

CURSED.

For 16 Years Compelled to Eat a Pound of Poison Weekly.

Saved at Last by a Wonderful Antidote—An Almost Incredible Story of Suffering Told by a Louisianian.

It is wonderful that a human being will endure. Just look around and see the people day after day toying with life and health, the most precious things we have, as if they were the commonest of all earth's good things.

Nature will not be imposed upon. She is bound to get even—to square accounts. So man starts a habit, but nature continues it, and, for punishment, he can't quit. Take the case of George Rathban. For sixteen years he had to fill his system with poison to keep from going insane, and he would be still in the rack of torture had not No-To-Bac cured him—cured the habit of sixteen years in sixteen days. Read his letter:

Bonita (La.), Aug. 18, 1897. Gentlemen: I have been completely cured of the tobacco habit by using No-To-Bac. I have used tobacco over seventeen years. Four pounds a month is what I used for sixteen years of my life, and I believe that No-To-Bac will cure anyone that will take half a box. I took six tablets one day, three the next, three the next, and one the next day, and I was completely cured. After that I had to take eight more tablets to cure me of nervousness. Twenty-one tablets, you see, made an anal cure, and all in sixteen days. I can very highly recommend No-To-Bac to all who are cursed with the tobacco habit and want to get rid of it. One box will cure the worst case I ever saw. Very truly yours, GEO. RATHBAN.

Now, dear reader, tobacco-user for a little or a long time, don't say "I can't be cured." No-To-Bac makes it so easy to quit, and will do you so much good, made of herbs, blood and manhood. You don't have to take our word for it. Buy from your own druggist under absolute guarantee of cure. Get our booklet "Don't Tobacco Spit and Smoke Your Life Away." Written guarantee and free sample mailed for the asking. Address the Sterling Remedy Co., Chicago and New York.

Resolution Ordering Work, No. 270.

RESOLVED, THAT THE BOARD OF Trustees of the City of Sacramento deems it to be required by the public convenience, and hereby orders the following street work to be done, according to the specifications therefor adopted, and now on file, to-wit:

That N street in this city, from the east line of Tenth street to the west line of Eleventh street, be improved by removing gravel and cobble, grading and laying a streetway of concrete six (6) inches in thickness with a top coating of bituminous rock not less than two and one-quarter (2 1/4) inches in thickness, grouted rock gutters five (5) feet wide, iron curbs at Eleventh, Twelfth, Thirteenth and Fourteenth streets, where not already done, stone curbing with round corners, altering four (4) old catch basins at Thirteenth street, and constructing nine (9) new catch basins and connecting the same to the sewer with six (6) inch sewer pipe. The Clerk of this board is hereby directed to post conspicuously for a period of five days on the bulletin-board near the chamber door of the office of this board, notice hereof, with specifications, laying sealed proposals for said work and requiring therewith a certified check, payable to the Mayor of the City of Sacramento, for ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, all as prescribed by law. The Clerk of this board is also directed to publish such notice for two days in the Record-Union, a daily newspaper published and circulated in this city; and the Clerk is hereby directed to advertise this resolution as required by law in the Record-Union.

Adopted March 9, 1896, by the following voice:—Wachstorff, Kent, Davis, McKay, Tozer, Devine, Bentley, Penhall and Leonard. Noes—None. CHAS. E. LEONARD, President Board of Trustees. M. J. DESMOND, Clerk of Board of Trustees. m11-21

Notice to Contractors, No. 270.

PURSUANT TO LAW AND TO THE RESOLUTION of the Board of Trustees of the City of Sacramento, adopted March 9, 1896, directing that the undersigned publish and will receive at his office, southwest corner of Fourth and J streets, up to 5 o'clock p. m. of March 10, 1896, sealed proposals for the following street work, to be done according to the specifications posted upon the premises to be worked, to-wit: That N street, in this city, from the east line of Tenth street to the west line of Eleventh street, be improved by removing gravel and cobble, grading and laying a streetway of concrete six (6) inches in thickness with a top coating of bituminous rock not less than two and one-quarter (2 1/4) inches in thickness, grouted rock gutters five (5) feet wide, iron curbs at Eleventh, Twelfth, Thirteenth and Fourteenth streets, where not already done, stone curbing with round corners, altering four (4) old catch basins at Thirteenth street, and constructing nine (9) new catch-basins and connecting the same to the sewer with six (6) inch sewer pipe. All proposals must be accompanied by a certified check payable to the order of the Mayor of the City of Sacramento, for ten per cent of the aggregate of the proposal, or by a bond for the said amount, and so payable, all as prescribed by law. M. J. DESMOND, City Clerk. Sacramento, March 10, 1896. m11-21

SEALED PROPOSALS.

BIDS WILL BE RECEIVED AT THE office of the City Clerk until 5 o'clock p. m. on MARCH 30, 1896, for new boilers of 300 horse-power, aggregate of 1,200 horse-power. Bidders furnishing estimates on return tubular boilers must figure on basis of fifteen square feet of heating surface per horse-power. Said boilers required to carry 150 pounds of steam as working pressure, with all necessary valves and fittings complete. Boilers must be set up in working order on or before March 30, 1896, and must furnish their own specifications, and specify the kind of boilers bid on, whether return tubular or water tube boiler, and attach check for 10 per cent of amount of bid must accompany each bid. The board reserves the right to reject any and all bids. Attest: M. J. DESMOND, City Clerk. m11-17

SEALED PROPOSALS.

BIDS WILL BE RECEIVED AT THE office of the Board of Trustees until 5 o'clock p. m. on March 16, 1896, for 7,000 feet of 6 inch cast-iron water pipe. Said pipe to be of good quality cast-iron and weigh not less than 30 lbs per foot, and be well coated with asphaltum or tar, and be delivered at freight sheds or steamer landing in this city. A certified check for 10 per cent of amount of bid must accompany each bid. Board reserves right to reject any and all bids. Attest: M. J. DESMOND, City Clerk. m11-21

NOTICE TO CREDITORS—ESTATE OF GEORGE F. BRONNER, deceased.

NOTICE IS HEREBY GIVEN THAT under and pursuant to an order of the Superior Court of the county of Sacramento, State of California, made on the 6th day of March, 1896, in the matter of the estate of LAVINA JONES, deceased, the undersigned, as administrator of the estate of said deceased, will sell at public auction, to the highest bidder for cash, United States gold coin, and subject to the order of said Superior Court, the same consisting of a stock of general merchandise comprising groceries, provisions, etc., together with an inventory of book accounts and bills receivable belonging to said debtor and arising out of the business previously conducted by him at said premises; also certain fixtures and appurtenances belonging to said store, comprising counters, shelving, etc. Dated, Sacramento, Cal., March 9, 1896. VOICE OF THE PRESS.

Expressions of Interior California Newspapers.

Comments Upon Things Local, Governmental, Practical, Theoretical and Current.

Chico Chronicle-Record: The proposition of giving the railroad time is opposed chiefly by Adolph Sutro. This gentleman has a personal grievance against the railroad company. He has openly boasted that he is furnishing the money for the anti-railroad fight. The Oroville "Register" says that it is high time that the honest, patriotic, loyal citizens of California came to their senses. To jump from the arms of Huntington into those of Sutro and his fellows is not only to spring from the frying pan into the fire, but it is to leap from a plateau of comparative stability and progress into a slough of ruin. Because the railroad company would not put peanuts into the pockets of Mr. Sutro, that gentleman proposes that the people of California should ride the chutes to hades, provided that he can satisfy a personal animosity.

OF DAMS. Stockton Independent: In an editorial article of great force in its issue of the 6th inst. the "Record-Union" of Sacramento shows the folly of attempting to continue hydraulic mining by the aid of restraining dams. It says that the great Folsom dam now fills up in six months, and cites the filling up and breaking of other dams, which it concedes were apparently built in good faith in the effort to restrain the debris, but it does not notice the nearly absolute bankruptcy of the Senator Johnson, who proposed to convey the debris to low lands, where it will do good by filling and reclaiming them. The "Record-Union" is undoubtedly right about the futility of the dam system, but the Johnston system looks feasible in a country where there is much land to be reclaimed.

MUD-MILLS. Santa Cruz Sentinel: A newspaper which is employed by someone to get in putting through his jobs seeks to win, not by calm and convincing argument, but by charging corruption, conspiracy and crime against all opposers.—Post.

It is apparent that the "Post" is "on" the low and mercenary press that is running mud-mills for what can be made out of the nasty abuse of big-league business. The more money they make the more scurrilous they become. Patronize them enough and they will attack any man in the community, run a sewer through any house and label any town or county.

THE JUDGE AND THE JURY. San Jose Mercury: If a recent decision by the Supreme Court is to be followed in either its letter or its spirit by the Superior Judges in the State, justice hereafter will serve no other purpose than that of ornament. Lawyers in criminal cases may demand juries, and the latter may sit for days or weeks at a time listening to the testimony, and if their verdict fails to coincide with the opinion of the Judge concerning the facts, he will be at liberty to set the verdict aside. The jurors may then go home and spend a few more days or weeks in a vain endeavor to penetrate the mysterious operations of the law, which demands their service, fines or imprisons them if it be not rendered, and then brushes it aside as absolutely worthless.

We know that setting aside a verdict is no new thing. It is done not infrequently where the circumstances make it not only justifiable but necessary, if the ends of justice are to be attained. But the decision to which we refer is sweeping in character, and it practically takes all power from the jury. However conscientious the jury may be in arriving at its verdict, if the court believe that it has reached a wrong conclusion, it is not only the court's privilege under this decision but its duty to set aside the verdict. While, says the Supreme Court, it is the exclusive province of the jury to find the facts, it is nevertheless one of the most important requirements of the trial judge to see to it that this function of the jury is intelligently and justly exercised.

GOOD IDEA. Tulare Register: Philanthropy and 5 per cent. have joined hands in another commendable enterprise in New York. D. O. Mills will erect two hotels for the poor. The hotels at which poor people stop in large cities are wretched to the last degree. They are little better than grogeries and houses of prostitution, and are degrading and miserable in every respect. By building good structures, keeping them free from grogeries and putting them into the hands of good people a great service will be done to morally and for the comfort of the poor. The larger one of these hotels will accommodate 1,500 guests, and will be fire-proof and ten stories high, and both hotels will be in the slum districts of the great city. What a world of good a rich man can do with his money, and he need not give it away either. And, too, it is better for the cause of philanthropy that the principal should not be given away and so lost to future beneficence, but be preserved and added to that it may never cease to do good. "He who lends to the poor (at 5 per cent.) gives to the Lord." If the quotation does not read just that way it ought to.

THE BEST WAY. Marysville Appeal: The best way to solve the silver question is to keep such staunch advocates of the metal as Grove L. Johnson in Congress and let them battle for it in present party organizations. Silver is the coin of the masses and its universal use will yet be forced upon the nations of the world.

THE RATEN CASE. Stockton Independent: Simon Raten, the Russian who killed ex-Sheriff Lansing of Sacramento and was pardoned about a year ago, has been identified as the tramp who was in company with the two Japanese who were murdered near Galt last Tuesday. As the last of the Japanese who died said he had been shot by a Russian, no doubt is left that Raten is the murderer. Now it will be interesting to learn what influence was brought to bear to effect his pardon. It was said that the Governor was convinced that he did not willfully kill Lansing, but the history of the case shows that he was running to avoid arrest when Lansing appeared and not as a pursuer, and that Raten shot him. His latest crimes show that he should not have been pardoned and those who influenced the Governor to release him are in a measure accessory to the murder of the Japanese.

THE STANFORD SUIT. Calaveras Prospect: The people of California will not be sorry to know that the Supreme Court has decided the suit of the Government against the Stanford estate in favor of the latter. The suit, which was begun through malice and partisan prejudice, never had any merit in the first place. It was easier to fight the dead than the living, hence this estate of all the stockholders of the railroad was selected for attack. There is no question but that the late Senator Stanford made a vast fortune out of his connection with the Central and Southern Pacific Railroads, so did many others. The money came as the legitimate result of gigantic operations, which few men had the courage to undertake. As to the methods by which it was acquired, men of course differ, but there is no question but that the money came under the sanction of the law, and as a result of keen business foresight.

When the project of building the road was first started, men stood aghast at the magnitude of the proposition. The most courageous hesitated. Stanford was not daunted. He took great risks and reaped great results. He devoted his vast wealth to the good of mankind and the development of the State. He paid back to the nation a thousandfold all the money he received from it.

HERE FIRST. Los Angeles Times: The new woman of Cuba appears to be able to hold her own with the tongue, the six-shooter or the even more deadly machete. The American article, however, confines her time to chin music, and she proposes to break loose in California shortly with renewed vigor. Well, let her come, we were here first.

CORN AND WHEAT CROP.

The Proportion and Total Farm Reserves Both Unprecedented. WASHINGTON, March 10.—The Department of Agriculture this afternoon issued the following: Report on distribution and quality of the corn and wheat crops of 1895: Returns from the township, county and State correspondents of the department indicate as the amount of corn yet held by farmers 49.8 per cent of the total crop, or 1,072,000,000 bushels. The proportion and total farm reserves are both unprecedented. A year ago the stock so held was but 476,000,000 bushels. The amount to be sold outside the country is estimated at 21.9 per cent. Last year's percentage having been 13.4. The merchantable proportion is 88.1 per cent, against 82.4 last year. Average value of merchantable, 25.6 cents, and of unmerchantable, 15.4 cents. The wheat reserves in farmers' hands amount to 26.3 per cent of the crop, or 123,000,000 bushels. Of this amount, 4.9 percent is reported as coming over from 1894 or before. The proportion of wheat sold beyond country lines is 58.5 per cent. The tobacco crop of 1895 is found, after a special investigation, to have been 491,544,000 pounds, an average yield of 775 pounds per acre on 633,450 acres. Value of crop, \$35,574,000. The report on the cotton crop of 1895, based on railway and steamship movements, mill consumption and farm stocks, February 1st, will be made at noon on the 16th inst.

ADVANTAGEOUS OFFERS. Equally Attractive to the Home-seeker, the Cultivator of the Soil, or the Speculator in Land Values. THE CENTRAL PACIFIC RAILROAD COMPANY'S LAND DEPARTMENT has in charge and for sale at reasonable prices and on favorable terms, the lands of the Capay Valley Land Company, the lands and townships of the Pacific Improvement Company, and the irrigated lands of the Crocker-Huffman Land & Water Company.

THE PACIFIC IMPROVEMENT COMPANY'S PROPERTIES, consisting of town property in 135 townships, and all classes of fruit, agricultural and grazing land, will be sold on reasonable terms,—long time and low rate of interest. THE CENTRAL PACIFIC RAILROAD COMPANY has agricultural, grazing and timber lands, which will be sold for twenty per cent of the purchase price paid in cash, with six per cent interest for five years, payable annually in advance.

THE CAPAY VALLEY LAND COMPANY'S LANDS are located in the rich, fertile valley in the northwestern portion of Yuba County, California. They are splendid fruit lands, in one of the earliest localities for fruit raising, and are in price from \$25 an acre upward, and on terms of interest only, for five years; or, if desired, the purchaser may purchase his property interest only, at the end of which time the purchase price becomes due. The object of these terms is to give the purchaser an opportunity to pay the purchase price in installments, and the full cultivation is required of all purchasers.

THE CROCKER-HUFFMAN LAND & WATER COMPANY'S IRRIGATED LANDS at Merced, in the very heart of the State, offer splendid climatic conditions, with the free use of water as an appurtenance to the land. The price of these lands is for five or seven years, at the choice of the purchaser, and the full cultivation is required of all purchasers.

THE CENTRAL PACIFIC RAILROAD COMPANY'S LAND DEPARTMENT can supply any seeker of investment, or any land desired, at lower prices and on more favorable terms than can be had elsewhere, and the purchaser is advised to purchase other land prior to his purchase of the land offered by the Central Pacific Railroad Company.

The list of land for sale in this Department, and the price of the same, is given in thousands of acres, or as small subdivisions as may be desired in the form of tracts of twenty or forty acre tracts of irrigated land.

Fruit Lands! Timber Lands! Farming Lands! Grazing Lands! Townsite Properties! Real Estate for every known use, on terms attractive to both the speculator and the home-seeker. For particulars and printed circulars, apply to or address WILLIAM H. MILLS, LAND AGENT, Hobart Building, San Francisco.
