Correspondence of Interest to the General Public. Under this heading the RECORD-UNION will publish short letters from correspondents on topics of interest to the general public...

Eds. RECORD-UNION: Having read a comment in to-day's RECORD-UNION about the Boys' Brigade not being allowed to carry arms on last Tuesday in the G. A. R. procession, signed by "An Old Soldier," I would like to correct a wrong impression that some others, as well as the "Old Soldier," have formed in regard to the subject...

The Boys' Brigade received a kind invitation from the G. A. R. to join in their parade on the 22d, which was considered by them as an honor and was gladly accepted. Having only wooden guns to drill with, the boys did not care about taking them on the street, so they concluded to go without any.

The law is that military organizations outside of the militia or United States troops would have to petition the Governor for permission to parade on the streets with guns. We do not petition the Governor for permission. If we had I have no doubt the Governor would have granted us the same rights as the Bersaglieri Guard.

Not wishing to see the Committee of Arrangements unjustly criticised, I make this statement. Also, I thank the "Old Soldier" for the interest he has shown in the Boys' Brigade, in taking up the subject, their cause, and extending to him an invitation to visit them any Friday evening at their headquarters in the First Congregational Church, on Sixth street.

McNairy, Captain Boys' Brigade.

Negligent Officials. Eds. RECORD-UNION: In this morning's edition of your valuable paper, under the head of "Note and Comment," I notice the following:

"Illinois has a new law under which a citizen may go before a court and compel any official for neglect of duty. For the first offense a warning is given, for the second a trial is ordered before a jury, and a verdict of guilty renders the party offending liable to a fine or imprisonment, or to be held in custody in Illinois does not promise to be a soft thing for the negligent."

The Illinois law in regard to negligent public servants is not nearly as efficient or as well operated as that now in force in California. Section 772 of the Penal Code of California reads as follows:

"When an accusation in writing, verified by the oath of two persons, is presented to a Superior Court, alleging that any officer within the jurisdiction of the court has been guilty of charging and collecting illegal fees for services rendered, or to be rendered, in his office, or has refused or neglected to perform the official duties pertaining to his office, the court must cite the party charged to appear before the court at a time not more than ten, nor less than five days from the time the accusation was presented; and on that day, or some other subsequent day not more than twenty days from the date of the accusation was presented, must proceed to hear, in a summary manner, the accusation and evidence offered in support of the same, and the answer and evidence offered by the accused, and, if, on such hearing, it appears that the charge is sustained the court must enter a decree that the party accused be deprived of his office, and must enter a judgment for \$500 in favor of the informer, and such costs as are allowed in civil cases." (In effect April 12, 1880.)

This law is very seldom used, although a great many officers in this State are careless and negligent. I think the reason for this is that very few people are familiar with it. Personally I know of one case where a Mayor of Sacramento was brought into court under the provisions of this Act, and although he was not removed from office he narrowly escaped it. Thinking it would be beneficial for the general public to understand it I have written the law in full.

A STUDENT. Sacramento, April 26, 1895.

EX-PLACERITES

They Will Celebrate With the Pioneers at Auburn in May. On the 10th, 11th and 12th of May the Placer County Pioneer Association will hold its annual celebration at Auburn. The association was organized in 1851.

The first reunion was held at Alameda in 1872 of ex-Placerites then residing in San Francisco and vicinity, and in 1890 they were the guests of the Pioneers for three days at Auburn. These ex-Placerites have accepted an invitation to go there again this year and join their old neighbors in the latter's celebration. The beautiful picturesque town of Auburn is situated in the foothills of Placer County, about thirty-five miles north of Sacramento. No more delightful place in the State could be selected for a pleasure excursion, remote from the hum and bustle of crowded cities. At this season the country is delightful, and a more generous, hospitable set of people cannot be found on the earth than those of Placer.

The excursionists will leave San Francisco on Friday, May 10th, and will be joined at Sacramento (at noon) by those going from here.

On Sunday, the 12th, they will leave Auburn at noon, arriving in Sacramento at 1:40 p. m., where several hours will be spent. Special rates have been made by the railroad company for the round trip. The Placer County Committee who are to look after the details of the celebration are:

Auburn Committee of Arrangements—D. W. Lubeck, Judge Powell, W. B. Lardner, C. A. Brown, C. Boyett, Mrs. Crutcher, E. C. Snowden, W. A. Shepherd (Secretary), W. A. Freeman, S. M. Stevens, J. G. Bisbee and Colonel W. S. Davis.

Invitation and Reception at Auburn—J. E. Hale, B. E. Myers, Captain Radcliff, W. B. McGuire, J. M. White, H. H. Richmond, G. W. McCready, J. M. Fullweiler, A. Siefert, G. W. Armstrong, H. M. Hollister, Berry Mitchell, Hon. Chas. F. Reed, Mrs. L. H. Huntly, W. A. Shepherd, J. H. Neff, Dana Perkins, Mrs. T. J. Nichols, Mrs. Lubeck, Mrs. Crutcher, Mrs. Cora Brown, Mrs. Frewett, Mrs. Hale, Mrs. Willmet, Mrs. S. M. Stevens, Mrs. C. V. Slade, Mrs. Freeman, Mrs. Colonel Davis, Mrs. Craig, Mrs. Hollie, Mrs. Grobs.

TIMELY SHOWERS

Late Down Grain Greatly Benefited by Them. While no crops in this county were in pressing need of rain, the generous showers that fell on Friday and Saturday have done a vast deal of good, especially to the late-sown crops. Some of these are but three or four inches above the ground, while summer-fallowed crops are in many places needed out. The latter will be strengthened by these rains, and the later crops greatly benefited.

The three-fourths of an inch of rainfall will also improve pasturage, and insures good feed for several weeks to come. Very little hay has been cut, hence the damage in that direction will be slight. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 85° and 59°, with gentle

to fresh southerly winds and partly cloudy weather prevailing. The barometrical readings at 5 A. M. and 5 P. M. were 29.96 and 29.97 inches, respectively.

The highest and lowest temperatures one year ago Saturday were 58° and 39°. There is a trace of rain, one year ago yesterday 65° and 49° and no rain, and one year ago to-day 76° and 52°, with none.

The rainfall Friday night and Saturday amounted to .72 of an inch, making .86 of an inch for this month, as against .34 of an inch during April of last year. The total precipitation for this season is now 23.96 inches, as against 14.19 inches to a corresponding date last year. During May of last year there was 1.70 inches of rain, which fell on the 14th, 15th, 20th, 23d, 25th, 27th and 31st. The river is 22 feet 5 inches.

TROTTING HORSE BREEDERS.

Something About the Coming Meeting in Sacramento. It seems to be the general understanding among horsemen that the Trotting Horse Breeders' Association has decided to hold its summer meeting in this city in July. Commenting thereon the Breeder and Sportsman of Saturday has this to say:

When we come to review the splendid program of races the Pacific Coast Trotting Horse Breeders' Association is unhesitatingly pronouncing their great meetings. Just think of it, \$60,000 is to be distributed among the horsemen at the two meetings! It is not difficult to prove that the directors understand the situation of the light harness horse industry as it is at present, and realize that now is the time for everyone to take hold and bring every good influence to bear to keep alive the interest in the meetings this year? There is to be no half-way business about their actions. The association is to live up to its principles and not leave anything undone to benefit the interests it represents.

The summer meeting will take place at Agricultural Park, Sacramento, and horse-owners who have raced their horses over that famous track know that there is no better track nor accommodations anywhere. The people at the Capital city are quite enthusiastic, and have subscribed liberally toward the meeting over their track, which, taking climate into consideration and the fact that the people of San Francisco have had a meeting in progress for many months past, makes it the most favorable and available place to commence the circuit. It is the talk of the city, and everyone is telling about the coming meeting. A royally good time is expected by them all. It is by every horse-owner and trainer.

The principal reason for selecting Sacramento for the summer meeting was because of the unsuitability of the climate here for holding a meeting in July and August. Many horse-owners who brought their strings to the Bay District last year declare that the animals contracted colds which prevented them from trotting and pacing thereafter on the circuit. Special rates will be made with the railroad company for the transportation of horses, while to owners who live in proximity to the Bay of San Francisco the steamer offer accommodations for horses which no doubt will be appreciated.

RIFLE SCORES.

Result of Yesterday's Practice by the Military Marksmen.

The delightful weather yesterday caused a large attendance of members of Companies E and G at the weekly target practice at the ranges near the American River. Company E's men are quite enthusiastic over the prospect of a match with the Orville champions of the Eighth Regiment. The scores were:

BRIEF NOTES

H. A. Brown, formerly Manager for the Sunset Telephone Company in Sacramento, is at present occupying a position on the Los Angeles police force. The wife of Supervisor Casselman slipped and fell while ascending the stairway at her home in Washington, breaking her right leg just above the ankle. A number of citizens of Placerville yesterday on an excursion to Folsom to visit the prison, dam and power house. They also had on their programme a picnic at Natoma Grove.

Auction Sales. By order of the Superior Court, D. J. Simmons & Co. will sell at auction, at the Courthouse, on Wednesday, May 1st, at 10 o'clock, the Bennett property, situated on the corner of Third and N streets. The lot is 49x160 with a two-story house, nearly new.

On Thursday, May 2d, the same firm will hold the annual sale of unclaimed property sent down to Sherman Island, about six miles from Rio Vista, that morning. As she had no physician to give a death certificate, Deputy Coroner Canton sent down a deputy to hold an inquest, as a matter of fact, although it was known that she died from natural causes.

Found Dead on a Scow. Word was sent up to the Coroner on Saturday that a woman had been found dead on an old scow at Sherman Island.

Gala Day for the Orphans. Manager Todd extended an invitation to the children of the Protestant Orphan Asylum to visit the matinee Saturday afternoon and see the performance of "Peck's Bad Boy." It is needless to say that the invitation was accepted, and the little ones thoroughly enjoyed the performance.

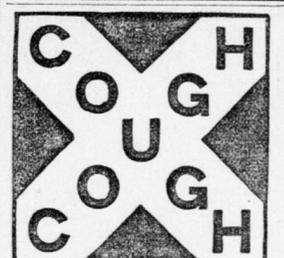

County and City Taxes. This is the last day for the payment of the second installment of taxes, both city and county. Those who have not already attended to this very important matter must act promptly if they would avoid unpleasant consequences.

Odd Fellows of this city celebrated the twenty-sixth anniversary of the order in America by an entertainment on Saturday evening. Only Odd Fellows and members of their families were present.
