

WEARY OF THAT NUISANCE.

Oak Park People Who Want a Stiff Anti-Healey Ordinance.

Surveyor Boyd Completes His Map-Books for the Assessor-Official Reports Filed.

At yesterday's session of the Board of Supervisors several residents of the vicinity of Oak Park appeared and presented a petition asking the passage of a certain ordinance to prohibit nuisances such as the fat-boiling establishment conducted there by Daniel Healey.

The ordinance had been referred to District Attorney Ryan for his opinion as to its legality, and he reported that it was defective in several particulars. Under its provisions, if carried out, a farmer could not try out the fat of a hog that he had killed for family use.

There was a great deal of informal and unnecessary talk indulged in by several persons, but the board listened to them as patiently as possible for a couple of hours, and finally, on motion of Supervisor Curtis, the District Attorney was requested to prepare an ordinance that would meet the requirements of the case and yet be able to stand before the courts.

One of the visitors was inclined to dispute the opinion of the District Attorney. He had apparently become so attached to the ordinance presented that he would take the chances of having it thrown out of court rather than see it consigned to the waste-basket in favor of a better one.

The rambling discussion came to an end, however, by Chairman Morrison calling for the roll on Mr. Curtis' motion. Mr. Ryan promised to have an ordinance ready to-day that will afford the people of every community protection against practices of the kind complained of and detrimental to health and comfort.

BIDS REJECTED. Supervisors Todd, Jenkins and Dremman, constituting the Committee on Contracts, reported to the board that in their opinion all the bids for the blank books, stationery, etc., be rejected.

The report was unanimously adopted. OFFICIAL REPORTS.

At the afternoon session of the Clerk read the following report of Auditor Cohn on the condition of the road funds:

District No. 4—Amount to credit, as per Treasurer's report, \$108 41; outstanding warrants, \$108 17; balance, 24 cents.

District No. 5—Amount to credit, \$402 97; outstanding warrants, \$391 53; balance, \$11 44.

General Road District—Amount to credit, \$239 36.

Demands allowed against District 4, \$1,707 89; demands allowed against District 5, \$1,439 36.

Auditor Cohn also submitted the following report of the condition of the various county funds:

State fund..... \$2,160 86
General fund..... 15,361 33
Hospital fund..... 12,095 01
School fund..... 85,139 63
Road fund..... 780 74
Sinking and interest fund..... 5 58
Bonds of 1892..... 2 85
Bonds of 1893..... 78 09
Bonds of 1888..... 923 93
Bonds of 1895..... 2,588 76
Salary fund..... 5,717 50
S. and O. L. fund..... 190 19
Law Library fund..... 2,640 33
Unappropriated fund..... 2,430 04
Estate of deceased persons..... 2,430 04

Total in treasury.....\$138,903 93

County Treasurer Lyman submitted his monthly report showing money on hand and receipts amounting to \$215,100 52; disbursed, \$82,002 00; balance on hand, \$133,098 52.

Horticultural Commissioner J. N. Stephenson reported that during February he distributed certificates for about 20,000 deciduous trees exported from this county. He also gives the names of a large number of fruit-growers whose orchards he had inspected and to whom he had given notices to eradicate pests found therein. Some complaint had been received about some trees near Courtland and orange trees in the city, which he will examine this month.

ASSESSOR'S MAP-BOOKS. County Treasurer Boyd reported that in accordance with the provisions of the statutes of 1893 and 1895 he had prepared maps and plat-books for the use of the County Assessor, showing the private lands owned or claimed in the county.

The books landed the communication from Mr. Boyd, and were warmly praised for their excellence. In response to a question by Supervisor Dremman, Mr. Boyd said that the cost of the books would be about \$900. All that he asked now was that the

board should accept the books and order them filed.

Mr. Dremman said he was prepared to say then and there that he would not vote to pay any such sum. Had it been \$450 or \$500 he would have considered it steep enough, but beyond that he would not go.

Mr. Boyd said the work was performed in accordance with the law requiring the books to be made, and all he desired now was that the board receive them. So far as his claim is concerned, that would have to be passed on, he supposed, by the District Attorney.

Chairman Morrison said it was not necessary for the board to formally accept the map-books. The records would show that Mr. Boyd had notified the board that they were completed, and had furnished the books. The board had no desire to take any advantage of Mr. Boyd, and of course would see that no advantage was taken of it. There would be no formal acceptance of the books, and as the Assessor had said he would prepare his own maps, Mr. Boyd would be amply protected by the showing of the record, and on that his claim must rest.

After passing on a number of claims the board took a recess until this morning.

PROBABLY DROWNED.

Was it Samuel Ray Who Fell Into the River on Sunday?

The "Record-Union" on Monday morning published an account of an unknown man having been seen to walk to the river bank on the preceding evening and then vanish from sight.

Watchmen Nelson Beck and John Lawson, who saw the man walk unsteadily across to the river and then disappear, hastened to the wharf to see if possible what had become of him. They could see nothing, owing to the darkness, but thought they heard a groan or muffled outcry of someone, and then all became quiet again.

It now turns out that a blacksmith named Samuel Ray, in the employ of the railroad company, disappeared on Sunday and has not since been seen by his relatives or friends. He had been drinking heavily for some days. It is, therefore, quite likely that the man who fell into the river that night was Ray, as nobody else has been reported missing.

Whoever it was, the body should come to the surface within a few days, and then the double mystery may be cleared up.

MONTH OF FEBRUARY.

A Review of the Climatic Conditions of Last Month.

The following meteorological observations were taken at the United States Weather Bureau Office in this city for the month of February, 1896, by James A. Barwick, Director of the California Weather Service:

Mean barometer, 30.17 inches; highest barometer, 30.34 inches, on the 8th; lowest barometer, 29.89 inches, on the 29th; mean temperature, 54 degrees; highest temperature, 72 degrees, on the 24th; lowest temperature, 38 degrees, on the 3d; absolute range of temperature, 34 degrees; greatest daily range, 25 degrees on the 17th; least daily range, 10 degrees, on the 1st; total rainfall, .09 of an inch; total wind velocity, 5,333 miles; highest wind velocity and direction, 82 miles, from southwest, on the 28th; total clear days, 16; fair days, 12; cloudy days, 1; rainy days, 2; mean dry thermometer, 54 degrees; mean wet thermometer, 48 degrees; mean dew point temperature, 43 degrees; mean humidity, 69 per cent.

JUDGE ARMSTRONG'S MEMORY.

Action Taken by the Superior Court and the Bar Association.

Judges Catlin and Johnson sat in bank yesterday to take action in regard to the death of ex-Judge J. W. Armstrong. Many members of the bar were present.

On motion of S. S. Holl, a committee of five was appointed to prepare resolutions of respect, as follows: S. S. Holl, A. L. Hart, W. A. Anderson, C. L. White and R. M. Clarken.

The committee will report at 10 o'clock on Friday next, when the Superior Court meets.

On motion of W. A. Anderson, all members of the bar were requested to be present at the Cathedral at 10 o'clock this morning to attend the funeral services of their late associate.

Not the Barkeeper. In the report of Monday's Police Court proceedings it was stated that Special Officer Almas said the barkeeper of the saloon at Seventh and L streets told him some boys had procured beer at that saloon.

Almas says it was the boys who so stated, not the barkeeper. The latter denies having sold them intoxicants. The officer also says the saloon referred to is kept in a quiet, orderly manner.

Five New Citizens. Gillo Oaestio, Ra'faelo Cassella, Antonio Benassi and Rasma Ouesiti, all natives of Italy, have been admitted to citizenship by Judge Johnson on the testimony of Thomas Bannister and F. Gabriella.

Judge Catlin's court Henry Lienhard, a native of Switzerland, has been admitted to citizenship.

They Deny It All. In their answer to the complaint of M. S. Wahrhaftig, filed yesterday, defendants H. Heintz, L. M. Landsborough, E. Meyer, J. H. Cooley and A. B. Schorn make a general denial of all the allegations of the plaintiff in connection with transfer of the property of the late "Times" newspaper plant.

Agricultural Directors. Governor Budd has appointed J. H. Smith a Director of Agricultural District No. 12, in Mendocino and Lake Counties, vice L. T. Day, deceased; J. M. Mummon, vice himself, term expired, and L. G. Simmons, vice H. A. McCraney, term expired, for the same district.

County Fees. County Clerk Hamilton collected in fees during February the sum of \$694 85. There were filed 65 new cases, and 39 marriage licenses were issued. Recorder Cohn's receipts were \$388 25.

Delicate Operation. At the County Hospital yesterday a patient 63 years of age was very successfully operated on for stone in the kidney. It was found necessary to remove the diseased organ entirely, and the patient is expected to make a complete recovery.

At Last It Came. The beautiful rain (or nearly snow) should always remind us that John A. Sutter Bourbon is a handy article. Come and see B. K. Bloch & Co. They are controllers.

Mandolins, banjos, guitars, violins, sheet music, at Neale-Ellers Co., 631 J street. Fine strings a specialty.

It Hurts nothing that can be washed or cleaned—Pearline. The purest soap is no safer—the poorest soap is no cheaper. It is more effective than the best. Pearline saves labor and wear in washing clothes or cleaning house. A few cents will let you try it; common sense will make you use it.

Beware of cheap imitations. Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, if your grocer sends you an imitation, be honest—send it back.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without Injurious Medication.

"Castoria also well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it needs a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

"For several years I have recommended 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 123rd Street and 7th Ave., New York City.

CUSHMAN CONVICTED. But Eli Mayo is Sorry He Preferred the Charge Against Him.

The charge of petty larceny against H. Cushman was tried in the Police Court yesterday, he being charged with taking some iron pipe belonging to Eli Mayo.

Mayo testified that he owned the pipe and a Brisette testified that he saw Cushman putting the pipe in a wagon.

Drummond testified that he saw a man putting some pipe in a wagon and Cushman standing by. He asked Cushman what he was doing and was answered that he was loaning it to a man down the river. Cushman did not go with the wagon.

Cushman said he dug the pipe out of the ground back of the house he occupied. He did not intend to steal the pipe, but merely loaned the pipe until the water should go down and they could fix it again. He did not know that Mayo wanted to use the pipe.

The court said he would have to find Cushman guilty, and Mayo asked for leniency, but the court asked him why he did not think of that before he had Cushman arrested.

"Well," said Mayo, "it was his wife that should have been arrested, for she abused me." Sentence will be pronounced to-day.

ESTATES IN PROBATE. Those of the Late Hugo Klaas and Mrs. Amanda Robbins.

H. S. Beals, Chris Wilke and E. D. Shiland, appraisers of the estate of Hugo Klaas, deceased, have filed their inventory thereof. The property consists of implements used in his trade, valued at \$132 50.

E. R. Robbins, by his attorney, W. A. Gett, Jr., has petitioned the Superior Court for letters of administration on the estate of his mother, the late Amanda Robbins. The value of the estate is about \$5,000, consisting chiefly of the lot on the southwest corner of Fifteenth and P streets. The petition has been set for hearing on the 13th.

AFTER THE SHERIFF. Suit to Recover Liquors Held Under an Attachment.

S. Luke Hove and Charles M. Beckwith have sued Sheriff Frank T. Johnson to recover possession of the stock of liquors, cigars, etc., in the Yosemite Saloon, held by the Sheriff under attachment against L. Koch.

The plaintiffs allege that the property seized was purchased by them from Koch on the day following the seizure. They ask to be given possession of the same, and for \$500 damages.

A LITTLE OFF. What Some of the Big Dailies Do Not Know About Game Laws.

A certain wide-awake San Francisco daily should read up a little on the game law. It states that Governor Budd is remedying some defects in the engine of his launch, and when completed he intends going on a cruise for wild ducks. The closed season for ducks began on the 16th of February.

The same paper touches up sportsmen for bagging English snipe, while the fact is the State law does not protect these birds, as they do not breed here, but go north in the spring.

Carpenters' Union Organized. R. F. Malsbury, District Organizer of the Carpenters and Joiners of America, organized a Carpenters' Union last night at Jacobs' Hall, which will soon be recognized by the National Brotherhood at Philadelphia and will hold weekly meetings. R. F. Malsbury, organizer for the Painters' Union, will also endeavor to organize a union here.

A Dig in the Ribs. Lightly and jocosely given is no formidable matter, but when a constant uneasiness beneath your ribs on the right side intimates that your liver is out of order, you are not to be envied. This sensation is also accompanied by yellowness of the skin and eyeballs, a mouse-colored fur upon the tongue, sick headache, nausea and other uncomfortable indications. Hostetter's Stomach Bitters is the remedy of all such ailments, and should be resorted to without delay. Constipation and dyspepsia, concomitant of liver trouble, are also remedied by this unequalled regulating medicine, which the records of nearly half a century, the commendation of eminent members of the medical profession, and the daily experience of the invalid world stamp its efficacy. It is the only medicine that hastens convalescence after exhausting malarials, and greatly mitigates infirmities incident to old age.
