

SILVER AND POPULIST DELEGATES INSTRUCTED.

In Kansas They Favor the Election of Bryan.

Administration Democrats Undecided as to a Second Ticket.

Bryan's Fellow-Citizens Planning a Non-Partisan Reception for Him—The Detroit "Free Press" Will Not Indorse Him or the Platform, and Leaves the Party—Various Republican Committees Will Co-Operate in McKinley's Interest.

TOPEKA (Kas.), July 12.—The State Convention of the silver party to elect delegates to the national convention which meets in St. Louis next week will be held in Topeka on Thursday, July 16th. Many county conventions were held yesterday to elect delegates to the State convention, and without exception the delegates were instructed to vote for only such delegates as would favor the nomination of Bryan and Sewall.

A SECOND TICKET.

Administration Democrats Undetermined Regarding It.

WASHINGTON, July 12.—The administration leaders were fully prepared for a free coinage platform, but they have not decided what position they shall assume toward it. Personally, some of the men of influence who surround President Cleveland approve either the candidates or the platform adopted at Chicago. They do not hesitate in private conversation to say so, but they are undetermined whether it were better to nominate a second ticket representing sound money views or combine with the Republicans in support of McKinley.

Generally speaking, a second ticket is thought to be inadvisable. It is thought that by dividing the sound money vote the cause itself would be placed in jeopardy. It is argued on the other hand that this would prove a source of strength to the gold standard, inasmuch as many sound money Democrats would give their adhesion to such a ticket who might otherwise vote for Bryan as a matter of party loyalty. There is a disposition on the part of some of the administration leaders to await the report of the New Yorkers, particularly Messrs. Whitney, Flower and others, who returned East yesterday. It is thought that since these gentlemen spent a week at Chicago, mingling freely with representative men in both wings of the party, they are better fitted to judge the line of policy to be followed than those at Washington who are dependent for their information upon the daily press.

NON-PARTISAN RECEPTION.

Bryan's Fellow-Citizens Will Give One on His Return.

LINCOLN (Neb.), July 12.—There was a feeling of keen disappointment, not unaccompanied with some resentment, among Lincoln people when news was read this morning of the action of the Democratic National Committee in determining to have the two candidates of the party formally notified of their nominations at New York City instead of at their respective homes. Citizens of Lincoln had already begun planning for what it was confidently predicted would be an epoch in the city's history, and the action of the committee was an unpleasant surprise. State and local pride is at a high pitch and it was hoped that the managers of Mr. Bryan's campaign, such of them as are on the Notification Committee, would be given an opportunity to see the enthusiasm which the action of the Chicago Convention had aroused. This determination, however, will not have any effect on the demonstration and reception of Mr. and Mrs. Bryan on their return. It has been decided to make it an entirely non-partisan affair, and on the different committees prominent Republicans predominate. Excursions will be run to the city from every point in the State and delegations will be present, not only from Nebraska cities and towns, but from Colorado, Iowa, Kansas and Missouri. The nomination of Mr. Bryan was re-

ferred to by pastors of the different churches to-day, notably in the First Presbyterian, of which the Democratic nominee is a member and where he is an enthusiastic worker in the Sunday-school. All reference to him was of a congratulatory nature.

The city was not without its usual demonstration on a subdued scale, owing to the arrival at 5 p. m. of the Nebraska delegation from the convention. They were met at the depot by a large crowd and marched to headquarters with flags and Bryan banners floating.

It will be an unusually dull day in Lincoln from now until the novelty wears off, when there is not some demonstration in honor of the Democratic nominee.

NO OTHER CONVENTION.

St. Clair Thinks Hill Will Have Nothing to Do With One.

CHICAGO, July 12.—The usual Sunday calm, more noticeable because of the contrast with the turmoil of the last week, prevailed to-day in the big hotels where the delegates had resigned residence. The gold and silver representatives of the Democratic party, with few exceptions, departed for their homes on the late trains yesterday and at all hours to-day. A majority of the visitors went with them and the haunts of the delegates are deserted.

For the gold and silver leaders who remain in town it was a day of rest and pleasure, the latter being mostly confined to driving with friends. Ex-Chairman Harritt spent the afternoon that way and there was no effort made to hold any conference of the gold men. The intense heat was not conducive to indoor work, and there are not enough gold standard delegates here to get up a respectable conference on the third ticket question.

General J. W. St. Clair of West Virginia, who made an eloquent plea in the convention for Senator Hill as temporary Chairman, although a silver delegate, said to-night at the Palmer House to a United Press reporter: "I do not think Hill will have anything to do with another convention. That is the impression I got from my last talk with him. There are extremists in New York and New England, however, who may force another ticket in the field. I have not any idea who would be put up. The Eastern delegates did not want to do anything hastily on such a grave question. It means the disruption of the Democratic party if another ticket is put up."

The committee of three, representing the gold standard Democrats of Illinois, expects to have its public address in behalf of another convention ready for publication in a day or two.

SOUND MONEY DEMOCRATS.

Many Write to McKinley, Promising Him Support.

CANTON, July 12.—This will be a week of more than ordinary importance in Canton. Major McKinley expects good many visitors representing various interests, classes and organizations. The event which is destined to attract the most attention, however, will be the coming of six or eight hundred representative women of Cleveland on Wednesday to congratulate Major McKinley on his nomination and to assure him that he has in a high degree their confidence, respect and admiration.

The mails of yesterday and to-day have brought Major McKinley in the aggregate more than a hundred letters from sound money Democrats in various parts of the country. The writers made their communications in confidence of course, but more than 95 per cent. of these letters make direct promises of support. A significant fact in connection with this correspondence is that quite one-third of these letters are from Western States where the inflation sentiment is supposed to be overwhelming.

This evening Major McKinley received a number of telegrams complimenting him upon his speech of Saturday.

FREE FROM PARTY.

The Detroit "Free Press" Will Not Indorse Bryan or the Platform.

DETROIT (Mich.), July 12.—The "Free Press," the leading Democratic newspaper of Eastern Michigan, to-day announced that it will not indorse the Chicago platform or candidates. The "Free Press" says: "Waiving any discussion as to the methods used in securing the adoption of that platform, we denounce the monetary utterance as un-Democratic and fraught with serious menace to the country and its prosperity. Believing this, there is no alternative course possible for the 'Free Press' but the sacrifice of honest conviction, and that sacrifice we cannot make."

The "Free Press" declares itself to be hereafter free from any party connection.

The Detroit "Tribune" (Republican) had previously bolted the St. Louis platform and declared for free silver.

WILL ACT TOGETHER.

Various Republican Committees Will Co-Operate.

WASHINGTON, July 12.—Vice-Chairman Apsley of the Republican Congressional Committee left for Canton last night upon the invitation of Messrs. McKinley and Hanna. It is supposed that the National Executive and Congressional Committees shall co-operate in the campaign and it is understood that Mr. Apsley's visit to Ohio is in pursuance of this plan.

Chairman Babcock of the Congressional Committee returned from Washington last night. He thinks McKinley will carry that State by a plurality of 50,000. The committee is sending out one million copies of speeches delivered in Congress of late years on the financial question. All the demand at present is for literature of this character.

Will Not Support Free Silver.

DAVENPORT (Ia.), July 12.—The Davenport "Democrat" will not support the free silver ticket. An editorial printed to-day says:

"It is painful to see a party which less than four years ago was indorsed by such an overwhelming majority in the election of its leader to the Presidency now abandon the principles which led to this most signal triumph."

Gold Fields in Orange Free State.

LONDON, July 12.—The "Times" will to-morrow publish a dispatch from Vienna saying that Emil Holub, the noted African explorer, has received details of the discovery of gold fields in the Orange Free State which rival those of the Transvaal.

Wants Another Convention.

LA CROSSE (Wis.), July 12.—This morning's "Chronicle" (Dem.) repudiates the Chicago Convention. It calls for another convention and ticket.

Speaking of Pianola

Here's a choice. We have the Jacob DeL. Kramlich & Bach, Behr Bros, Sterling, Conover, Mathushek and the unrivaled Stock, all on sale at our new warerooms, 716 J street. Neale, Eilers Co (Cooper Music Co.)

WANTS A REPUTATION AS A BAD MAN.

Elmer Bolles Shot and Killed by Rix Shafer.

Outcome of a Quarrel Between Two Merced Men.

Two Families Narrowly Escape Cremation at San Rafael—A Detective Finds the Clothing Worn by the Richardson Murderer When He Committed the Terrible Deed—Oakland Wins the Twenty-Mile Race.

MERCED, July 12.—Elmer Bolles was shot and killed by Rix Shafer this morning at 8 o'clock. The tragedy began last night, when, after a war of words they came to blows. Bolles was the larger and stronger man and Shafer ran from him and started for his home. This morning they met on Front street. Bolles had been drinking and from the story of witnesses he appeared to be the aggressor and insisted upon taking up the quarrel of the previous evening. Shafer told Bolles to attend to his own business and warned Bolles that he had a revolver with him and if necessary would use it. Bolles called him a coward for carrying a revolver and threatened to whip him when he met him without one. Shafer then left him and walked down the street.

Bolles stood for a moment watching Shafer and then started down the street in the same direction. He soon overtook Shafer, who without further talk turned and fired. The bullet struck Bolles in the abdomen. They were about fifteen feet apart. The wounded man reeled and staggered to the edge of the sidewalk, where he sat down.

Shafer immediately surrendered and was taken to jail. Doctors were sent for and every effort was made to save Bolles' life, but he was bleeding internally and nothing could be done for him. He died in about thirty minutes. Before his death he made a statement to the officers declaring that he had been shot by Rix Shafer and that he had done nothing to provoke the shooting. Bolles had the reputation of being quarrelsome while under the influence of liquor. Shafer was raised in this city where his parents now reside. He has never evinced a desire for hard work and has generally been considered as posing for a reputation as a bad man.

IMPORTANT DISCOVERY.

Clothing Worn by the Richardson Murderer Found.

SANTA BARBARA, July 12.—An important discovery has been made in connection with the Richardson murder. Officer Peter Storni, one of the keenest men ever connected with the local detective force, has been for days quietly beating the neighborhood in the vicinity of the Richardson place in the hope that some evidence might be found which would help to determine the identity of the murderer. At noon to-day, while searching in a field directly opposite and below the Richardson place, he found in a ditch near a line of gum trees a bloody shirt, a pair of overalls and a pair of shoes, which are now in possession of the Coroner.

The garments will be at once handed over for microscopical examination to determine whether the blood is human. No one who sees them, knowing that they were found by William Stone's throw from the house of the tragedy, doubts that the blood came from the murdered Richardson woman. The apparent age of the blood clots is the same as those now drying in the lonely house above. It was demonstrated beyond a doubt that whoever murdered these helpless victims must have been spattered with their blood. The shirt is of peculiar pattern and of a style and make handled by a local clothier. It is believed that it will be easily identified.

FIRE AT SAN RAFAEL.

Two Families Narrowly Escape With Their Lives.

SAN RAFAEL, July 12.—A fire broke out at 3 o'clock this morning in the Mill block on Fourth street. Two buildings owned by William Dale, which contained his furniture store and restaurant, were destroyed, together with Costa's grocery and the express office of Well, Fargo & Co. T. C. King's building, which was occupied by Malone's pharmacy, is left standing, although the interior is a wreck. On a street a new two-story building owned by James Tunstead and occupied by George McMillan's photograph gallery and Hotchkiss' cyclery is a total loss.

The McMillan and Hotchkiss families, who reside in the building, were not aware of their peril until window panes began to crack around them. They had only time to get out without saving even their clothing. McMillan's insurance is \$750; Hotchkiss' loss is \$4,500; insurance \$1,000; Ramos' loss is \$1,500; no insurance; William Dale has an insurance of \$5,000 on his building and \$2,500 on his stock; Malone's loss is \$2,500; insurance \$1,500.

FIRE AT LOS OLIVOS.

It Came Near Destroying the \$10,000 Schoolhouse.

LOS OLIVOS, July 12.—Fire that presumably started from hot ashes from a locomotive destroyed the engine-house and a locomotive of the Pacific Coast Railroad at this place to-day, spread to adjacent stubble fields and consumed a small dwelling on the hill above. Only by the heroic efforts of the people was the beautiful \$10,000 schoolhouse saved. Many acres of grain stubble were destroyed. The total loss is about \$5,000.

TWENTY-MILE RACE.

Acme Club Wheelmen of Oakland Score a Victory.

SAN FRANCISCO, July 12.—The great twenty-mile road race of the California Associated Cycling Clubs was ridden to-day over the San Leandro and resulted in a victory for the team of the Acme Club Wheelmen of Oakland, the Bay City Wheelmen of this city being a close second.

The following tables show the performance of the men on the teams which finished the race: Acme Club Wheelmen—J. R. Kenna, 55:43-55; H. W. Squires, 55:54 4-5; E. W. Decker, 55:07; P. M. Lefevre, 57:24 3-5; C. H. Staples, 59:14; average time of team, 56:53.

Bay City Wheelmen—C. A. Raymond, 56:46 2-5; C. A. Kraft, 52:51 1-5; E. Languelin, 55:20; S. B. Vincent, 58:40 2-5; A. J. Menne, 1:02:14 4-5; average time of team, 57:10 3-5.

Reliance Club Wheelmen—J. S. Breton, 55:44; C. D. Gooch, 55:55; C. D. Bates, Jr., 58:13 4-5; H. C. Miller, 57:27; W. Yeoman, 57:57; average time of team, 57:15 3-5.

Imperial Cycling Club—J. R. Lind, 56:43 2-5; A. A. Orton, 1:00:08; Langer, 1:05:05 3-5; Webb, 1:00:50; J. J. Borree, 59:58 2-5; average time of team, 1:00:21.

A JACKSON FIREBUG.

He Set Fires Because He Had Been Accused of Theft.

JACKSON, July 12.—For over a week fires have been of daily occurrence and the residents of Jackson have not only been alarmed themselves, but have alarmed the whole region of the mother lode. The first fire started on the 4th of July in a house immediately adjoining the schoolhouse and since then the alarm has been sounded daily. Yesterday some barns and other buildings were burned with a loss of about \$3,000. To-day the alarm sounded for another fire near the Courthouse and the barn of Marella & Parker was found to be ablaze. Adjoining it were the law offices of ex-Congressman Caminetti, Judge John F. Davis and Silas Henry and their valuable libraries were damaged considerably, though many of the books were saved. The total amount was about \$18,000. The citizens were getting wrought up about the matter and after the fire yesterday a peddler was arrested on the charge of arson, but was released to-night when the actual firebug was discovered in George Savich, the son of one of the Slavonian miners employed by the Zella mine. He is a boy of 13 years, who has a brother now in the Preston School for a theft in which the present culprit was engaged.

The boy has been engaged in various depredations for a long time past and after his arrest he freely acknowledged having set the fires, because the owners of the destroyed property had accused him of theft. There was talk of lynching for a time but better counsel prevailed and the boy will be dealt with according to law.

HEAVY GRAIN FIRE.

It Will Wreck Many of the Losses, Who Were Not Insured.

STOCKTON, July 12.—One of the largest grain fires in years started last night at 6 o'clock a few miles east of Oakdale on the Threlfall ranch. How the fire originated no one seems to know, but it destroyed between \$7,500 and \$10,000 worth of grain and buildings. The greatest loss was sustained by a man named Erickson, a renter from Haslach & Kahn, the Oakland bankers, who lost 500 acres of fine wheat by the fire. Not only did he lose all that, but a house, barn and blacksmith shop on the place were completely destroyed. The property was partly insured, but for what sum cannot be ascertained. Harry Owen, another farmer, lost 350 acres of choice wheat, all ready for cutting, and sixty acres of wheat on the Threlfall ranch, where the fire started, was completely destroyed. John Connor was another heavy loser, and his 100 acres of barley were swept away. The Oakdale Land and Improvement Company lost 100 cords of wood. The fire will completely wreck a number of those who sustained losses, as many carried no insurance.

No Fusion Possible.

SAN FRANCISCO, July 12.—Chairman Barney of the San Francisco People's Party County Committee, states that fusion with the Democrats is utterly impossible. At a meeting last night the county committee discussed the question in all its phases and passed resolutions opposing any fusion whatever with either of the old political parties.

Missing Sealers All Right.

VICTORIA (B. C.), July 12.—A cablegram from Yokohama received this afternoon states that the missing Victoria sealing schooners supposed to have been wrecked in the recent tidal wave on the north coast of Japan have all been spoken and that all is well on board.

Drowned at Stockton.

STOCKTON, July 12.—James Fitzgerald of Stockton fell from the wharf last night and was drowned.

SWEEPED TO DEATH BY WHIRLING WATERS.

(Continued from First Page.)

seines, the greater bulk apparently have gone down to the lowest levels.

A shocking feature of the phenomenon is its savage energy of destruction. In the valleys below Bandaisan men's bodies, when not torn limb from limb, were battered out of all human shape. No wonder that such was the case, for so stupendous was the atmospheric disturbance that it not only leveled forests to the ground but also stripped the trees of bark and twigs, reducing them to blanched skeletons.

And now, in the case of the Iwate wave, corpses recovered within a few hours of death looked as though they had undergone a severe decomposition. The women suffered by the survivors and shown by the bodies of the dead are also of a shocking description. In some cases the flesh is torn into shreds, exposing the bones beneath; in others, the eyes are forced out of their sockets; in others, the trunks seem to have been wrenched asunder by forces acting in opposite directions; in others, the skin looks as though it had been plucked in boiling water and almost every corpse shows purple spots as if it had been fiercely pelted with fragments of stone or iron. It is expected that over 30 per cent. of the survivors now receiving medical treatment will succumb. Then the tale of deaths will considerably exceed 30,000.

Glue Works Destroyed.

NEW YORK, July 12.—The Peter Cooper Glue Company's works in Guttenberg, N. J., were destroyed by fire to-night. Loss \$150,000.

A man was put in charge of the officials in the county asylum in Kennebec County, Me., the other day on the sole ground that he was "ignorant." Just how ignorant he was the commitment papers did not state; they only said he was "ignorant."

Astronomers calculate that the surface of the earth contains 31,625,625 square miles, of which 23,811,121 are water and 7,814,504 are land, the water thus covering about seven-tenths of the earth's surface.

An ostrich will never go straight to its nest, but always approaches it with many windings and detours, in order, if possible, to conceal the locality from observation.

CHRISTIAN ENDEAVORERS.

THIRTY MEETINGS HELD YESTERDAY IN WASHINGTON.

The Work of the Convention Will Close To-Day, and To-Morrow They Go Sight-Seeing.

WASHINGTON, July 12.—A list of thirty meetings arranged to be held in the tents and churches this afternoon offered varying attractions to the 40,000 Christian Endeavorer delegates in attendance here upon the fifteenth International Convention. They were mostly denominational rallies, and they drew crowds according to the numerical strength of each denomination. Speeches were made at the rallies in the tents on the White lot by prominent members of their denominations. Following these rallies Evangelist B. Fay Mills of Fort Edward, N. Y., addressed a large audience of citizens in Tent Washington. He created a mild sensation in the middle of his sermon by a pointed reference to candidate McKinley.

Speaking of the extension of the principles of socialism as set forth in the Sermon on the Mount, he showed the need in the present time of Christian leaders in American politics. Our candidates for public offices from President down to Constable should be guided," said Mr. Mills, "by the spirit of the Lamb that was slain. They do pretend to be, or they would not get our votes. If they came forth honestly and made known their real motives for running for office we would not support them. Suppose McKinley should stop before you and say: 'Fellow-citizens, I wish to be your President so that I can pay my debts.' (Sensation.) Or suppose Bryan should say: 'I—I will be your President for my own good,' why we would not choose one of them to take care of our stray dogs. What they say is: 'Fellow-citizens, I am ready to be sacrificed upon the cross of public duty. I am ready to be President or Constable as my country wants me.' That is Christian. That is the spirit of the Lamb that was slain. It is a pity that it is not always said in sincerity."

A Sabbath observance meeting was held also in Central Hall, William Shaw of Boston presiding. Speeches were made by Wilbur A. Crafts of Washington, Mrs. Henry T. McEwen of New York and others.

To-night at 7 o'clock Christian Endeavor prayer meetings were held in all the churches of the city. Preaching services both morning and evening in the city churches were well attended by citizens and Endeavorers.

To-morrow is the closing day of the session. Tuesday will be given up to sight-seeing.

Miss Margaret F. Leitch of Ceylon delivered the following address at the rally of the Congregational denomination in one of the large tents this afternoon:

"You glory to-day in the thought that Christ is your Captain and that you are enlisted under his banner. You glory to-day in the great and growing strength of your Christian Endeavor hosts and you glory also in the faith, consecration and courage of your missionaries who are laboring to make known the love of Christ to the millions in unevangelized lands.

"You have at the front nearly 570 missionaries distributed through twenty districts, having a population of 100,000,000 people. Your missionaries in Turkey have given an object lesson to the whole world of self-forgetting heroism, devotion to duty and faith in God.

"More than eighteen months ago after the Sassoun massacres the missionaries in Turkey fully understood that a general uprising of Mohammedans against the Christians was threatened and that at those interior stations far away from any consular protection their lives would be endangered. Were they cowards? Did they desert their posts? Bless God, not one of the entire number was willing to leave the Christian communities and the institutions which had been established, unprotected by their presence and at the mercy of threatening mobs. In October of last year, beginning at Constantinople and sweeping over the land almost to Persia, rolled the awful wave of massacre, slaughter and plunder, continuing for nearly two months. The outside world, aghast at the tale of horrors that but faintly pictured the reality, began to clamor for the abandonment of those interior stations. Then came the letters from the missionaries, not written in excitement, not the result of mass meetings in which one brave soul inspired the rest, but penned singly, each writer expressing his or her own brave determination to stand by the suffering people, no matter what the personal danger might be.

"Oh! what sublime faith and courage. God bless those noble missionaries. During the past three years, owing to lack of funds serious reductions have been enforced. Thousands of children are being turned out of mission schools. Many chapels and boarding-schools are being closed. Hundreds of trained native workers are being dismissed and some of our noblest missionaries are breaking down in health because they are unable to endure this intolerable strain.

"Cannot the half million members of the Congregational Churches and the 363,000 members of the Congregational Endeavor societies avert this disaster? The Endeavorers here have it easily within their power to give or collect the additional sum necessary to save this foreign missionary work from grave disaster; \$100,000 will do this. If you are true in your profession of loyalty to Christ and the church could you not make this extra effort in addition to all that you are already doing?"

FIGHT WITH TOUGHS.

They Beat Badly the Conductor and Engineer of a Train.

CHICAGO, July 12.—The conductor and engineer of a Wisconsin Central suburban train which left the downtown station at 1 o'clock this afternoon had a savage fight with six men near Harlem Station, in which both trainmen were injured. Six men who got on just outside of Chicago refused to pay their fare and in their argument with the conductor retreated to the front platform of the first car, where they made a stand. Three of the men got off the train, but the others clambered on the tender and when Conductor Cole attempted to follow them they hit him over the head with a coupling-pin, rendering him insensible. Engineer William King, who came to Cole's aid, was set upon and badly bruised by the three toughs. The men were kept on the train, however, until the next station, where they were placed under arrest. They are George Letters, Frank O'Heame and Frank Mason. When the conductor recovered he was minus \$40 which he had in his vest pocket.
