

READY FOR THE FRAY.

The Republicans Name Their County Candidates.

An Orderly and Very Well-Behaved Convention.

It Left No Vacancies on the Ticket to Be Filled—There Were Several Close Contests.

The Republican Convention reconvened at 10 o'clock yesterday morning, William Johnston presiding.

The first business in order was the hearing of the reports of the Assembly District Conventions.

A. J. Bruner, Chairman of the Twentieth District Convention, reported that that body had postponed action until tomorrow.

G. T. Jones reported that the Twenty-first District had nominated L. T. Hatfield.

D. C. Houghton, for the Twenty-second District, reported that John E. Butler had been nominated.

On motion of W. A. Anderson, all candidates were required to appear before the convention, indorse the platform, and pay \$5 into the convention fund.

REMARKS BY CANDIDATES. Mr. Hatfield came forward and addressed the convention. He said he had been a Republican from earliest childhood, and if elected would use his best efforts to advance the interests of the county.

John E. Butler, the nominee from the Twenty-second District, made a stirring speech. He stated, he said, in response to his full duty not only toward the Republican party but the entire State. It would be the ambition of his life to faithfully represent the people in the Legislature of the State.

At this point it was voted to assess each delegate fifty cents to defray the expenses of the convention. Quite a wrangle here ensued as to what sum should be paid the temporary Secretaries and Sergeants-at-arms.

George Murray thought that \$2 each would be sufficient. Somebody wanted to make it \$2.50, but finally \$3 was the sum agreed upon.

NOMINATIONS FOR SHERIFF. The nomination of candidates for Sheriff being first in order, David Reese of Florida arose and said he desired to place before the convention the name of a gentleman who is as strong in the country as he is in the city and who would be a man against whom no one has ought to say.

There was considerable applause and calls for Johnson, and more applause when he mounted the platform. Addressing the convention, Mr. Johnson said he was there asking at the hands of the representatives of the Republican party the nomination for Sheriff.

DISTRICT ATTORNEY. For this office there were four aspirants, and the nominating speeches were all quite long and eulogistic.

J. L. Robinette placed in nomination C. W. Baker.

E. C. Hart presented the name of W. H. Humphreys.

C. T. Jones named Frank D. Ryan, the present incumbent, who he said was the right man in the right place.

A. J. Bruner told the convention that the man for the place was ex-Justice of the Peace C. N. Post, who he indorsed as one of the ablest lawyers in the county.

The candidates addressed the convention—Messrs. Baker and Humphreys quite briefly, and Messrs. Ryan and Post at some length.

The gentlemen were all well received and greeted with liberal applause. The roll was then called, but before the result was announced delegates were on their feet all over the hall asking to have their votes for Humphreys changed to Ryan.

A few changed from Baker to Post, and others from Baker to Ryan.

So many were the changes that there were loud demands for a new roll-call.

Frank Miller called attention to the fact that the roll-call had not been completed, and he had never heard of a new roll being called until the original one had been disposed of.

Chairman Johnston submitted to the convention the question as to whether or not there should be a new roll-call, and it was decided in the affirmative.

The adherents of Humphreys now went over bodily to the support of Ryan, and the result was announced as follows:

Total number of votes cast, 245; necessary to a choice, 123.

Ryan.....129
Hart.....107
Baker.....9

The Chair announced that Mr. Ryan had received a majority of the votes cast and declared him to be the nominee of the convention for District Attorney.

A recess was then taken until 1 o'clock P. M.

Afternoon Session. On reassembling in the afternoon the Chairman called for the report of the action of the Twentieth Assembly District.

Dr. Dixon reported the nomination of Judson Brusie for the Assembly.

Mr. Brusie appeared before the convention and made a strong and eloquent speech. He referred to the record he had previously made in the Legislature, and said it must be the guarantee of his future course if elected himself to support George C. Perkins for United States Senator, and to labor throughout the campaign, to the best of his ability, for the entire Republican ticket.

Another Break-in. On motion of Lincoln White, the regu-

CITY CONVENTION.

Justices of the Peace and Constables Nominated.

After the County Convention adjourned A. J. Rhoads moved that E. C. Hart be chosen as Chairman of the City Convention, and the motion was carried.

J. Charles Jones was elected Secretary. A. J. Bruner nominated G. G. Davis for City Justice of the Peace in a eulogistic speech, speaking highly of his ability as a lawyer and predicting his success if nominated.

Mr. Davis made a brief and pertinent speech, promising, if elected, to fill the office with impartiality and to the best of his ability. His nomination was made by acclamation.

TOWNSHIP JUSTICE. W. W. Coons was unanimously nominated for Township Justice, and in his speech said they would aid the morning after the election that the office on a street had been "ruined by Coons."

CONSTABLES. For Constables, William Farley, James Curran, Alfred Spinks, W. B. Carlow, William Greenlaw, N. F. Bennett and John Houghton were placed in nomination, the convention indulging in much hilarity in the meantime.

Carlow and Curran were chosen on the first ballot.

W. A. Anderson moved that a committee of five be appointed by the Chair as a Finance Committee, and that the County Central Committee be empowered to fill all vacancies on the ticket.

The motion was carried and the following were named as members of the committee: A. J. Rhoads, Charles N. Thompson, A. Conklin, Stephen Uren and E. Hartman.

The convention adjourned sine die with cheers for the ticket.

ASSEMBLY NOMINEES. Bruse in the 20th, Hatfield in the 21st and Butler in the 22d District.

Dr. G. M. Dixon presided at the convention of the Twentieth Assembly District yesterday, and William Carlow acted as Secretary.

It was decided to select the committee first. C. H. Merry nominated Geo. K. Rider, William Lamphrey and A. J. Bruner.

Mr. Anderson nominated A. J. Rhoads in place of Rider. Rhoads declined to be a candidate, remarking that everything had been cooked beforehand.

The others were then chosen as members of the Central Committee.

For Assemblyman, W. A. Anderson placed William M. Petrie in nomination. He spoke of him as one of the best and most public-spirited of citizens, and a man who had had the advantage of legislative experience.

Alvin J. Bruner nominated Judson Brusie in a neat speech. He said Mr. Brusie had also had legislative experience and was one of the most eloquent young men in the State.

Before the roll-call was concluded Mr. Petrie's name was withdrawn at his request, and Mr. Brusie was nominated by acclamation.

TWENTY-FIRST DISTRICT. There was but one aspirant for the nomination in the Twenty-first District—L. T. Hatfield—and he was nominated by acclamation.

Charles T. Jones presided at the District Convention. Judge James J. Devine presented Mr. Hatfield's name in a forcible way. He spoke of him as a gentleman, a ripe lawyer, standing on the top rung of the ladder of success, and a finished scholar and an able and cultured man.

He had taken an active interest in all things pertaining to the affairs of the county, and he had done so generally. The speaker congratulated the convention on the fact that it would have the pleasure of placing before the people such a worthy and valuable representative as L. T. Hatfield.

E. C. Hart seconded the nomination in a brief speech.

Mr. Hatfield briefly but in well-chosen terms thanked the convention for the honor conferred on him.

TWENTY-SECOND DISTRICT. D. C. Houghton of Galt presided at the convention of the Twenty-second District, and W. W. Greer and C. C. Clement acted as Secretaries.

Mr. Ford placed in nomination for Assemblyman John E. Butler of White Rock, and William Johnston named Myron S. Green of Colusa.

Mr. Butler was warmly indorsed by Hon. Eben Owen, who paid a handsome tribute to his worth and ability.

Mr. Butler received 63 votes and Mr. Green 23, and the former was declared the nominee.

FIRST SUPERVISOR DISTRICT. J. M. Avery presided over the meeting of the First Supervisor District, and Dugald Gillis and W. H. Sherburn were nominated.

Before the vote was announced, W. A. Anderson rose and moved that the nomination of Dugald Gillis be made unanimous.

The motion was carried. The vote as recorded by the Secretaries was: Gillis 29, Sherburn 13.

FIFTH SUPERVISOR DISTRICT. The delegates from the Fifth Supervisor District met yesterday and re-nominated for Supervisor the present incumbent, Thomas Jenkins. There was no opposition.

MORE LITIGATION.

That Perennial Source of Trouble, the Hicksville Road.

Another injunction suit has been commenced against Mrs. Alice M. Valensin to restrain her from fencing up the old Hicksville road, which the Supervisors had ordered abandoned and vacated, and which runs through her land.

The papers in the new action were filed yesterday by McKune & George and Johnson & Johnson, counsel for Celestia Johnson, who keeps a hotel and saloon at what was once the town of Hicksville.

Mrs. Johnson gives notice that on the 31st she will apply to the Superior Court for an order restraining Mrs. Valensin and Supervisors Ford, Morrison and Curtis "from interfering with said road, tearing down any fences thereof, destroying or injuring in any manner whatsoever pending the action."

The plaintiff, in her complaint, alleges that the land embraced in the old road is the property of the original owners of the San Juan de los Moquelumnes rancho, and not of Mrs. Valensin, and that the latter has encroached on the old road for the purpose of diverting trade from plaintiff's place of business to Arno, on the line of the new road.

She claims that by the action of the Supervisors and Mrs. Valensin, she has already been damaged to the extent of \$250, and that if the old road be destroyed she will be further damaged in the sum of \$3,000. She therefore asks judgment for the former sum, for an order requiring the defendants to take down any fences they have erected across the road, and for an injunction requiring them to desist from any interference with the said road.

EVERYBODY'S COLUMN. Correspondence of Interest to the General Public.

Under this heading the Record-Union will publish short letters from correspondents on topics of interest to the general public. The matter in these communications will be understood as being for the use of the writers. All communications must be accompanied by the name of the writer, not published unless so desired, but a guarantee of good faith.—Ers.

"One Law for All." ERS. RECORD-UNION: Some six weeks ago my husband was ordered by the Superior Court to take a few things he had for show off the sidewalk in front of our store, as the officer stated it was against the law to show goods there.

We took them in, of course, but you can imagine our surprise at seeing our neighbors across the way (I mean the two markets on J street, between Seventh and Eighth), who pile their walk with tons of fruit and other goods, and not a word is said against them.

It may be possible that there are two sets of laws for different classes of people. If there are, of course I have no objection to say so. If these markets are violating the law, the Chief of Police should see them about it.

ONE LAW FOR ALL. Before the roll-call was concluded Mr. Petrie's name was withdrawn at his request, and Mr. Brusie was nominated by acclamation.

HAYCOCK SHOALS. A \$10,000 Contract Let to Improve the Sacramento.

Healy & Tibbets of San Francisco have received a contract from the Government for making an improvement in the Sacramento River, which will undoubtedly be of great importance to the steamers and other craft traveling on those waters.

For years the navigation of the Sacramento River as far as the Capital City has been made very difficult by reason of dangerous obstructions at Haycock shoals, ten miles below Sacramento.

The river currents have formed a bar at that point, which makes the river impassable except at low water.

Under the contract just awarded to Healy & Tibbets it is proposed to construct wing docks from the shores and cut the bar out. With the aid of the wing docks it is expected that a sufficient current will be created to keep this particular point in the river clear of sand and make the river navigable at all times.

The cost of the work will be \$10,000. Healy & Tibbets expect to begin operations on Monday next under the direction of Major W. H. Heuser of the United States Engineer Corps.

AMUSEMENTS. Mr. Pyke's new company at the Clunie Opera-house is becoming more popular every night and the success of the season is assured.

The "Queen's Lace Handkerchiefs" will be presented every night this week and at the Saturday matinee.

Words and His Counsel. A report comes from Woodland to the effect that A. L. Hart and E. E. Gaddis have withdrawn as counsel for S. D. Worden, under charge of murder in connection with the train-wrecking of July 11th.

The report states that the lawyers believe Worden contemplates "a deal" with the prosecution in the hope of saving his own neck.

Pickpockets at Work. Two ladies report having been relieved of money on the street. Mrs. S. Nathan states that while riding on a street car on Tuesday she was robbed of \$25.

The money was extracted from her purse by a Miss Kady complained that while standing at the southeast corner of Fourth and K streets, on Tuesday afternoon, a hunting-case gold watch was stolen from her.

"See Plato About It." By permission of the Fair officials, Plato of San Francisco will maintain temporary quarters at the Pavilion and Agricultural Park, also corner Eleventh and J streets, for sign painting, banners, cards, etc. As time is limited, those interested should "see Plato about it" at once, as the price will be \$10.00, and all right if Plato does it.

San Francisco Assessment. Mayor Ellert, Supervisors James and Denman and Deputy Assessors Herzer and Briggs came up from San Francisco last evening to appear before the State Board of Equalization, under a citation to show cause why the assessment of San Francisco should not be raised.

Real Estate at Auction. At 10 A. M. to-day D. J. Simmons & Co. will sell at auction, on the premises, lot No. 2, K and L, Seventeenth and Eighteenth streets, 8x150, with a fine residence, stables, barn; also a vacant lot suitable for residence or business property.
