

IMPORTANT CAPTURE OF HORSE THIEVES.

Mexican Officers Take Them South of the Boundary Line.

They Have Been Robbing the Stock Men North of the Line.

LI Hung Chang Will be Feted by His Countrymen at Vancouver—Rain at Various Points Does Some Damage to Hay and Drying Fruits—Beheaded by an Engine—Committed Suicide Through Despondency.

SAN DIEGO, Aug. 30.—Mexican officers have made an important capture of horse thieves in the Cocopah Mountains a few miles below the boundary line, and after an exciting experience and a narrow escape from death at the hands of the outlaws the prisoners have been lodged in the Ensenada jail.

For months past horses and cattle have been missed by ranchers and stockmen near Campo, just north of the boundary line, but no trace of the stock has ever been found. The country is mountainous and sparsely settled and trails leading into Lower California were evidently not used in running off stock.

They started back after assistance and after riding a mile heard the cries of a man. They followed the sound and found an old Frenchman named Rabavo tied to a tree among the pines. He had been there for two days and was nearly dead. He informed the stockmen that the Mexicans had robbed him of his horse and bridle and tied him to a tree to die.

BAKERSFIELD, Aug. 30.—W. M. G. Van Dirk, a native of Kentucky, aged 35 years, committed suicide this morning at the Walter's Hotel by cutting the arteries in the left wrist and bleeding to death. Van Dirk arrived on Wednesday last from Los Angeles. He was a consumptive and had only sufficient means to pay a week's board, leaving him but a nickel. He tried to find some light work but was unsuccessful.

Papers were found in his valise showing he had been a resident of San Francisco.

The coroner's jury to-night returned a verdict of accidental death and exonerated the engineer from all blame.

STOCKTON, Aug. 30.—An unknown man, evidently of Danish descent, was run over and crushed by a train this afternoon near West's winery. The victim and a companion who was too intoxicated to give his name, had visited the winery and indulged too freely to heed the approach of the train.

He Says the Captors of the Ottoman Bank Came From Macedonia.

LONDON, Aug. 30.—The "Daily News" to-morrow will publish a dispatch from Constantinople giving a report of an interview with Mr. Barker, who, instead of Governor Vincent as before reported, was held as a hostage by the Armenians who seized the Ottoman Bank on Wednesday last.

Mr. Barker says his captors told him they came from Macedonia and that they intended also to attack the Porte and the Patriarchate, to blow up the Voivoda police station and seize the Credit Lyonnais, but matters were precipitated at the Ottoman bank. They further said they would shortly return to Constantinople and persist in their demands upon the Government until they should get what they requested, namely, the reforms formulated by the Powers in 1895, together with complete autonomy for the Province.

OLD DREAMS may haunt half-awake men, but the world moves on. This is an age of progress. What was new not many moons ago is old to-day. Anyone can go into a cigar store and ask for a cigar, but everyone don't know what kind of a cigar is the best for him to smoke. Whenever you are in doubt and don't want to take any chances of being imposed upon, ask for some of those nice, sweet, fragrant, aromatic, clear Havana FLOR DE ADAMS CIGARS.

GOLD DEMOCRATS IN NEW YORK.

They Will Assemble at Syracuse This Morning

To Choose Delegates to the Indianapolis Convention.

It Will Assemble Again After the State Convention to Choose Presidential Electors—Its Platform Will Not Indorse Bimetallism, Even Under International Agreement—McKinley and Bryan Both Went to Church Yesterday.

SYRACUSE (N. Y.), Aug. 30.—Syracuse is again the center of an assemblage of a large body of influential Democrats from all sections of the State. They are here to meet in convention to-morrow to select sixty-eight district delegates and four delegates-at-large to attend the sound money convention of the national Democratic party, which meets at Indianapolis on Wednesday next. It is expected that the national convention will nominate a second ticket for President and Vice-President to represent the views of those Democrats who favor sound money and are unalterably opposed to W. J. Bryan and the platform in which are enunciated the various principles which he says the Democratic party stands for this year.

The convention will be under the auspices of the New York State Democratic Reform party. The convention, after it elects the delegates and adopts a platform, it is expected will adjourn until a few days after the Democratic State Convention at Buffalo on September 10th, when this convention will again assemble and select the Presidential Electors of the gold standard Democrats for this State. This will give the delegates an opportunity to ascertain how the regular Democratic State Convention will perform its work, and enable them to determine whether they will place in the field a second Democratic State ticket for Governor, Lieutenant-Governor and Judge of the Court of Appeals.

Many favor the placing of a second State ticket in the field in case the Democratic State Convention indorses Bryan and the Chicago platform. Others say that the question of State politics has nothing to do with the national issues, and that the work of the sound money Democrats in the State should not be divided. All seem to favor the postponement of the decision of the question of a second State ticket until after the Buffalo Convention. This course will undoubtedly be followed.

The platform which is to be adopted to-morrow will come out squarely in favor of a single gold standard and will not indorse bimetallism, even if an international agreement can be brought about.

MCKINLEY WENT TO CHURCH.

His Position Only Makes Him Feel the Need of Strength and Wisdom.

CANTON (O.), Aug. 30.—Major McKinley spent a very quiet Sunday to-day. The greater part of his mail was piled on his desk untouched waiting for to-morrow. Only the most important of his telegrams were answered. The Major had for his guest the Hon. Benjamin Brewster, who is on his way to the Northwest, where he will go on the stump for the Republican party. Major Brewster accompanied Major McKinley to church this morning where they listened to a sermon by Bishop Mills. To-night Major Brewster spoke most eloquently of his distinguished host.

"I was going to church with him this morning, and as we walked along the quiet, shady street I took occasion to say to him that his name was on every tongue, and that he was known in every land, and asked him if that fact did not tend to exalt him in his own eyes. 'No,' he said, 'it tends to anything, it makes me more sensible of my shortcomings and causes me to seek with greater earnestness than in all my life to learn the way in which my feet should go. Never before have I felt the need of strength and of wisdom as I have these last two months, and never have I been so sensible of my own weakness.'"

BRYAN ATTENDS CHURCH.

He Goes Up Chautauqua Lake on His Way to Cleveland.

JAMESTOWN (N. Y.), Aug. 30.—Mr. and Mrs. Bryan attended service at the First Presbyterian Church here this morning and heard Rev. G. M. Colville, the pastor, preach a sermon from the text beginning: "He saw a great multitude." This was construed into a reference to the vast audience which Mr. Bryan addressed at Celeron, on Lake Chautauqua last night.

Mr. and Mrs. Bryan left Jamestown to-day on a special trolley car for Lake Wood, six miles from this city. On the way out to the lake Mr. Bryan read in a newspaper that no hall could be obtained in which he could address the people in Toledo on Wednesday night. Commenting on this he said he would speak on the open prairies at Toledo if that people wanted to hear him.

Mr. and Mrs. Bryan are stopping at the Kent House, where a reception in their honor was held this afternoon. To-morrow morning the nominee and

his wife will make the trip up the length of Chautauqua Lake by boat to Chautauq, and from there they will be driven across the country sixteen miles to Ripley, where Mr. Bryan will speak. In the afternoon they will continue their journey westward to Cleveland.

WANTS TO GO TO PRISON.

A Texas Preacher Who Intended to Engage in Counterfeiting.

WACO (Tex.), Aug. 30.—Edward Daniel Ennis, John Michael and H. S. Shanner were arraigned before United States Commissioner Finks yesterday. The last two named men are charged with being confederates of Ennis in a scheme hitherto described in these dispatches to manufacture and pass counterfeit money.

Ennis voluntarily took the stand and under oath made a confession, stating that as agent of a concern calling itself "The Royal Manufacturing Company," he built a factory for manufacturing spurious dollars, which were to be molded and milled by steam power by the million. The commissioner placed Ennis' bail at \$1,000 and Michael and Shanner's at \$200 each. Ennis is a preacher. He says he wants to expiate his sin in prison at hard labor. The three prisoners were placed in jail in default of bail.

ZANTE CURRANTS SHIPPED.

Steam Laundry and Brewery Established at Maracaibo.

WASHINGTON, Aug. 30.—The American Consul at Zante, Greece, announces the first shipment of Zante currants to the United States in several years, the last tariff Act (Gorman bill) having abolished the discrimination against these currants under the McKinley statute. The first two shipments sent this month was of 1,550 barrels.

The Consul at Maracaibo reports to the State Department the establishment there of an American steam laundry with \$20,000 capital. Hitherto washing was not returned for two or three weeks; as the citizens enjoy well starched shirts, the venture is a great success. A large laundry has also been started by resident Germans. It is said to be driving out the cheap European brands as well as furnishing ice to the inhabitants.

REBELS DISPERSED.

So the Governor of the Philippines Telegraphs His Government.

MADRID, Aug. 30.—The Governor of the Philippine Islands telegraphed to the home Government that he had easily dispersed a force of 5,000 armed rebels who gathered in groups after it became known that the conspiracy for the securing of the independence of the islands, in which they were concerned had been discovered. The Governor further states that he drove 4,000 of the conspirators, most of whom were poorly armed, to the wooded mountains. He asks that a force of 1,000 infantry and 1,000 marines be sent to Manila at once. The Government will grant his request and immediately dispatch two warships to the Philippines.

Cardinal Satolli will sail on October 17th. Dr. Rooker will remain in Washington as Martinelli's Secretary.

Declines the Nomination.

JEFFERSON CITY (Mo.), Aug. 30.—Chief Justice Theodore Brand of the State Supreme Court yesterday announced his fealty to the Democratic party and declined the nomination of the gold Democrats.

"Why I was nominated by that convention," he said, "I do not know. I was nominated by the regular Democratic Convention for State Supreme Judge. I stand upon the platform adopted by that convention, and shall do whatever I can consistent with my judicial position to uphold it, both in State and nation."

NEW YORK, Aug. 30.—Alexander Felix Joseph Ribot, ex-Premier of France, arrived on the French steamship La Bourgogne this morning. Ribot was an American and was at present in this country, and that his principal object was to see her. Mme. Ribot is a daughter of the late Isaac Burch, who was at one time a banker in Chicago. M. Ribot went to the Murray Hill Hotel.

THE SULTAN WARNED. Foreign Diplomats Consult and Send Him a Message.

CONSTANTINOPLE, Aug. 30.—The city to-day has been quiet, and no reports of further disturbance have been received. It is officially announced that the Government has decided to leave it to the choice of residents whether or not the city shall be illuminated to-morrow evening upon the occasion of the twentieth anniversary of the accession to the throne of the Sultan. No pyrotechnic displays will be permitted, however. Last night a number of shots were fired and bombs exploded in the Galata quarter. Six Armenians were arrested. Bombs were also thrown at the offices of the Credit Lyonnais.

Yesterday the foreign diplomats, after holding a somewhat protracted conference, wired a strongly worded note to Sultan directly in the name of the countries they represented to put a stop to the horrors which were being enacted and to which in some instances members of the various Embassies had been eye witnesses. The foreign representatives in their note mentioned the violation and pillage of the homes of foreigners and the massacre of Armenians, and warned the Sultan of the grave consequences which would ensue if a stop were not put to the killing and pillage.
