

ANTI-NUISANCE MEETING.

Large Turnout of Citizens on Saturday Night.

Appeal to the Grand Jury, Mayor and Trustees for Definite Action.

A large meeting was held at Pioneer Hall Saturday under auspices of a committee of the Anti-Nuisance Association.

The hall was well filled. Prominent among the on-lookers was Hon. H. M. LaRue, Foreman of the Grand Jury.

E. J. Figg was called to the chair, with H. H. Hummel Secretary. Mr. Figg on calling to order presented and had read as introducing the subject of the evening the following from the Grand Jury report of April, 1894:

The Grand Jury invites the attention of the Board of Trustees and the Police Commission of the city to the condition of that portion of the city between Fourth and Front streets on L street and recommends that action be taken to remove the obnoxious element from this street and to confine it to some portion of the town where visitors coming from the depot or Third and J or K streets and visiting the Art gallery will not be compelled to pass through such a locality, and we respectfully submit that it is due to the large resident portion of our city south of L street to have this condition changed as it is presently an advertisement to the city, and it is a disgrace to the city, and it is a disgrace to the city, and it is a disgrace to the city.

The committee introduced C. H. Dunn, who spoke eloquently of moral courage and municipal vigor. He analyzed all the law bearing on the L-street nuisance and quoted decisions and the history of the law and recommended that the nuisance be removed by the city.

Mr. W. Woods was introduced as the next speaker and spoke at length, pointing out how the ordinance is a disgrace to the city and a disgrace to the city, and it is a disgrace to the city, and it is a disgrace to the city, and it is a disgrace to the city.

Professor H. W. V. Raymond spoke in the interests of the Art gallery, with which he is related. He said he had been here twenty years and loved Sacramento, and he loved the city, and he loved the city, and he loved the city, and he loved the city.

The committee of Arrangements in behalf of the association, through H. H. Hummel, the Secretary, presented the following, and Mr. Herrick moved that it be adopted:

To His Honor, the Mayor, and to the Honorable the City Board of Trustees of Sacramento: Citizens of Sacramento, assembled in meeting at Pioneer Hall, Saturday, June 15th, respectfully petition and represent to you as follows:

1. That we request the right to petition the authorities to be no greater than to have such petition soberly and seriously considered.

2. That changed and changing social, commercial and physical conditions in Sacramento demand wisdom and prudence in the removal of the nuisance of the lower portion of L street from Fourth street west.

3. That we hold the same may be done without impairment of any human right, and that it is in the public interest that it be done.

ment and removal of the nuisance referred to, and that his honor, the Mayor, will rigidly enforce the laws now in existence, or that may be enacted, to secure the abatement of the nuisance complained of. And in concluding this petition, we respectfully call the attention of his honor, the Mayor, and of the honorable Trustees, to the fact that sufficient means do not now exist relating to this matter, and that such as do exist, are not sincerely enforced or preserved in their spirit.

Resolved: That in presenting this memorial we do so believing that the Mayor and the Trustees desire to, and will on due consideration, give to our petition, and that we have confidence in their capacity, and the regard they have for their solemn duty to the people.

Resolved: That the Mayor and the Trustees be and they are requested to present these resolutions in the name of this meeting.

Rev. Dr. Banks seconded the memorial for adoption in a dignified speech. He said two forces are now massed, and it remained to be seen which will prevail.

Mr. W. Woods introduced the following resolution, saying he had drawn it since entering the hall and without consulting with anyone.

Resolved: That it is the sense of this meeting that the Grand Jury in its session be and it is requested that the Mayor and the Trustees be and they are requested to present these resolutions in the name of this meeting.

THEY FORGOT. How It Happened That Several Wheelmen Were Fined. In the Police Court on Saturday five wheelmen admitted that they had partially failed to observe the preceding night to observe the ordinance requiring bells to be rung continuously while crossing a street.

Broke a Window. A stone was thrown through the window of Marco Zarick's restaurant at Third and J streets on Saturday night by a tramp, who possibly wanted to secure a square meal, but he was chased away without getting anything.

THE SOLDIERS ARE ALL AT HOME.

They Returned Last Night From Camp Budd.

Scenes and Festivities Incident to the Closing Hours—A Hard Week's Work.

The Second Regiment of Infantry, N. G. C., under command of Colonel J. W. Guthrie, broke camp at Vallejo yesterday afternoon. Companies H of Grass Valley and C of Nevada City left camp in the morning and passed through this city yesterday on the way to their respective localities.

The soldiers say they are glad to get home, as they have drilled almost incessantly from the time they arrived in camp until Saturday evening. The climate at Vallejo was good, and during the week's stay there but few cases of sickness were reported.

At about 10 o'clock the men were able to resume their duties. Although the soldiers have not many complaints to make about Vallejo, other than that it is not large enough to accommodate a regiment of soldiers in the way of amusements after drill hours.

SHOT A BOY. Young Ackerman's Reckless Handling of a Pistol. A boy of 10 or 12 years old named Ackerman obtained a pistol and went gunning in the neighborhood of Fifteenth and C streets on Saturday afternoon.

CITY FINANCES. City Auditor Young makes the following statement of the receipts and disbursements of the city for the week ending Saturday, June 15th:

Table with columns for item, amount, and total. Items include: E. H. Meike, city taxes, \$131.91; E. H. Meike, water rates, 1,969.85; E. H. Meike, taxes, 1,400.00; E. H. Meike, city licenses, 843.00; E. H. Meike, cemetery dues, 118.00; E. H. Meike and others, city taxes, 1,520.02; M. J. Desmond, Police Court fines, 130.00; J. V. Young, personal taxes, 74.88.

On Friday night Colonel Guthrie kept "open house" at his headquarters, and Vallejo was there. The band rendered excellent music, and a quartet from Company F of Woodland—consisting of R. P. Wallace, A. W. Hinton, H. Eastman and W. E. Blair—sang a number of the latest songs.

THE VICENTIAN GUARDS OF VALLEJO, composed of young boys from the Catholic school there, accepted an invitation from Colonel Guthrie to visit camp. They did so, and marched into camp twenty-three strong, under command of Sergeant Ryan of the Marine Corps.

WEATHER NOTES. Director Barwick Discourseth on Drying Winds. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 70° and 56°, with fresh to brisk northerly winds and clear weather prevailing.

THE HIGHEST AND LOWEST TEMPERATURES Saturday were 75° and 52°. The barometrical readings at 5 A. M. and 5 P. M. were 30.13 and 30.11 inches, respectively.

THE HIGHEST AND LOWEST TEMPERATURES one year ago Saturday were 70° and 54°, with no rain; one year ago yesterday, 72° and 57°, and no precipitation, and one year ago to-day 70° and 52°, with .02 of an inch of rain.

evaporation takes place during our high northerly winds, drying up and injuring crops that depend greatly on a certain amount of moisture, not only in the ground but in the air. The former can be regulated by irrigation, but the latter can be but little affected except by numerous playing fountains, which break the water into fine spray as it throws it into the air. This could be nicely done in this city if we have clear water for the purpose.

HIS FOOT CRUSHED. Terrible Accident to a San Francisco Youth.

On Saturday night a young lad named Peter Rogers was brought over from Davisville on the local train and taken to the Receiving Hospital, where City Physician Fowler dressed a terrible wound on his right foot, caused by its being caught between the drawheads of two freight cars.

WHAT IS A VAGRANT? A Young Man Who Denies That the Description Fits Him. Robert McKenzie, who was arrested the other night with several idlers, denied in the Police Court on Saturday that he was a vagrant—that he "roamed about the streets at unseemly hours, kept company with known thieves and vagrants," etc.
