

CHRISTIAN TEMPERANCE UNION.

Third Day of the Fifteenth Annual Session.

State Officers and National Delegates Elected—Interesting Details of Work Done.

The morning exercises of the Women's Christian Temperance Union Convention yesterday were well attended, and were opened with devotional exercises conducted by Mrs. A. M. Estes, the morning being "The Reaction of Life," the reading from St. John, and the singing "Lend Kindly Light" and "He Leadeth Me."

Among the beautiful banners that adorn the altar is one from Placer County, a hand-painting on satin of female figures, one kneeling and the other standing, and both holding a white ribbon on which appear in pure gold the words: "For Country and Native Land."

Mrs. Sadie Renowden Bailey sang a fine solo, a song of welcome. Previous to the election of officers, Miss Severance spoke in favor of enlarging the duties of county officers and lessening the work of State officers, as the Secretary, Treasurer and other officers are instructed to cast the remaining vote of the convention for her. She was escorted to the platform, the convention rising and waving their handkerchiefs while they sang a hymn.

Mrs. Bailey then sang a song of welcome to her. Mrs. Peet thanked the convention for its loyal expression of good will and confidence in electing her for the fourth time to this position. The coming year will be one of greater self-sacrifice than the preceding, and each succeeding one must be so. The organization stands pledged to prohibition through total abstinence, let us stand by our colors. She related the story of Tour D'Auvergne, whose name was always called first on the roll of his grenadier regiment, by order of the commanding general, and made for him by a soldier, "Dead on the field of battle." Let our names, she said, be similarly recorded.

The Recording Secretary, Mrs. Dorcas J. Spencer of San Francisco, was re-elected unanimously, having received 95 votes out of 104 on the ballot, and responded briefly.

It was ordered that a letter of greeting and thankfulness be sent to Past President Mrs. Rosamond Johnson for her return to the State.

Mrs. H. E. Brown of San Francisco was unanimously re-elected Corresponding Secretary, and Mrs. Bidwell asked for the blessing and restoration to health of her daughter, who is very sick. It was also ordered that Mrs. Brown be notified by telegraph of her election.

Mrs. Emily Hopkin of Yolo was unanimously re-elected Treasurer, and made a brief response.

For Auditor, Mrs. S. C. Sanford of Oakland was unanimously elected. It was decided by the convention that the National Convention be asked that the address of Miss Severance on Tuesday night be published as part of the literature for circulation in aid of women's suffrage.

For First Vice-President Mesdames E. Greene, S. C. Borland and S. J. Churchill were nominated, and Mrs. Greene was re-elected on the second ballot.

For Second Vice-President Mrs. Churchill was nominated and elected by the Secretary's ballot.

The morning's exercises closed with nuptial prayer by Mrs. A. B. Gove.

AFTERNOON SESSION. The programme in the afternoon opened with devotional exercises conducted by Mrs. J. L. Everts, the central theme being, "Our Privileges as Affecting Our Country and the Song, "What a Friend We Have in Jesus."

The election of delegates to the National Convention being in order, the following were placed in nomination: Mesdames C. M. Bartlett, J. Lynn Prescott, M. F. Gray, G. Hyde, Anna K. Bidwell, M. M. Kimberly, E. C. Langenour, M. E. Teats, S. C. Borland, B. F. Werner, G. Schadt, S. C. Skelton.

Mesdames Schudi, Teats, Gray, Bidwell, Skelton, Hyde and Prescott were elected delegates, and Kimberly, Stoddard, Borland and Langenour as alternates.

Mrs. Emily Hopkin spoke upon the subject of finance. She said that in response to a circular sent out by her, sixty-five of the two hundred and twenty unions in the State had raised \$23,639.25. A large number of the unions had not yet reported, and some of them are among the strongest. She wished to hear from the unions and counties who are represented here.

Many counties then pledged various amounts, and the local unions followed suit. Mrs. Bidwell made a strong appeal for the fixing of an organizers' fund. There is no stated amount for the support of organizers, and they have nothing to depend on except what they may be able to get. If it were not for the organizers' fund, the expenses of the State Union would not have existed. There should be a separate fund fixed for the organizers.

Mrs. J. L. Everts said the minimum amount of expenses for the State Union was \$1,800, and that she had not been able to raise that amount. Some way must be devised in order to meet these expenses.

Mrs. Bidwell suggested that there are many persons outside of the union who would willingly, if approached on the subject, contribute from their means toward the expenses of the State Union. The small local unions, she said, have done better than many of the large ones.

Mrs. Grace M. Kimball made a report concerning the press work done during the year. Most papers will publish items concerning the work, but a few will not. Sacramento papers publish willingly items and reports concerning the work. Some papers will publish a column of the publication of the work.

Mrs. Ada Van Pelt reported on "Literary Bodies and Higher Education." She said the Presidents of California colleges and other institutions are giving their attention to temperance matters. Formerly all attention was paid to mental development. Now attention is paid to the moral, mental and physical development. The Christian Endeavor societies are doing earnest and zealous work in the cause. In the Women's Congress last winter a whole evening was given to the discussion of higher education in relation to the temperance cause. The Temperance Day, seven of the eight speakers were W. C. T. U. women, and the work done on that day will bring forth great results. No other Congress in the United States in the history of the programme were W. C. T. U. women, and scarcely a speech was made that did not contain temperance sentiments.

Mrs. Greene said that she visited the political economy class at the State University some time ago and she thought she was in a temperance meeting. They were seeking the causes of poverty, and their papers were prepared for that purpose.

Mrs. M. B. Mallory read a report on the no-license campaign. Two counties, Leno and Sutter, have prohibition ordinances, and Humboldt has passed one

prohibiting selling less liquor than one pint, but, like all half-way measures, it is made void by non-enforcement. In Placer County a petition has been circulated for submitting the no-license question to a vote of the people. The Supervisors have, however, tabled it, she believed, on the ground that a counter petition was being circulated, which never materialized, however. Santa Cruz will have license and no license printed on the ballots at the coming election. The report also spoke of other results of the work done throughout the State. She recounted more active exertion. In one county, in order to do so, it is necessary to be afraid of hurting the liquor dealers' feelings, but ignore the feelings of mothers and the children doomed to vagrancy. Mrs. Greene read the report of work done throughout the State in mothers' meetings, and outlined the books and course of study laid out for young people for the coming year. She spoke of the care mothers should exercise over the play of their children, and the rooting of temperance ideas in the early years of childhood.

A telegram of greeting and encouragement was received from the First Baptist Church of San Francisco. Mrs. Bailey led in the singing of the "Battle Hymn of the Republic."

Miss Severance then addressed the meeting on the proposition of the female suffrage question. The Executive Board has decided that two persons must be sent to the Legislature to press the question upon the attention of the legislators, but, in order to do so, it is necessary to raise funds and pay the expenses of those so engaged. There are other questions also to be pressed, and if a sufficient sum can be raised all will be done that can.

Quite a sum of money was pledged by the delegates for these purposes. Mrs. L. E. Knowles spoke on the subject, "How Can We Make the State Organizers' Meetings a Success?" First, in selecting organizers, it is necessary to select women having "grit, grace and judgment." The organizers should come to the local unions through the County Superintendents. They should be what might be called "all-round women," there are so many departments. They should also be chosen as the early deacons were—"full of the Holy Ghost"—for without the help of One stronger than they, they will be helpless. Proper arrangements should be made for assisting them—business, common-sense arrangements.

Mrs. French read a part of the report on the Demorest medal contests. It showed that 109 silver medals, 7 gold and 6 old folks' contests had taken place, and \$709.19 had been received. Of medals, 103 had been received.

Mrs. C. M. Myers considered "How Can a Local Treasurer Be Most Helpful to Our Work?" The office is a very important one, and a woman should be chosen who can add, subtract, multiply and divide correctly, who can see through a business proposition readily and judge of its effects on the treasury of the union, and whether it will be in profit or loss to it. The bookkeeping need not be simple, and, if carefully done, will come out all right, receipts being always given and taken.

Mrs. M. K. Harnish discussed the duty of local unions toward the *Ensign* and *Signal*.

EVENING SESSION. The first exercises in the evening were devotional, conducted by Mrs. M. E. Teats, "Man's Relation to God" being the theme.

A unique and excellent solo, "The Temperance Engine," was sung with excellent effect by a young lady and received hearty applause.

Miss Audrey of San Francisco, a worker in the Catholic Temperance Union, then addressed the convention, giving a sketch of the work of this, the first purely Catholic union, and the lines upon which this union of young women works is to induce the young men of their acquaintance to avoid saloons and neither treat nor be treated.

The society has no differences with the Women's Christian Temperance Union, in fact the speaker is a member of the latter, but finds it can do work in certain respects which it could not do so well except under auspices of the latter.

The men showed considerable resistance when arrested, and one of them, who was the chief offender in the leg, the effects of which the latter will feel for some time.

It was ascertained that the men attempted to dispose of some of their property in the city, but they were prevented from doing so, and had to be locked up.

Charges of burglary were entered against them.

SOCIAL AND PERSONAL. G. W. Giffen of Truckee is at the Capital Hotel.

George Beckley came down from Franklin yesterday.

J. L. Houx came down from Shingle Springs yesterday.

Mrs. Hartley and daughter of Auburn are at the Capital Hotel.

At an early hour yesterday morning Special Officer Warner arrested one H. Walker for begging on the street. Wilson assaulted the officer, but was released upon submission.

H. F. Dillman has asked to be released from the bond of H. E. Rodmer, who is charged with conspiracy and obstruction of justice in the United States in which this saloon does not have more power than religion, the schools or those who wish for good government.

Mrs. Bidwell made a few remarks on collections, telling how Indians brought money hardy earned, and laid it down to build a church, and she thought these members could pay their money as cheerfully. The Lord's Supper is being given from those who have much, and does not forget that from those who have little.

Miss Andrews sang "Rock of Ages," after which Mrs. Greene announced that there would be a concert to-night, and

Mrs. Hopkin announced the extra session of the Legislature on Friday night at the old Pavilion, which promised to be interesting.

The convention then adjourned till this morning.

MORE BURGLARS.

Another Braço of Ex-Convicts Landed in Jail.

Officers Maley and Higgins yesterday captured two men who are now behind the prison bars charged with burglarizing Fred Eisenmenger's room in Mrs. Holder's lodging-house on Second street, between J and K, shortly after noon yesterday.

Mrs. Eisenmenger invariably kept the door of his room locked, but yesterday, while at dinner, the door was left open. The landlady happened to go into his room and found everything in a state of confusion. The contents of the room were scattered and indications showed that the room had been entered for the purpose of stealing whatever valuables could be found.

The landlady had noticed two strangers in the house, and the thought struck her that they were the guilty parties.

A description of them was given to the police officers. Maley and Higgins traced them to the Yolo bridge, but before they could cross the bridge to Washington the draw opened, and they had to wait on this side as they crossed the bridge they were informed that two men who had but a short time before come from this city were arrested by Constable Fremont for disturbing the peace. They were taken before Justice Newton and fined \$50 each.

The officers suspected they were the parties wanted, and in order that they could be taken back to this city they were given the time to leave Washington. As soon as they were released the Sacramento officers arrested and brought them to the City Prison.

When searched, one of them had on an overcoat belonging to Eisenmenger, and in their pockets were found a number of articles which they had stolen from the latter's room. They gave their names as Tom Brooker and Tom Lyon, and the officers say they were but recently released from the State Prison at Folsom.

The men showed considerable resistance when arrested, and one of them, who was the chief offender in the leg, the effects of which the latter will feel for some time.

It was ascertained that the men attempted to dispose of some of their property in the city, but they were prevented from doing so, and had to be locked up.

Charges of burglary were entered against them.

A MORTGAGE FORECLOSED.

Judgment for \$8,725 Against the John Conrad Estate.

Yesterday Judge Johnson filed his decision in the case of the Germania Building and Loan Association against Mario Conrad, in which judgment is given for the plaintiff.

The suit was for the foreclosure of a mortgage given by Mrs. Conrad as guardian of the person and estate of her husband, John Conrad, an incompetent person. The property involved is a lot in the block bounded by I and J, Fourth and Fifth streets. The proceedings were brought to enforce the payment of \$8,234.33 due on a promissory note, including interest.

The judgment is for that sum, \$300 attorney's fees and \$50 for insurance. W. W. Richards has been appointed Commissioner to sell the property, with bonds fixed at \$10,000.

Assaulted by Footpads.

Last night a man known as "Scotty," formerly employed by A. Schaden, but now working in the railroad shops, was knocked down by two footpads on Second street, between L and M.

He yelled so loud for help that his assailant took a retreat without securing any booty.

TWO RECORDS LOWERED YESTERDAY

New Marks Set for the World's Bicycle Riders.

Upson of This City Captured One, and Long and Delmas Lowered a Tandem Record.

Two world's bicycle records went down in the dust of the Agricultural Park course in this city yesterday.

One was the Class A quarter-mile, flying start, unpaired record of 25.1-5 seconds. L. S. Upson of the Sacramento Athletic Club's Wheelmen covered the distance in 27.3-5 seconds.

The other record that was lowered was the quarter-mile, unpaired, Class B tandem record of 30.7-5, which R. S. Long of the Olympic Club Wheelmen and Tony Delmas of the Garden City Wheelmen wiped out by setting the mark at 24.3-5 seconds.

The weather was not the best for record breaking, quite a stiff breeze blowing from the southeast, and for this reason it was decided that the Rambler riders would not attempt to lower records for any distance over a half-mile.

The referee was Charles F. Gates, the Examiner's cycling editor, E. S. Atwood, W. A. Hubert and William Hill of the Sacramento Athletic Club Wheelmen officiated as judges, and C. Hill as starter. Timers—George Layson, E. W. Bates and C. H. Lusk. There was quite a large attendance at the track, including many ladies.

The fastest rider went on the track at 3 o'clock, and nearly an hour was spent in warming up and the arrangement of preliminaries.

C. S. Wells of the Bay City Wheelmen was the first to go for a record—that of the half-mile Class B, flying start. He was paced by Hal and Edwards through the first quarter, and by Long and Delmas for the remainder of the race. The record for the distance is 25.2-5 seconds. Wells made the first quarter in 25.2-5 seconds, but balked somewhat in taking up his relay, and finished in 56 seconds flat.

Later on he repeated the attempt, but 54.4-5 was the best he could do, or 1.2-5 seconds above the mark.

After Upson, the local man, had clipped 4-5 a second off the Class A, quarter-mile, unpaired, Otto Ziegler of San Jose went out to lower the record for the unpaired Class B riders, the same distance, which he did in 23.7-5. He got a splendid start, covered the first eighth in 12 seconds, and was near the goal and going like the wind, when one of the spokes of his wheel snapped asunder, and caused him to fall.

It was the unanimous opinion that but for the accident he would have made the quarter in less than 25 seconds.

Later in the afternoon he tried it again, but the hand wheel cracked, and he began to tell on the sturdy young man, yet he made the quarter within one second of the world's record.

Then Delmas and Long rode their fast tandem tandem, unpaired. The eighth mile, unpaired, Otto Ziegler of San Jose was made in 62.3-5, and the distance in 62.4-5, two seconds under the record.

Upson then took a whack at the half-mile, class A, record, unpaired, with flying start, and made the distance in 25.1-5 seconds, and Upson made the distance in 1.6-5.

The weather last night was cooler, with quite a breeze blowing, but the wheelmen were hoping for a calm, warm day to-day, and if they expect to make have among the records.
