

THE LATE ALBERT HART.

Held in High Esteem by Officials in the Capitol.

Resolutions of Respect Adopted Yesterday by Them—His Funeral To-Day.

A meeting of the State officials at the Capitol building was held yesterday afternoon for the purpose of making arrangements to attend the funeral of the late Albert Hart, which will take place from Odd Fellows' Temple, at Ninth and K streets at 2:30 p. m. to-day.

In order to test the sense of the meeting, a motion was made and carried to the effect that the officials and employees meet at 2 o'clock p. m. to-day in the Supreme Courtroom, and from there march in a body to the Temple to attend the funeral services, after which to march to the cemetery.

Arrangements were completed for a suitable floral design, after which it was determined to draft resolutions of respect and esteem relative to the deceased and a committee consisting of Private Secretary E. D. McCabe, State Printer A. J. Johnston, Superintendent of Public Instruction S. T. Black and Surveyor-General M. J. Wright was named for that purpose.

The preamble and resolutions drafted by the committee were adopted, and are as follows: "Whereas, It has pleased the Divine Ruler of the universe to remove from his field of usefulness our highly esteemed and respected friend and associate, Albert Hart, be it

Resolved, That in his death the State of California has lost a valuable, faithful and conscientious servant, who for upwards of a quarter of a century filled, with honor to himself, his family and the people at large, many important positions of honor and trust.

Resolved, That we extend to the bereaved family our heartfelt sympathy, and commend them to the fountain of all consolation in this their hour of trial and sorrow. Resolved, That a copy of these resolutions be furnished to the press for publication and an engrossed copy sent to the family of the deceased. (Signed): E. D. McCabe, Private Secretary to Governor; A. J. Johnston, Superintendent of Public Instruction; S. T. Black, Surveyor-General, Committee.

ON THE WIRES.

Lightning Plays Pranks Again at Folsom.

Referring to the storm on Friday, which manifested itself at Folsom, where electric power is generated, Manager Hall of the Light and Power Company says in a note to the "Record-Union": "The lightning struck the electric light line seven times, and the bolts made a brilliant display at the powerhouse as they found their way to the ground. "One of the station men was in the transformer-room in the upper story at the time, and he nearly fell off the stairs in a mad rush to get away from the lightning. "There was a disturbance on the line for a few seconds at each stroke of lightning, as the machines went out of step, noticeable also at the station in this city, but there was no shut-down. The lightning arresters were found to be discolored and turned blue after the storm, but were otherwise uninjured."

FREE PIE-EAT.

A Baker's Wagon Collided With a Car and Was Upset.

Yesterday afternoon the driver of the Ann Arbor Bakery wagon attempted to drive across the street railway track in front of a moving car at Tenth and J streets, but came to grief in the undertaking. The car struck the wagon full broadside, rolling it over and off the track, and when it finally settled down all the wheels were reaching their tires Heavenward. Fortunately no damage was done beyond a few breaks in the harness, but the street for many yards in all directions was literally covered with bread, cakes and pies.

In about ten seconds 200 small boys had gathered from all parts of the compass, and a scramble unsurpassed in the annals of piedad ensued. It was a free pie-eat, and after the driver had secured his horse and put sticking-plaster on his nose and shin, his stock in trade had disappeared. He, however, was philosopher enough to thank his stars it was no worse.

A Week's Failures.

The Bradstreet Mercantile Agency reports 21 failures for the Pacific Coast States and Territories for the week ending April 24th, as against 25 for the corresponding week of 1895. The Motion Was Denied.

In Justice Henry's court yesterday Martin Devine, attorney for the city, made a motion to set aside the judgment for W. W. Herr in the latter's suit against the city for back salary as Sanitary Inspector. Justice Henry denied the motion.

The River Rising.

At 6 o'clock last evening the river had reached the 21 foot 10-inch mark, a rise of eleven inches since the commencement of the storm. As it is storming in the mountains, the river will doubtless reach a greater height in the next day or two.

THE WHEELWAY.

What Happened to It—Repairs to be Made.

The Construction Committee of the Capital City Wheelmen's Club request riders to keep off the Folsom wheelway until Tuesday. It is too soft for use in consequence of the heavy rains. The artificial grades to the American River schoolhouse were finished yesterday. The wheelmen are greatly annoyed because some malicious persons have driven carts and ridden horses upon the wheelway. The club will give \$5 reward for information that will lead to the conviction of anyone who does this malicious mischief.

Mr. Davis, who cut and graded the wheelway, reported to the Committee of Construction yesterday that at Brighton Junction he and others yesterday saw a camp of the late Grand Jury, and a "reform" and persistent agitator, deliberately leave the county road and drive his horse and buggy upon the wheelway, and that he was seen to keep up it as far as the witnesses could see him. Camp was hunted up and charged with the act but flatly denied it and pronounced Davis a liar. The committee says it believes Davis.

The committee has met with misfortune in the loss of the Alder Creek bridge, which cost some \$50. It was washed out on Thursday night, and will have to be replaced at new cost. An appeal has been made to the Folsom people to stand this cost. Chris. Ecklon has been authorized to replace the bridge, beginning on Tuesday or Wednesday. Most of the washed-out lumber has been recovered. The water did not top the bridge, but the creek changed its course and cut under the foundations.

The Fleet of Lowlanders at Isleton Next Friday.

With these exceptions the play follows the story pretty closely. It is said that the changes were necessary in order to accommodate the story to the stage. Mr. Mayo's company has done here such finished work and has presented the play so faultlessly that it leaves with more hearty and general indorsement than any dramatic group that has been in Sacramento for many years.

In addition to their large factory, Eagleson & Co. maintain three large retail stores in San Francisco and one in Los Angeles. The great card will be the line of goods, which will be superior in style and quality, and at manufacturers' prices.

Went for a Good Cause.

Of the \$803 29 collected from the McClatchy Co. by H. Gilman for writing a scurrilous article about him (when warned not to), \$40 went for a "9" safety for his son, James Monroe, who is a few days over 13 years of age. The boy was much pleased, and said: "Pa, go for them again, and you will win." But, son, if our laws on libels, that have stood for over 100 years, should be changed to suit these "Bees," why, your pa might get left.
