

CALIFORNIA LEGISLATURE.

Spencer G. Millard is Now Lieutenant-Governor.

Ex-Lieutenant-Governor Reddick Delivers His Farewell Address—The Proceedings in Both Houses—Resolutions Calling for More Assembly Attaches—"The Well" is All Right.

The Senate and Assembly each had a short session yesterday. The only matter of special interest in either house was the retirement of ex-Lieutenant-Governor Reddick and the declaration that Spencer G. Millard had duly qualified as Lieutenant-Governor.

Lieutenant-Governor Reddick's farewell address was delivered in an earnest manner, and was warmly applauded.

There was an effort in the Assembly to close "the well," as the restaurant in the basement of the Capitol has been called for years, but on the statement of several members that no liquors were being sold there the motion was laid on the table.

SENATE.

At 12 p. m. yesterday the Senate met pursuant to adjournment, with Lieutenant-Governor Reddick in the chair. The roll-call showed a quorum present. Prayer by the Chaplain.

On motion of Senator Dunn the reading of the journal was dispensed with.

A communication from the Governor, announcing his appointment of E. L. Colman of Stockton as his Private Secretary, was spread upon the records.

SACRAMENTO'S COMMITTEE OF SAFETY. The following preamble and resolutions from the Oakland Federated Labor Union, A. F. No. 3761, was received and read by the Secretary:

WHEREAS, Workingmen who were members of the American Railway Union have been indicted in large numbers and charged with unlawful combination and conspiracy to violate the interstate commerce law; and whereas, there should not be one law for the rich and another for the poor; therefore be it

Resolved, That we call the attention of the people of the State of California and of the Nation to the fact that there is now openly existing at the city of Sacramento, in said State, an unlawful combination of men calling themselves "vigilantes"; that such unlawful combination of men meet both secretly and openly and declare their purpose to violate the Constitution and laws of the State of California by declaring that as an organized body, they will hang and kill men who may be arrested by the police without trial; that they will hang and kill men without due process of law and in violation of the laws; that they will drive persons from said city, under penalty of death if they return to the city; such unlawful combination also threatens to deprive persons of liberty and of life in violation of the law; we proceeded to open violation of the laws of the State and remains organized for that purpose and is now an organized conspiracy to violate the laws of the State with one "White" and one "Black" organization.

WHEREAS, If such acts were committed by the poor and by the laboring men in seeking relief from the crimes committed by the capitalists, which are constantly unpunished, such poor persons and laboring men so combining would be immediately arrested and punished; now, therefore, we demand that he put down such unlawful insurrection against the State and its laws; be it further

Resolved, That we call the attention of the Governor of California to the afore-said unlawful combination and conspiracy against the laws, and demand that he put down such unlawful insurrection against the State and its laws; be it further

Resolved, That we call the attention of the Legislature now in session to the same and demand that the same shall be at once investigated and we demand that such conspirators shall be punished according to law.

Resolved, That a copy of these resolutions be sent to the Legislature and to the Governor of California.

J. W. PETTIT, President. EUGENE HOTTEN, Secretary. Oakland Federated Labor Union, A. F. No. 3761.

The President ordered the preamble and resolutions referred to the Committee on Capital and Labor, when it should be appointed.

LIEUTENANT-GOVERNOR REDDICK'S POSITION.

Lieutenant-Governor Reddick then arose to a question of privilege, and stated that there recently appeared in the San Francisco Chronicle and the Los Angeles Herald a column and a half article, not charging directly, but intimating that a conspiracy had been inaugurated by him for the purpose of retaining the office of Lieutenant-Governor until such time as Mr. Millard might be present to take the oath of office, and that the same was rampant between himself and Senator Andrews of Los Angeles. He stated that he had been in the city but a short hour when he met and conferred with Senator Andrews regarding the seating of Mr. Millard. He told the Senator that he believed that any action to seat the Lieutenant-Governor before his election had been declared in a joint session would be nugatory, and that he jointly with Senator Andrews drafted a telegram to Mr. Millard, requesting him to qualify until informed that he had been declared elected by a joint session of the Legislature. He and Senator Andrews had acted in accord therewith.

The Lieutenant-Governor stated that he had said that in case of the death of Mr. Millard he believed the duty would devolve upon him to hold office until a successor had been elected, and that it would be his duty to hold over until such time as Mr. Millard should qualify for the office.

He had, he said, brought up the matter in order that his position and that of Senator Andrews might be clearly understood, and that the newspapers that persisted in making mountains out of molehills should be rightfully exposed and relegated to their proper places.

PRIVILEGE APPOINTED.

Private Secretary Colman here appeared with a message from the Governor. The message was read. It appointed David W. Welch Pilot of the ports of Wilmington and San Pedro. The Senate concurred in the appointment.

FUTURE STATEMEN.

A resolution was offered by Senator Ford providing that room No. 55 be set apart as a place for meeting of the pages. The Senator stated that the room was used for the development of future statesmen. The resolution was adopted.

INAUGURAL BALL.

The President next appointed as a committee to advise with the Citizens Committee regarding the inaugural ball Senators Mahoney, Andrews and Biggy.

COMMITTEE ON RULES.

Senator Atram moved that the rules of the last session be adopted for use in the present session.

Senator Ford moved as a substitute that a temporary Committee on Rules, of three, be appointed to report this morning. The motion was agreed to, and the President appointed as such committee Senators Ford, McGowan and Atram.

LIEUTENANT-GOVERNOR.

Senator Gosford, Chairman of the committee appointed to arrange for the inauguration of the Lieutenant-Governor-elect, submitted the following report: Mr. President, Your special committee appointed to ascertain whether or not the Hon. Spencer G. Millard has duly qualified as Lieutenant-Governor of the State of California, and to report their conclusions to the Senate, have performed the duties assigned them, and beg leave to report as follows:

Section 3 of Article XX. of the Constitution of this State requires certain officers, including the Lieutenant-Governor, to take and subscribe the following oath:

"I do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of California, and that I will faithfully discharge the duties of the office according to the best of my ability."

This is the test oath, declaration or test required as a qualification for any office or public trust.

There is no constitutional provision as to where or how such oath shall be taken. Section 965 of the Political Code provides that the Lieutenant-Governor shall take the official oath in the presence of both houses of the Legislature in convention assembled.

After a careful investigation of the law and the authorities, your committee is clearly of the opinion that the provisions of Section 965 of the Political Code are directory merely and not mandatory; and that it is sufficient if the oath referred to be taken before any officer authorized to administer oaths within the State of California.

This oath was thus taken by Hon. Spencer G. Millard, Lieutenant-Governor-elect, on the tenth day of January, 1895, at 5 p. m., and subsequent to the time when the vote for Lieutenant-Governor was opened and published as required by Section 4 of Article V. of the Constitution of this State, and said oath, duly certified by W. H. Clark, Judge of the Superior Court of the State of California, for the County of Yuba, filed in the office of the Secretary of State as required by the provisions of the Political Code of this State.

Your committee therefore conclude that Hon. Spencer G. Millard has duly qualified as Lieutenant-Governor of the State of California, and respectfully submitted.

We herewith submit a duly certified copy of said oath, and recommend that the same be entered in full upon the records of the Senate and Assembly.

Respectfully submitted,

HENRY A. GEFORD, GUY C. EARL, Committee.

LIEUTENANT-GOVERNOR REDDICK RE-TIRES.

By a unanimous vote the report was adopted, and upon the announcement of the vote Lieutenant-Governor Reddick arose and delivered his farewell address to the Senate in the following words:

Senators, I succeeded in so coming for four years past have united us in our connection with the legislative department of our State Government are now to be severed. During these years, on the part of all of us, I am aware that strong and lasting personal likings have arisen, so that, meeting as strangers, we part as sworn friends. It is such knowledge that makes me loth to leave these halls, and depart from daily associations with you, though I regret that my public duties are ended. I shall bear with me into private life the most pleasurable memories of our association together in our official days.

The most gratifying recollection that will hereafter come to me shall be, "You were my friends." What more endearing thought! What more precious memory!

As your presiding officer it was ever my purpose to be just to all and partial to none. I believe I succeeded in so convincing you all, your political faith never swayed me in according to you the right to be heard in speech as a Senator. Such mutual respect and confidence I found the merit of my conscience and the reward of your approbation.

As your presiding officer in ruling the Senate, I have not infrequently intricate questions involving close distinctions in parliamentary law and practice. I remember but twice was an appeal taken from my decision, and I will personal pride I note that in these two cases the decision of the Chair was sustained. Far from me if I am egotistic in pointing to the record.

Senators, I recall no session of the Legislature to which the people have looked forward with greater hopes of improvement than the present. I believe the public pulse is feverish and a spirit of unrest and expectancy abroad. Reforms are demanded and economy exacted. Your constituents hope for legislation at your hands in behalf of the whole people, rather than in the interest of individuals or corporate powers. The immediate future of the commonwealth is in your keeping. Wise and just laws will insure it advancement and prosperity, while class or personal legislation may endanger public quietude.

Such being the case, your duties and responsibilities are of the most grave and serious nature. I shall watch, therefore, through the public press, your deliberations and proceedings with an equal degree of interest as if personally present in this chamber. I feel assured the public will not be disappointed; that its trust could not be placed in no worthier hands than the honorable gentlemen who compose this, the thirty-first Senate of our beautiful State.

I bespeak for my successor the same cordial treatment you have ever accorded me. He has my sympathies in his present state of health; and I can but wish him a speedy recovery from that illness which he now possesses. I am sure a complete restoration from his enfeebled physical condition as will soon bring him amongst you, to discharge the duties imposed upon him by the verdict of last November.

The full fruition of the hopes and ambitions that inspire you and each of you is the wish of your retiring President. At the conclusion of the address Senator Gosford offered the following concurrent resolution:

Resolved, by the Senate, the Assembly concurring, That the certified copy of the official oath of Hon. Spencer G. Millard, Lieutenant-Governor of the State of California, as certified by the Secretary of State January 14, 1895, be entered in full upon the journals of each house.

The resolution was adopted by a unanimous vote, and the President called the President pro tem, Flint, to the chair, when he retired from the President's desk and from office.

PRESIDENT PRO TEM, FLINT.

Upon assuming the duties of President pro tem, Senator Flint, in a few well chosen words, deplored the illness of Lieutenant-Governor Millard and expressed his confidence that he would soon be enabled to appear in person and assume his official duties. He stated that until such time he would discharge his duties to the best of his abilities, without fear or favor.

Upon a resolution by Senator Orr a number of Senate attaches who last week had failed to sign the payroll were authorized to present their vouchers to the Controller and receive their pay.

Upon motion of Senator Voorhies the farewell address of the Lieutenant-Governor was ordered printed in full in to-day's journal.

At 4 o'clock p. m. the Senate adjourned to meet at 10 o'clock to-day.

ASSEMBLY.

The Assembly was called to order at 2 p. m. Speaker Lynch in the chair. The roll was called and a quorum found present.

Prayer by Chaplain Summers.

On motion of Pendleton the reading of the journal was dispensed with.

The journals of Thursday and Friday were approved.

Pendleton asked for leave of absence for Lewistown till to-day, which was granted.

Dinkelspiel reported that the Committee on Rules was not quite ready to report, but would do so to-day.

The Speaker stated that until the Assembly decided on what committees it would have, he could not announce his committees.

He also announced that he had appointed John H. Denice a porter under a former resolution, and Stephen Corsilia a porter in place of M. Brushway, appointed January 9th.

GOVERNOR'S MESSAGES.

A message was received from Governor Bull stating that he had appointed E. L. Colman as his Private Secretary, through whom all communications to the Assembly would be sent.

THE WELL.

Bledsoe moved that the Assembly instruct the Sergeant-at-Arms to cause the "well" to be closed and those conducting it to vacate immediately.

Dixon moved to lay the motion on the table. Seconded by Brusie. Bledsoe called for the ayes and noes, North and Spencer joining him. Before the result was announced several members explained their votes, saying that they were informed that no liquor had been sold or was being sold in the well. Several then changed their votes from no to aye in consequence of such explanation.

The vote as announced was 55 ayes to 21 noes, and the motion went to the table. Bledsoe filed a protest against the action of the Assembly.

Belshaw offered a resolution for the appointment of Joseph H. Jones as Assistant Engraving Clerk.

Fries offered a resolution that in furtherance of the attack the rule be that they be chosen from counties not hitherto represented, and that where a district represented two or more counties it be considered one county, the appointments beginning at the district situated out of order on the ground that it would properly be an amendment to the rule.

Zoechl offered one for the appointment of A. A. Cantor as Page.

Belshaw offered a resolution that the further appointing of attaches of the State Printer be discontinued.

The Speaker ruled the resolution out of order at present.

Buller offered a resolution for the appointment of A. D. Catlin as Assistant Clerk.

Holland offered a resolution that in introducing a bill it be called.

Laird offered a resolution that if members desire more than one copy of the journal the State Printer be instructed to furnish them with not more than six when called for.

The resolution was ruled out of order, as was another by Laird directing the Superintendent of State Printing to print 400 copies of the journal in addition to the copies already printed.

At 2:15 p. m. on motion of Laugeneour, the Assembly adjourned till 11 a. m. to-day.

Legislative Notes.

The Assembly Committee on Rules, Dinkelspiel, Chairman, met after adjournment and formulated a set of rules with the end in view of so expediting business that the business of the session can be concluded within sixty days. There will be fewer committees than there were last session.

It was rumored in the lobby yesterday that Senator Seymour would place in nomination for the Senatorship Congressman W. W. Bowen.

A gentleman named Keene is up from San Diego trying to induce the Assembly to make an appropriation of \$100,000 for a normal school at that place. Beside Colonel Murray, the present deputy in the office of the Adjutant-General, Major Dreifell of Pomona is in the city as an applicant for the position. Charles J. Lansing, son of the late James Lansing, is an aspirant for the clerkship in the office, and so is Charles Duhain, the present clerk.

Although most of the Assemblymen have come here with the expectation of introducing bills, a number of them and their constituents are preparing with similar bills to their own, and they do not, therefore, care to say anything concerning their pet measures till they see what the other fellow has to offer. Some, however, do not object to talking about what they propose to do. Among these are: A bill to change, who proposes to introduce a general law to appoint county officers, which will materially decrease the fees settled upon in the "days of '49" and the later years up to 1870. Many of the county fees have been appropriated into the county government bill, and several of the new counties have no fee bills. He believes it desirable, therefore, that a general bill be passed.

He also proposes to introduce a bill providing that in corporations selling and distributing water the stock shall be an apportionment of the land, and shall confer change ownership with the deed to the land.

Bulla of Los Angeles will present bills ameliorating the burden of cost of probate proceedings. Dixon of San Francisco will present the general directors' bill again. Also an Act creating an Examining Engineer, to be appointed by the Governor, for inspecting steam boilers; a bill to reduce the salary of the Governor's Private Secretary to \$3,000, as originally; and the protection of creditors, and one which provides for the consolidation of colleges and institutions of higher education.

Tibbitts of Modoc will introduce a bill next week prohibiting any express company from carrying their treasure on any conveyance where passengers are carried, when the presence of a messenger is required. His reason is that on account of the presence of an armed messenger the

passengers are liable, in the foothill counties, to be killed by stage robbers.

It is said that the fight will be resumed at an early date to carve a county to be named Santa Ynez out of Santa Barbara. A similar measure was defeated at the last session of the Legislature.

It is said that a bill will shortly be introduced to provide for the carving out of two new counties from the present county of Tulare. They are to be named Buena Vista and Pitman, respectively.

President of the Senate pro tem, Flint is reported as saying that he will announce no names of committee men until after the Committee on Rules reports. As the temporary Committee on Rules is to report this morning, the probabilities are that the different committees will be named to-day.

It is known that a bill providing that any county division may be had upon a two-thirds vote of its citizens will be introduced this week. The measure is an old one, and has been agitated at a number of sessions prior to this, and it is thought even if it was passed that it would not be constitutional.

It is said that Assemblyman Thomas will introduce a resolution to have a committee appointed to investigate the books of the State Land Office.

It is stated that Assemblyman Thomas will introduce a resolution to nominate and work for the election of Jacob H. Neff for the United States Senate. Mr. Neff arrived in the city last night to view the grounds preparatory, it is thought, to opening the battle.

Aspirants for Senatorial honors are gathering together in one place, and that place is Sacramento. To his, and it is Stetson, the San Francisco merchant, who, it is said, will try for the nomination. Assemblyman Powers is reported as saying that he will be on hand only for a limited period. New Citizen. Alexander K. Rawson, a native of Canada, was yesterday admitted to citizenship by Superior Judge Johnson.

Granted a Divorce. Judge Johnson has granted Nellie Van Horn a divorce from Fred Van Horn on the ground of desertion.

It Goes Now, Sure. Keelar, the auctioneer, has been sent back here by the creditors to close out the entire stock of the "Popular Jewelry Store," corner Seventh and K. The sale will commence to-night at 7 o'clock and continue daily at 2 and 7 p. m. until all is sold. Colonel Keelar is freshened after his rest for the past week and has blood in his eye, declaring he will push the stock to a finish and be ready to sell the carpet on the floor inside of ten days. The balance with his usual liberality, will be present to the adults attending the sale to-night an elegant silver tea set, iron of charge. Now is your chance, ladies.
