

HOUSE PROCEEDINGS.

Crisp Given a Rousing Reception as He Ascends the Rostrum.

ANOTHER TILT BETWEEN REED AND THE SPEAKER.

Favorable Report on Senator White's Bill Providing for the Payment of Moneys Expended by California, Oregon and Nevada in the Suppression of the Rebellion—The Amount Due California Nearly Four Millions of Dollars.

Special to the RECORD-UNION.

WASHINGTON, March 30.—When Speaker Crisp ascended the rostrum today he was given a rousing reception from members on both sides of the house, the demonstration lasting fully a minute. The battle of yesterday afternoon was promptly renewed by Mr. Reed on a challenge of the correctness of the journal in failing to show Mr. Payne's point of order on the question of but one letter acting.

On a rising vote the journal was approved, and on a call of ayes and noes the previous question was ordered and debate limited to fifteen minutes on either side. After the speech by Mr. Reed regarding the Speaker's ruling yesterday, Mr. Reed's motion to amend the journal was voted down. The vote on approval of the journal showed a quorum.

Mr. Reed's motion to adjourn was decided out of order, and the speaker declined to entertain an appeal, and again refused to state the ground of refusal, holding that no member has a right to inquire the grounds of a decision any more than a lawyer has to demand the same thing of a judge.

"That looks very much like tyranny," remarked Mr. Reed, sarcastically. The next episode was the overruling of Mr. Bland's point of order that the President's message vetoing the seigniorage bill could not be read, the House having made the contested election cases the special order.

Again the speaker refused to entertain an appeal. The veto message was then read.

Mr. Bland gave notice that next Tuesday he would move to pass the bill over the veto. During the roll-call on Mr. Burrows' motion to reconsider the vote by which the House had declared Mr. Joy not entitled to his seat, Mr. Reed, standing near the clerk, said he would like to be permitted to see the roll-call taken.

This was resisted by the speaker, who sharply ordered Mr. Reed to his seat, and directed the sergeant-at-arms to enforce the order, as Mr. Reed did not move far enough to suit.

"This is entirely unnecessary," replied Mr. Reed, looking at the speaker with the eye. "It is not," replied the speaker. "Instead of taking your seat, you respond every time."

"Certainly I do, because the chair has attacked me," said Mr. Reed, now thoroughly aroused. There seems to be an element of personal hostility in the clash between the two leaders. Later on the speaker protested that he had not understood Mr. Reed to prefer a request for permission to stand by the clerk's desk, and with this semi-apologetic explanation the incident closed.

The roll-call now disclosing the lack of a quorum, the House recessed until 8 o'clock.

WASHINGTON CITY PROPERTY.

Over Thirty Millions of Real Estate Held by 150 Persons.

WASHINGTON, March 30.—The assessment books of the District of Columbia show that \$11,900,000 worth of real estate in Washington is owned by 150 persons, who may be termed wealthy residents, which is an average of \$79,333 each, but as the property in the District is usually assessed at about one-third of what it would sell for, the actual value of this real estate is nearer \$30,000,000 and raises the average to \$200,000. Of these 150 persons twenty are members of the United States Senate and eleven are members of the House of Representatives. They are assessed for \$1,694,773, which represents a value of about \$4,900,000, or about \$14,000 each.

PRISON CONVICTS.

The Foreign-Born in Penitentiaries Outnumber the Natives.

WASHINGTON, March 30.—The census statistics show that there are 28,440 convicts in the penitentiaries of the United States who know where they were born. Of these, 13,135 are natives of this country and 14,775 were born abroad. Similar statistics show that 51 per cent of the inmates of the penitentiaries in the United States are foreign-born and 24 per cent of the inmates of benevolent institutions, such as insane, deaf and dumb and idiotic asylums. These statistics are used to justify and sustain the rigorous inspection that is now being made of all immigrants.

Coal for War Vessels.

WASHINGTON, March 30.—Secretary Herbert has settled a question which has been agitating the Pacific Coast people for some time by directing that two of the vessels of the Behring Sea fleet be supplied with coal mined in Washington, so as to afford a basis of comparison with the imported coal.

Nearly Four Millions for California.

WASHINGTON, March 30.—The Senate Committee on Military Affairs has authorized a favorable report upon Senator White's bill providing for the payment of \$3,951,915 to California, \$404,660 to Nevada and \$355,522 to Oregon, being moneys expended in the suppression of the rebellion.

Rain-Making Not a Success.

WASHINGTON, March 30.—Secretary Morton has issued a circular in answer to inquiries, saying the Government rain-making experiments did not produce such results as to justify a belief they could be developed into any commercial importance.

The New Chinese Treaty.

WASHINGTON, March 30.—Senator Morgan, Chairman of the Committee on Foreign Relations, says he will move early next week to take the Chinese treaty up for action on Thursday or Friday. From conferences with other Senators he is satisfied it will be ratified.

Crisp Declines the Senatorship.

WASHINGTON, March 30.—Speaker Crisp has telegraphed Governor Northen declining the appointment as Senator, on the ground that party considerations force him to remain in his present position.

and Albert M. Johnson, has begun suit in the Superior Court against the National Gold Bank of D. O. Mills & Co. for damages in the sum of \$40,000.

The complaint alleges that the plaintiff was in December, 1892, a merchant doing business at the corner of Seventh and J streets in this city; that he had, by attention to business, built up a large trade and carried a stock of goods worth upward of \$15,000; that on the 27th of December, 1892, he was indebted to defendant on the sum of \$1,000 on a promissory note, to secure which Mrs. Anna F. Ortolini's mother, assigned to the defendant a promissory note made by Alfred Toland to D. S. Taylor and secured by a mortgage on a piece of land in El Dorado County of the value of \$724 50.

The complaint goes on to state that on the 28th of December, 1892, defendant levied an attachment on plaintiff's stock, alleging that the latter's indebtedness to the bank was not secured; that said action destroyed plaintiff's reputation as a merchant, and caused other creditors to levy attachments, by which his business was ruined and he was rendered hopelessly insolvent.

Plaintiff complains that defendant's allegation that the bank's claim was unsecured was false and without probable cause; wherefore he prays for judgment for the sum of \$40,000 damages, with costs of suit.

SEVERAL SACRAMENTO DECISIONS.

The Supreme Court Upholds the City License Ordinance.

The Supreme Court has rendered a decision in the case of Henry Wittenbrock, appellant, vs. John Parker, James Bithell, G. W. Harlow et al., respondents. The case was argued by Henry Wittenbrock as plaintiff by Harlow et al. as defendants. The judgment of the lower court was affirmed.

Judgments Affirmed Also in the Wittenbrock-Parker and the Hoppe Cases.

The Supreme Court has rendered a decision in the case of Herman W. Hoppe and others, plaintiffs and appellants, vs. Julia Hoppe, defendant and appellee, and W. A. Fountain, plaintiff and respondent, vs. Julia Hoppe, defendant and appellee, and Herman W. Hoppe et al., intervenors and appellants. A Sacramento case—has been decided.

The judgment dismissing the action for partition is affirmed, and the judgment foreclosing the mortgage is reversed, with directions to the court to order the plaintiff to intervene and to answer of Julia Hoppe, respectively, with leave to the plaintiff to answer the complaint of the intervenors.

Other Cases Decided.

In the case of Marcello County, appellant, vs. Helm & Nolan, respondents, a suit to collect license tax, which was decided against the county, the decision is affirmed.

The judgments were affirmed in the case of Wittenbrock et al., plaintiffs and respondents, vs. The Mountaineer Gold Mining Company et al., defendants and respondents, and John Hayes, defendant and respondent, vs. Stanislaus County case of William J. Lord, appellant, vs. Stephen Thomas and Annie Thomas, his wife, respondents; The Wagon Wheel, a Sierra County case; the case of appellants, vs. Stephen Booth et al., defendants; H. G. Payne, respondent, vs. the Fresno County case of M. D. Washington, appellant, vs. Stanislaus County and G. H. Maiter, respondents; and H. G. Maiter et al., respondents, vs. H. S. Eschelman et al., respondents; the Tehama case of Evans vs. Paige; the Tehama case of Frank P. Beverly, respondent, vs. W. C. Blackwood, appellant.

SOCIAL AND PERSONAL.

I. Boyesen has returned from San Francisco.

Mrs. Samuel Hoover of Elk Grove is visiting the city.

Cox, Boston; James C. Smith, Stockton; R. H. Brown, Orange; G. B. Green, Courtland; J. H. Wood, Modesto; James M. Samuel Hoover, Elk Grove; A. Mayrachi, San Francisco.

Arrivals at the Golden Eagle Hotel yesterday: E. Williams, Nevada; James A. Louttit, Stockton; J. J. Winder, Colusa; H. McMurry, Syracuse, N. Y.; Dr. Blakey, New York; George P. Brown, Mrs. George P. Brown, Bloomington; F. J. Wood, Red Bluff; H. V. Raymond, Sacramento; Charles Hildebrand, G. L. Veach, Chicago; J. H. Wigger and wife, Marion, Ind.; W. D. Duke, Mexico; S. P. French, Nevada; Charles Hickman, Oakland; P. Jackson, J. Warren Shannon, J. W. Thoms, P. A. C. Venne, Charles Moore, G. H. Hamerkin, W. H. Hart, W. M. Nichols, San Francisco.

Royal Baking Powder. Highest of all in Leavening Power.—Latest U. S. Gov't Report. ABSOLUTELY PURE

TO PRESERVE RAILROAD TIES. A Portable Plant Being Prepared for That Purpose.

A Process That Adds Greatly to the Life of Wood and Curtails an Enormous Expense.

For several days some strange-looking machinery has been noticeable in the railroad yards near the east end of the depot. As there was not much bustle about it, however, it has escaped the attention of many.

A RECORD-UNION reporter's attention was attracted to it yesterday and of course he proceeded to investigate and try to find out the use of the two immense tubes that looked as if they might be battering rams for storming some big fort.

It is well known that wood placed in ground, as railroad ties, piles, fence posts, etc., in a few years deteriorates and becomes rotten. Various devices have been resorted to to arrest and prevent decay, and for a number of years crosette has been used for that purpose with great success, being forced into the pores of the wood by hydraulic pressure.

For this purpose pine and redwood are principally used. The latter lasts well as it is not so porous, but it is very soft, and a continual passage of heavy trains over it soon sinks the rails into the tie. Two kinds of pine ties are used, known as sap pine and heart pine, the latter being made from the heart of a tree, and the former from the outside.

A sap pine tie has an average life of from five to seven years. This being the case, any device for increasing the length of service of a tie becomes of great moment to the railroad companies, both on account of the cost of new ties and the labor and annoyance of replacing.

Burnett discovered a method somewhat similar to the crosette treatment, but using chloride of zinc instead. This treatment is known as Burnett's, and is the one employed by the Southern Pacific Company in treating its ties. Pine sap ties treated by it five years ago have yet shown no decay.

The instrument of the entire program is a piece of machinery which is a local combination, phrasing, general interpretation, and the bringing out of the noblest qualities of the music. Its appearance is that of a piano, but it is a most wonderful instrument, which continually astonishes the conservatories—was the production of piano and orchestral effect, which many a local musician up to last evening would have emphatically denied the possibility of performance by wind instruments.

The soprano soloist with the band is Inez Meusker, a singer whose ability is represented as entirely worthy of the organization to which she is attached. Sousa himself is quite too widely and well known as a composer, solo instrumentalist and leader to call for much remark. The program of music for the Sacramento are before us and are choice. There is very little to choose between the two.

The afternoon numbers are from Rossini, Kralik, and Wagner. There are two descriptive pieces—"An Alpine Storm" and "In a Clock Tower." Miss Meusker sings a solo, which is a beautiful piece, solos introduced in the concerted pieces. In the evening the selections are from Wagner, Rubenstein, Fryor, Bix, Padrawski, Gottschalk, Sousa, Liszt, Lunders and Bonnaud. Miss Meusker sings once, there is a trombone solo, a descriptive piece—"A Musical Critic's Dream." The program is given here under the local management of E. J. Hawk and O. P. Dodge and the business direction of D. Blakely, the organizer of the band, formerly director of the Minors' club, a hillside Society and the Mendocino Club, and Secretary of State of Minnesota and Superintendent of Public Instruction in that State.

He was six years manager of Gilmore's Band and has managed the tours of Strauss' Vienna Orchestra and the orchestra of Theodore Thomas. His relation to a musical organization is accepted as evidence of its merit throughout the country. Mr. Blakely is in the city perfecting the details for the concert in Sacramento.

The Stockton Amateur Opera Company of sixty-eight people have decided to come to Sacramento on the night of April 10th and present the popular comic opera, "Pirates of Penzance." The principal roles will be played by some of Stockton's leading society people, who have many friends in Sacramento. A large delegation of Stockton people will come here with the company.

The charity ball given last night at the old Pavilion was well attended, and the dancers enjoyed a very pleasant evening.

A Mother Goose carnival and dance will be held April 4th and 5th, at Turner Hall, under the auspices of Fair Oaks Relief Corps, for the benefit of the relief fund.

The "Black Crook" now presented at Stockwell's Theater, San Francisco, will be given here by the same company, and all the scenery there used, on the 13th and 14th of April.

The Effie Ellis box sale opened well yesterday. It will continue to-day at the Opera-house office.

April 9th the Spider and Fly Company plays a return engagement.

Awarded Highest Honors World's Fair.

HAFFNER'S Royal Baking Powder. The only Pure Cream of Tartar Powder.—No Ammonia; No Alum. Used in Millions of Homes—40 Years the Standard.

The Nonpareil TO-DAY WE WILL SELL Ladies' House Wrappers
