was answered, "Sheriff I guess he will take care of me." O'Neil assured him he should not go hungry, and he was locked up.

He is rather an insignificant looking man of medium height, and one would hardly take him for a desperado. His eye has begun to shrink and decay, but with the exception that it looks smaller than the other, the loss of it is hardly noticeable. He has a high forehead and speaks in a high, squeaky voice.

Sheriff Scott will take him to Folsom this morning and turn him over to Warden Aull, where he and his willon associate, George Conroy, will spend the remainder of their days together. Their first meeting will probably be an interesting one.

His name came up on the train with her husband and went to the Western Hotel for the night.

THE INDUSTRIAL MOVEMENT. A Meeting of Note-Signers Called for Saturday Night.

A meeting of the Executive Committee of the Industrial Improvement Association was held yesterday at which the following resolution was adopted:

Resolved, That we approve of the plan submitted by C. C. Howell, and the President is requested to call a meeting of the note-signers, at the County Court-house, on Saturday evening, February 24th, at 7 o'clock.

In accordance therewith the meeting has been called. Howell is an Eastern capitalist who, after visiting various portions of the State, satisfied himself that Sacramento is the right place for establishing a manufacturing enterprise that would, he claims, add many thousands to the population.

Only a Scar Remains. Scrofula Cured—Blood Purified by Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass." "It is with pleasure that I send a testimonial concerning what Hood's Sarsaparilla has done for my daughter. It is a wonderful medicine and I cannot recommend it too highly. Sarah, who is fourteen years old, has been afflicted with Scrofula ever since she was one year old. For five years she has had a running sore on one side of her face. We tried every remedy recommended, but nothing did her any good until we commenced using Hood's Sarsaparilla. My married daughter advised me to use Hood's Sarsaparilla because

Hood's Sarsaparilla Cures. It had cured her of dyspepsia. She had been troubled with the complaint since childhood, and since her cure she has never been without a bottle of Hood's Sarsaparilla in the house. We commenced giving it to Sarah about one year ago, and it has completely cured the running sore.

Only a Scar Remaining. As a trace of the dreadful disease. Previous to taking the medicine her eyesight was affected but now she can see perfectly. In connection with Hood's Sarsaparilla we have used Hood's Vegetable Pills, and find them best. Mrs. M. A. Griffin, Xenia, Illinois.

CLEVELAND SICK OF THE HAWAIIAN CONTROVERSY; but he does not feel so completely demoralized as the fruit-grower who finds when his trees bear that the variety he thought he had purchased. It makes a great difference with the length of your fruit, and the quality of the fruit that sells quick at \$5.50 per box, or one that requires considerable diplomacy to work off at 25 cents per box, for like cows, cooks and coffee, all are not equally desirable. To get the finest strain of trees, true to name, send your orders to the Sacramento River Nursery Company of Walnut Grove, Sacramento County, who are located in the heart of one of the oldest fruit belts of California, which produces at least 500 carloads annually, and where the finest and most profitable strains of fruit are grown. They not only guarantee their trees true to name, but growing them upon fertile river bottom land, without extensive irrigation, can afford to sell them at one-half the price charged by less favorably located nurseries, and they make terms of your business, no matter how hard you are squeezed by the financial exigencies of 1894.
