

LEONARD WILL BE THE PRESIDENT.

The Democratic Trustees' Caucus Has So Decided.

Police Clerk Desmond Will Succeed Oscar Flint as Clerk of the Board of Trustees.

The Democratic members of the Board of Trustees came together last Friday night and held a caucus to consider what they would do when the matter of organization of the board came up to-night.

They were pledged to the most inviolable secrecy, one and all, but there must have been a little bird in the room or a cat in the bag, as the matters agreed on by them have leaked out.

However it happened, the fact is that the bag now, and the fact is known that five votes will to night seat Trustee Leonard as President of the board, to succeed W. D. Lawton.

Several of them were interviewed yesterday, and though they were disposed to be non-committal, neither affirming nor denying, enough was gained in the way of admissions to show that the caucus took place, with the results stated in this article.

The result of the recent election was to give the city a board composed of five Democrats, three Republicans and one Populist—Kent, Davis, Leonard, Devine and Bentley being of the Democratic persuasion, Tozer, Pennish and Wachhorst of the Republican side of the house and McKay being the Populist candidate elected.

Although the Democrats were in the majority, there was a slight hitch, which prevented everything from going smoothly, and this was the election of a Clerk.

Several of the Democratic majority favored J. Carroll, a member of the Democratic City Central Committee, for Clerk, but Mr. Bentley, who, it is said, has been very carefully sizing up all the candidates for the various positions, was utterly opposed to Carroll, and declined to bind himself in caucus unless his name was eliminated from the list of candidates.

So it happened that, although several attempts to caucus had before been made, it was not until Friday night that consummation had been reached, the other members having agreed to drop Carroll.

The necessity of this is apparent when it is remembered that four votes would elect a Democrat, and Mr. Bentley's vote was necessary in order to make a majority. The Republican side of the house wished to elect Trustee Tozer President, counting—it is not known with how much reason—on the vote of McKay to help them out, and they ardently desired Bentley to come over to them and help defeat the Democrats.

Indeed, it is stated, on apparently good authority, that, so earnest were their wishes to break up the Democratic majority, that they offered to elect Bentley President, if he would vote with them—an offer which he declined with thanks, saying that it would not be becoming in a newcomer and the youngest member of the board to aspire to supplant the older members.

The consent of his confederates to the dropping of Carroll having been secured, the caucus met, as stated, and agreed on a President and Trustees.

Trustee Leonard has been watchful of the city's funds and has stood for what he considered the best interests of the city, and will no doubt make a faithful and efficient presiding officer.

While Clerk Flint has always proved himself faithful and painstaking, courteous and accommodating to all who came in contact with him, and had hoped to succeed himself, the caucus has decided against him. M. J. Desmond, who has been for the past two years Clerk of the Police Court, and has made himself a general favorite there by his efficiency and courtesy, will be elected Clerk to succeed Flint.

General Tozer's disappointment is to be mitigated by his appointment as Chairman of the Water Committee, which during the coming year will be one of the most important ones. Trustee Bentley is to be Chairman of the Committee on Police. The other committee Chairmen have not yet been decided on.

Questions put to a number of members of the board also develop the fact that, although the Mayor has signified his intention to appoint J. O. Coleman as Superintendent of Streets, it is doubtful if the board will confirm his nomination. They say that no deputy will be allowed, as in the past, and they wish to have a thoroughly practical man as Superintendent, who is conversant with the work and able to detect the chicanery of contractors and see that they do their work properly and according to specifications, as there is a prospect that within the next two years many macadam streets will be made in this city.

Riley Will Protest. Owing to the absence of the attorney for Mrs. James Riley, Judge Hinkson

Mr. and Mrs. Bloomberg Were Properly Sentenced. Judge Hinkson has affirmed the judgment of the Police Court in the case of the Bloombergs (husband and wife), who were convicted of disturbing the peace and fined \$25.

The Bloombergs appealed the case on the ground that the evidence did not warrant conviction and that Justice Davis was prejudiced because he remarked, in passing sentence, that the disturbance complained of "would have disgraced Chatham street."

Judge Hinkson disagreed with W. A. Anderson, counsel for the Bloombergs, on both propositions and held that Justice Davis had not exceeded his power in convicting and sentencing the defendants.

City Finances. Following is the Auditor's report for the week ending Saturday, January 4, 1896:

Table with columns for item, amount, and total. Includes items like E. H. McKee, water rates, and various city funds.

THE COLD SNAP. It Was Worst in the South Than Up This Way.

The following weather and crop summary is issued by the State Agricultural Society in co-operation with the United States Weather Bureau and California State Weather Service, James A. Barwick, Director:

The average temperature for the month of December, 1895, was: For Eureka 47 degrees, Fresno 44, Independence 38, Los Angeles 36, Red Bluff 43, Sacramento 45, San Francisco 49, San Luis Obispo 53, and San Diego 55.

As compared with the normal temperatures there were heat deficiencies reported of from 2 to 4 degrees, except Eureka and Los Angeles, where normal temperature conditions prevailed.

The total precipitation reported was: For Eureka 7.50 inches, Fresno and Los Angeles .73 of an inch, Red Bluff 2.99 inches, Sacramento 1.34 inches, San Francisco 1.43 inches, San Luis Obispo .68 of an inch, and San Diego .27 of an inch.

As compared with the normal precipitation, there is a deficiency of rainfall reported, ranging from .09 of an inch at Eureka to 3.68 inches at Los Angeles.

The cold wave of the last few days of the month was about the same over the agricultural, horticultural and viticultural districts of the State, and shows a uniformity of low temperatures that could never occur over so great a section of country in any other portion of the United States.

Comparatively speaking, the temperatures were not low ones, at least not for any other country outside of California.

The cold wave lasted but about one or two days, and injured a few, but very few, oranges and lemons. The very high winds of the 28th and 29th did more damage to those crops than did the frost, for it blew a great number off the trees and spiked a great many more.

Planting and seeding is going on at a fair rate, but rain is badly needed from one end of the State to the other, so planting can be done before it is too late for seeding, etc.

The following are the lowest temperatures registered at the points named, and are from stations where only registering instruments are used. These temperatures generally occurred between the 26th and 31st, but mostly on the 29th, in Northern and Central California, and on the 29th and 30th in Southern California. The data is lowest at Redding, 28 degrees, Red Bluff 28, Croville 28, Newcastle 27, Briggs vineyard 23, Orangetown 27, Folsom 23, Sacramento 23, Hollister 23, Agricultural Experiment Station in San Luis Obispo County 20, Agricultural Experiment Station in Tulare County 22, Lime Kiln 25, Los Gatos 31, Fresno 26, Santa Paula 32, Ventura 33, Santa Barbara 32, Pasadena 32, Redlands 26, Los Angeles 34, Ontario 23, San Bernardino 24, Agricultural Experiment Station in San Bernardino County 28, Crafton 26, Riverside 24, San Jacinto 19 (coldest ever known for many years) Escondido 22, San Diego 34, Poway 18 (the lowest in seventeen years).

TEACHERS' CERTIFICATES. Those Who Were Successful Applicants for Them. The County Board of Education held a meeting Saturday to foot up the credits of those passing the examination for teachers' certificates.

The result was that grammar grade certificates were issued to Misses Ruth Spillman, Flora Hartwell, Lillie M. Hatch, Ellen Chambers, Anna Aitken, and Henrietta A. Planalp.

Primary certificates were granted to Annie Schellhorn, Mrs. Sophia Wurst, and Lottie E. Stubbs.

There were twenty-two applicants, of whom six dropped out on the first day. The standing in per cent. of the certificates is in the order named, 95 per cent. being the highest. Five of the successful applicants are graduates of the High School.

DELICATE OPERATION. Benjamin Welch, Jr., Treated for Appendicitis. The delicate and dangerous operation of removing the vermiform appendix has been performed on Benjamin R. Welch, Jr., at the Railroad Hospital.

Mr. Welch has been suffering for some time from appendicitis, and Drs. Huntington, White, Hanna and Prentiss, after consulting together, concluded that his life could be saved only by the operation, which is a hazardous one, at best.

However, the medical profession has of late years made great advancement in the science of surgery, especially as applied to this class of cases, and dozens of successful operations of the kind have been performed in this city the past year. Yesterday Mr. Welch was getting along nicely, and there is every reason to believe he will recover.

MEETING NOTICES. STATED MEETING OF THE HAMA Lodge, No. 3, F. and A. M., THIS (Monday) EVENING, at 7 o'clock. Visiting brethren cordially invited.

PROTECTION OF AGRICULTURE.

Full Text of Congressman Grove L. Johnson's Bill.

The Lubin Proposition at Last Put Squarely Before the United States Congress.

On the 23d of December Hon. Grove L. Johnson, Congressman from this district, introduced the following:

A BILL For the protection of agricultural staples and American ships in the foreign trade by authorizing the payment of bounties on exports of agricultural products of the United States, conditioned on their carriage in American or foreign vessels.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That on the passage of this Act, and after the lapse of fifteen months, there shall be paid out of any moneys in the treasury of the United States not otherwise appropriated, to any exporter of wheat or wheat flour, rye or rye flour, corn, ground or unground, cotton, hops or tobacco, produced wholly in the United States, and exported by sea from any port in the United States to any port of a foreign nation, certain sums, to wit: Ten cents per bushel on wheat; fifty cents per barrel on wheat flour; ten cents per bushel on rye; fifty cents per barrel on rye flour; five cents per bushel on corn; seven cents per cental on corn, ground; one cent per pound on cotton; two cents per pound on hops; two cents per pound on tobacco.

Section 2. That if any article named in Section 1 of this Act shall be exported in American vessels, the corresponding bounty on such export as designated in said section shall be increased by ten per centum over the sum therein provided.

Section 3. That all payments of bounty under this Act shall be made upon negotiable vouchers, payable in thirty days from date, issued by the Collector of Customs at the port of export of the United States, and the Secretary of the Treasury is hereby charged with making and enforcing the regulations necessary for the protection of the Government in administering this law.

Section 4. That the President of the United States is hereby directed to notify all foreign nations of the desire of this Government to abrogate any provision in contravention of this Act.

THE DOSCH ESTATE. Walter Dosch Wants to be Guardian of Minor Heirs. A petition has been filed in the Superior Court by Walter Dosch, who asks to be appointed guardian of the persons and estates of Anna L. Dosch and Charlotte H. Dosch, aged 17 and 12 years, respectively.

The children are said to have one-fifth interest in the estate of Charles Dosch, deceased, whose will is now being probated in the Superior Court of Amador County, and the interest which the children have in the estate is of the value of \$2,000 each. A. E. Miller is Dosch's attorney.
