

ONE TRUE SPRING REMEDY!

What the Best Authority in Medicines Says of Paine's Celery Compound.

The ablest pharmacists have always been among the most enthusiastic champions of Paine's celery compound.

But if there is one man in this country better qualified than any other to decide upon the practical merits of a spring remedy that man is Mr. J. J. Kearney, of the great wholesale drug house of Morrison, Plummer & Co., of Chicago.

He knows every prepared remedy, he deals in the finest drugs and chemicals, he is himself constantly employing the best chemists, he is the least likely of any man that could be named to be misled for a second in such matters, for there is no more thorough pharmacist than he in the country; he is amply able and does receive the advice of any physician he cares to consult.

And Mr. Kearney, with every remedy in the world at his disposal, falling sick in the spring, chose Paine's celery compound!

It made him well!

The other day in the mail that brought its usual number of unsolicited, grateful testimonials from all parts of the country to the proprietors of this greatest of remedies, there came the following:

Gentlemen: Two years ago last spring on account of having been for several

months under a very severe strain, brought on by overwork, I was near complete nervous prostration and mental exhaustion. The character of my business is such that it requires a large amount of mental force, physical power and endurance. While in the condition referred to it happened to occur to me, knowing as I did of the large sales of Paine's celery compound, that it might be what I needed. I commenced taking it at once, and with most excellent results. Within a week I felt like my old self again, and after a month's time was in better condition physically than I had been for years, although I am naturally a strong, well man. Since that experience I have not hesitated to use Paine's celery compound liberally every spring.

As a spring medicine to be taken after the winter close, confining and enervating work I do not believe that it has an equal. I have recommended it to many others and so far as my experience goes it has always been taken with satisfactory results.

I am not usually enthusiastic over such matters, but with a remedy of such merit as you have, it seems to me that it is my duty to give you this voluntary testimonial. Yours respectfully,

J. J. KEARNEY.

When the ablest physicians and the best informed pharmacists not only prescribe and recommend, but themselves use and find health in Paine's celery compound; when thousands of men and women in every walk of life, from the humblest to the most famous and honored, voluntarily go out of their way to tell others the great good Paine's celery compound has done them; the present great demand for the remedy is not to be wondered at.

Paine's celery compound, the best of all nerve invigorators and blood purifiers, will do more to bring back health and strength in April than many weeks of vacation taken later, when work drops from nerveless hands, and there is no alternative but to give up altogether.

As soon as the nerves have been regulated and their finely adjusted parts supplied with proper nourishment by Paine's celery compound, debility, neuralgia, rheumatism, sleeplessness and headaches disappear.

Paine's celery compound cures diseases due to nervous weakness or to a bad state of the blood. It is the one real spring remedy known to-day that never fails to benefit. Get Paine's celery compound, and only Paine's celery compound, if you wish to be well!

TIME FOR ALARM.

People Look on Woman Suffrage as a Joke.

(From the Sunday News.)

This woman's suffrage business is getting serious. As long as it was confined to Kansas, the recognized reservation for every form of crankism, and Colorado, where the silver fanaticism has led people to fly to every recourse that absurdity could suggest, the country could afford to regard the suffrage as a joke.

THE DOCTOR'S EXAMINATION.

How many boils have you had? Six or eight, doctor.

Did they come on in different portions of your body? Yes, doctor.

How long has this one been here? Two weeks, doctor.

Have you any hereditary blood disease in your system? I believe so, doctor.

Have you had boils more or less all your life? Yes, doctor.

Many times I have found it in my practice that boils result from some blood taint, some hereditary blood disease in the system. Boils are also due to an impoverished condition of the system, as one may say, when you are all run down. Your blood is in a bad state, you must have a remedy that will act quickly and effectively. Your general system must be put in a healthy condition. I will write a prescription. Take nothing else.

R. JOY'S VEGETABLE SARSAPARILLA (one bottle) : Two teaspoonfuls three (3) times a day. When bowels are regular take one teaspoonful.

fad with indifference. But when it bobs up in California it is time for sensible men to wake up. The danger in the movement to mix politics up with the home life is that it may go through as a joke or through the disposition of many to ignore it and let it go upon the supposition that it cannot possibly win anyway. Firmly believing the seizing of the suffrage by women to be fraught with peril to the nurseries of all our public virtue and social progress we feel in conscience bound to warn the people of the danger that confronts us.

There is no doubt of the zeal of the women who, like Miss Anthony, have grown old in the suffrage cause. It is so easy to frame pretty syllogisms about woman suffrage that it is not surprising that many people are led to accept them as logical, but we are concerned solely about the effects upon woman and the home and against this reflection the most graceful disquisitions appear flabby and unprofitable. The familiar experience of many a man in practical affairs comes home to the mind in consideration of this subject. A successful householder may be easily wrecked by adding the building of wagons to his business. We have known many a prosperous man to leave Sacramento for larger places to "enlarge his sphere," only to come back with a sad realization that the "sphere" he had left was the one fitted for him. "The sphere of woman's usefulness" is the widest field for the exercise of the high qualities that the good God has given her. She is transcendent there and any scheme to improve upon the Almighty must harm, not help her.

We think that the inspiration of opposition to the suffrage plot is inherent in every man who prizes the most sacred things in life. Against this inspiration mere sentiment or impulse should not prevail.

At the Pacific-Trount Versus Trout.

We have the Independence Lake trout. The finest ever caught; also, Oregon trout in any quantity, wholesale or retail. Nothing like the Independence Lake trout. Remember, to be had at the Pacific only, 725 to 729 J street.

A Two-Acre Snap.

For a choice two-acre piece in the M. J. Dillman tract, with house, barn, henhouse, two windmills, about 100 fruit trees, one-half bearing, berries, and in fact everything complete. Call soon and you can have this on easy payments. Wiseman, 411 J street.

George Egan and Will H. Hanlon, well-known Sacramentoans, have purchased the Reception Saloon, Seventh and K streets. The full returns of the races at San Francisco are chronicled there daily.

THE FOLSOM STONE ROAD.

Favorable Action Taken by the Chamber of Commerce.

Mayor Hubbard Requested to Call a Public Meeting on Friday Evening.

A special meeting of the Board of Directors of the Chamber of Commerce was held at the rooms of the chamber, 214 J street, yesterday afternoon. D. A. Lindley, Vice-President, presided in the absence of President Steffens, and Directors Miller, Lewis, Bentley, Enright, Hubbard, Coleman, Van Voorhies, Hall, and the Secretary, George B. Katzenstein, were present.

The matter presented for special consideration was the proposed road between Folsom and Sacramento, which was considered by the Bureau of Roads and Highways on Saturday last, as announced in the local press.

After a general discussion it was unanimously agreed that the subject should be considered at a mass meeting of all the building of the new road, which meeting should be called by the Mayor, and the Mayor was requested to call such a meeting for Friday evening next, at 8 o'clock.

A committee, consisting of President Steffens, Vice-President Lindley and Director R. I. Bentley, was appointed to attend the public meeting and represent the Chamber of Commerce thereat.

The general impression of the Board of Directors of the Chamber of Commerce was that the city of Sacramento should raise \$5,000 by direct taxation toward all the building of the new road, and that merchants and others in the city would probably contribute the remaining \$3,000 or \$4,000 as the city's quota toward the building of the entire road, the expense of which, exclusive of bridges, is estimated at about \$32,000 for a first-class macadamized roadway sixteen feet wide and about twenty miles long.

FOLSOM EXCURSION.

Attention was called to the fact of an excursion train to run from San Francisco to Folsom, passing through this city on Wednesday next, under the auspices of the Sacramento Electric Power and Light Company and the General Electric Company of New York City, to inspect the new long distance water power electric transmission plant recently completed at Folsom, which power is transmitted to and used in this city.

It being learned that by reason of the time of departure from and return to San Francisco it would be impracticable for the excursionists to remain in this city any length of time, and that they would simply pass through the city, the Board of Directors of the Chamber of Commerce expressed regret that, owing to the reasons stated, no particular attention or courtesy could be extended to them on behalf of the city.

The Board of Directors appointed a committee consisting of President Steffens, Secretary Katzenstein and Director Mayor Hubbard to accompany the excursion from this city to Folsom, showing the excursionists such attention and courtesy in behalf of the Chamber of Commerce as may lay in their power, and they were given full power to act.

The regular monthly meeting of the Chamber of Commerce will be held on next Thursday evening.

THE ROAD MEETING.

Secretary Katzenstein addressed the following communication to Mayor Hubbard:

Sacramento, May 18, 1896.

Mayor C. H. Hubbard—Dear Sir: At a meeting of the Board of Directors of the Sacramento Chamber of Commerce, held this afternoon, I was directed to address you as Mayor of the City of Sacramento, and request you to call a public meeting of all the citizens of Sacramento, to be held at such place as you may designate, on Friday evening next, 22d inst., to consider the matter of the city and citizens generally lending their financial aid and support in the building of a macadamized road from Sacramento to Folsom, in accordance with the plans discussed at the State Capitol before the Bureau of Roads and Highways on last Saturday. Invoking your early and favorable consideration, I am, respectfully yours,

GEO. B. KATZENSTEIN, Secretary.

BENNETT'S CASE.

The Preliminary Examination Will be Held on Friday, the 22d.

The case of Deloss A. Bennett, charged with having wilfully assaulted Katie Hermann and Anna Peters on the river front on Saturday night last, was called before Justice Davis yesterday morning, and on representation of C. T. Jones, Bennett's attorney, that he would be unable to attend before Friday next, the preliminary examination was set for that date at 10 o'clock a. m.

The complete story as told by the girls appeared in yesterday's "Record-Union," and was to the effect that Bennett, while escorting them home, enticed them to the Front-street levee, where at the point of a revolver he accomplished his purpose.

While Bennett has the appearance of being about 25 years old, he states that his real age is only 18.

PINNEGAN CONVICTED.

Claimed He Was Drunk and Did Not Know What He Did.

The trial of James Finnegan, charged with stealing the horse of W. W. Chapin from in front of the California State Bank, was concluded in Judge Hinkson's court yesterday and the jury, after being out four hours and a quarter, returned a verdict of guilty.

The prisoner was defended by Isaac Joseph, while District Attorney Ryan prosecuted the case.

The evidence showed that Mayor Hubbard saw Finnegan untie the horse and drive off, and he notified Mr. Chapin, who telephoned in different directions. Finnegan was arrested near Hangtown Crossing, while driving the horse. His defense was that he was so drunk he did not know what he was doing.

His Foot Was Crushed.

James McGowan, an employe in the railroad shops, had his foot badly crushed yesterday morning, while handling scrap iron by a bar of iron that fell on it.

Paid His Fine.

R. J. Frawley, charged with having disturbed the peace of the inmates of a K-street lodging-house, was found guilty before Justice Davis yesterday morning and fined \$5 for the offence, which he paid.

Queen Suburb.

A new name for Oak Park, and certainly a very appropriate one. You can't get your pick on beautiful lots unless you see us. Prices ranging from \$80 upwards, and only small payment down. Wiseman, 411 J street, or W. H. Collins, Oak Park.

Your scalp is scaly and looks bad; causes your hair to fall. Smith's Dandruff Pomade will cure you. Guaranteed by Washburne & Co., Eighth and J.

Call at Fair Oaks wood-yard, Eighth and Q streets; see sample of wood delivered and part of the city; \$5 85 per cord for four-foot white oak; \$5 50 per cord for stove wood.

Stout Men Are Not Strong.

IT USUALLY REQUIRES SO MUCH ENERGY to keep up the nutrition for the great amount of flesh some people carry that very little is left for the delicate vital functions of the body. That is why so many portly men and women are weak in heart action; in vitality. The use of Dr. Sander's Electric Belt in these cases proves quickly effective. It infuses a stream of electric life into the nerves and makes the vital strength perfect. It equalizes the general tone of the body and renews healthy manhood and womanhood.

Another Late Cure.

Goleta, Santa Barbara Co., Cal., April 21, 1896.

DR. A. T. SANDEN—Dear Sir: Since I have been wearing your Electric Belt I have learned the value of good health. I got the Belt the 22d of March and have used it a month now, with splendid results. The nervous twitching of my eyes has stopped entirely; my bowels work splendidly. I feel good at night; no more dizziness. I disappeared from my face or I would say I am entirely cured; but I will continue wearing the Belt until I am well. Your most thankful friend,

WM. SIMPSON.

To Men Who Are Weak.

It seems that such letters—and we receive them daily—ought to convince the greatest skeptic. Who is the man who has any weakness that will doubt the sincere thankfulness of those men? Men who have waded aside all worldly scruples and given their honest testimony for the benefit of others less fortunate. It should convince you that Dr. Sander's Electric Belt is the remedy for you.

Book, with full information and prices sent, without charge, free on application.

SANDEN ELECTRIC CO.,
632 Market St., opposite Palace Hotel, San Francisco. Office hours, 8 a. m. to 8:30 p. m.; Sunday, 10 to 1. Los Angeles office, 304 South Broadway. Portland office, 223 Washington St.

Test it any way you like.

Measure it—Chew it and you will find

Battle-Ax
