

LABORS OF THE CITY TRUSTEES.

The Bakers' Sunday Ordinance Consigned to Oblivion.

Second-Street Paving Bids Rejected—Special Policemen Confirmed—Messages From the Mayor.

The appearance of the City Trustees' room was further improved last night by the addition of the eight new desks for the members, which are ranged in two rows across the middle of the space within the hall.

There were present Trustees Lawton, Wachhorst, Davis, Kent, Leonard, Tozer, Devine, Bragg and Pennish.

The bills for salaries and the usual number of others were allowed. A number of last year's bills for street sweeping and other services were referred to the City Attorney for his report as to whether they could legally be paid.

The City Attorney reported on two bills of the Sacramento Coal Company for pumping at the Y-street levee. He saw no objection to paying one of them, but he thought the other was not due till next month.

On motion of Bragg, the latter was laid over till the next meeting in order that the City Attorney might investigate further.

City Attorney Brown stated that the case of the Capital Gas Company against the city had been decided adversely to the city by Judge Catlin and the city ordered to pay for the gas used. He did not think the decision would stand, and while he disclaimed all intention of impugning the decision, he advised the board to appeal it to the Supreme Court.

He had consulted a number of lawyers on the subject, and they agreed with him. If the bill was now paid and some one in the future should sue to pay the money personally. He considered it an important case and one that ought to be definitely settled and the Charter upheld.

Devine moved that the City Attorney be authorized to appeal the case to the Supreme Court. Considerable discussion ensued, the members speaking for and against the appeal.

Kent moved to lay the matter over till Saturday evening, and the motion was defeated by a vote of 7 to 2.

Devine's motion was then carried by the same vote.

The matter of confirming L. B. Isham as mounted policeman was then taken up, and refused by a vote of 7 to 2.

The nomination of G. W. Warner as special policeman from Second and Eighth, was confirmed by a vote of 7 to 2.

The nomination of W. E. Glick as special policeman between E and J, Twentieth and Thirty-first, was confirmed by a vote of 8 to 1.

G. E. Harber's nomination as special policeman at the Buffalo Brewery was confirmed unanimously.

The following resolutions from the Mayor were received and placed on file:

RAILWAY EXTENSION.
To the Board of Trustees: I herewith transmit to your honorable body with my approval indorsed thereon, Ordinance No. 342, entitled, "Granting the right of way to the California and Horatio P. Livermore to construct and operate a street railway over and along certain streets in the City of Sacramento."

CAB VANS.
To the Board of Trustees: I herewith transmit to your honorable body a proposition from William H. Bradley, manager of the Gurney Cab Company in this city, in which he states that the company will respond to all calls from the police department during the night time and from the time the patrol wagon is put up to its coming on again next morning, for the sum of \$75 per month.

The same is submitted to you for your consideration and such action as you may deem proper. Respectfully submitted, B. U. STEINMAN, Mayor.

OUTSIDE STAIRWAYS.
To the Board of Trustees: Being informed that at your last meeting an ordinance was proposed by which it was intended to permit persons having side stairs leading to the upper story and resting on the sidewalk to maintain the same, I desire to make the following suggestions, as you no doubt know the effect of such an ordinance would be to repeal the ordinance now in force upon the subject. As many of our citizens have been compelled to obey the ordinance by removing these side stairs, it would seem to me to be unjust for your board to consider for a moment the advisability of changing this ordinance, especially as the only side stairs now standing on the sidewalk on either J or K streets, or the streets adjacent thereto, lead to buildings which are owned by non-residents in this city. These side stairs are very unsightly and are a relic of the architecture of the past. No city which prides itself on the appearance of its business streets would for a single moment permit such unsightly obstructions to exist. Respectfully submitted, B. U. STEINMAN, Mayor.

CEMETERY VAULT.
To the Board of Trustees: I herewith transmit to your honorable body a communication received by me from City Surveyor Wm. Atwater, in which he advises that certain changes be made in the plans and specifications for the new vault at the City Cemetery now in course of construction. As the Board of Trustees made the contract now in existence, your board should make the alterations in the contract suggested if you feel so advised; and as I have examined into the matter, and think the changes suggested are for the best, I recommend that the original contract be changed in the matters recommended by the City Surveyor. Respectfully submitted, B. U. STEINMAN, Mayor.

THE BLOCK BOOK.
To the Board of Trustees: Being informed that your board at your meeting ordered a block book of the water system of this city to be made, I desire to call the attention of your board to the fact that such a block book is now in existence.

Some time since I called your attention to the section of the charter which requires a comprehensive map or chart of the whole water system to be made, and recommended that your board take the necessary steps to have it made at once.

I deem it advisable therefore to suggest to your board that you reconsider the matter, and authorize the making of a comprehensive chart or map instead of the block book. Respectfully submitted, B. U. STEINMAN, Mayor.

SEWERAGE BONDS.
To the Board of Trustees: During the last week I have had under consideration Ordinance No. 341, entitled, "An ordinance of the Board of Trustees of the City of Sacramento, determining that the public necessity and interest of said city demand the construction of additional sewers, cesspools and pumping plant for the proper disposal of sewerage, the cost of which construction will be too great to be paid out of the ordinary annual income and revenue of the said city." which was passed by your board on April 23, 1894.

Before finally acting upon this ordinance I desire to take legal advice upon several propositions which are involved in this ordinance and also in the other proceedings necessary to effect a legal issue of bonds. The questions have arisen whether this city at this time owing to the large number of bonds outstanding, can legally issue a new series. Before going further in the matter I desire to have these legal questions settled.

At your last meeting a message was read from me requesting that your board authorize me to employ an attorney-at-law as contemplated in the charter. Until your board acts upon my recommendation and authorizes me to employ an attorney so that I can submit the questions above suggested to him, I do not feel as I ought to act upon the ordinance submitted to me.

I therefore trust that your board will grant the request heretofore made by me for an attorney. Respectfully submitted, B. U. STEINMAN, Mayor.

MISCELLANEOUS MATTERS.
To the Board of Trustees: I herewith return to you with my approval indorsed thereon, the bill of John Deaton for \$172 for services as inspector of the work on K street.

In a message to your board which was read April 23d, a request was made that you create the position of special policeman for the Capital Grammar School, the idea being to appoint the janitor to that position. An error was made in the name of the school; it should have been the Sacramento Grammar School, and therefore ask that your board correct the original message and create the position as requested.

At the present time D. B. Plummer, who is the watchman for the Crocker Art Gallery, is also special policeman for that locality. As it is necessary that the position of special policeman for this locality should be created before appointing, I therefore recommend that your board create such a position, as it is convenient for the watchman to be invested with the authority of a special policeman.

AN APPEAL FOR HELP.
L. B. Isham addressed the board, saying that he had just been defeated for the position of mounted policeman, and asking if he should be employed for him, otherwise he should be in the same position as the Industrial Army.

The President declined to listen further, and ordered the Clerk to go on with the reading of the ordinance prohibiting bakers from delivering their bread on Sundays.

THE BAKERS.
The ordinance was then read, and A. L. Hart addressed the board at some length on behalf of the bakers, saying that he asked for it in behalf of the men, who were not allowed to rest out of seven. He thought that the board should pass it unanimously. He believed that it would make the men more contented with the ordinance, and the laws if what they believed were their rights were granted to them.

Leonard moved to postpone the matter indefinitely, as he believed it to be special legislation in favor of one class. If the men do not want to work on Sunday they do not need to. They can get together and determine not to do so. He was brought up in the East, where the street cars do not run on Sunday nor the bakers or other trades people deliver their stuff, but it was not the style here. He was opposed to special legislation.

Davis was also opposed to special legislation. The ordinance was indefinitely postponed without a dissenting vote.

WATER MAINS.
A resolution was introduced by Davis to lay a 14-inch water main across Second street, at the intersection of I, with G, and intersection of main at Second and I streets. It would, he explained, obviate the necessity of taking up the old main on Second street, and it is so that when it gives out the street will not have to be torn up after being improved.

The resolution was adopted.

SECOND-STREET PAVEMENT.
The Committee on Streets reported that the Pacific Coast Paving Company's bid was \$16 80 lower than the others.

Davis wanted to know if the company would bring their men from San Francisco. If so, he would prefer to take the next higher bid. He had rather give the work to a Sacramento man, who would employ home-workers.

Leonard moved to postpone \$4,000 per block, and K street cost only \$3,000. He moved that all bids be rejected, and it was so ordered.

The Clerk was then instructed to advertise for new bids.

no authority to forfeit the company's franchise, but is willing to do anything asked that does not conflict with it. He fears, however, that accidents will occur if the street be made passable for vehicles.

Mr. Bentley of the Packing Company says he is willing to build a sidewalk along the entire street from E street south to the city limits. He thinks the lives of people, however, would be endangered in driving by moving cars.

The Superintendent of Streets recommends that the board go in a body and view the street, and see whether they think it best to make Sixth street a residence street or let it be used as now.

C. E. Brown said he had property on Sixth street, and that the tracks had been moved from where they were originally laid. He was getting tired of seeing the street obstructed.

Lawton said that the Superintendent of Streets had instructed three times to clear away the obstructions and had not done so. It was time to quit instructing him, or to get a new Superintendent.

On motion of Leonard, the board will go in a body to-day at 3 p. m. to view the street and see what is to be done.

SPRINKLING BIDS.
The bonds of the successful bidders for sprinkling contracts were approved.

SALOON LICENSES.
The petitions of W. H. Hanlon for license to keep a saloon at 1229 Twelfth street, and of J. S. Collier to keep one at 723 O street, were referred to the Chief of Police.

A communication from the Chief of Police recommending that the board refuse to grant a license to John Bowman to keep a saloon at 106 K street, was received. Kent and Wachhorst spoke in favor of granting the license, but the matter was laid over a week.

TO LEASE A SQUARE.
A resolution was introduced to lease the public square between B and C, Twenty-seventh and Twenty-eighth, to C. H. Todd for five years, to be planted with shade-trees around it, keep the fence in good repair and keep it planted in grass.

Mr. Todd said he would plant the trees at any time the board wished.

Devine stated that he had a better offer, and after some discussion the matter was referred to the Street Committee, to report next week.

MISCELLANEOUS.
A letter from Gallatin and Livermore, accepting the franchise on J street, between Second and Third, was read.

The report of City Collector McKee showed that he had received as city taxes, \$41,363 16; city licenses, \$6,179; cemetery dues, \$500; harbor dues, \$170; dog license, \$1,370; water rates, \$9,025 73; water taxes, \$2, total, \$57,537 81.

W. J. Hall stated that he had a contract with the city, which has expired, and had agreed with the Board to continue the pumping. He was not informed of the City Attorney that the Board had no authority to order work to exceed \$100 without a contract. His contract, he thought, had expired because he had pumped over time.

It was decided that Mr. Hall should go on with the work, until the City Attorney decides the point as to whether the contract has expired or not.

The ordinance allowing iron stairs on the outside of buildings, already constructed, was taken up. Leonard, Devine and Davis opposed the ordinance as special privilege to a few people, and continuing the days of '49.

The ordinance was defeated, Wachhorst and Kent voting aye.

A resolution was read providing for the employing by the Mayor of an attorney as assistant to the Chief of Police, at \$1,500 per year. Devine stated that he had been asked to introduce it, but was opposed to it.

Tozer introduced an ordinance providing for the employment of a Corporation Counsel, which was laid over one week.

The question of improving J street, from Eleventh to Twentieth, came up, and Davis moved to postpone it indefinitely.

C. E. Adams opposed the postponement, and said that a majority of the property-owners favored the resolution. There had been considerable misrepresentation in the matter. He wanted the travel to come down J street and to see it improved.

The President ruled Davis' motion out of order.

Leonard moved that it be postponed six months. The street was improved three years ago, and times are very hard. He did not want to see the little homes confiscated.

The Mayor's recommendation with regard to the change of plans for the vault at the City Cemetery was referred to the Street Committee.

The board decided, in regard to Bradley's offer to the Mayor, to postpone it indefinitely.

The Mayor's communication with regard to the sewerage ordinance was ordered placed on file.

The office of special policeman for the Crocker Art Gallery was taken up.

A resolution fixing the hours of sprinkling on the streets between the alleys between M and N and O and P, between Twentieth and Thirty-first streets, at from 9 A. M. to 5 P. M., and from 9 P. M. to 5 A. M., was adopted.

A resolution was introduced to create the position of special policeman for the Sacramento Grammar School, W. M. Page, the janitor, being nominated by the Mayor.

One was also introduced creating the office of special policeman, with beat between Eighth and Thirteenth and the alleys between J and K and L and M streets. They were both adopted.

A motion to reconsider the vote by which the board refused to confirm the nomination of Edward Rhitagian as special policeman was laid over for one week.

The board then adjourned.

THE USUAL RESULT.
A Woman Arrested for Robbery, But Her Accuser Flunked.

Officer Fisher last night arrested a woman of lower L street, known as "Silvers," for robbing a man named McMary.

The latter claims that he visited the woman in her apt on Sunday night, and when he departed he found that he was just \$20 short in his accounts.

After Officer Fisher had taken the trouble to find the woman and escorted her to the City Prison, McMary said he could not swear that she stole the money, and refused to swear to a complaint against her.

The prison officials decided to put a charge of vagrancy against her, and McMary was detained to appear as a witness in the Police Court this morning.

Sensible Veterans.
The three Grand Army Posts have decided, owing to the dull times, to dispense with the usual parade on Memorial Day. They will have simple services at the cemetery and exercises at the theater in the evening.

Box-Car Lodgers.
Six hobos, who were holding high carnival in a box-car on Front street last night were rounded up by Officers Hayes, Fisher and Taylor and Special Warner and locked up in the City Prison.

"WORTH A GUINEA A BOX."
Covered with a Tasteless and Soluble Coating.

BEECHAM'S PILLS
are a marvellous Antidote for Weak Stomach, Sick Head-ache, Indigestion, Constipation, Biliousness, etc. Found also to be especially efficacious in remedying all cases of Female Complaints.

of all druggists. Price 25 cents a box. New York Depot, 365 Canal St.

WEATHER AND CROPS.

The Rain and Cool Weather Improved the Latter.

Director Barwick of the California Weather Service reports that the deficiency of heat over the State for the week ending April 30th ranged from 3° at San Francisco to 13° at Red Bluff. The rainfall for the week was .50 of an inch at San Francisco, .60 at Red Bluff, .34 at Sacramento, and .10 at Fresno, Los Angeles and San Diego. The rainfall and cool weather have helped pasturage and hay generally, but a great deal of grain was so far gone that no amount of rain would have done any good.

There were quite severe frosts over the greater portion of the State, which did some damage wherever they were felt, but as a general thing the damage was slight.

The outlook is very much better than last week for grain, hay and pastures. Fruit holds its own, with prospects of an excellent yield of good quality. The outlook is doing considerable damage to vineyards near Colima and also in Northern California.

The greatest rainfall was nearly three inches in Mendocino County, and the least a trifle in portions of the San Joaquin Valley and in Southern California.

The highest temperature was 96°, at the Agricultural Experiment Station near Tulare, and the lowest was 23°, at Susanville, Lassen County.

POLICE COURT CASES.
The Washhouse Ordinance Contravenes a Supreme Court Decision.

Louie Yone was arraigned in the Police Court for conducting a laundry in the city without the consent of the majority of the property-owners.

His attorney, E. C. Hart, interposed a demurrer on the ground that the Supreme Court had decided a similar ordinance at Chico, nearly identical with the one recently passed by the Trustees.

The City Attorney admitted that the decision in favor of Yone was correct, and as the court held the same view, it was taken under advisement till to-day.

Mrs. Howard, whose pistol shots at her husband, performed by a doctor, forfeited her \$5 deposit, on a charge of being drunk.

Frank Barr, accused of buncoing John Young by means of a trick knife, was fined \$20 or twenty days.

George McCarty, who was found by Mr. Kneal in his chicken-house, was allowed to plead guilty to petty larceny, the charge of burglary being withdrawn. He was fined \$20 or twenty days.

Funeral of Mrs. Manlova.
There was a large attendance at the funeral services of the late Mrs. J. E. Manlova of Perkins at St. Paul's church yesterday. Rev. G. A. Ottman, the pastor, officiated, and the floral offerings were numerous and beautiful. There was special singing by a full choir. The pallbearers were Walter Clarence Camp, Charles Perkins and E. E. Mandeville.

A NEW TOY FOR 5c.
Climbing Tops, indestructible and of fascinating interest to every boy, large and small. Price, 5c. TOY DEPARTMENT.

GARDEN SETS.
Wrought-steel Garden Sets of Hoe, Rake and Shovel, for ladies or children. Price, 25c. Hitherto these goods have sold at much higher prices and have often been made of only cast-iron, rendering them easily broken.

A NEW TOY FOR 5c.
Climbing Tops, indestructible and of fascinating interest to every boy, large and small. Price, 5c. TOY DEPARTMENT.

Examining the River Question.
A. H. Rose, Commissioner of Public Works, came up from the Bay yesterday. He has been spending some time in the San Joaquin Valley collecting data as to the volume of water carried by the river, amount of land overflowed, etc., for use in future requests for Government aid in improving our rivers.

Assignee to Sell Property.
Judge Catlin has made an order directing T. W. O'Neil, assignee of A. W. Stewart, an insolvent debtor, to sell at auction one share of stock in the Freeport Telephone Company, thirteen shares of Grand Island Irrigation stock, sixty-five shares of California Fruit Union stock and other securities.

A Cow Poisoned.
S. H. Farley, the groceryman at Twelfth and F streets, reports to the police that yesterday morning, when he went into his barn to milk his Jersey cow, he found her dead. The fact that the carcass was badly swollen is, he thinks, evidence that the animal was poisoned.

Special Policemen.
Mayor Steinman has appointed the following policemen for Agricultural Park: Day watch—Robert Goods, Matt Karcher and Thomas Lacy. Night watch—Henry Altier, T. F. Burke and George Naghel.

The earlier symptoms of dyspepsia, such as distress after eating, heartburn and occasional headaches, should not be neglected. Hood's Sarsaparilla if you wish to be cured.

Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache.

MARRIED ladies, try Seguro. Take no substitute. See general notice column.

Old Time Methods of treating Colds and Coughs were based on the idea of suppression. We now know that "feeding a cold" is good doctrine.

Scott's Emulsion
of cod-liver oil with hypophosphites, a rich fat-food, cures the most stubborn cough when ordinary medicines have failed. Pleasant to take; easy to digest.

Prepared by Scott & Bowman, N. Y. All druggists.

BORN.
McMANUS—In this city, April 29th, to the wife of J. P. McMans, a daughter.

DIED.
COLEMAN—In this city, April 29th, Miss Rosa Coleman (beloved sister of J. H. Coleman, beloved sister and aunt of Mrs. B. and Bessie B. Quarles of Sacramento, beloved sister and aunt of Mrs. J. A. and Emilee Williams of Greenham, Nebraska, and of W. R. Coleman of Alturas, Modoc County, Cal.; wife of J. H. Coleman, F. C. S., Q. P., H. W. M. M., C. S., R. and S. B. Coleman), a native of Ralls County, Missouri.

Her funeral services were respectively invited to attend the funeral to-morrow (Wednesday) at 2 p. m. from her late residence, 1913 G street, to the Sacramento-street M. E. Church, where funeral services will be held at 3 p. m. Friends can view remains at her residence from 10 A. M. to 1 p. m. Wednesday.

BECK—In this city, April 29th, Mrs. Lucy Beck, widow of the late Stephen Beck (and mother of Mrs. John Dorman and grandmother of Lily and Steve Spencer, a native of England, aged 74 years, 5 months and 16 days.

Her friends and acquaintances are respectfully invited to attend the funeral on the day (Tuesday) at 2 o'clock p. m. from her residence, 1625 G street. Interment private.

CHANGED DAILY FOR WEINSTOCK, LUBIN & CO.
