

HENRY'S SUIT AGAINST THE CITY.

The Trustees Looking for an Attorney to Defend It.

An Ambulance Wagon and Constant Patrol Wagon Service Recommended by the Mayor.

The City Board of Trustees held their regular weekly meeting yesterday afternoon in the evening, on account of the inauguration of the Trustees.

The following messages from the Mayor were received:

EXPERT'S REPORT. To the Board of Trustees: Felix T. Dunn, the expert employed by me to examine the books and records of the City Cemetery, has filed his report with me, together with books showing the exact condition of each lot.

As a matter of courtesy and for your information, I transmit the report and these books to you. When you have examined them please return the same to me, so I can place the matter in the hands of the proper officers to collect from those who are delinquent. Respectfully submitted, B. U. STEINMAN, Mayor.

AMBIULANCE AND PATROL WAGON. To the Board of Trustees: On several occasions I have recommended that the police patrol wagon be kept in constant service day and night, but thus far your board has refused to authorize its service in the day time.

At the last meeting of your board, on January 25th, and at which I was present, your President stated that the different funds were more than ample for the purposes for which they were created, and that the surplus could be transferred and used for other purposes.

Your President also made the same statement in a newspaper interview. There must, therefore, be sufficient funds to meet the extra expense.

It needs no argument to show that the patrol wagon should be kept in constant service. Necessity demands it. I, therefore, urgently recommend that the police patrol wagon be kept in constant service day and night, and, also, that a suitable ambulance wagon, for the use of the Police Department, be at once purchased. Respectfully submitted, B. U. STEINMAN, Mayor.

EXTRA POLICEMEN. To the Board of Trustees: I hereby nominate and, by and with your consent, I hereby appoint the following named persons to the following named positions:

August Wall, residing at 925 Front street, and W. H. Strader, residing at 519 K street, to be extra policemen for the First Ward. Respectfully submitted, B. U. STEINMAN, Mayor.

On motion of Devine the expert's report was referred to the Finance Committee to be examined and reported on.

COMMITTEE REPORTS. Leonard asked further time for the Water Committee in some matters that had been referred to them.

Devine reported on the taking up of the street railroad track on Third street, between J street and the depot, and on Fifteenth street, between K and L streets, and recommended that the ordinance on that subject be passed.

In the matter of Sluey Chang, who asked a reduction in the water rates for his laundry, J. J. Kent, of the Water Committee, reported, stating that he should stand by the Water Collector's report.

On motion of Kent, the matter was deferred till next week.

Kent, of the Water Committee, said that the two men employed to catch gophers and stop up the holes made by them in the north levee, had caught forty-four gophers, an average of about ten a day, and stopped up their holes. They are still working near the sugar-beet factory.

DISCUSSION OF BILLS. The usual number of bills were read and allowed. The bill of M. A. Lynch of S. 25 for scavenger work was objected to, but Trustee Bragg explained that he had authorized it, and it was allowed.

That of L. F. Bassett, for \$200 for plans for sewerage, as the recipient of the prize offered for the best plan, was presented and allowed, with the understanding that it be regarded as payment in full. That of Rosa & Silva, for extra work done at Third and K streets, and not included in their contract, was presented and the statement made that the City Surveyor ordered the work done in order to make the crossing a good one for loaded teams.

Tozer said that Street Superintendent Murray had, as he supposed, made arrangements with the railroad company for fixing the crossing. He found out afterward, however, that the company never pays for gravel, as it puts on decomposed granite in such places. He thought Mr. Mullenney had exceeded his authority in the matter.

Devine agreed with him, but Kent said that the man who put it there had a right to take it away if it was not paid for, and if he does so, other gravel will have to be placed there. He thought it would be better to pay for it now.

Kent said he thought that while authority had been exceeded in this case it would not be right for the contractor to lose his work. He thought that the City Surveyor should be notified not to order such work hereafter without authority. He thought if this was a fat lawyer's bill for \$2,000 or \$3,000, it would be paid without any kicking, as one of \$2,000 was paid while ago. He moved that the bill be allowed.

Bragg thought the bill had not come before the board in proper shape. When he hired a conveyance to go down the river and investigate a pumping plant the bill was objected to and he paid it out of his own pocket. There must be authority for ordering all work done.

Devine agreed with him, and would not vote for any bills contracted under such circumstances.

Devine said he voted for the payment of the lawyer's bill, as it was authorized by the proper authorities and to save the city from further litigation.

Silva, who was present, said that he put the gravel there at the request of the Street Superintendent, who said the railroad company would pay for it. He borrowed money to pay for it, and it is worth over a dollar a yard, and if the city does not want to pay for it, he will take it away, as the railroad refuses to pay for it.

Lawton said it was the duty of the company to keep its crossings in good order. He should vote against the bill.

On motion of Leonard, the whole matter went over for a week, and the Clerk was instructed to notify the City Surveyor to order no more work done unless so authorized.

WILL WAIT A WHILE. The bill of Cardoza & Nathan of New York for legal services in relation to the bond suit, filed in New York, against the city, was laid over for a week.

The bills of Cook, Nelson & Co. and several others for work ordered by the Mayor were brought up again, and Tozer and others favored their payment, as they did not know of the order of the board with regard to bills contracted without the authority of its members.

Kent said that the Mayor had thrown the bill for work done on the levee by order of the board into the courts, and he thought these bills had better wait until that matter was settled.

On motion of Leonard, the payment of the bills was deferred until the courts settled the other matter.

Leonard said there would probably be a bill from Root, Neilson & Co. for packing a pump. Mr. Root said the men who did the work had charged him double time for working in the night. He Leonard had never, in his own experience, received over one-quarter extra pay for such work. The Mayor had discharged the man who had been doing such work at the Water Works, and who had charged about \$6 for a similar job. On his motion the bill was referred to the Water Committee.

RECEIVING HOSPITAL MATRON. A communication was received from

the Women's Christian Temperance Union, asking that the board appoint a woman as Matron for the Receiving Hospital. The matter was referred to the Police Committee.

CONFIRMATIONS. The appointment of John Campbell as special policeman on I street, from First to Fourth, was confirmed by a vote of 8 to 1.

That of Dr. H. L. Nichols as member of the Board of Health by the same vote. [Leonard] in the chair.

On motion of Devine the confirmation of extra policemen was postponed till the next meeting.

Devine asked for the reading of the resolutions offered by him, relating that for years the Capitol treasury and grounds had been poorly guarded, and asking the Legislature to appoint the extra watchmen provided for in the bill before it. He argued that one man alone at night could not properly guard the ten blocks in the park from damage. The city contributed most of the ground and \$40,000 for the pavilion, and naturally feels a deep interest in the protection of the property.

The resolutions were adopted.

Lawton said the Mayor had notified the board that W. E. Henry had commenced a suit against the city. As Corporation Counsel Devine is barred from appearing in the suit, he (Lawton) had prepared some resolutions for the consideration of the board.

He moved that the matter be referred to the City Attorney with instructions to consult J. H. McKune as to the terms on which he will act as counsel in the case and report to the board such terms as obtained, and to report to the board also the form for a contract under Section 25 of the charter which would protect the interests of the city in the matter.

In the meantime, and until special counsel be employed, the City Attorney was to see that no action be taken in the case to the injury of the city and to take copies of the papers served in said case on the Mayor.

Mayor Steinman, who was present, was asked what steps he intended to take and answered that he had thirty days to answer in, only three of which had expired.

Tozer thought that as the Corporation Counsel was disqualified from acting for the city, he and not the city should pay the expense of counsel out of his salary. Devine said he was friendly to the Corporation Counsel, but he inclined to the same idea.

Lawton's motion was carried and the board adjourned till 7:30 o'clock to-night.

Aristo Club Banquet. The first annual banquet for the members of the Aristo Social Club was given Sunday evening at the Maison Faure, where an excellent menu was prepared for the occasion. Instrumental and vocal and whistling solos were given by several of the talented members, while others responded to toasts appropriate to the occasion. Merriment and festivity were indulged in until a late hour, when they adjourned with the hope that all would meet one year later at the next annual banquet. The officers of the club for the ensuing term are: President, I. C. Nathan; Vice-President, L. Marko; Secretary and Treasurer, Max Gimberg; Board of Directors—L. Marks, Joseph Jacobs and J. Hyman.

Harper's War History. All who have received a portion of the numbers of "Harper's History of the Civil War" at this office are notified to call without delay and get the remaining numbers, as they will be on hand only for a limited period. Until further notice our subscribers can get this valuable history sent direct to their address from the publishing house by leaving their orders at this office. The complete work comprises twenty-seven numbers, at 8 cents each.

Devine Will Appeal. In the Police Court yesterday afternoon, Justice Myer presiding, Martin Devine, convicted of obtaining money under false pretenses, was sentenced to pay a fine of \$50 or to serve a term of thirty days in the County Jail.

C. T. Jones, counsel for defense, filed a motion for a new trial and arrest of judgment. The motion was overruled by the court, to which order counsel for defendant duly accepted, and filed a notice of appeal.

Want a Change of Venue. The cases of Andy Williams and George Metzger, the Industrial Army men, who were arrested Saturday evening for violating the anti-street-meeting ordinance, were continued in the Police Court yesterday until this morning.

Their attorneys will file affidavits this morning petitioning for a change of venue.

Suit for Damages. Leonidas Morris, by his attorneys, Hiram W. Johnson and W. H. Humphreys, has commenced suit in the Superior Court against the Southern Pacific Company for the recovery of \$5,000 damages, alleged to have been sustained by being injured in an accident caused by a washout between Davisville and Woodland about two weeks ago.

Examined for Insanity. Superior Judge Johnson has committed Newell S. Norton to the Stockton Insane Asylum on the recommendation of Drs. Thomas Ross and W. F. Wiard.

Johnson yesterday examined for insanity yesterday by Drs. G. C. Simmons and H. L. Nichols before Superior Judge Johnson. The doctors were not convinced that Ordway should be committed.

California Legislature. At 10 o'clock yesterday morning the Senate met pursuant to adjournment, with Acting President pro tem. Ford in the chair.

The roll-call showed that eighteen members were present, three less than a quorum.

The President pro tem. declared the Senate adjourned until 10 o'clock this morning.

Deaths' Ravages. Adjutant-General Allen left for Los Angeles yesterday in response to a telegram announcing the death at that place of Mrs. Allen's father. Mrs. Allen is actually in Los Angeles.

Mrs. Harry Clark yesterday received the sad intelligence of the death at Philadelphia of her father, Albert Weinman.

One Goes and One Stays. The case of Nick Zaro, charged with threatening the life of N. Franatovich, was dismissed in the Police Court Saturday.

Audly Warner was convicted of disturbing the peace, and will be sentenced this morning.

Will Move for a New Trial. The defendants in the suit of Rudolph Wittbrock against Q. M. C. C. and G. B. Ross, and which was decided in favor of the plaintiff, will move the Superior Court for a new trial.

ADULTERATED baking powders are dear as a gift. Dr. Price's alone is absolutely pure.

Hall's Suit Continued. The case of W. G. Hall against Dr. F. G. Fay for \$16,000 damages for malpractice was continued by Superior Judge Johnson yesterday until the 31st inst.

The Cornelius Estate. M. Keele, George E. Duden and Eugene Greer, appraisers of the estate of H. Cornelius, deceased, have appraised the estate at \$7,954 50.

Heavy Bonds. Lizzie Doyle and Mary E. Coyle have filed their bonds in the sum of \$132,000 each as administrators of the estate of William Doyle, deceased.

Divorce Granted. Superior Judge Catlin yesterday granted James W. Ross a divorce from Mary Ross on the ground of adultery.

DOY'S DOUGHTY DEED.

Ho Tackles a Hackman's Cheek but Justice Davis Discharges Him.

The row between James Doty, driver of the Western Hotel baggage wagon, and the hackmen at the depot early Saturday morning, was ventilated in the Police Court yesterday.

Doty was charged with battery on two complaints, sworn to by C. J. Quinlan and Daniel O'Hare. Quinlan, O'Hare, B. Hanlon and Frank Dully testified that Doty was not justified in striking Quinlan, and that they were attending to their own affairs at the depot.

Doty and John Schneider testified that the hackmen were more or less intoxicated, and interfered with Doty's duties as an employee of the Western Hotel.

Doty testified that on Saturday morning Railroad Officer Frank Rider was engaged in keeping passengers from stepping on a broken tie in a car in the depot, and the hackmen, taking advantage of Rider's absence from the west entrance to the depot, attempted to run things in their own way by crossing the dividing line between the hotel and hackmen's stands and stationed themselves next to the Western Hotel bus.

O'Hare, Doty said, was solicited, when, in fact, he had no business there. Doty found it necessary to use force to make them keep away from the bus. One of the hackmen insulted James Long and his wife, and another insulted Mr. Long. Doty asked the assistance of the McCallie to help subdue the hackmen.

Justice Davis said it was evident from the testimony that the hackmen interfered with Doty by crossing him into a fight. Doty was discharged.

In the second charge against Doty the evidence for the prosecution was similar to that in the first charge.

Officer O'Hare testified that O'Hare is of a noisy and quarrelsome disposition, and his reputation is not of the best.

Doty's testimony in the first case applied to the facts in the second case, with the exception that O'Hare told him to cross the depot that the latter was there to watch the horses hitched to James Cousin's hack, although the horses were tied to a Central Hotel hack. Doty said, was not watching Cousin's team hitched there, but was watching patronage from the arrivals on the train.

Justice Davis took the same view in this case as he did in the other and discharged Doty.

Before court adjourned Quinlan denied that he was drunk on the occasion, and said that he was not a drinking man.
