

ORDERS TO NAVAL VESSELS

Cause Somewhat of a Sensation at the National Capital.

HAVE NOTHING TO DO WITH BRITISH OCCUPATION OF CORINTH.

The United States Government Has No Intention of Forming Alliances With Any Foreign Power in the Eastern War Trouble—The Imprisonment of Ex-Consul Waller.

WASHINGTON, April 29.—Some sudden and unexpected orders issued to United States naval vessels late this afternoon caused a sensation for a time until the purpose of the orders was explained. The Alert, which has been for a month or more at Panama watching the progress of the revolutionary movement in Colombia, was ordered to proceed at once to San Juan Del Sur, the nearest cable port to Corinto, Nicaragua. The Raleigh, now on her way from Kingston, Jamaica, to Key West, and expected to arrive at the latter place any moment, will find awaiting her orders to sail at once to Greytown, the eastern terminus of the recently opened Nicaragua Canal. The Montgomery, now at Mexico, will follow the Raleigh on May 7th, with the Nicaraguan Canal Commission aboard. The Monterey having sailed yesterday from Acapulco direct for Panama is not expected to touch at Corinto, and as she is not to reach the mouth of the canal until she will probably be allowed to relieve the Alert on guard at Panama, whence she is to be ordered back to Nicaragua if trouble arises in the future.

Secretary Herbert explained briefly the meaning of these orders. He said the movements of the ships had absolutely nothing to do with the occupation of Corinto by the British, that being a matter to be settled between the Nicaraguans and the British. The real purpose of the orders is to guard American interests in Nicaragua against a possible revolution. Being asked what measure of protection the Nicaraguan Canal would receive in the event of a revolution, the Secretary said the Montgomery would remain at Greytown while the commission was in the interior, and with the Alert, on the one hand, and on the other, there would be sufficient force to protect the commission and all other American interests.

Secretary Herbert also explained the meaning of the orders. He said the movements of the ships had absolutely nothing to do with the occupation of Corinto by the British, that being a matter to be settled between the Nicaraguans and the British. The real purpose of the orders is to guard American interests in Nicaragua against a possible revolution. Being asked what measure of protection the Nicaraguan Canal would receive in the event of a revolution, the Secretary said the Montgomery would remain at Greytown while the commission was in the interior, and with the Alert, on the one hand, and on the other, there would be sufficient force to protect the commission and all other American interests.

Mr. Miller said the canal company was very much interested in events in Nicaragua. The revolution which has been threatened as a result of British occupation may disturb the canal company, and the Navy Department is not prepared to protect the property of the canal company, Mr. Miller said, wanted the protection of its interests, if not from the Nicaraguan Government, then from the British outside. The concessions of the company were not, he also said, the concession to examine the route of the canal for protection, but an uncontrollable movement may result in the destruction of property by irresponsible persons.

Mr. Miller said the canal company wishes to give opportunity for the commission to thoroughly examine the route of the canal. He expects the Chief Engineer, Mr. Menocal, will accompany the commission over the route of the canal.

EX-CONSUL WALLER. The State Department Wants to Learn All Facts in His Case.

WASHINGTON, April 29.—The representations which Ambassador Kustis was instructed to lay before the French Government touching the confinement of ex-United States Consul Waller in Madagascar, and his subsequent deportation to France, were extremely courteous in tone, and were intended to develop the French side of the case. It was stated that as Waller is an American, the Department of State feels bound to inquire into all the points in his case, to be informed specifically of the nature of the charges against him, and of the evidence upon which he was convicted. The report of United States Consul Waller, who succeeded Waller as United States Consul there, while substantially confirming the newspaper reports of the department, which desires an accurate statement of all the facts before determining what its attitude shall be in this matter.

WILL FORM NO ALLIANCES. Attitude of the United States in the Eastern War Trouble.

WASHINGTON, April 29.—The attitude of the United States in the Eastern war trouble has been clear to the various powers interested. In brief, it is that the unvarying policy of this country is not to form alliances which may involve it in complications with the countries of Europe or Asia. It is a reassertion of the policy of isolation, except in so far as the United States may be able to exercise a kindly or advisory influence toward the adjustment of trouble involving Eastern nations.

Russia, France and Germany. Such action, if it had been taken, would not have been in the nature of assistance to Japan, but merely an exertion of joint influence to persuade China to ratify the peace agreement. It is said by diplomats that Japan has already ratified the agreement, similar action by China would make it effective. While, therefore, Russia, France and Germany were protesting at Tokyo, the desire of the other powers was to bring to bear their influence at Peking.

AMUSEMENTS. A very good first night house greeted the Smith-Lieb Dramatic Company at the Grand Opera-house last evening. The reception of the company, while not enthusiastic, was cordial and deterring; evidently the audience was putting the troupe upon trial; it was disposed to fair play with it, and to measure it well before giving it any special work.

CONCERNING ROYAL BAKING POWDER. Why is it that Californians walk so slowly to an appreciation of the possibilities nearest at hand? An instance of this is given in the San Francisco Chronicle in that case a visitor to an Eastern State saw a tin labeled "California apricots."
