Mrs. Gibson Determined, if Possible, to Win.

Wealthy Merchant Drops Dead at Hollister—A Miner Supposed to Have Met His Death in Death Valley—Vanderbilt and Depew Will Come Here.

SAN FRANCISCO, April 5.—Chief Crowley received a dispatch this afternoon from Chief Russell of Denver that Mrs. Emma York had been arrested on the train there. She was traveling under the name of Mrs. Emma Brower. When searched \$1,300 was found in her satchel.

Chief Crowley wired to detain her trunks and search them thoroughly, so as to secure all the money she had taken with her.

Mrs. York is the mother of the late Charles F. Gibson, a saloon-keeper, and Gibson's widow swore out a warrant on Saturday for her arrest on the charge of felony embezzlement, believing that she had left for Canada, taking with her the \$22,500 given to her by her son previous to his death, and which the widow claims to be entitled to a share of.

Attorney Richards, representing the widow, Mrs. Adella A. Gibson, is preparing the necessary requisition papers to bring Mrs. York back, and as soon as they are ready Detective Crockett will leave for Sacramento to get the Governor's signature to them, thence going to Denver to bring Mrs. York back.

DEATH VALLEY.

It is Supposed to Have Claimed Another Victim.

FRESNO, April 5.—D. K. Roberts, a well-known miner of this city, who has been exploring and prospecting in Death Valley for the past year, has apparently met the fate which befel hundreds of venturesome spirits who have met death in that region. Since the date of his departure over twelve months ago, no word of him has been received. Several of his relatives who reside in San Francisco have recently arrived and are taking steps to organize a search party, to be dispatched into the desert valley in the hope of finding some trace of the missing man.

VANDERBILT AND DEPEW.

They Will Visit This City Before They Return to the East.

SAN FRANCISCO, April 5.—Cornelius Vanderbilt and Chauncey M. Depew spent the day in sight-seeing, visiting Golden Gate Park, the Cliff House and Sutro Baths. This morning the distinguished visitors attended divine services at Grace Church and Mr. Vanderbilt deposited \$100 on the plate as an Easter offering, while Mr. Depew contributed two crisp twenties. In the evening the party started for Sisson to obtain a view of Mount Shasta. From Sisson they will return to Sacramento and from there start Eastward over the Central Pacific.

He married about five years ago and leaves a widow.

THINKS SPAIN IS RIGHT.

Archer M. Huntington's Opinion in Regard to Recognition.

NEW YORK, April 5.—A special cable to the "Herald" from Madrid says: Archer M. Huntington, son of C. P. Huntington, on being interviewed to-day, said: "I am positive in my belief that Spain is right, and that her course is perfectly justifiable in the Cuban island. In case of war my sympathies would be with my native land, yet I earnestly believe the United States is entirely wrong. Our interference in the Cuban rebellion is exactly parallel with the interference of England in our Civil War. A Cuban republic is an impossibility. The best class of citizens are Spaniards and the Cubans could never govern themselves."

"What do you think would be the result of a war?"

"The United States would win ultimately, but Spain would make a good fight. I do not think Americans have a right to discuss even the advisability of annexing Cuba at present."

THE VENEZUELAN AFFAIR.

Negotiations Between Us and England Progressing Favorably.

LONDON, April 5.—The "Chronicle" will say to-morrow that the negotiations between Great Britain and the United States concerning Venezuela are proceeding satisfactorily and that a settlement satisfactory to all is confidently counted on.

There will be present at the wedding beside those named Messrs. Charles W. Foster of the treasury, Tracy of the navy and Attorney-General Miller. Mr. Wanamaker is in Europe.

SPRING FACTORY BURNED.

Two Workmen Have a Narrow Escape From Being Consumed.

WORCESTER (Mass.), April 5.—The spring factory of the Quinsigamond Works of the Washburn & Moen Manufacturing Company was burned this morning. The loss is \$175,000 covered by insurance. The fire originated in an old pipe connected in one of the furnaces in the mill, which was being repaired by two men. The pipe contained oil, and the building was so saturated that the men barely had time to escape. This was the only building in the entire Washburn & Moen plant that was considered fireproof.

APPEAL FOR ARBITRATION.

CATHOLIC CARDINALS ISSUE ONE TO THE PEOPLE.

They Ask All to Co-operate in the Formation of Public Opinion Which Shall Demand a Tribunal.

BALTIMORE, April 5.—His eminence Cardinal Gibbons has given the United Press an appeal signed by the Americans, Irish and English Cardinals in behalf of a permanent tribunal of arbitration, with the view of creating new guarantees of peace throughout the world as a substitute for war.

"We, the undersigned Cardinals, representatives of the Prince of Peace and of the Catholic Church in our respective countries, invite all who hear our voice to co-operate in the formation of a public opinion which shall demand the establishment of a permanent tribunal of arbitration as a rational substitute among the English speaking races for a resort to the bloody arbitrament of war."

"We are well aware that such a project is beset with practical difficulties. We believe that they will not prove to be insuperable if the desire to overcome them be genuine and general. Such a court existed for centuries when the nations of Christendom were united in one faith. And why we do not see nations appear to that same court for its judgment in our own day? The establishment of a permanent tribunal composed of trusted representatives of each sovereign nation, with power to nominate judges and umpires according to the nature of the differences that arise, and common acceptance of general principles defining and limiting the jurisdiction and subject matter of such a tribunal, would be to create greater guarantees of peace that could not fail to influence the whole of Christendom."

"Such an international court of arbitration would form a second line of defense, to be called into requisition only after the ordinary results of diplomacy had been exhausted, and would at least postpone the outbreak of hostilities until reason and common sense had formally pronounced their last word. This is a matter of which the procedure must be settled by Governments, but as Governments are becoming more and more moulded by the aspirations of men, this appeal must be addressed to the people."

"We wish to lift up our united voice and proclaim to all who are accustomed to our councils that it is a sign of a divine influence at work in their midst when 'nation shall not lift up sword against nation, neither shall they be exercised any more in war.' (Isaiah II, 4.) For it was written of a future time 'Come ye and behold the work of the Lord, what wonders He hath done upon the earth, making wars to cease even to the end of the earth.' (Psalms IV, 49.)"

"Others may base their appeals upon motives which touch your worldly interests, your prosperity, your worldwide influence and authority in the affairs of men. The Catholic Church recognizes the legitimate force of such motives in the natural order and blesses whatever tends to the real progress and elevation of the race. But our main ground of appeal rests upon the well-known character and will of the Prince of Peace, the living founder, the divine power of Christendom. It was He who declared that love for the brotherhood is a second commandment like unto the first. It was He who announced to the people the praise and reward of those who seek after peace and pursue it. 'Blessed,' said He, 'are the peacemakers, for they shall be called the children of God.' (Matt. V, 9.) We therefore earnestly invite all to unite with us in pressing their convictions and desires upon their respective Governments by means of petitions and such other measures as are constitutional."

"Signed: James Cardinal Gibbons, Archbishop of Baltimore; Michael Cardinal Lobo, Archbishop of Armagh, Primate of All Ireland; Herbert Cardinal Vaughan, Archbishop of Westminster."

THE BERMUDA LANDED MOST OF HER CARGO.

General Garcia Sends a Dispatch to His Wife.

They Fought the Spaniards to Distract Attention From Her Landing.

A Fatal Prize Fight in Massachusetts —Transcontinental Association Revived—A Tramp Fatally Shoots a Depot Policeman—Illness of a Noted Trotter—A Murder and a Suicide at Chicago—Heavy Diamond Robberies—An Alleged Confession by Holmes.

NEW YORK, April 5.—A cipher dispatch was received to-day by Meyerstein of 262 West One Hundred and Twenty-third street, Private Secretary of General Calixto Garcia, a duplicate of which was sent to Mrs. Garcia at her residence, 256 West One Hundred and Twenty-ninth street, giving a detailed account of the Bermuda expedition to Cuba, of which General Garcia had charge, and of an important battle which took place in the Province of Pinar Del Rio, which was disastrous to the Spaniards and which was made for the purpose of permitting the Bermuda to land her small arms and ammunition. The Spaniards lost 800 men.

Despite the fact that the Spaniards have denied that the Bermuda had landed, the cable reads as follows:

"Bermuda landed the heavy part of her cargo at Mariel Bay, which is the narrowest part of the island of Cuba, thirty miles from Havana. One-quarter of the men, of whom there were 100, landed at Bahia Honda. Garcia then consulted with Maceo and they engaged the Spanish troops in Pinar Del Rio. The Bermuda's commander wanted to land the big guns in the eastern part of the island, but went west for two reasons: First, because the shallow water east would not permit the landing of the big guns while she had the whole cargo; second, because they wanted to divert the attention of the Spaniards; so that they would not watch the eastern coast."

"The battle was fought to prevent detachments of Spanish troops from marching to the coast as they should be ordered. Garcia has gone to Santiago de Cuba to organize his army. He started with only 500 men, but at the time this cable was received he has 5,000 volunteers. 'Caos Garcia, the General's son, distinguished himself at the battle of Pinar Del Rio. 'On our way to Cuba we saw very distinctly the smoke-stack of the Spanish cruiser which followed us from New York.'"

FATAL PRIZE FIGHT.

A Contest for \$10 Costs One Combatant His Life.

HAYVERHILL (Mass.), April 5.—As the result of a prize-fight at Lawrence last evening Richard Ingram of this city was killed at Chick Brody's shoe factory and boarded together on River street. According to Brody's story, Ingram had been boasting of his superiority in boxing-gloves, and in order to settle the question a fight was arranged for last evening, the prize money being \$10 a side. They, with the fight came off in a barn. The fight lasted thirty minutes, when, it is said, Bradley gave his opponent a chance blow under the right jaw, which laid him on the floor. Up to this time Bradley had had the worst of the fight. Ingram recovered consciousness for a minute and said, "Hold on. What are you doing that for?" These were his last words. He relapsed into unconsciousness, in which condition he was brought to the house of his brother, where he died two hours later. The police arrested Bradley, Duncan McKee, Thomas McGibney, Frank Whittier and Archibald McIntosh. This afternoon James A. Parker, Frank themselves up as they were present at the fight. Later the men, with the exception of McGibney, were taken to Lawrence. The men arrested will be arraigned to-morrow, Bradley on the charge of manslaughter.

THE TIME-KEEPER ARRESTED.

AN AGREEMENT REACHED.

The Transcontinental Association Has Been Revived.

MILWAUKEE, April 5.—The representatives of the transcontinental lines of the country came to an agreement last night and the Transcontinental Association, which has been dormant since 1882, has been revived. R. H. Countiss of Chicago was elected Chairman and James Fuller of New York was made Eastern representative. The rate committee is now formulating a schedule of tariffs. There is little doubt that as soon as the new tariff is agreed upon an advance in rates will follow.

A FAKE CONFESSION.

A New York Paper Dishes It Up to Its Readers.

PHILADELPHIA, April 5.—A sensational New York paper published this morning under a Philadelphia date line what is alleged to be a confession of the notorious murderer H. H. Holmes. The story was a good one, and was told with an attention to detail that was worthy of a Conan Doyle. In the story Holmes is pictured as confessing to the murder of twenty people, and the manner of these victims' death is almost circumstantially given. The "confession"

lacks one essential qualification—it is untrue. About the only foundation it has, in fact, is that about a week ago one of the young women who are employed upon the editorial staff of this paper came to Philadelphia and vainly attempted to see Holmes. Samuel P. Rotan, Holmes' counsel, Father Daly of the Church of the Annunciation, Holmes' spiritual adviser, and Superintendent Perkins of the County Prison all deny that there is a word of truth in the alleged confession. No one could obtain admittance to the County Prison without the knowledge of Superintendent Perkins, and Holmes receives and sends no mail that is not first seen by the prison authorities.

HEAVY DIAMOND ROBBERIES.

Guests at Florida Hotels Who Have Suffered This Winter.

JACKSONVILLE (Fla.), April 5.—Diamond thieves have been numerous in Florida this season, and have committed robberies in hotels on the east coast from St. Augustine to Royal Poinciana. It is reported that the thieves have secured between \$20,000 and \$30,000 in jewelry. Among the heaviest losses is Mrs. Henry Cutting of New York, who is stopping at Ponce de Leon Hotel in St. Augustine, and her loss is estimated at \$13,000, consisting principally of family jewels. The suite of Mr. and Mrs. Camp at the Royal Poinciana, Palm Beach, was also entered and heirlooms of an actual value of \$8,000 were taken. The next robbery reported is that of William Freeborn, a retired merchant of Tivoli-on-the-Hudson. He and his daughter have been guests of the Alcazar all the season. Miss Freeborn reports that her jewelry case has been robbed and that her jewels, valued at \$4,000, have been taken. Besides these there have been a number of smaller thefts, some running as high as \$500, but so far none of the prominent crooks who have been run out of the resorts in this State recently have been implicated.

A number of posses of Indian police were organized and bloodhounds obtained from Cheyenne to assist them in their hunt. A large reward has been offered for the capture of the tramp, dead or alive, and it is confidently expected that he will speedily be lynched when caught.

ahan and wounding Ramsey ran away and escaped. The balance of the ball-players were locked up.

A brown filly was born to Nancy Hanks at the stables of Mr. Forbes Friday. Nancy's daughter, reasoning from parentage, should prove the fastest mare in the world. Her dam is Nancy Hanks, with a record of 2:04, and Arion, her sire, had a two-year-old record of 2:10 3/4 at that age, and a five-year-old record of 2:07 3/4.

THREATENED STREET-CAR STRIKE.

EMPLOYEES WANT DISCHARGED MEN TAKEN BACK.

The Central Labor Union Advises the Men to Go Slow, and Throw Cold Water on the Project.

NEW YORK, April 5.—The danger of a strike on the street railway lines in this city because of the discharge of nine gripmen and a conductor was by no means lessened to-day. The railway employees persist in the assertion that the men were discharged because of their activity in the affairs of the local branch of the Amalgamated Association of Street Railway Employees of America, notwithstanding that the Metropolitan Company's officials state that the reason for dismissing the gripmen and conductors was that they had disobeyed the rule prohibiting them from entering a saloon during working hours. There was some very determined talk in and around Clarendon Hall this afternoon by the employees of the railway company, and it was declared that unless the discharged men were reinstated there would certainly be a strike. At the meeting of the Central Labor Union in Clarendon Hall this afternoon a delegation consisting of one employee from each of the roads of the Metropolitan system were present, and they asked the privilege of the floor. This was accorded them in executive session. The spokesman stated the grievance and asked for sympathy and advice. The reporters were informed after the meeting that the speakers of the Central Labor Union had counseled the railway men to move very slowly and had decidedly thrown cold water upon the eagerness of many of them to strike. It was rumored this afternoon that officials of the Metropolitan Company had signified their willingness to reinstate four of the men discharged, but it was stated that it was not likely the members of the local union would be satisfied with that.

The Master Painters also agree to strike out the objectionable clause in relation to skill and ability, supply and demand.
